The 18th day of April will be  
 the 120th anniversary of Paul  
 Revere's famous ride. He was a  
 sympathetic striker, agitator and  
 delegate, who, in a spirit of resist-  
 ance to tyranny, warned the raga-  
 muffin, rebel, lawless strikers, who  
 were destroying property and or-  
 ganizing against the gold-laced,  
 fine-haired, plutocratic officials and  
 their hirelings, to defend their  
 rights, their homes and firesides  
 against legalized plundering and  
 robbery. Paul didn't keep off the  
 grass worth a cent.

**STATE OF OREGON,**  
 County of Coos, ss.  
 I, D. F. DEAN, county clerk in and  
 for the county of Coos, state of  
 Oregon, certify that the foregoing  
 schedule of expenses of Coos county,  
 Oregon, for the quarter ending  
 March 31, 1895, and as audited and  
 allowed by the county court during  
 the April, 1895, term, thereof, is a  
 true and correct extract from the  
 proceedings of said court at said  
 April, 1895, term, and of all said  
 proceedings.

Witness my hand and the seal of  
 said court this 12th day of  
 April, 1895.  
 D. F. DEAN,  
 County Clerk.  
 By E. Pannenberg, Deputy.

Miss Birdie Elliott came up from  
 Bandon last week on a visit to her  
 parents, returning yesterday.  
 Miss Sadie Briggs a graduate of  
 the Monmouth normal, has been  
 secured to teach the Strang school,  
 below this place.  
 Miss Daisy Wickham went down  
 on the steamer yesterday to visit  
 her brother, Myron.

The W. C. T. U. at Sumner will  
 give their second silver medal con-  
 test on the 20th inst.—Saturday  
 next.  
 The band expected to participate  
 in the Sunday morning's Easter  
 service at the Christian church,  
 but failing to receive suitable  
 music, which had been ordered,  
 it took no part.

W. O. Cooper of the North Fork  
 has a cow that produces 15 lbs of  
 butter per week.  
 We understand that the Divi-  
 sion Quartz Milling Co., that  
 erected the mill at Salmon, has  
 commenced action against the dis-  
 coverers of that rich mine for \$18,  
 000 damages for not carrying out  
 their contract and thus preventing  
 the mill from running.  
 FOR SALE—A splendid organ, of New-  
 man Bro's make, Chicago, Ill., 11 stops,  
 high case, canopy top, handsome finish and  
 in good condition. No such offer ever made  
 before. Stool and music book go with  
 organ. Call at C. Wilkins'.  
 MRS. S. E. HARKNESS.  
 SEED OATS—Fine, clean Seed Oats for  
 sale by the undersigned, delivered  
 where desired. Call on or address  
 J. F. MAST,  
 Arago, Oregon.

Assessor Hansen has nearly fin-  
 ished his work at this place. He  
 has scheduled 138 different inter-  
 ests at Coquille City. One would  
 hardly think there were so many.  
 Owing to the Easter service of  
 the Sunday-school of the M. E.  
 church, south, I postponed my  
 sermon to fathers and mothers to  
 Sunday night next. All are cor-  
 dially invited to be present. Preach-  
 ing in the morning at 11 o'clock  
 also.  
 O. G. QUIMBY.

James West of Bandon is on  
 business at the bay. Comrade  
 West is general agent for the Ber-  
 eridge Automatic Cooker, an adver-  
 tisement of which appears in the  
 HERALD today, a more extended  
 notice of which will appear at an-  
 other time. For the present we  
 commend the cooker, as in every  
 way reliable and doing all that is  
 claimed for it, and we congratulate  
 Comrade West on representing so  
 useful, perfect and labor-saving an  
 invention. Read the advertisement.

Bandon Recorder.  
 Coquille City boasts of the larg-  
 est lodge of Good Templars in  
 the state, and the largest W. C. T. U.  
 in Coos county.  
 The circulating library is being  
 patronized in a manner that is a  
 source of much gratification to the  
 committee. Another year, with a  
 revival of business, will see a free  
 library firmly established here.  
 Adam Pershbaker's mill at Prosper  
 started up last Monday morn-  
 ing. It is said there are logs  
 enough in the boom for a six  
 month's run. Messrs. Miller, Arm-  
 strong and Blumenrother of this  
 place are employed there.  
 The Bandonville in her trip out  
 this week carried the first ship-  
 ment of new butter from two of the  
 up-river creameries. This is the be-  
 ginning of the summer's run, which  
 promises to be more extensive than  
 ever before.

The Bandonville sailed for Port  
 land on Thursday the 11th inst.  
 Her passenger list was Dr. Donald,  
 H. V. Winchell, and F. Sharpless  
 of St. Paul; Mrs. W. O. Hadley,  
 of Bandon; Guilford Stillwell of  
 Salem, and F. J. McDonald and  
 F. S. Evans.  
 Dr. Donald, and the two experts  
 who came out from St. Paul to ex-  
 amine the blacksand mines and  
 make a report thereon, left on the  
 Bandonville on their return home.  
 One of the experts is professor of  
 mineralogy in the university of  
 Minnesota and the other holds the  
 same in the university of Michigan.

