The Herald has splendid clubbing facilities with the best newspapers published in the land. We offer The Herald and the New York Times a week for only \$2.25.

Do It. THE GOLDBUG MICROBE is instantly killed by sending a 2-cent stamp to the American Bimetallic League, Washington, D. C., and asking for free literature. Do it.

A GREAT OFFER.

The "Twice-a-Week" edition of the New York World (formerly the Weekly) has proved a phenomenal success. It is a semi-weekly of six pages, mailed Tuesdays and Fridays; eight columns to the page; forty-eight columns each issue. It gives the news fully half a week ahead of any weekly paper, and, at the same time, retains all the literary, agricultural, miscellany and other features which made The Weekly World so popular. Yet the price is only one dollar a year.

Your subscription will be taken at this office. For sample copy address The World, N. Y.

Arrangements have been made by which we can furnish this paper (the Herald) and the Twice-a-Week New York World all for \$2.25 a year. Take advantage of this offer and get your own local paper and the Twice-a-Week World at this special rate.

COQUILLE CITY HERALD.

Lord Rosebery is out; Lord Salisbury is in; and "old huckleberry" is on the way.

A most interesting document appears on the 1st page of the Herald today. It is the dissenting opinion of Justice Harlan of the U. S. supreme court on the late income tax law. Read it.

And now U. S. Judge Ross of southern California sustains Mrs. Stanford's demurrer to the U. S. collecting \$15,000,000 from the Stanford estate of money that was stolen from the government while he (Stanford) was posing as a patriot, good citizen and gentleman. It might be the right caper for the government to now seize "Judge" Ross as party to the crime and send him behind the bars.

A great fire has just befallen San Francisco, destroying property between Third and Fifth, and including Brannan, Bryant and Buxome streets to the number of 275 buildings, including many mills and manufacturing establishments, working-men's homes, stores, churches, etc.

Additional Locals.

That New Ocean Steamer. It is a fact that we are to have a steamer between this place and San Francisco, making weekly round trips. Capt. Hans Reed of Bandon, a first-class boatbuilder, has just returned from the city, and we understand is authorized to prepare at once for the construction of a steamer suited for this trade. The vessel will be larger than the Baudorille, and not quite so large as the Blanchard, with a speed of twelve knots and of light draught. She will have good passenger accommodations and will serve only the traffic between the Coquille and San Francisco.

This time our people may look up and expect a service in their interest, a service organized to be mutually advantageous and satisfied with legitimate profits from a liberal patronage. The basis of this patronage is already guaranteed for two years from this river to the city by our ever alert, thrifty and public-spirited business man, Adam Pershbaker, and now our own business community and the producers of this valley will be expected to respond in fair proportion, and it will be to their interest to do so.

A bright outlook greets us. This valley will have advantages equal to the best, and such as are coveted by other localities for prompt and safe delivery of their products and returns of their orders.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Dr. S. L. Leneve, druggist.

Prof. Kanematz makes us a good report of the progress of his silk production. The worms will do better this season than last, and the temperature is better thus far. Miss Annie Laird is succeeding very well, handling at this experiment about 10,000 silkworms. Other sub-stations—one at Myrtle Point, managed by Mrs. Fanny Warner, one in Marion county by Mrs. Mary Killen, and others at other points—report favorably.

Uncle Provit and Bert Dean came down again from their mines to await returns from assays. They made a new discovery in their last prospecting, having found a copper ledge of immense proportions, which will turn out 500 pounds of copper to the ton of rock. It is boundless in quantity, too. Here is a chance for somebody.

The state agricultural college concluded its commencement exercises last week, and we observe among the 13 who received the degree of Bachelor of Scientific Agriculture, our young friend Milton O. Stenler of Coos. The Herald greets him.

The outing season is fully upon us, and many a camping outfit is seeking the beach or the mountain to spend a fortnight at rest and relaxation.

Nervous Prostration.

