GOV. ALTGELD SPEAKS.
Supreme Court Decision in the Debs Case
Denounced—Law Now at an End.
Springfield, Ill., June 2.—Governor
John P. Altgeld is of the belief that the
supreme court of the United States has estab-
lished a dangerous precedent in remanding
Eugene V. Debs and his American
Railway Union associates to jail.
He expressed himself in a very cau-
tious manner today regarding the deci-
sion, and accuses the court of
trampling on the rights of the peo-
ple and being the tool of monopoly.
He gives his views for publication in
a signed article in which he says in part:

This decision marks a turning
point in our history, for it estab-
lishes a new form of government;
that is, a government by injunction.
The provisions of the constitution that
no man shall be deprived of
his liberty without a trial by anim-
partial jury is practically wiped out
by this decision of the supreme
court of the United States, and the
theory that ours is a government
of law is now at an end, for every
community is now subject to any
whim or caprice which any federal
judge may promulgate; and if fed-
eral judges can do this, then it will
not be long until states judges will
follow this example. For over a
century our government moved
along the lines of the constitution,
and we became great and powerful.
Life and property were protected
and the law was enforced. Now we
have made a new departure; the
bulwark of liberty has been under-
mined and trial by jury has been
stricken down.

For a number of years it has
been remarked that the decisions of
the United States supreme court
were nearly always in favor of the
corporations. Then it was noticed
that no man could be appointed to
a federal judgeship unless he was
satisfactory to those interests.
Over a year ago the New York
World talked about a packed sup-
reme court, and that court has,
within a few days, rendered two
decisions which unfortunately tend
to confirm this charge. A week
ago it did violence to the constitu-
tion and the laws of the land by
holding that the government had
no power to tax the riches of this
country. Now it has stricken down
trial by jury and has established
"government by injunction."

Forty years ago the slave power
predominated; today it is capital-
ists. The American people crushed
the slave power and saved our in-
stitutions. Can they rescue them
again? Many say yes, but they
have not reflected that the crushing
force which now confronts them is
greater than was ever the slave
power.

Capital sits in the White House
and legislates in the capitol. The
courts of justices are its ministers
and legislators are its lackeys. The
whole machinery of fashionable
society is its handmaid.
Just see what a brood of evils
have sprung from the power of capi-
talism since 1890:

First, the striking down of over
one-third of the money of the
world, thus crushing the debtor
class and paralyzing industry.

Second, the growing of that cor-
rupt use of wealth which is under-
mining our institutions, debauching
public officials, shaping legislation
and creating judges who do its bid-
ding.

Third, the exemption of the rich
from taxation.

Fourth, the substitution of gov-
ernment by injunction for govern-

ment by the constitution as laws.
Fifth, the striking down of trial
by jury.

Never has there been so much
patriotic talk as in the last twenty-
five years, and never were there so
many influences at work strangling
Republican institutions.

ANDREW JACKSON DEMOCRACY.
Gov. Turney of Tennessee Speaks for
"Sound Money" and "Protection."

In a letter to Chairman J. D. New-
ton, of the silver league at Jackson,
Tenn., regretting his inability to at-
tend the big silver meeting held
there Saturday, Gov. Turney said:
"I am with you earnestly in the
bimetallite movement. We should
be prompt, active, definite and clear
in our course. We must not wait
on other nations. The people of the
United States can care for themselves.
Place silver in its proper place.
Give it the status it occupied before
the demonetization by the Repub-
lican party in 1873. Make it as it
was then, a standard of values,
to be carried at such ratio—say 16 to
1—as will make it worth as much as
any other dollar. Make it on an
equality with gold and payable on
all indebtedness at home, individ-
ual, state and federal. If foreign
nations demand gold of us, we
can demand the same from them,
and our resources are so much bet-
ter than theirs we will always
have more gold than they and be
amply able to take care of ourselves
at home and abroad.

"Thanking you for the invitation,
I am yours, truly,
P. TURNER."

The Reasoner: The fight is on
and is well defined by a writer who
says: "It is the corn, wheat, cot-
ton and beef of the country against
its bonds and gold."

Abraham Lincoln: "Every man
today has or should have as strong
a motive to preserve his right to
life, liberty and the pursuit of hap-
piness as had our fathers in 1776 to
establish them."