Assessor Hansen was in town  
 three days this week looking over  
 the field and acquainting himself  
 with values of town properties.  
 Later on Mr. Hansen will bring  
 his family for an outing on the  
 beach, when he will begin the  
 actual work of assessing the town  
 and outlying territory. This is the  
 sensible way to proceed, and gives  
 us reason to believe that Mr. H.  
 will distinguish himself as a care-  
 ful and capable officer.

**North Fork Hamblings.**  
 April 14.—We wonder where is  
 "Syc?"  
 Willie has gone where the ivy  
 twined.  
 Herbert still languisheth and  
 longeth, and still she cometh not.  
 Sam and Will Johnson passed  
 by en route to Coquille last Friday.  
 Will has gone to Myrtle Point to  
 seek labor.

The farmers have their crops all  
 sown and are looking forward to a  
 bountiful harvest, although they  
 fear that the frosts of late have  
 damaged the fruit.  
 Once again the "light fantastic"  
 has been tripped, and this time at  
 W. Cotton's, on the night of the  
 10th. All went home feeling that  
 it was good to have been there.  
 The Honest and Earnest had an  
 enthusiastic meeting, enrolling  
 four new names on their pages.  
 The question as to the adoption  
 of prayer was lost on putting to a  
 vote of the members.  
 Miss Nettie Bannell contem-  
 plates going to Marshfield soon  
 where she will reside during the  
 summer months, presumably for  
 her health.  
 Yours in contemplation,  
 A. DAELING.

**A Card of Thanks.**  
 The members of the Christian  
 church desire to express through  
 the columns of the HERALD their  
 thanks to Rev. O. G. Quimby, Chas.  
 Baxter, T. A. Walker, Mrs. George  
 Leach, Mrs. G. A. Brown and all  
 others who so kindly contributed  
 to the exercises at their church on  
 Easter Sunday. By order of com-  
 mittee.

W. O. Cooper of the North Fork  
 has a cow that produces 15 lbs of  
 butter per week.  
 We understand that the Divi-

**Spring  
 Medicine**  
 Is a necessity because the tonic of winter  
 air is gone, and milder weather, increased  
 moisture, accumulated impurities in the  
 blood and debilitated condition of the  
 body, open the way for that tired feeling,  
 nervous troubles, and other ills. The  
 skin, mucous membrane and the various  
 organs strive in vain to relieve the im-  
 pure current of life. They all welcome

**Hood's  
 Sarsaparilla**  
 to assist Nature at this time when she  
 most needs help, to purify the blood, tone  
 and strengthen the laboring organs and  
 build up the nerves.  
 "I was not able to wait on myself and  
 could not gain any strength until I began  
 taking Hood's Sarsaparilla about three  
 months ago. Now I am doing my house-  
 work. My right lung was badly affected,  
 and in the spring and summer I was very  
 weak, but Hood's Sarsaparilla has done me  
 much good and I have great confidence in  
 it." Mrs. E. R. KNIGHT, Tecumseh, Okla.

**Purifies  
 The Blood**  
 "I have taken Hood's Sarsaparilla and it  
 has always built up my system, given me  
 a good appetite and cleaned my blood."  
 THOMAS KNIGHT, Tulsa, California.

**Hood's Pills**—The after-dinner pill and  
 family cathartic, etc.

The captain of the steamer Myrl  
 has kindly promised to bring dele-  
 gates to the Young Christian  
 Workers' convention, for half fare.

**Riverton Items.**  
 April 6.—April showers and sun-  
 shine between, is the weather pro-  
 gram.  
 Stacy Lee is busy constructing a  
 new residence, to occupy the site of  
 the one lately burned.  
 C. Nosler has been busy putting  
 in hardwood logs the past two  
 weeks.  
 Engineer Adams, of Portland,  
 made C. A. Peterson a pleasant  
 visit last Thursday, and departed  
 for San Francisco Saturday; hence  
 he will go to Dakota, where he has  
 interests in silver mines.  
 Miss Susie Peterson is recover-  
 ing slowly after her late illness.

The schoolhouse was crowded  
 last Friday night with a pleased  
 and highly entertained audience.  
 The occasion was an entertainment  
 given by the Christian Endeavor  
 society, at which an excellent pro-  
 gram was given. After the enter-  
 tainment an "apron and necktie  
 party" was given, which included  
 a supper and several games.  
 John Timons, a coal expert from  
 the Rocky mountain section, and  
 of 20 years' experience, arrived  
 here a couple of weeks ago and  
 has leased several hundred acres  
 of land, and having prospected  
 some of it found a 4-foot vein of  
 coal, said to be superior in quality  
 to anything on this coast. He has  
 commenced a tramway and the con-  
 struction of a bunker, and has also  
 started a camp for the necessary  
 piling and timbers. This mine is  
 located on south side of this place,  
 in the Urquhart addition. As yet  
 none of this coal has been put on  
 the market here, but Mr. Timons  
 has been quietly at work develop-  
 ing the mine and getting ready for  
 business. When we say none of  
 the coal has been put on the market  
 here, we do not mean that it has  
 not been thoroughly tested and put  
 to practical use; this has been done  
 and to entire satisfaction, in view  
 of which investigations, arrange-  
 ments are being made to furnish  
 plenty of it. It will be put on the  
 market in about two months.  
 Should the output of this mine  
 result as expected, it will find a  
 good demand here and elsewhere.  
 With best wishes to the HERALD,  
 CORPORAL SY CLAIR.

