LOCAL ITEMS.

Monday was a beautiful day,

And stirred the blood of the baseball devotees,

And they readily accepted the challenge of the Bandon Bedillion.

Mrs. Curt Price has been very ill for some days, but is getting well.

The sheriff made two evictions on the upper river last week. So we move.

Dr. T. R. Wheeler, dentist, will be at Coquille on the 21st to stay two weeks. Call and have your teeth examined free of charge.

The new gang edger was received at Morras Bro's mill last Friday and at once placed in position.

Holl and Nonda Anderson yesterday went down to Seely's logging camp, where they now hold a situation.

Uncle John Rimmer made a trip to Myrtle Point last Wednesday—returning Friday—to consult his physician.

County Commissioner Stitt—editor of the Bandon Recorder—went over on last Wednesday's train for official duty.

The meeting of the Coquille Dairymen's Union was largely attended yesterday. It was a concourse of good citizens.

Very heavy and warm rains fell the past week, and the river rose rapidly till Sunday it reached the highest point this winter.

"Now is the winter of our discontent made glorious summer" by Ayer's Sarsaparilla. This wonderful medicine so invigorates the system and enriches the blood that cold weather is positively enjoyable. Arctic explorers would do well to make a note of this.

A portion of the track was covered on the railroad last Friday night, in the cut at Mahl's, just above the station, by a slide from the embankment. The earth has since been removed and the track cleared.

The train from Marshfield failed to reach this city yesterday, owing to the track being under water between Green Point and this place. Water covered the track at several points between here and Myrtle Point also.

Ed Bunnell was in from the North Fork region last Friday on business. He holds the county right for the manufacture of the best spring mattress in the country, and we hope he will see his way clear to put it in the market.

The steam launch, Maria, was sunk Friday evening by a log which struck her as she was moored at the boom. Ropes were secured under and about her and she was raised, floated down to the wharf and is being put in repair again.

County Treasurer Hayes advertises in the Sun for sealed bids for $15,000 of school bonds for school district No. 9—Marshfield—recently voted to be issued. The bonds are to bear 6 per cent interest, payable semi-annually. Bids will be received up to 2 p. m. of January 29th.

S. P. C. Johnson tells us that after installation exercises at the Odd Fellows' hall last Saturday night, John Nasburg, R. S. N. G., "set-'em-up" in the way of liquid refreshments, and C. W. White, N. G.-re-elect, chaperoned the brethren to S. J. Tuttle's and had served to them a delicious oyster supper. This was agreeably discussed and digested by Mr. White's host of friends, and after protracted social converse and congratulations the parting hour arrived and the crowd dispersed.

Many friends of the "Old Reliable" have called upon us or sent us substantial greetings the past fortnight, for which we return sincere thanks. And in addition to this eight new names were added to our subscription list Thursday of last week. The HERALD appreciates these voluntary expressions of confidence and good will very much, and shall strive to merit them by going ahead in the cause of the masses of the people as our many years of experience, association and sympathy may dictate. No "pent up Utica" is ours.

A storm is at hand.

Prepare for St. Valentine's ball.

Logs are trumps during this rise in the river.

The mill shut down Saturday owing to high water.

Temperance mass meeting Sunday night, at M. E. church.

E. G. Flanagan was over to this valley on business last week.

The schooner Parkersburg was sighted off the bar this morning.

J. Munford, a thrifty rancher of the Arago community, attended the Dairymen's Union meeting yesterday and made the HERALD a pleasant call.

Mrs. Cy Goodman is reported very sick at the home of her parents, Mr. and Mrs. Baxter. It is said her ailment is inflamation of the bowels.

To preserve a youthful appearance as long as possible, it is indispensible that the hair should retain its natural color and fullness. There is no preparation so effective as Ayer's Hair Vigor. It prevents baldness, and keeps the scalp clean, cool, and healthy.

The Coquille W. C. T. U. will hold a mass meeting on the night of the third Sunday (Jan. 20th) at the M. E. church. Rev. Mr. McCain will deliver a short address. All are invited.

No mail reached this place from the east Sunday. A heavy storm prevailed and high waters hindered. It reached Myrtle Point about 10 a. m. of that day, but could get no further.

Rock Robinson will furnish stock beets and carrots, the coming season, to persons who will contract for the same, as follows: Beets at $3 per ton and carrots at $5, delivered on the river bank near Arago. [23tf

The Arago arrived Saturday, 5th inst., with the following passengers: Mrs Graham, Miss Webster, Felix Cohn. T. Burkhart and Mrs. Fox. The Arcata arrived Tuesday of last week with the following passengers: R. C. Ord, R. J. Patton, Jack Yale and Mrs. Kronenberg.

Dr. Holden, dentist from Marshfield, will be in Coquille on Wednesday (tomorrow), to remain one week. It is needless to inform the people that they can have any style or quality of dental work done from the cheapest cheap-john material up to as fine, solid, A No. 1 dentistery they may wish. The people must and shall be suited.

