Baseball League.

The several delegates to the baseball convention met at Masonic hall yesterday, with Jas. Emmett of Bandon in the chair.

A motion prevailed naming the organization the Coos County Baseball League. S. D. Magnus of Marshfield was elected president...

The secretary read the call for this meeting, and then read the minutes of the last annual meeting, which were approved.

The secretary then read the itemized financial statement, which showed that a total sum of \$964.54 had been received and the same amount disbursed during the year.

The clerk's annual report was next read. The present school census showed:

Table with 2 columns: Category and Count. Includes Male pupils from 4 to 21 years, Female, Total, and Number of months taught.

The chair announced that the next duty was an election of one director for a term of three years, and a clerk for one year, and appointed Geo. Robinson and J. W. Leneve as tellers.

For director, J. S. McEwen and L. Harlocker were put in nomination, and a ballot taken. The vote resulted as follows: McEwen, 47; Harlocker, 40; scattering, 2.

At any time that a schedule game is postponed from any cause, it will be played at such a time as the teams may agree.

No games will be played at Marshfield except on grounds owned or managed by the ball team or Athletic club of that place.

The National League rules were adopted, except the clause referring to mits and padded gloves.

The league also adopted the constitution and by-laws of the National League.

Signed by the president and secretary officially, and by the following representatives: James C. Emmett for Bandon; C. E. Baxter and M. O. Buzan for Coquille City; Wm. Nasburg and D. L. Watson, jr., for Marshfield.

Delaware, Ohio.—After four months' use of Simmons Liver Regulator my wife is almost entirely relieved of Chronic Constipation and Bleeding Piles.—W. B. Leeper. Your druggist sells it in powder and liquid; the powder to be taken dry, or make into a tea.

Kite flying by the juveniles made some of the older ones feel young again, and Jim Whetstone and Will Cox constructed a monster affair, 4x7 feet, and last evening enjoyed themselves and entertained many with a very successful venture.

Child Drowned.

Our community was much shocked last Thursday evening as it was published around that little Teddy Leneve was lost, not having shown up at home up to dark of that evening.

The father and anxious friends scattered out to get some news of his whereabouts, while information that he had been last seen by any one late that evening at the water-front. This led to the conclusion that he must have fallen in the river and been drowned, and search was thereafter all directed in that way.

Earnest search was made by a great number of persons by lantern light, and with poles and hooks, till midnight. Early Friday morning search was resumed and earnestly pursued by a host of persons, and about 8 o'clock the child's hat was found; this settled the fact and nearly the spot of drowning.

About 9:30 o'clock the body was found under the wharf at Lyons' mill, and carried to the home of the grief-stricken parents. There was their little Teddy, but, oh, so different from what he had been in the household before. Neighbors and friends came to do what they could and minister to the bereaved and weeping ones.

The burial took place from the residence Saturday noon and was largely attended by our citizens, and friends and relatives from the upper and lower river. Rev. Mr. Thornton officiated and feelingly referred to the sad affair. Teddy was 5 years, 8 months and 24 days old at time of the accident.

School Meeting.

The annual school meeting of District 8 (Coquille City), Coos county, was held yesterday at the school building and was well attended. H. H. Nichols, chairman of the board of directors, presided, and Mrs. Laura Boutell, district clerk, was secretary.

The secretary read the call for this meeting, and then read the minutes of the last annual meeting, which were approved.

The secretary then read the itemized financial statement, which showed that a total sum of \$964.54 had been received and the same amount disbursed during the year.

Robertson & Baines will build several log rafts on the Columbia this spring and summer.

It is reported that the schooner Gen. Siglin is being fitted out in the city for cod fishing.

R. H. Mast, of the Coquille, was in town Friday. It is rumored that he is about to start a hardware store at Bandon.

The Blanchard arrived from the north Monday afternoon, and landed 6 colored women and a child at Empire. They are on their way to join relatives at Beaver Hill.

Mrs. O. Latham, formerly Mrs. Wm. Lind, at one time a resident of Marshfield, writes from Walls, to try and gain information concerning her son, Grant Jones. She says Grant left Yaquina bay four years ago, in company with a man named Mason, bound for Coos bay, and she has heard nothing of him since. Her other son, Frank, died at Portland a year ago. She is in poor circumstances at present, and any information regarding her son's whereabouts will be thankfully received.

A coop of chickens from the Coquille, en route to San Francisco attracted considerable attention on the steamboat dock, Thursday last. They were packed so closely in the coop that many were under the impression that half of them would be dead before they reached their destination. It would seem to be an unprofitable manner of shipping chickens, to say nothing of the cruelty to the unfortunate birds.

