store, Myrtle Point, 85 per cent.

The Y. P. S. C. W. will meet at
Fishtrap August 28th and 29th.

Captain Tension has been
doing our town for several days.

Dr. Culin occupies a new office
in Mrs. Kronenberg's new build-
ing.

Tickets to the ball next Saturday
night only 25 cents. The band
will conduct it.

Miss Flora McCloskey closed her
term of school at the Roy school-
house last Friday.

Miss Pearl Baxter went to Bandon
yesterday and will take a position
at the Tenbrook house.

R. A. Graham, manager of our
railroad, returned from his business
visit to the city Sunday.

A. J. Sherwood and family, and
Mr. S's sister, who is visiting at
this place, spent some days at the
beach.

Mr. and Mrs. C. L. Gray will
move down from Myrtle Point to
this place, their new home, the latter
part of this week.

The hotel meeting tonight at the
little church will settle the site
question and furnish the officers to
proceed with the building. Don't
fail to attend it.

If you want a No. 1 screen door,
either 2-6 or 2-8, you can get it
at J. L. Lewellen's at Myrtle Point
for \$1.25; or with spring hinges,
hook and knob, \$1.50—delivered to

The Bandon and Empire City
nines played their league game at
Empire last Sunday, resulting in a
score of 16 to 12 in favor of the
Empire nine.

Miss Nettie M. Greer, vice-presi-
dent, writes us from Bandon that
the Fourth Bi-County Convention
of Young People's Societies of
Christian Workers will be held at
Fishtrap, August 28th and 29th.

In view of the declination of
Prof. A. L. Briggs to accept the
school at this place, he having con-
cluded to go east and take a post-
graduate course at an eastern col-
lege, the school board will have to
make another election.

At the regular meeting of the
Epworth League last Thursday
evening, Julia Drane, Zettie Messer
and Ben Lawrence were elected
delegates to the meeting of the
Y. P. S. C. W. at Fishtrap on the 28th
and 29th of this month. Edna
Lorenz, Mrs. Knowlton and Lillie
Way were chosen alternates.

Mr. and Mrs. Harry J. Clinton
came over from the bay last Friday
and spent three or four days with
Mrs. Clinton's parents—Mr. and
Mrs. Nichols—here. They have
since gone on a visit to his parents
on the North Fork, and will include
a few days at the beach before
returning to their home at Marsh-
field.

CARD OF THANKS.—The under-
signed desire to return sincere
thanks to Mr. and Mrs. G. A. Brown,
and to many friends and citizens of
Coquille City, for kindness and
sympathy manifested during the
late sickness, death and burial of
our beloved daughter, Lizzie.

MR. AND MRS. J. M. PRANKINS.

The HERALD is a whole news-
paper, all printed at home, devoted
to the up-building of the whole
community, all interests, independ-
ent, uninfluenced by masters (woul-
d-be), overseers, junes, cliques, or
self-styled captains or colonels.
It is the cheapest paper in the
county, publishes all the official
county news, is conducted by a
trained and experienced printer
and newspaper man, is not subsid-
ized and asks no favors, hence it
merits the moral and financial
support of the people, and no
live citizen should expect it to do
a service in his interest without
receiving in return his support.

NOTICE TO STOCKHOLDERS.—The
annual meeting of the stockholders
of the Coos County Mercantile and Shipping
Association will be held at Herald Hall
(over the Herald office) in Coquille City,
Oregon, on Friday, September 8, 1905, at 2
o'clock p. m.

J. H. JAMES, Sec.

Our Birthday.

The HERALD greets its many
readers, old and new, on this its
thirteenth anniversary—the HER-
ALD being now 13 years old. It is
our hope now that our patrons will
pay up as promptly as possible and
thus enable us to improve our plant.
The HERALD now needs better
facilities—faster presses, and im-
proved conditions for job-work.
We have no disposition to deceive
and cheat the public by changing
to patent outside or inside, but
rather to advance the appearance
and capabilities of our paper. We
have many subscribers in arrears,
and we hope they will rally to our
help by paying up, even in small
amounts if not in full, so that we
can meet the issues—political, busi-
ness and general. The greatest
political campaign of our country
—more potent than that of 1860—
is just upon us, as well as great in-
terests for local progress, and we
need what is due us to enable us
to fulfill our patriotic duty in these
matters. Help us to help you.