Except one cold snap, during which half an inch of ice formed in one night, we are having our usual winter. Very few days pass that barefooted boys are not playing on the streets, or on their way thus too and from school. Wild flowers are blooming and grass growing right along.

The mill force stampeded last Friday, a few minutes before the noon whistle, owing to the breaking of two belts, and when the wire was pulled to sound the whistle, it broke too, and this added to the momentary confusion. However, the difficulty was soon understood and the excitement abated.

A meeting was held at the Masonic hall Wednesday night of last week with a view to organizing a camp of the Sons of Veterans, and the prospects are very hopeful. Thirty-five or forty have been counted in this place and suburbs and about all of them expressed a desire for enrollment in the order. An organization will undoubtedly result.

LOST—On the train, coming from the bay Monday, 7th inst., a package containing a suit of boy's clothes and marked in the name of "Mrs. Thos. Ashton." Finder please deliver in Coquille City to S. L. Curry, and a suitable reward will be paid.

The Coquille Baseball Nine will give a grand ball on St. Valentine's night—February 14th. The music will be furnished by the Misses Woodruff. A postoffice will be established for the convenience of the Old Saint's subjects on that occasion, and at 12 o'clock midnight a postmaster will deliver the missives of Cupid or Hymen or The Furies, of friendship, business or sentiment—as the case may be—and every effort made to have a pleasant time. Tickets are placed at 75 cents.

Meeting of the Dairymen's Union.

The Dairymen's Union met yesterday afternoon, as per adjournment, at the little church with a large attendance. J. J. Lamb presided, and Secretary W. C. Bullard was present.

Some few matters were informally discussed while the members and applicants for membership were dropping in. The proceedings of the former meeting were read and approved.

A call was made for the rereading of the proposition of the owner of the Arago creamery to lease or sell the same to the Dairymen's Union.

Secretary Bullard read Mr. Schroeder's proposition, which was in substance to lease the same for a term of five years or longer at $700 per annum, payable at stated periods; Mr. Schroeder would pay the taxes, and the Union would pay the insurance, the plant to be restored to the owner at the expiration of lease in as good condition as it had been received, or purchased at the sum of $6000.

The secretary also read the report of the executive committee on their investigation of the merits and comparative advantages of the Arago and Coquille plants. [This report was very comprehensive and able, but only of interest to the members of the Dairymen's Union as a business matter, hence our judgment is that we withhold our summary of the form of majority and minority reports by the committee, as the best way to avoid misunderstandings or disagreements. —ED. HERALD.] The first or majority report—for Mr. Waddington would have joined the other two in signing it if he had been present—was signed by J. J. Lamb and A. R. Moomaw. The other report was signed by G. W. Wimer, sr., and W. C. Bullard.

On motion of J. F. Mast both reports were received.

An amended proposition was received from Mr. Schroeder about the sale of the Arago creamery. He would sell the plant for $6000, to be paid in six annual installments to become due September of each year and bearing 10 per cent interest.

The bill of the HERALD for printing 200 blank applications for membership and 200 copies of the constitution and by-laws was allowed—$9.50.

The bill for use of the church as a meeting place—$2—was allowed.

The proposition to lease the Coquille creamery for the season of 1895 was stated to be for the sum of $500—$250 to be paid on or before May 15, 1895, and $250 July 15, 1895.

On motion Robert Mavity and son, W. R. Mavity, were admitted to membership.

The following were then named and unanimously elected to membership:

C R Gabeler,	F E Hull,
E Huckendorff,	J V Foster,
W H Williams,	W H Roberts,
J H Radabaugh,	W C Colvin,
B F Collier,	D F Peterson,
W C Paxon,	Fred Strang,
H C Luttrell,	Lewis Colvin,
J C Epperson,	J Fred Schroeder,
W L Hayter,	H Grady,
T T Land,	Thos Devereux,
S E Aasen,	S J Miller,
S McAdams,	H T Schweers,
J F Munford,	Thos Krewson,

W A Barnett,	W H Waddington,
Ben Figg,	Jas Walsh,
M Kroll,	Geo W Wimer, jr,
G B Self,	J C Brown,
J P Clausen,	P Hazelton.

A motion to lease the Coquille creanery for one year for $500 was carried—yeas, 37; nays, 19.

A motion for the Union to allow 5cts per 100 lbs freight on all milk delivered at the creamery passed, was afterward reconsidered and lost.

A recess of 10 minutes was announced by the chair about 4 p. m.

On reassembling and talking over matters generally, on motion of Mr. Sanford the executive committee was instructed to contract for 200 cords of wood at a cost not to exceed 85 cents per cord, delivered at the creamery to be paid for as used.

On motion, adjourned to meet the 1st Monday in February.

Mrs. Thornton returned today from a several-days' visit at Myrtle Point.

Literary Exercises at the Academy.