Farmers' Tribune: Gold buys
bonds, silver buys bread and em-
ploys labor to produce wealth to
pay interest on the bonds. God
help the submissive, overburdened
donkeys who are getting what they
have been voting for.

Hayes Valley Advertiser: The
revenue laws will hold. Very kind
of the supreme court to allow them
to. Now if these worthy justices
would conclude their good work
by deciding that their own con-
vocation is unconstitutional this coun-
try might be able to figure out
where it is at.

Farmers' Tribune: Whenever a
law don't suit the oligarchs the sup-
reme court promptly declares it un-
constitutional. The only remedy is
for the people to get in a position
to declare the supreme court uncon-
stitutional. Give it a dose of its
own medicine. So long as the per-
verters of honest true government
have this resource at their beck and
call there is no hope of the masses
getting justice. Down with such
shams.

Farmers' Tribune: The question
naturally arises, if our courts are to
decide as to the validity of every
law and always frame their deci-
sions so as to leave effective only
such laws as are satisfactory to mon-
opoly, why have any legislation at
all? Might just as well do away
with our congress and legislatures
and leave the supreme court and
Rothschild to tell us what we are
not living under an oligarchy of
the worst form.

Coming Nation: Gobs of pros-
perity! Seattle, Wash., national bank
went down or up, whichever way
you want it, with a half million be-
longing to people who believe banks
are a convenience. I like to see
'em squirm. Great system, you
know, because the old party poli-
ticians say so. Lots of banks get-
ting a dose of gold standard. The
number of failures increase. Let
the glorious work of the gold stan-
dard proceed. When most of the
country is paperized maybe they
will begin to question the honesty
or wisdom of the Rothschild money
system.

MORE SILVER TALK

To Be Thrown Out at Memphis,
Tenn.—Another Bimetallic
Convention.

Memphis, Tenn., June 11.—The
silver men will have fine weather
for their convention, tomorrow, at
the auditorium, where the "Sound
Money" convention was held last
month. Indications point to a
very large attendance, including
men prominent in national politics.
At least 2000 delegates will be
present.

A GREAT GATHERING.
Wednesday will bring the great-
est gathering at Memphis that has
ever assembled in the south since
the war to consider the matter of
governmental policy. It looks now
as if 2500 delegates may be here,
representing every southern and
western state, and at least 20,000
other visitors will come from Ala-
bama, Tennessee, Mississippi, Ar-
kansas, Louisiana, Kentucky and
Missouri to hear the distinguished
speakers who will address the great
bimetallic convention.

Hundreds of delegates are already
here. Senators Turpie of Indiana,
Harris of Tennessee, Jones and
Barry of Arkansas reached the city
yesterday. Senator Butler and the
North Carolina delegation will
come in the morning. Senator
Paseo of Florida and his people
will also be here tomorrow. The
California and New Orleans special
will come tomorrow night. Great
interest centers in the speech of
Congressman Sibley. It looks now
that if Jones of Arkansas or Tur-
pie will be permanent chairman.

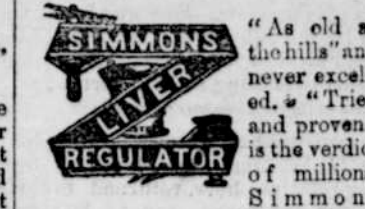

The convention will occupy two
days, during which period some
of the most distinguished silver lead-
ers in the country will speak. Two
great auditoriums have been se-
cured. The silver men here are
enthusiastic. They know that the
convention will have a wide influ-
ence in restoring the money of the
people, and it will greatly exceed
the gold gathering held on May 23,
when Carlisle spoke.

Delegations are expected from
25 states but scarcely any from
states east of the Mississippi and
north of the Ohio. There are here U.
S. Senators Jones and Barry of
Arkansas, Bate and Harris of Ten-
nessee, George and Walthall of
Mississippi, and Turpie of Indiana.
Senators Stewart of Nevada, Shoup
of Idaho, and Butler of North
Carolina are expected tonight. The
convention will be called to order
at 11 o'clock by W. N. Brown, pres-
ident of the bimetallic league of
Memphis. Senator Harris will
nominate for permanent chairman
either Senator Turpie or Senator
Jones of Arkansas.