The Guardian Angel, the sensational cartoon Populist paper, of Washington, D. C., is an 8-page, 6-column, stemwinder, brass-bottomed, and only 25 cts. a year (in clubs). Send for it, or send us list of names and get a free copy. 24 copies 25 cts. Address Guardian Angel, Washington, D. C.

Last Friday eight more negroes passed through to the coal mines at Beaver Hill, and another squad of eight yesterday. There are now about 70 miners at work, and forces are employed night and day putting up cottages for those who have families, about two-five white families now coming from Puget sound.

CARD OF THANKS.—The undersigned desire to extend sincere thanks to the many citizens and neighbors who did so much in sympathy for us in our recent affliction.

MR. AND MRS. N. W. LENEVE. Steamer Arago arrived March 1st, 10 a. m. Passengers—C. H. Merchant, W. F. Hodson, J. V. Hodson, Elbert Dyer, C. W. Martin and Wife, G. M. Dyer, Mrs. C. Y. Lowe, L. Clemmensen, Capt. A. M. Simpson, and 3 in steerage.

Buy your milk from the Excelsior Dairy. A continuous supply will be maintained during the whole year, at the lowest living prices. Satisfaction guaranteed. R. D. SANFORD, Proprietor.

If the owners of the steamer Bandorille will give her power and make regular runs to and from this city, it will suit the service very well and be a source of profit to them.

Mrs. Root is to furnish the supper on the night of the Junior Nine's masquerade, at 25 cents a plate.

Walter Colvin is now prepared to make butter-tubs on short notice. Shop—third door east of the Methodist church.

Miss Figg disposed of five dozen of those cute Japanese kites in two and a half days.

FOR SALE AT A BARGAIN—Several good dairy cows. K. H. HANSEN, Gravel Ford, Oregon.

Charley Wilson of Reston is visiting in Coos county, and may engage at work.

Our old friend J. T. Moulton has been housed of late on account of poor health.

Miss Birdie Elliott has returned to her place at the woolen mills at Bandon.

Senator Mitchell has been making a fight for the amount due Oregon from the United States for money paid as costs, charges and expenses in putting down the rebellion. The sum claimed, and which has been adjudged proper several times by various committees on claims, is \$335,152.

Review: During the next two years the trustees of the soldiers' home will spend the following amounts of money. Deficiency appropriation, \$11,000; regular maintenance fund, \$24,000; new buildings and improvements, \$29,000—total, \$64,000. This money will mainly be spent in Roseburg.

North Fork Items.

Feb. 28.—Please grant me a little space in your valuable paper, wherein I may subscribe to a few lines.

We are being threatened with more rain, but have the prospects of an early spring.

Some of our industrious farmers are preparing to put in garden.

A logging-camp has opened up on our little river, under the management of the Messrs. Shuck, and Joe Clinton as teamster. We were close enough to hear the rattle of the hooks and chains, also the echo of the whoa, haw—gee!

Falling trees and sawing logs seem to be the occupation of most of our working men.

David Johnson of Coquille City still extends his visit on the North Fork, but has been seen quite often of late in the vicinity of Gravel Ford. Wonder what the attraction is? Oh, buying beef cattle, I believe. Well, persevere, Dave; say nothing, but buy cattle.

Valentines were quite plentiful in this community of late, although the writer received none.

Henry Johnson of Coquille City was up visiting his uncle John Johnson, who has been declining in health for some time, but I am happy to say is looking much better now.

L. S. Coon received a letter some few days ago containing four sheets of well-written paper, and started at once for Empire City. We wonder what is up. Tired of batching, we suppose.

Misses Minnie Smith and Clara Shuck visited Miss Bath Wood one bright Sunday. Their company was much enjoyed, I presume. Come again, girls.

Messrs. Bert and Johnny Myers of Norway were up visiting their brother Aaron last week.

Rev. O. G. Quimby conducted religious services at the North Fork schoolhouse all last week and Sunday, when there two sermons preached on at 11 a. m. and at 2 o'clock p. m., and dinner was served on the ground, and was heartily enjoyed by all who partook thereof. There was preaching at the church-house Sunday, also, by Rev. Mr. Thornton of your town, a very able speaker.

Well suppose I must close, for fear of trespassing, as this is the first time I have ever written to your widely known paper, although my father is one among the old settlers and has taken the Herald since its first publication.

NOBODY'S DARLING. "Perhaps you would not think so, but a very large proportion of diseases in New York come from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold, but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 50 cent bottles for sale by S. L. Leneve, druggist.

A gentleman riding with an Irishman came within sight of an old galloway, and to display his wit said: "Pat, do you see that? To be sure Oi do, replied Pat. And where would you be today if the galloway had its due? Oi'd be roiling alone, replied Pat.