The exercises at the academy last Saturday night, including a literary and musical program, as also a joint discussion between members of the literary society of the academy and that at Fishtrap on the subject, "Resolved, That men of thought have been more beneficial to the world than men of action," had a large and interested attendance, notwithstanding the weather was most inclement and one of the worst storms of the winter was prevailing throughout. Opened with a song by the school; recitation by Walter Bennett; dialogue by Edna Johnson, May Boyrie, Alice Bunch, Millie Beyers and Inez Bunch—"The Five Senses;" recitation by Miss Nettie Bunnell—"Lady Yardsley's Guest;" dialogue by Miss Amy Wilkins and Frank Bunch—"The Business Girl;" recitation by Miss Joey Beyers—"Grandmother Lee's Ride;" song by Miss Bertha Endicott—Miss Marvin Lamb organist; dialogue by Charley Roberts, Fred Waterman, Charley Bunch, Tillie Gamble and Lillian Bunch—"The Assessor;" solo by Frank Bunch; recitation by John Leek—Backwoodsman in Love;" duet by Misses Irma Lukins and Belle Rich; recitation by F. S. Bunch—"Alicia's Bonnet;" dialogue by John Leek and Walter Bennett—"Two Drummers." Here followed the joint debate — affirmative: Anderson Lamb, Ralph Edmunds, John Lamb, of Fishtrap Lyceum; and negative: Charley Bunch, John Leek and Ben Lawrence of the Academy Literary society. Anderson Lamb closed the debate. The following judges had first been chosen, D. P. Strang, jr., J. M. Lasswell and Mrs. J. A. Lyons. The result of the debate was that the Fishtrap boys carried off the honors, and the judgment of the committee seemed to be heartily approved by the audience.

Baseball Challenge.

BANDON, Jan. 7, 1895.

MR. BUNK BUZAN. Sir: I understand from some parties who are from your town that you are strongly of the belief that your ball team can easily defeat my old team at any time. Is such a thing a fact? If so, let me know by mail as soon as convenient, and we will see what we can do about it. We are not playing very much as the weather will not permit, but if you boys will wager enough to make it an object I will get my men and go into it in earnest. Answer soon.

Yours, respectfully,
R. BEDILLION.

COQUILLE CITY, Jan. 13, 1895.

Coquille Ball Team met at Masonic hall and decided to accept R. Bedillion's challenge to play his "old team." The game to be played July 4, 1895, at the town in the county offering the largest purse, and for a wager of $100 a side. The teams to be registered before the first of February.

EUGENE NORTON,
Secretary.

Word reaches us that many citizens of Marshfield and vicinity now consent to and favor the establishment of the county seat at this place. Coquille City is centrally located, of right ought to be the county seat, and is now more readily and quickly accessible from all parts of the county than any other portion. Would it not be well to hold a town meeting and take some action on this matter? What is done should be done quickly.

Dr. Miles Medical Co., Elkhart, Ind.

You will remember the condition I was in five years ago, when I was afflicted with a combination of diseases, and thought there was NO HELP FOR ME. I tried all kinds of medicines, and scores of eminent physicians. My nerves were prostrated, producing dizziness, heart trouble and all the ills that make life miserable. I commenced to take DR. MILES' NERVINE and in three months I WAS PERFECTLY CURED. In my travels each year, when I see the thousands of physical wrecks, suffering from nervous prostration, taking prescriptions from local physicians who have no knowledge of their case, and whose death is certain, I feel like going to them and saying, "GET DR. MILES' NERVINE AND BE CURED." It is my profession, and where there are so many sufferers from overwork, mental prostration and nervous exhaustion, brought on by the character of the business engaged in, I would recommend "MILES' NERVINE" as a sure cure for all suffering from these causes.

The thumb is an unfailing index of character. The Square Type indicates a strong will, great energy and firmness. Closely allied is the Spatulated Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the busy man or woman; and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a small space, so that the record of the whole world's work for a month may be read in half an hour. The Conical Type indicates refinement, culture, and a love of music, poetry, and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent oil-picture of roses, 16½ x 24 inches, reproduced from the original painting by De Longpré, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1895. The cost of this superb work of art was $250.00; and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and superbly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, chronicling every fact, fancy, and fad of the day. Demorest's is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription; it will cost only $2.00, and you will have a dozen Magazines in one. Address W. JENNINGS DEMOREST, Publisher, 15 East 14th Street, New York. Though not a fashion magazine, its perfect fashion pages, and its articles on family and domestic matters, will be of superlative interest to those possessing the Feminine Type of Thumb, which indicates in its small size, slenderness, soft nail, and smooth, rounded tip, those traits which belong essentially to the gentler sex, every one of whom should subscribe to Demorest's Magazine. If you are unacquainted with its merits, send for a specimen copy (free), and you will admit that seeing these THUMBS has put you in the way of saving money by finding in one Magazine everything to satisfy the literary wants of the whole family.
