Dick Braden, of Myrtle Point, was hit in one eye by a limb, while chopping last week, and has been confined to a dark-room ever since. It was thought at first that he would lose the eyesight, but the physician in attendance is now hopeful of his recovery and a complete cure.

Those parties who have insured in the Continental Insurance Co. with a traveling agent will call on Orvil Dodge. They can cancel their policies and get rates 25 per cent lower in a good, reliable company and pay in installments. Where all things are equal, why not patronize home agents?

One of the attorneys that came in with Gen. Compson is a son-in-law of a Mr. Packwood, who was an early pioneer of the Coquille and owned Echantend prairie 35 years ago. He was engaged in the Indian wars of this coast, and is now mining on Sixes, having come in and struck ounce placer mines this spring.

W. E. Mitchell, one of the members of the Standard Mining Company of Sixes, was in town last Saturday. The company have incorporated and purchased the Shad Hudson placer mine, which is 6 miles above the Sixes bridge. They will bring water from Edison creek, and will be obliged to bring it 4 miles in a ditch and flume. The water will be sufficient to run four giants, which will be put on as soon as the ditch is completed. The bar that they expect to work is from 75 to 100 feet above the river-bed and prospects very rich. A young boy that came in with the company chose a place and took out \$30 with a rocker in a few hours. The names of those composing the company are as follows: J. C. Aiken of Roseburg; W. E. Mitchell of Roseburg; Henry D. Waller of Independence; Dr. W. H. Parrish of Monmouth, and F. M. Wilkins of Eugene.

There were six wagonloads of campers from Roseburg, passing through Myrtle Point, Monday, on the way to Bandon beach.

Dr. Strange, the Roseburg dentist, who recently was in Myrtle Point, expects to be back again in a short time. Those who desire the best of dentistry will reserve their work for him and look out for his dates which will be duly noted in this paper.

Messrs. Huling and Lundy of Myrtle Point visited Eckley last Saturday and joined in with the good people of that vicinity in celebrating the completion of their wagonroad to Myrtle Point. The gentlemen report that there were quite a number present from the South Coquille, and that all the miners from Sixes and Salmon mountain were out and joined in the festivities of the occasion. Dr. Elgin made the opening address and Col. Muney followed with a very able address. Both gentlemen were listened to with much interest. Letters of congratulation were read from Hermann and Editor Dodge of Myrtle Point that were received with marked attention. Mr. Hermann referred to the early days, when travel from the Coquille and the interior of the state passed Eckley when on the way to Port Orford, in which he had had experiences that were to him interesting to call to memory. Judge Schroeder wrote a letter to be read, but from some unknown reason it was mislaid and did not arrive. This fact was announced, and it was much regretted by the citizens. The citizens of Eckley prepared a grand picnic, and the feasting was carried on until Sunday morning, and then there was food enough left to feed a good-sized army. The young people tripped the "light fantastic" in the evening to their hearts' content. It is estimated that there were near 200 people present. One of the novel features was a baseball game played by a nine composed of young ladies and the junior nine of Myrtle Point. The score stood 13 to 23 in favor of the young ladies. The whole community joined in the celebration and everything passed off in first-class order. That community has needed a wagonroad badly for over 30 years, and finally they joined together, and being led by such energetic men as Haynes, Gues, and Cass Hermann, they have accomplished the task at last and have just cause to be jubilant.

