Temperance Notes.

[Pacific Methodist Advocate]

Be content to do the little things if you cannot reach the greater ones.

The young men are turning their faces against convivial drinking. The Leipsic university clubs have decided to do away with the ancient academical custom of morning beer-drinking, on the ground that it interferes with work. Other universities, it is thought, will follow their example. Beer-drinking has met its Waterloo in Germany if the young men give up drinking.

Hon. William Windom clearly understood the situation. He said: "The saloon system is itself a league of law-breakers, whose example affords a most powerful stimulus to disorder of all kinds. It openly proclaims its purpose to disobey all laws which interfere with its supreme purpose to make money in its own way and at whatever sacrifice."

The liquor bill of the United States in 1892 was $1,000,884,277. This is $15.28 per head for each man, woman and child in the country. The expenses of the government including pensions and debt the same year, was $5.27 per capita. In other words, the liquor bill was three times the cost or running the government. Never mind the income tax; it is the outgo tax that causes hard times.

For the information and encouragement of those who are laboring in the cause of temperance we quote the following from Dr. Daniel Dorchester in Spiritual Progress: The formation of 18,400 juvenile temperance societies, with 2,617,000 members, pledged to abstinence, attending 700,000 meetings in a year, at which sound teaching respecting the nature and effects of alcohol is imparted, is a great omen for good.

Exchange: Last week the Chinese exclusion law was sustained by the supreme court. This decision, it is said, puts a stop to the habeas corpus mill. Under the court's ruling the treasury department has final jurisdiction. Supreme court rulings will have but little effect in the case so long as unscrupulous officers can hire attorneys and bribe juries with money paid by the Chinaman for his entrance into the country. No doubt but that Chinese restriction is best for the country, but if they spent their money in the saloons there would not be such adetermined effort to drive them out of the land and restrict them. The saloon-keeper hates the Chinaman, and is the first man to cry out against him.

Dr. Alexander Southerland says: "There was once a donkey that fed in a grassy meadow, wherein were many fresh water ponds greatly infested with leeches. When the donkey went to drink or to cool himself, they fastened on him, and decreased the blood supply. He resolved to get rid of them. He shook his ears and said it was a shame; he went to the ponds and picked at them; he got on a platform and brayed at them; but all to no purpose. At last he said, 'I have it. I can't keep the leeches from sucking my blood; I'll regulate the business by giving them a license to do it, on condition they give me back a small portion of the blood as a license fee.' It was a brilliant idea, and eminently worthy of an ass."

Nervous Shock.

E. W. Joy Company—Gentlemen: This is the first time I have attempted so write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed)

Mrs. A. C. Tillman,

ABSOLUTELY PURE

LOCAL ITEMS.

A drizzle of rain fell here last Wednesday morning.

M. O. Warner, the piano-tuner, is expected in this section soon.

Harry I. Clinton of Marshfield has been commissioned a notary public.

Hay has been taken in at a lively rate the past week. It is in prime condition.

Green apples from the Coquille were the first in the market at Marshfield.

The steamer Bandorille left San Francisco last Wednesday and is due at this place now.

The new sidewalk, lowered to grade on First street, from B street westward, is completed and convenient.

M. K. Miller, formerly engineer of our Coos Bay-Roseburg railroad, is now street superintendent in Oakland, Cal.

Miss Beulah Cox, sister of Mrs. Chas. Wickham and Will Cox of this place, is now on a visit here from Roseburg.

J. A. Lyons shipped six carloads of lumber last Wednesday and five Thursday via railroad and to the bay for southern California.

I. T. Weekly, deputy assessor, passed through this place last Tuesday, from here taking the south side of the river for purposes of assessment.

L. D. Carle, the insurance man at Roseburg, rolled into this place on his wheel last Friday about 11 o'clock. He will include a trip to the beach, and attend to insurance business at the same time.

The first and most important inquiry of prospectors for homes, or correspondents seeking information as to the inducements offered to locate in our midst, are as to kinds and prices of lands, and healthfulness of the location, then, what of your schools—are they graded and have you good educational facilities? Let us be able to answer, "equal to the best."

All druggists sell Dr. Miles' Nerve Plasters.

Designs for the new school building at Marshfield were accepted last week from P. Chappell-Browne, architect, of Portland, and work of construction thereon will begin soon. At a meeting held in Marshfield last Tuesday evening, the question of a site was discussed. C. H. Merchant had tendered a block of land in West Marshfield, a new site, but on a vote, of a total of 147 cast, 110 were in favor of the present location and only 36 in favor of the new. In either case a new building will have to be put up, and doubtless the selection is a judicious one.

A Pioneer's Recommendation.

Mr. J. W. Venable, of Downey, a pioneer of Los Angeles county, Cal., says: "Whenever I am troubled with a pain in the stomach or with diarrhœa I use Chamberlain's Colic, Cholera and Diarrhœa Remedy. I have used it for years, know it to be a reliable remedy, and recommend it to every one." For sale by Dr. S. L. Leneve, druggist.

Monday of last week, a statement of which we prepared for last issue, but, which, in some manner, got mislaid, Constable Dudley Johnson went to Beaver Hill and arrested one of the negro miners, Peter Kelly, for refusal to work on the roads. He had been summoned to work by Road Supervisor Cheney, but defaulted, and also refused to pay the assessment in lieu of work, hence the issuance of a commitment by Justice Cecil. At Marshfield the road's attorney (?) intervened, relented from his former "legal" advice, as we understand it, and counseled the prisoner to pay the amount, now running up to about $18, principal and costs.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the Herald. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to oger "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest. are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the Herald is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the Herald and get one of these attractive papers free.

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I hurt my finger and it gathered and threw out pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."—T. D. M., Norcatur, Kans.

The South slough bridge has been repaired, so that teams can cross in safety.

With the teachers' institute and the G. A. R. encampment occurring at Marshfield the same week, the town will be lively.

The highest peak on the divide between South Coos river and the Coquille has been selected as a point for a government signal, and has been called Cathcart Peak. A topographical survey of that section is being made by W. D. Griswold. The highest peaks are being located, and will be used in the survey, to be made later on by the detail men. The Cathcart Peak is visible from Marshfield, and is about 15 miles from here.

Teachers' Examination.

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the couty school superintendent thereof will hold a public examination at Marshfield, commencing on Wednesday, at 1 o'clock p. m., the 14th day of August, 1895.

Teachers who are eligible for state certificates and diplomas must make application at the same time.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commissione of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to The Press Claims Company, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address,

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

TOBACCO HABIT EASILY CURED.

A FEW Testimonials from persons who have been cured by the use of Hill's Tablets.

The Ohio Chemical Co.:
Dear Sir:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it.
B. M. JAYLORD, Leslie, Mich.

Dobbs Ferry, N. Y.
The Ohio Chemical Co.:—Gentlemen:—Some time ago I sent for $1.00 worth of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I am cured.
Truly yours, MATHEW JOHNSON, P. O. Box 45.

Pittsburgh, Pa.
The Ohio Chemical Co.:—Gentlemen:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor, and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four month before writing you, in order to know the cure was permanent. Yours truly,
Mrs. Helen Morrison.

Cincinnati, Ohio.
The Ohio Chemical Co:—Gentlemen:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part. W. L. Lotegay.