E. W. JOY COMPANY—Gentlemen: I have suffered from a nervous prostration from financial losses. Can say Joy's Vegetable Sarsaparilla has cured me. My liver, stomach and bowels have been very inactive, but since taking your remedy I am entirely well. All business men and women should use it. Please publish. (Signed.)

Backache, Dizziness, Tiredness, give way to Joy's Vegetable Sarsaparilla.

Daniel Giles was in town Monday, having come down with a scow load of brick, the first shipment for the lighthouse buildings.

A couple of families arrived here on Monday evening last to visit the beach, where they are staying for recreation and the benefit of their health, and more are on the way. They came all the way from Los Angeles, California, a distance of between 1600 and 1700 miles. They brought their own wagons and tents with them and were about 40 days and nights on the long dreary road, exclusive of stoppages. Now when people would come here all the way from Los Angeles—the country of the angels—surely they must consider the attractions of our beach even superior to that now possessed by the celestials.

League Ball Game.

The Coquille and Bandon nines crossed bats at Bandon last Sunday, in regular order of the league's schedule dates. Although a light rain had set in Saturday night, and indicated further fall, yet the steamer Dispatch took a large crowd to witness the game. Bandon's new pitcher, Egan, from California, was duly installed, and much was expected from him for several reasons. The Coquille boys had their old nine except Nonda Anderson, who took C. Lorenz's left-field position, and Geo. Robinson, who filled centre-field, vice Teddy Baxter, who was ill. The old "new" pitcher, Claud Noeler, did not play. Reckner held the box and pitched a good game. H. Porham was chosen umpire. Coquille was first at the bat.

The following was the result of the game:

Table with 9 columns (1-9) and 2 rows (Coquille, Bandon) showing scores.

The Bandon nine was composed of F. Mehl, F. Burkhart, Williams, J. Emmitt, T. Egan, Bedillion, C. Frederick, Smear, Bays.

The Coquille nine embraced C. Baxter, E. Norton, E. Reckner, D. Johnson, N. Anderson, G. Robinson, S. Norton, M. O. Buzzo, B. E. Noeler.

The next league game will take place at Coquille City next Sunday, between Coquille and Empire, and much interest will centre in it.

See The Imperial Bicycle ad.

Mrs. Sheppard's restaurant affords a new sign.

Mr. Root still improves from his late injuries.

Mr. Wilkins is slowly improving; his fever has abated.

The term of school closed last Wednesday evening.

Jack Woods passed through to the bay this morning with produce.

Dr. Strango left today for his home at Roseburg. He will return about October 1st.

John Koon returned last week from a visit to his old home at Troy, New York.

Mr. Elliott is putting up a nice new home on their property in the northeast part of town.

Sam Norton purchased one of the Imperial bicycles from G. F. Boutell, the county agent. It is a daisy.

Mr. and Mrs. John Morris have come down from the ranch above town and will spend the 4th here at their home.

Brette Clark came in last week from the Nobles ranch and will spend the 4th with his father at Mr. and Mrs. Elliott's.

The editor received two beautiful bouquets yesterday, one each from Miss Ella Wickham and Miss Lilly Wilson. Thanks, young friends.

A number of new buildings have been put up in various parts of town the past month, and several more are in hand and more promised. It is not a boom that has struck us, but just an evidence of progress of a substantial character.

Summer's Fourth Medal Contest.

June 30.—Summer's fourth Demorest medal contest was held by the workers of the W. C. T. U. June 29th, Miss Alice Beyers presiding.

The following program was observed: Singing. Scripture reading by Mrs. Willson.

Prayer by Mrs. Boutell. No. 1, Fred Willson—The Cry of Today.

No. 2, Lilburn Boon—The Farmer's Side. No. 3, Miss Lulu Boon—Personal Responsibility.

Duet by Misses Mary and Lucy Black—He's a Drunkard To-night. No. 4, Miss Zoe Willson—The Bogle is Calling.

No. 5, Willie Cavanaugh—America's Joshua.

At this point the judges, Mrs. Lawrence, Mr. Stock and Mr. Tompkins, retired, while a duet was rendered by Misses Mary and Lucy Black, a recitation by Miss Ethel Boon and a recitation also by Miss Joy Beyers. Another duet was sung by Misses Mary and Lucy Black.