OFFERS A REWARD OF \$200
For the Recovery of His Wife and
Children.

Monday's Albany Democrat con-
tains the following:
Mr. B. Nulton of Marysville,
Cal., called at the Democrat office
this morning and directed the Dem-
ocrat to offer a reward of \$200 for
information which will lead to the
recovery of his wife and children.
The case is an interesting one.
About ten years ago Mr. Nulton,
then residing in Marion county,
was married to a Linn county lady.
Six years ago they moved to the
vicinity of Marysville, where Mr.
Nulton now has a big sheep ranch
with about 5000 sheep and 2000
lambs. He informs the Democrat
that his married life was particu-
larly a happy one. Nearly two
years ago Chas. McClothing began
working for him. Three months
ago he discharged him, on account
of his drinking. His wife even
made the request a number of
times. A month later McClothing
came back and wanted work again;
but was refused. One Sunday
morning Mr. Nulton, who has two
ranches, went to the other ranch
and returned Monday evening.
Two hours after he left, his wife,
three children and McClothing
skipped out for Oregon in a light
Studebaker wagon, drawn by two
horses branded O, some books and
about \$500 in money. Mr. Nulton
immediately followed and got
track of them once or twice and
has chased through Coos county,
Yaquina bay and even eastern
Oregon without avail. It was his
opinion that they would come to
this county. One would not think
though, that a woman would run
away with another man to her
former home. The family consists
of Mrs. Nulton, with dark hair and
eyes, with only three teeth, the
others having been extracted re-
cently for the purpose of securing
a new set, a girl 9 years of age; a
boy of 5 and a baby 18 months old.
Mr. Nulton will leave for Marys-
ville tonight. Any information
leading to the recovery of his chil-
dren will be rewarded by \$200.
Other papers are requested to
notice.

and the twice-a-week New York

A Republican Farmer of Saw
Fire & Shot.
Saw, Or., June 9, '95.

Ed. Capital Journal: I have
found the man that Mr. Geer is
looking for.
"Now, bring on the man who has
got silver on his hands and can't
meet his obligations because of the
crime of '73." In these times of
growing bimetallicism such a man
would be of positive value as a
modern human freak."

T. T. GEER.
Now, I want to say to the bird
on the tall tree, where the cuckoos
build their nests, that I can pro-
duce the man who has got silver on
his hands and can't meet his obli-
gations because of the crime of
'73.' It is our good old Uncle
Sam. Now, bring on the bonds
and treasury notes, and take your
so-called "legal tender" silver dol-

perch and stop your warbling and
give us something hard.

PATENTS

NOTICE TO INVENTORS.

There was never a time in the
history of our country when the
demand for inventions and improve-
ments in the arts and sciences gen-
erally was so great as now. The
conveniences of mankind in the
factory and workshop, the household,
on the farm, and in official life,
require continual accessions to the
apparatus and implements of
each in order to save labor, time and
expense. The political change in
the administration of government
does not affect the progress of the
American inventor, who being on
the alert and ready to perceive the
existing deficiencies, does not permit
the affairs of the government to deter
him from quickly conceiving the
remedy to overcome existing discrep-
ancies. Too great care cannot be
exercised in choosing a competent
and skillful attorney to prepare and
prosecute an application for patent.
Valuable interests have been lost and
destroyed in innumerable instances
by the employment of incompetent
counsel, and especially is this advice
applicable to those who adopt the
"No patent, no pay" system. Inven-
tors who entrust their business to
this class of attorneys do so at im-
mense risk, as the breadth and
strength of the patent is never con-
sidered in view of a quick endeavor
to get an allowance and obtain
the fee then due. THE PRESS
CLAIMS COMPANY, John Wed-
derburn, General Manager, 618 F
street, N. W., Washington, D. C.,
representing a large number of im-
portant daily and weekly papers, as
well as general periodicals of the
country, was instituted to protect its
patrons from the unsafe methods
heretofore employed in this line of
business. The said company is pre-
pared to take charge of all patent
business entrusted to it for reason-
able fees, and prepares and prose-
cutes applications generally, includ-
ing mechanical inventions, design
patents, trade-marks, labels, copy-
rights, interferences, infringements,
validity reports, and gives special
attention to rejected cases. It is
also prepared to enter into competi-
tion with any firm in securing for-
eign patents.