Prof. Kanematz has just closed
the first season of silk-spinning,
and will try a second hatching at
once. He exhibited at this office
last week a consignment of cocoons
from Miss Annie Laird, a young
lady who resides about three miles
above this place, results of her first
effort at silk culture. They were
exhibited, too, in comparison with
cocoons raised in Nebraska, Kansas,
Illinois, Ohio and other states, at
silk stations patronized by the
government, and were double and
triple in size, and beautiful in color.
Government reports of 1887-'89
give the average result of silk-raising
in 34 states and territories as
120 lbs. of cocoons to the oz. of
eggs. Miss Annie Laird's cocoons
will give 147.06 to the oz. of eggs,
which shows that Oregon excels in
silk culture, and Prof. Kanematz
rejoices that his fullest expectations
have been realized. This result of
over 27 lbs. above the average of
the government's best returns is
worthy of note. Twenty-seven lbs.
at \$1.25 or \$1.50 per lb. for the
same labor expended, will make
silk culture a profitable industry in
our section. At these returns,
147.06 lbs. of cocoons would be
worth \$58.83 at the lowest figure,
for five weeks of slight labor. This
amount of cocoons, if reeled, would
produce 36.76 lbs. of raw silk which
at the market rates of \$3.50 per lb.
(minimum price) would equal
\$128.66; or at \$5.60 per lb. (maxi-
mum) would be \$205.86.

Rev. C. P. Cone's subjects this
week and Sunday next are as fol-
lows:

Tuesday night (tonight)—"The
Two Calls."

Wednesday night—"The One
Foundation."

Thursday night—"The Great
Human Wants."

Friday night—"Whom Shall We
Hear?"

Saturday night—"Faith—What
Is It and How to Get It."

Sunday, 11 a. m.—"Go Forward."
Sunday, 8 p. m.—"Address to the
Young."

Song service every night at 7:30;
preaching begins at 8 p. m.

IMPROVED FARM OF 100 ACRES
of good fruit and grain land in Rogue
River Valley, for exchange for a small
place near a town in Coos county, or sub-
urban property. J. LINDSLEY,
463m) Beagle, Jackson county, Oregon.

Wm. Saunders of Empire, for
some months recently carrying on
the tin and sheetiron trade in this
place, will probably conduct a sal-
mon cannery on the lower river
this season. He passed down last
Friday to inspect the condition of
the establishment, overhaul it and
put in place machinery, etc., just
received per tag Roberts from the
Stuslaw.

The two young ladies who fur-
nished a drum solo at the entertain-
ment last Saturday night—one held
the drum while the other performed
the rat-tat-tat—should furnish the
editor with their names so that he
could speak of the merits of their
performance. They told us they
had never been given any names.

Comrade A. L. Davidson, of the
Soldiers' Home at Roseburg, is in
this place for a day or two. Com-
rade D. is one of about a dozen of
the old veterans who came over to
our beach for a fortnight's outing.
He served from Michigan in the
late war.

"It is the best patent medicine in
the world" is what Mr. E. M. Hart-
man, of Marquam, Oregon, says of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. "What leads
me to make this assertion is from
the fact that dysentery in its worst
form was prevalent around here last
summer and it never took over two
or three doses of that remedy to
effect a complete cure." For sale

and What is Going on There.

MYRTLE POINT-ECKLEY ROAD A New Enterprise Just Finished By Private Push.

Having had an invitation from
"the committee" to attend a pic-
nic to celebrate the opening of the
Myrtle-Point Eckley road, and one
from Mr. Luddy to ride behind
"Gip," we made a start at 5 o'clock,
July 27th, in the morning, just as
the overland-stage passed out
loaded with the usual number of
miners and land hunters who are
coming and going daily. We
passed the residence of Brother
Brown and were surprised to find
him up so early. James did look
sleepy, yet after all seemed to have
a rattle on him, as if he had been
sent for and was bound to get there.
We passed the Giles tile factory
with kilns in full blast, then out
into the country with waving fields
of corn, wheat and barley, passed
smoothly-shaven meadows of clover
and timothy that proved to us
that the enormous crops of hay
had been gathered into the barns,
which you are never out of sight of
in this country, go where you may.
We noticed that the apple and
prune orchards at every farm were
loaded with fruit.

At the Dement farm we turned
into the new road and commenced
the ascent of Dement mountain.
The road is simply a display of
engineering skill, only surpassed by
that of civil engineers of experience
and training, and shows the enter-
prise, push and industry of our
farmers hardly excelled by any
other community. The highest
elevation of the road is probably
1200 feet, and the road-bed is built
on a probable grade of 16 feet to
the rod. There are several mag-
nificent views on the road that
would well repay any lover of nat-
ural scenery to visit. The one at
the Hermann ranch exceeds in
magnificence grandeur all other
views on the road. The farthest
mountain range, some 30 or 40
miles away, taking in a pros-
pect of probably 50 miles from
north to south at an elevation of
some 3000 to 4000 feet, with each
succeeding range, some four or five
in number, each running to a lower
elevation than the one you occupy.
A deep gorge lies at your feet, all
covered with a dense forest of fir,
cedar and oak, the trees of which
are only excelled in size by the
"big trees" of California. One
of the main features of the day
was a baseball game by a volun-
teer nine from among the ladies
present and the junior baseball
nine from Myrtle Point. It was a
difficult matter to keep the specta-
tors from cheating to help the boys
out, and Don Dixon seemed to be
under the impression that there
was some cheating going on at
some points, but Mr. Hall and
Mr. Panter, umpire and teller, did
their level best to secure fair play-
ing but, notwithstanding all the
"tricks of the trade" that were re-
sorted to, the ladies scored 23 to
the boys 13.

