

—EDITED BY THE—  
COQUILLE CITY W. C. T. U.

The Coquille City W. C. T. U. meets at the Methodist church, south, every Friday, at 3 o'clock p. m. All interested in the work are invited to attend.

Temperance Notes.

[From the National W. C. T. U. Bulletin.]

Rev. Joel Jowell, "the father of teetotalism," is now 93 years old.

The Dominion Odd-Fellow favors the exclusion of saloon-keepers from the order.

The W. C. T. U. of Little Falls, New York, makes a specialty of cottage prayer-meetings.

The legislature of South Carolina has passed a scientific temperance instruction law. This reduces the number of states without such a law to four.

The Brewers' Journal says the amount of capital engaged in breweries is now early, if not quite, as much as that of the shareholders in joint-stock banks.

Strict enforcement of the law against selling cigarettes to children under sixteen years of age, has been ordered by the superintendent of police of Brooklyn.

Rev. Dr. S. Lunn, accompanied by Mrs. Lunn, will arrive in America about the middle of February. He has engagements to preach in New York City, Boston, Buffalo, Toronto, Chicago and Washington, D. C.

Securing signatures to the polyglot petition is the special work of the Woman's Christian Temperance Unions this month. This will be the last opportunity before its presentation to the governments of the world.

According to a report in a parliamentary paper England has nearly 700,000 paupers. John Burns, with other labor leaders, declared a year ago: "The present licensing system is a chief cause of the present-time poverty, debasement and weakness of the poor."

The W. C. T. U. of Nebraska is active in relieving the necessities of the drought-stricken people of that state. In some places the only religious services held have been the gospel temperance meetings of the W. C. T. U., as these meetings can be held without a paid preacher.

The committee on Temperance and Morals of the United Presbyterian church, England, has issued a circular letter to the membership citing testimonies of eminent men of all classes concerning the causal relation of intemperance to crime, immorality, insanity and poverty, and recommending more earnest personal effort to promote temperance by social custom, education and legislation.

The Woman's Council of Indianapolis, which is composed of forty-nine societies representing 8000 women of the city, is working actively for the passage of a bill suppressing wine rooms, and also for a law providing for the appointment of police matrons in all cities in the state of 10,000 or more inhabitants. Mrs. Anna Buchanan, police matron of Indianapolis, and state superintendent of police matrons' department for the W. C. T. U., has the bill in charge.

Dr. Mary Wood-Allen, national superintendent purity department, W. C. T. U., contemplates publishing a monthly leaflet called "The Mother's Friend," for use in mothers' meetings. It is proposed to discuss in these leaflets the most important topics connected with the training of children, taking them up in such order as to form a graded course of study for mothers. The publication of the leaflet will depend upon enough orders being guaranteed to cover the expense. The following prices have been announced: Single copy, 5 cents; in clubs of 50, 35 cents; in clubs of 100, 25 cents. Unions desiring to have this plan carried out should report at once to Dr. Mary Wood-Allen, 37 South Thayer street Ann Arbor, Mich., stating how many copies each month they will guarantee to take.

The ruler of Benares is conducting a great temperance work among his people. He is an enthusiast in philanthropic work. His temperance addresses to the thousands of pilgrims who flock to the holy city are remarkable in effect.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

LOCAL ITEMS.

Capt. Tom White came up last Thursday from Bandon and participated in St. Valentine's ball.

Misses Nellie Dement, Lelia Sumner and Bessie Inman of Bandon were visiting in this place last week.

Prevent and cure Constipation and Sick-Headache, Small Blue Beans.

Prof. A. N. Knight came down from Myrtle Point Wednesday noon, as a member of the teachers' examining board.

Guaranteed to cure Bilious Attacks and Constipation, Small Blue Beans.

Mrs. Sam Johnson, mother of our Mrs. Joe Dean, of the South Fork, came down on a visit to her daughter last week.

Cure for C., Fevers and General Debility, Small Blue Beans.

Ed Jenkins, a teacher from Rock creek section, attended the teachers' examination last week. He is an applicant for a state diploma.

The railroad company has been distributing telegraph poles along its track for a week past, and will put up its own line of telegraph.

E. E. Dickson, proprietor of the shingle-mill at Riverton, was in town much of last week. He was arranging to bring the mill to this place.

S. J. Miller received word from Mr. Romander last week that he had returned from Sweden and awaited a tender from the Dairy-men's Union to run the creamery the coming season.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and affectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by Dr. S. L. Leneve, druggist.

The Roseburg Review man took a conviction fit last week over Manager Graham's call for 20,000 railroad ties, and concludes that the trains will reach that place at once if not sooner, as that surely premonishes the extension and completion of the road. But 20,000 railroad ties would hardly reach that distance, while it is said Mr. Graham will ship them elsewhere.

Prof. G. H. Bruce and A. D. Lee came over from Drain last week and lectured three successive nights at the schoolhouse on various subjects. The topics of the first evening's talks were phrenology and physiognomy, and a profusion of charts added to the interest and exposition of the subjects. A lecture by Prof. Bruce on astronomy followed on Thursday night, and was very interesting. Prof. Lee enlarged on his subject of physiognomy. Several heads were examined. Friday night a great many citizens failed even to find standing room, so great was the crowd, and they retired. Prof. Bruce lectured on chemistry and made some very interesting experiments. Prof. Lee resumed his former topics and made some examinations. These young gentlemen made a good impression on our citizens and stirred up much interest in the subjects lectured upon.