Gen. Compson, accompanied by John L. Rand, the prosecuting attorney at Baker city, Oregon, and Calvin T. Hyde, a prominent attorney of that place also, came in on the stage last Saturday. The general being one of the railroad commissioners of Oregon telephoned for a special train to take himself and party to Marshfield, as he was here for the purpose of inspecting the C. B. R. & E. Railway. The train came over Sunday after dinner, and the following named persons of this place having been invited by the general to accompany him, Hon. B. Hermann, E. Bender, Capt. Allen Walker, O. N. G. of Myrtle Point; W. Homer Greer, of Washington and Lee University, Va.; Calvin T. Hyde, esq., Baker City; John L. Rand, prosecuting attorney, Baker City, Or.; G. M. Short, esq., Wm. H. Walker, E. A. Dodge, W. F. Express Co. agent, A. H. Black, merchant, Orvil Dodge, U. S. court commissioner, August Bender, of Myrtle Point; ladies of the party—Mrs. Dr. Miller and Misses Liza and Abbie Parrott of Roseburg, Or.; Mrs. E. Bender, Mrs. C. E. Schroeder, Misses Alta and Daisy Dodge, Miss Eva Border, Mrs. Charles Dodge, Miss Ethel Graham and Grandma Bender of Myrtle Point, these all stepped aboard and enjoyed the trip very much. Beaver Hill was taken in on the route and the whole party were amazed to see such gigantic works and such a city in the woods to have been built up within one year's time. One of the attorneys remarked that "that Graham is a wonderful man to accomplish so much in one year during these depressed times." James Ferry of the Blanco had his coach ready at the depot at Marshfield, and the party went over and enjoyed one of his fine dinners. But all was haste, and but a moment was had to shake hands with Marshfield friends, so at ten minutes past six the train was again boarded and in forty-seven minutes the engine whistled for Myrtle Point. The general was surprised to see our railroad in such good condition. For a new road, he said it was the best he had ever seen. General Compson and his two general companions, C. T. Hyde and John L. Rand, esqs, left Monday morning to visit Sixes, river mines and will return to Myrtle Point about next Thursday. The general is one of the most genial men that one is likely to meet, and Mr. Hyde and Mr. Rand are not behind him in social intercourse, so the two, with Hon. B. Hermann, were central figures on the train, and they seemed desirous that every one should enjoy the ride.

IMPROVED FARM OF 160 ACRES in good fruit and grain land in Roseburg River Valley, for exchange for a small place near a town in Coos county, or suburban property. J. LINDSLEY, 46 1/2 N. Beagle, Jackson county, Oregon.

A Mrs. Colvin and family arrived from Grants Pass last evening, on the way to the beach. They were formerly acquaintances and neighbors of G. W. Norton in Nebraska. She has a son living in this county, employed at Noble's logging camp.

Last Tuesday, about noon, at his home at Lampey creek, our friend John Quick had the misfortune to receive injury from a fall from a hay-wagon that was a close call. He struck his head and was badly stunned, and received injury to his back also, from which he has not yet recovered fully.

Notice to Dairymen. Patrons not belonging to the Coquille Dairyman's Union will receive 10 cents per pound butterfat in milk delivered at Coquille Creamery from June 8th until further notice.

COQUILLE DAIRYMEN'S UNION. Per C. Romander, Manager.

The outrage perpetrated at the union camping at Arago Tuesday evening of last week should bring down upon the offenders the severest penalties of the law. We will not rehearse the particulars at this late day, only to be furnished for the use and delectation of land agents and prospectors from abroad to the injury of our county, but will rest in the belief that such punishment will be meted out against these offenders, whoever they may be, that will be a guaranty against all future misconduct of that character. Hoodlumism will not thrive here.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Dr. S. L. Leneve, druggist.

The Bandon-Coquille Game. This game of baseball seems yet to give occasion for bad blood and unfair discussion on the part of two or three of the Bandon nine. The statement in the late Recorder is so unfair, bitter, and untrue throughout, that it hardly deserves notice. We are sure its temper is not shared by the most of the Bandon nine, and we doubt if Editor Stitt is responsible for it—except that it appears without other signature or evidence of authorship. The Recorder's last suggestion is that "they will let the arbitration committee decide which team is entitled to it," but, alas, like in the conduct of their captain, Williams, all through the game, they have forfeited even that privilege—that committee has no jurisdiction in the case owing to their refusal to play out the game. There seems only one of two things to be done, and that is the enforcement of the league's rule as prepared by Emmett, the enforcement of a fine of \$25, in default of the payment of which the nine will be kicked out of the league.

The Special Ball Game

Held at Marshfield last Saturday, between the Empire and Coquille nines, for a purse of \$100, was won by our Coquille boys in a score of 12 to 11.

It is said to have been an exciting contest, but by the last inning the Empire boys had become thoroughly rattled and the Coquillers had their own way in piling up home runs, as will be seen by the following score, with two bases, 2d and 3d, still occupied and a good man at the bat:

Score table showing runs, hits, and errors for Coquille and Empire.

Albany Argus: "Landlord Thompson had a queer guest last Friday night, at Albany. He ate two suppers and went to bed three times, and got very wroth upon having to pay for both suppers. He is Dr. Henderson, from Salem, and the object of his visit to the city was to circulate a petition for the pardon of Dr. Spongole, sent to the penitentiary from this county a year or so ago on the charge of rape. He got no signers to his petition," Dr. Henderson has since been placed in the asylum.