Night coming on, every available
space was used in the large dwell-
ing and larger barn of Mr. Haynes
to provide a resting place for the
people. Supper was served at
8 o'clock and another for those
who participated in the dance at 12,
and after a hot breakfast at 5 in
the morning we made a start to re-
turn at 6, arriving at home in time
for a late dinner. We were pleased
with our trip to the picnic given in
honor of the opening of the wagon-
road from Myrtle Point to Eckley.

I should have stated, in its
proper place, that the picnic table
was decorated with wild ferns and
flowers by the skillful hands of
Miss Ida Haines, and it was grand
and beautiful.

S. P. E. C. TATER.

Jack Saars was down from his
mountain ranch last week.

J. H. Roberts was up from Bandon,
returning home Monday.

A. H. Black and daughter went
over to Marshfield for a vacation
on Friday's train.

Early fruit, such as apples and
plums, are beginning to roll into
market by wholesale.

R. C. Dement shipped a carload
of beef cattle to the coal mines at
Beaver Hill, for R. A. Graham,
Friday last week.

The entertainment given by Miss
Brouillette and the school children
at this place Friday night was an
entire success in every particular.

Thos. D. Gnerin was down from
his home at Eckley last week and
hauled a large supply of provi-
sions over the new road which has
lately been completed.

Mrs. Dr. Miller, Misses Abbie
and Lizzie Porrott, of Roseburg,
who have been at this place visit-
ing friends and relatives, made a
trip to Bandon last week to enjoy
a few days by the seaside.

Ernst Schneider, who lives about
4 miles from this place on Indian
creek, and who had the misfortune
to lose his wife a short time since,
started for the city Friday of last
week with his two youngest chil-
dren. He will leave them with a
brother, who lives there, and re-
turn in about ten days.

Is Your Blood Pure

If it is, you will be strong, vigorous,
full of life and ambition; you will have
a good appetite and good digestion;
strong nerves, sweet sleep.
But how far can you get their blood
is pure? How many people are suffering
daily from the consequences of impure
blood, scrofula, salt rheum, rheumatism,
catarrh, nervousness, sleeplessness, and
that tired feeling.

Hood's Sarsaparilla purifies, vitalizes
and enriches the blood. Therefore, it is
the medicine for you.

It will give you pure, rich, red blood
and strong nerves.
It will overcome that tired feeling,
create an appetite, give refreshing sleep
and make you strong.

Hood's Sarsaparilla Is the Only True Blood Purifier

Prominently in the public eye today.
Hood's Pills (the after-dinner pill and
family cathartic, etc.)

The Davenport has moved his
family to Roseburg and will take
his residence at that place.

Walter Endicott has bought the
barbershop tools and will continue
that business at this place during
Lke's absence.

Dr. Strange, the Roseburg den-
tist, who recently was in Myrtle
Point, expects to be back again
in a short time. Those who desire
the best of dentistry will reserve
their work for him and look out
for his dates which will be duly
noted in this paper. *2w

DON'T STOP TOBACCO

How to Cure Yourself While Using
Tobacco.

The tobacco habit grows on a man
until his nervous system is seriously
affected, impairing health, comfort
and happiness. To quit suddenly is
to sever a shock to the system, as
tobacco, to an inveterate user, be-
comes a stimulant that his system
continually craves. Baco-Curo is a
scientific cure for the tobacco habit,
in all its forms, carefully compounded
after the formula of an eminent Ber-
lin physician who has used it in his
private practice since 1872, without
a failure, purely vegetable and guar-
anteed perfectly harmless. You can
use all the tobacco you want, while
taking Baco-Curo; it will notify you
when to stop. We give a written
guaranty to permanently cure any
case with three boxes, or refund the
money with 10 per cent interest.
Baco-Curo is not a substitute, but a
scientific cure, that cures without the
aid of will power and with no incon-
venience. It leaves the system as
pure and free from nicotine as the
day before you took your first chew
or smoke. Sold by all druggists,
with our ironclad guaranty, at \$1
per box; three boxes (thirty days'
treatment), \$2.50; or sent direct on
receipt of price. Write for booklet
and proofs. Eureka Chemical &