Council Meeting.

The city board met last Thursday morning and considered the proposition of E. E. Dickson, of the shingle-mill at Riverton, to move the same to this place if the board would lease him the ground and a portion of the old mill building on the city lots for a term of five years. The proposition was to occupy at once, Dickson to fill up the ravine, construct an extension of the sewer from its present terminus at the railroad to the river (the city to furnish the lumber), etc. A wharf or platform would also be built by Dickson, and necessary shed buildings. The recorder was authorized to draft the lease, etc.

AFTERNOON SESSION.

The board reconvened in the afternoon and appointed the following election officers: Judges—T. R. Willard, S. L. Leneve and G. W. Norton; clerks—N. W. Leneve and George Robinson.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the Herald. Another is a good home paper of general circulation, such as "Woman's Friend," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Woman's Friend" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Woman's Friend."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, Esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the Herald is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the Herald and get one of these attractive papers free.

A Prinville young man was fined \$15 for using profane language.

Frank Jordan, of Talent, who was shot in the leg by his brother while hunting, has had an operation performed for blood poisoning, and the leg may have to be amputated.

The citizens of Lebanon are on a strike against the electric light and water company, and threaten to use coal oil and drink no more water until the company repels some objectionable regulations.

Capital Journal (Rep.): The Oregonian has another brutal attack on Governor Lord. It says he is unfit for senator, because, as a matter of fact, his hearing was injured while in the war. Gov. Lord's ear is close to the ground, however, and his hearing is good enough to hear the tramp of the plutocrats, who want the earth with a barbed wire around it.

Capital Journal (Rep.): Representative Paxton's bill to redistrict the state increases Multnomah county's representation by five and reduces Marion county by a member and a half in the legislature. When the concentration of political power is, as at present, inimical to the best interest of Oregon this proposition is only in keeping with other monopolistic manifestations that emanate from the metropolis. The gall of this bill is as usual equal to the occasion.

Dr. Price's Cream Baking Powder World's Fair Highest Medal and Diploma. ALMOST A NEW YORK DAILY.

That Democratic wonder, the New York Weekly World, has just changed its weekly into a TWICE-A-WEEK paper, and you can now get the two papers a week for the same old price—\$1 a year.

Think of it! The news from New York right at your door fresh every three days—104 papers a year—and your home paper The Herald all for Only \$2.25!

Patents

Banker Corbett's feast at the Hotel Portland was attended by only a few members of the legislature, and was not a very great affair. The principal talking was done by Corbett and Joe Simon, who impressed upon their guests (between drinks), the necessity of passing the proposed Simon charter bill for Portland. Those present were: Senators Bancroft, Gowen, McGinn, Price, Simon, and Steiner; Representatives Beach, Blundell, Boothby, Burke, Burligh, Cardwell, Conn, Daly, Davis, Hope, Long, McCracken, Mintie, Moorhead, Moores, Myers, Paxton, Sehbredre, Shurman, Stewart, Templeton, Thompson, and Young; Messrs. Cyrus Dolph, Tyler Woodward, J. N. Teal, J. W. Kern, C. H. Lewis, John Myers, C. E. Ladd, W. M. Ladd, Donald Mackey, W. B. Ayer, W. T. Muir, Beach, Nixon and Carson, Colonel C. F. Beebe, Judge H. H. Northup and Colonel R. W. Mitchell.

Encouraged by the estimate that Washington sent \$3,500,000 out of the state for bacon and other pork products last year, the Pacific Pork Company has been organized at Tacoma with \$150,000 capital. Senator Leish, of Yakima, is one of the directors. They will stock a Yakima ranch with hogs and erect a packing-house.

A FRIEND

Speaks through the Boothby (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired, and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

For all diseases of the Stomach, Liver, and Bowels, take  
AYER'S PILLS.  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.  
Every Dose Effective.

G. A. R. NOTICE.

We take the opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. It is his duty to receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime. We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date. If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address, PRESS CLAIMS COMPANY, John Wedderburn, Managing Attorney, P. O. Box 355, Washington, D. C.

PATENTS

FOR INVENTIONS.  
Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringing by others, submit the matter to us for a reliable OPINION before acting on the matter.

Manufactured only by  
OHIO CHEMICAL CO.,  
61, 63 & 65 Opera Block, LIMA, OHIO.

PARTICULARS FREE.

THE OHIO CHEMICAL CO.—GENTLEMEN:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have checked and smoked for twenty five years, and two packages of your Tablets cured me so I have no desire for it.  
E. M. JAYLORD, Leslie, Mich.  
DORIS FEET, N. Y.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Some time ago I sent for five boxes of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I have not used any more of your Tablets since, and will not touch liquor of any kind. I have waited four months before writing you, in order to know the cure was permanent.  
Yours truly,  
MRS. HELEN MORRISON,  
CINCINNATI, OHIO.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part.  
W. L. LOTZGAY,