The judges then returned and awarded the medal to Miss Willson as the most proficient elocutionist. Books were awarded to Nos. 1 and 5.

There was a good audience and the young people are very much interested in the educational work. They are all accomplishing a great deal of good, as they have had excellent selections and rendered them so well. This is the general opinion of those present. COLEUS.

Temperance Mass Meeting.

The ladies of the W. C. T. U. held their monthly mass meeting last Sunday night at the Methodist church. A fair audience attended. Mrs. Boutell presided, Miss Millie Brouillette, a charming and gifted young lady, daughter of Rev. Mr. Brouillette of Myrtle Point, addressed the meeting. Her lecture was very fine, and delivered in an able and attractive manner. It was a retrospective and prospective view of the cause of temperance reform, in which she rehearsed the history of the movement under moral suasion and portrayed its glorious triumph under legal suasion.

Other exercises consisted of reading a portion of scripture by Mrs. Boutell, a prayer by Hon. J. J. Lamb.

The Herald had a pleasant call last week from Mr. and Mrs. J. H. Sumerlin, Mrs. Harmon and Miss Cora, of Lee. The North Fork friends are prospering nicely.

GENERAL NEWS.

SWARTZ CONVICTED. Salem, June 29.—The trial of Alonzo Swartz, on the charge of murder for killing his son, is concluded, and the jury, after three and a half hours' deliberation, returned a verdict of murder in the second degree. The first ballot of the jury stood five for murder in the first degree, five for second degree and two for manslaughter. The sixth ballot showed them unanimous for the second degree.

On the evening of March 29th, Swartz, living four miles east of this city, while drunk, raised a quarrel in his family, and stabbed his 20-year-old son, Edward, in the neck with a pocket-knife, severing the carotid artery, from the effects of which wound Edward died April 21st. Sentence will be pronounced Saturday afternoon. The customary motion for a new trial has been filed.

BREAK OF A MAD WOMAN.

Springfield, O., June 23.—Rev. Paul C. Curnick closed the meeting tonight at St. Paul's Methodist Episcopal church, the largest and wealthiest in the city, with an impressive appeal to the people not Christians.

Stepping from the pulpit to the chancel, he extended to a young man the right hand of fellowship. He then asked members to come forward and shake hands with new converts.

Among those who went forward were Miss Laura Nicholson, aged 30, and Mrs. M. E. Kinney.

In the midst of this impressive ceremony Miss Nicholson hurried to where Mrs. Kinney was standing and excitedly exclaimed in loud voice: "Your hat is not on straight."

Mrs. Kinney turned, whereupon Miss Nicholson let out a whoop, and, grabbing for Mrs. Kinney's bonnet, crushed it into a shapeless mass. The congregation looked on with amazement. Then taking out the bonnet pin the woman threw the hat across the church and with a demured laugh sprang at Mrs. Kinney, stabbing her repeatedly in the left arm with the pin.

Mrs. Kinney screamed and turned to escape, but the infuriated woman held her, furiously jabbing the small stiletto into her body.

Pastor Curnick and several deacons rushed to the scene, but with a yell that frightened 700 persons out of their wits Miss Nicholson struck another woman, bounded up an aisle and out of doors, striking aside those who tried to detain her. Miss Nicholson was sent to an asylum five years ago, but was released after a year's detention.

POISONED BY A SPIDER.

Cincinnati, Ohio, June 23.—W. C. Owen, representative from the Ashland district of Kentucky, who defeated Breckenridge, was poisoned by a spider's bite, and his condition is alarming. He has been bitten a week ago. His arm is terribly swollen. He has been attending the races here, but left hurriedly for home last night on a special train. A doctor in the city told him that his arm would have to be amputated to save his life. He goes to have his home surgeon do the work. He was suffering severely when he left here at 10 o'clock p. m.