Romantic Miss—Have there not been moments in your experience when life seemed full of unassisted wants? Mr. Harduppe—"Y-e-s!" "At such times I always fly to music for relief. What do you do, Mr. Harduppe?" "I advertise."

Mother—Johnny, on your way home from school stop at the store and get me a stick of candy and a bar of soap. Father—What do you want of the stick of candy? Mother—That's so he'll remember the soap.

Prof. Longhair—Statistics show that Germany's proportion of suicides is larger than that of any other European country. Miss Gotham—I don't wonder. It must be awfully wearing to have to think in German.

Doctor—How old are you now, Maggie? Maggie—I am twelve, doctor. Doctor—Well, I declare, I shouldn't have taken you for more than ten. Maggie—(with an air of modesty)—Oh! you say that to flatter me!

"Talk is cheap," observed the man who believes in proverbs. "Humph!" replied the man who doesn't. "That remark shows that you never hired a lawyer or rented a telephone."

Fussy—My dear, I don't see why you wear such ridiculously big sleeves. Mrs. Fussy—Oh, they're the style, and, besides, I can make the twins a couple of dresses out of them when they get a little worn!

Teacher—Now, Charlie, tell us what you know about Croesus? Charlie—Dudes wear them in their pants.

HOOD'S Sarsaparilla

It has won its hold upon the hearts of the people by its own absolute intrinsic merit. It is not what we say, but what Hood's Sarsaparilla does that tells the story:—

Hood's Cures

Even when all other preparations and prescriptions fail.

"Formerly every year I had an eruption on my body, and a kind of biting pain besides. I have had it now for four years every summer, but since I began taking Hood's Sarsaparilla I have had no trace of it. I have taken seven bottles." FRED FORSTER, 3101 Black St., Denver, Colorado.

The clerk of this school district finished taking the census of the district, this week, and finds that the persons between the ages of four and twenty years, residing in the district, are 212, there being 105 girls and 107 boys. There are three pairs of twins enumerated in the district and the increase over last year's enumeration is 27.

J. A. Rupert and Thornton Williams have taken up the John Geiger, black-sand mines, near Rosa's mill. Two days after they were in possession two or three parties arrived to jump the claim, but were too late. The prospect is very encouraging, and Messrs. Rupert and Williams have sent a sample of sand to San Francisco to have an assay made.

Louis Strong reports clover 5 inches high in his fields two miles south of town. How is that for February?

M. K. Lee purchased T. J. Green's interest in the Myrtle Point Mining Co. this week. Tom says he had more mining stock than he could carry. He will now engage in placer mining with his son Don on Johnson creek.

THE TOBACCO HABIT

How to Cure Yourself While Using Tobacco.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can take the tobacco you want, while using Baco-Curo; it will notify you when to stop. We give a written guaranty to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day before you took your first chew or smoke. Sold by all druggists, with our ironclad guaranty, at \$1 per box; three boxes (thirty days' treatment), \$2.50; or sent direct on receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., Mfg. Chemists, La Crosse, Wisconsin.

Gladstone has A clear Head

WHY? Because he follows these rules: "Keep the head cool, the feet warm, and the bowels open." You can have a clear head and live to be ninety if you do the same thing. When the bowels fail to move during the day take out retiring two Smith's Small Bile Beans. Their action is so mild that you are not aware of it. All day your mind will be clear and cool. "Not a gripe in a barrel of them." Ask for small size. Take no substitute for SMITH'S

PRIZES ON PATENTS.

How to Get \$100 and Perhaps a Fortune. We secure patents and to induce people to get track of their bright ideas we offer a prize of \$100 to be paid on the first of every month to the person who submits to us the most meritorious invention during the preceding month. We will also advertise the invention free of charge in the National Recorder, a weekly newspaper, published in Washington, D. C., which has an extensive circulation throughout the United States and is devoted to the interest of inventors.

NOT SO HARD AS IT SEEMS. The idea of being able to invent something that strikes most people as being very difficult, this delusion the company wishes to dispel. It is the simple things and small inventions that make the greatest amount of money, and the complex ones are seldom profitable. Almost everybody, at some time or another, conceives an idea, which, if patented, would probably be worth to him a fortune. Unfortunately such ideas are usually dismissed without thought. The simple inventions like the car window which could be easily slid up and down without breaking the passenger's back, the soap pan, the collar button, the nut lock, the bottle stopper, the snow shovel, are things that almost everyone sees some way of improving upon, and it is these kind of inventions that bring the greatest returns to the inventor.

The prize money will be paid at the end of each month, whether the application has been acted upon by the patent office or not. Every competitor must apply for a patent on his invention through us, and whether he secures the prize or not, the inventor will have a valuable patent.
