What a Farmers' Paper Says.

The following article from the Farmers' Home Journal, published in San Francisco, is to the point. It is excellent advice to the people of Douglas county:

Umpqua Valley, Oregon, like California, is suffering from railroad oppression, and the people feel it very keenly indeed. Some three or four years ago a movement was started to throw off this yoke They say this is summer-it is by building an opposition road vegetables pressing acquaintance- San Francisco or Portland. G. A. R. NOTICE

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to Tim Penss Claims Company, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws evacted for their benefit. Address,