A KANSAS "REDEEMER" OFFICIAL SHARING HIS UNDERLING'S SALT-ARY. Topeka, Kans., June 23.—Governor Morrill today requested the resignation of W. G. Bird, state labor commissioner. It was shown that Bird had, since his possession of office, required each of his two clerks to pay \$16.66 per month out of their salary. He claimed that the money was to be used to employ another clerk that the legislature had failed to make provision for.

Bird has refused to resign and the governor threatens to institute criminal proceedings.

A Great Blessing

My wife and I have found in Hood's Sarsaparilla. She had rheumatism very severely, with ankles and legs badly swollen, and hardly able to get up and down stairs without help. Many other remedies failed, but Hood's Sarsaparilla entirely cured her. It was only shortly after that I was taken with the same complaint, affecting my limbs and with the same result. My wife and children take Hood's Sarsaparilla whenever they feel the need of a medicine and it immediately makes them feel better.

Hood's Sarsaparilla saves me doctor's bills. I am an engineer, and well known in this locality. Q. W. WYATT, White House Hill, Indiana Ter.

CALIFORNIA'S BIMETALLIC CONVENTION.

San Francisco, June 25.—The executive committee appointed by the recent bimetallic convention held in this city to issue a call for a state convention to be held August 19 in this city, has decided that each county shall be entitled to be represented by five delegates at large and one delegate for every 500 votes or fraction thereof cast at the last general election.

PERSECUTIONS DROPPED. San Francisco, June 25.—Labor Commissioner Fitzgerald has received a letter from the department of justice at Washington that cases against the members of the A. R. U. who are charged with conspiracy would be dismissed.

LEE ITEMS.

June 22.—Fine weather at present, but people are afraid it is going to change. The farmers don't want it to rain until they get their hay in the barn.

James Cotton and family returned from their home in Curry Monday. They have got Perry Hatcher's place rented.

Andrew Hall and family are visiting relations and friends in this vicinity.

Hardee Mast, Mrs. W. H. Brown and daughter and son, visited Myrtle Point the last of the week. Got there, Hardee.

There was a pleasant dance given at the residence of Mr. Critchfield on the night of the 22d. They all had a fine time and went off well satisfied.

Jeff Crosby and wife visited friends at Fairview last week.

R. G. Sumerlin, who has been working for Jap Yoakam, on Coos river, has returned to his home at Lee. We welcome you back, Rube.

J. H. Sumerlin and wife, and Mrs. Harman, visited Coquille the last of the week.

William Harman, made Norway a visit the first of the week.

Miss Cora Harman, who has been stopping at Coos river, has returned to her home. We are glad to see you Cora. TORSY.

DON'T STOP TOBACCO

How to Cure Yourself While Using Tobacco.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo; it will notify you when to stop. We give a written guaranty to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day before you took your first chew or smoke. Sold by all druggists, with our ironclad guaranty, at \$1 per box; three boxes (thirty days' treatment), \$2.50; or sent direct on receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., Mfg. Chemists, La Crosse, Wisconsin.

The Railroad.

[From the Roseburg Review.] I dreamt a dream the other night When all around was still I thought I heard the iron horse Hood down the mid Coquille.

When in the morning bright and clear I awoke and looked around, No rumbling noise distinct at my ear: No railroad could be found.

I wondered to myself awhile, If I could this mistake, And all the seeming noise I heard Could only be a "take."

When I inquired what it meant And why there was such delay, I was informed by the railroad folk, The farmers barred the right-of-way.

They say the farmers' kick and snarl, And with the exception of a few, Demanded all their farms were worth To pass the railroad through.

Now come, my brother farmers, come, And put on a business air, If the management means business, Let us meet them on the square.

Let us show them we are up to date, And not to progress lost, And that we are quite anxious For a railroad to the coast.

When the rail road is completed, The farms will raise in price; We'll reach the markets of the world, Oh, won't it be so nice?

When this road is completed, According to the plan, We will open up a direct From Roseburg to Japan.

Then open up the line, my friends, Let the iron horse whistle through, And when we get the railroad, Then we can whistle too. Who is it? Comes Valley, June 16th.