**DON'T STOP TOBACCO**

**How to Cure Yourself While Using  
 Tobacco.**  
 The tobacco habit grows on a man  
 until his nervous system is seriously  
 affected, impairing health, comfort  
 and happiness. To quit suddenly is  
 too severe a shock to the system, as  
 tobacco, to an inveterate user, be-  
 comes a stimulant that his system  
 continually craves. Baco-Curo is a  
 scientific cure for the tobacco habit,  
 in all its forms, carefully compounded  
 after the formula of an eminent Ber-  
 lin physician who has used it in his  
 private practice since 1872, without  
 a failure, purely vegetable and guar-  
 anteed perfectly harmless. You can  
 use all the tobacco you want, while  
 taking Baco-Curo; it will notify you  
 when to stop. We give a written  
 guaranty to permanently cure any  
 case with three boxes, or refund the  
 money with 10 per cent interest.  
 Baco-Curo is not a substitute, but a  
 scientific cure, that cures without  
 the aid of will power and with no incon-  
 venience. It leaves the system as  
 pure and free from nicotine as the  
 day before you took your first chew  
 or smoke. Sold by all druggists,  
 with our ironclad guaranty, at \$1  
 per box; three boxes (thirty days'  
 treatment), \$2.50; or sent direct on  
 receipt of price. Write for booklet  
 and proofs. Eureka Chemical &

**They Put Up a Man of Straw.**  
 MARIETTA, April 8, 1895.  
 ED. HERALD—Dear Sir: In  
 the Capital Journal of recent date  
 there appeared an article showing  
 how much the value of sheep had  
 declined since the Democrats got  
 possession of the reins of the gov-  
 ernment, as though the change of  
 the duty on wool had produced this  
 result. If that paper desired to  
 show the true cause of the decline  
 in the price of things, why did it  
 not give the decline on horses  
 (there is no tariff on their wool),  
 nor in fact almost anything pro-  
 duced by the farmer or any other  
 laborer.  
 I heard a well educated man say  
 that under the Democratic tariff  
 law there was not enough going  
 into the U. S. treasury to pay run-  
 ning expenses of the nation, not  
 seeming to realize that no mat-  
 ter what the duty might be, with-  
 out people have money and pur-  
 chase the foreign articles the treas-  
 ury will not be replenished.  
 Hence the Republicans are "as  
 deep in the mud as the Democrats  
 are in the mire;" but they are  
 like two little boys who have had  
 trouble, each wanting the blame  
 to rest on the other. W. S. V.

 An excursion by the steamer  
 Dispatch last Saturday bore the  
 Beaver Hill colored home talent  
 Jubilee Singers and the base ball  
 nine and friends to Bandon. They  
 were billed there for a concert  
 Saturday night and a game  
 of baseball with the Bandon team  
 Sunday. Owing to the high wind  
 and sandy diamond, the game was  
 not well contested. However, the  
 Bandon boys won the game.

**Summer Items.**  
 April 12.—We are having show-  
 ers of blessings.  
 Spring is here and the farmers  
 are putting in their gardens.  
 Summer can boast of a store once  
 again and a good one at that.  
 Our school opened a week ago  
 last Monday, with Mrs. Inman as  
 teacher, and it is progressing well.  
 There are 25 pupils.  
 On the 2d inst. quite a number  
 of young people gathered at Mr.  
 Boon's, and the time was spent in  
 dancing. A better time was never  
 had. Even Fred looked happy.  
 The Sunday-school opened for  
 the season last Sunday. The offi-  
 cers remain the same as last year.  
 Miss Lucy Black and Miss Jo  
 Meyers were elected delegates to  
 the county convention to be held at  
 Myrtle Point on the 24th and 25th.  
 George Goble visited this part  
 of the country last week.  
 The W. C. T. U. of this place  
 will give the second silver medal  
 contest on the evening of the 20th.  
 All are invited to come. This is  
 a good work and ought to be  
 encouraged.  
 Lyman Noble is improving his  
 place by repairing his house and  
 building a milk-house.  
 Lost—Somewhere between Coos  
 City and Sumner, a gold ring, be-  
 longing to Billie Johnson. Any  
 one finding it will be well rewarded  
 by returning the same to the owner.  
 Summer needs a creamery. Let  
 some one who wants to make a  
 raise take hold of this business.  
 It is rumored that there will be  
 two logging camps here this sum-  
 mer.  
 The W. C. T. U. held a business  
 meeting last Wednesday.
