

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder ABSOLUTELY PURE

Temperance Notes. [From the National W. C. T. U. Bulletin.] More than three millions of dollars pass daily into the coffers of the liquor traffic of this country.

LOCAL ITEMS. Forest fires are raging north of town and are doing much damage. If we want an ingress of good citizens, let us make our educational advantages what they ought to be.

Comrades Chas. Elliott and Clark made a trip to Roseburg last week. Thanks to Judge Schroeder for favor in supplying the editor with information concerning the Soldiers' Home at Roseburg.

Abraham Lincoln: Turn now to the temperance revolution. In it we shall find a stronger bondage broken, a viler slavery unmanumitted, a greater tyrant deposed.

Mr. and Mrs. Roberts, father and mother of Mrs. John Morgan at Empire, were in town last Wednesday. Miss Fahy, a dressmaker from Randolph, on the lower Coquille, is employed at Winsor & Gauntlett's store at Port Orford.

Hon. Binger Hermann has been warmly received by his host of acquaintances and friends on the upper river regardless of party lines. R. G. Sumerlin of the North Fork was in town last week. He is resting up while nursing a badly bruised hand, received Tuesday last from a heavy log mashing it at Fort's camp at Sumner.

Chaplain Bradshaw, of the Allegheny Co., Pa., workhouse, testifies in his annual report that in the four years of his chaplaincy less than 6 per cent of those sent to the workhouse, including women, were abstainers.

George Quigley, the jolly, clever habitue of the bay section, was on our streets last Wednesday and extended his visit to Bandon. Miss Cora Harman of Lee spent several days last week visiting in town with Mrs. T. C. Norris and the Fox girls. The HERALD was honored by a call.

John Hancock, a comrade in the late war from Pennsylvania, arrived from California last week and was looking for employment. He is still energetic, and although deprived of the sight of one eye, and has other ills from service and age yet he prefers to help himself while he can.

South Africa has a village on the Great Brak river, owned by Messrs. Searle & Sons, who operate several small factories, in which nearly 100 hands are employed, all of whom are abstainers. The village has no liquor, no policemen, and so evenly and smoothly do all the inhabitants live and work together that it is a model village.

Engineer John E. Kane, of the steamer Bandorille, has many friends here who are glad to see him. He is a faithful employe, and a clever, social gentleman. G. G. Swan took the Cunningham valley and up toward the North Fork section last Thursday as a deputy assessor, the county assessor, Hansen, having to go at office work.

The most important question at present before our people is that of a new schoolhouse. The good name of our town, the benefits from the school fund and school taxes, the preparation of our children for life and usefulness depend on each voter regarding his own and the public interests and doing his duty unselfishly and independently.

Miss Charlotte E. Maxwell, of the Botolph gymnasium, Boston, Mass., has been for several weeks a guest of Lady Henry Somerset at Eastnor Castle, and is about to fit up a gymnasium for her ladyship's use at her beautiful Manor House, the Priory, Reigate, 20 miles from London, where she will instruct classes during the summer months.

Elder David Brower and wife, step-father and mother of our townsman Uriah Root, visited the latter two or three days last week. They live at Talent, Jackson county, instead of at Tangent, as we had stated. Mrs. Carrie Bailey of Eugene, who has been visiting her sister Mrs. G. W. Norton for several weeks, left on the steamer Bandorille last Thursday for Tillamook. She will there join her husband, who is a civil engineer and surveyor, at present on a government contract.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered where, "what was that stuff you gave me?" I informed him. A few days ago we were talking about his attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Dr. S. L. Leneve, druggist.

"Thumb-Nail Sketches" of white ribbon women, revised and enlarged is an up-to-date history of the official leaders of the World's and National W. C. T. U. workers. As the name indicates the sketches are much condensed but contain many items of knowledge ready for use. The book can be obtained from the Woman's Temperance Publishing Association, The Temple, Chicago, Ills. Price, cloth, \$1; paper, 50 cts.

A fine cow belonging to G. M. McGaffey was struck by the locomotive last Wednesday, where the track crosses C street to First, dragged a distance of about thirty feet, when she fell off the cowcatcher. The cow was badly hurt, and many citizens saw the affair and condemned the heartlessness of the engineer for not slowing up some and giving the brute a chance to escape.

John Huls has moved to the Coquille valley where he may locate. Fifteen of sixteen of the imported meat that came from California, recently, to work in Jim Fort's camp at Sumner, took to their heels last Friday and started for Roseburg, and as a consequence Mr. Forty was in town looking for a new crew.

A hospital will be built at Beaver Hill in the near future. Elijah Scott, aged 75 years, died in the hospital Monday morning. George Davis and Smith Bailey left for Bandon, Saturday, taking Oregon Chief, Wake-Up Joe and Winchester with them.

Dr. Smith and Prof. Golden made a trip to Coaledo on their bicycles, Sunday. After riding down a hilly approach to one of the bridges on the road, Mr. Golden met with an accident which resulted in his being thrown violently to the ground, receiving severe bruises.

A FRIEND. Speaks through the Boothbay (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

Capt. Dale, of Coaledo, was in town Saturday, for the first time since he met with the accident, some weeks since, by being thrown from a buggy, which resulted in three ribs in his right side being fractured. A rock has been located in the channel at the entrance to Yaquina bay. It is on the line of the range lights, and is covered by six feet of water at low tide.

Port Orford Tribune: Messrs. Packwood & Company have found good sand on the beach north of Sixes river, and are preparing to mine it extensively. Mr. Packwood thinks Banty & Wink's system is the only one yet produced that is a complete success in beach mining.

Harry Graves and Pete Olsen, while fishing for salmon with a drift net, Friday night, caught a ground shark, measuring seven feet in length. After bringing the fish to their wharf in Marsfield, they cut it open to get the oil from the liver, and were surprised to find a small ham in the stomach of the shark. The ham is supposed to have been put up in the east, as it was wrapped in cloth, but as none of the merchants on the bay handle hams of this brand now, it is a matter of conjecture where the shark found it. It may have come from some wrecked vessel, or have dropped overboard from a passing coaster. Several parties who went to view the shark, examined the partly digested ham, and all agreed that the shark's testimony would be necessary to settle the matter.

Port Orford Tribune correspondent says: Eckley is becoming a great summer resort. Why shouldn't it? It has numerous streams in its vicinity, and they are filled with mountain and salmon trout; in the forest you find the large buck, black and brown bear, and smaller game too numerous to mention. And furthermore, you find the kindest, noblest miners that ever eat a water wheel.

Another Free Offer. The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

Teachers' Examination. Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination at Marshfield, commencing on Wednesday, at 1 o'clock p. m., the 14th day of August, 1895. Teachers who are eligible for state certificates and diplomas must make application at the same time.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterma Publishing Co., Springfield, Ohio. Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

JOHNSON BROS Props. WILL keep constantly on hand a complete line of FRESH AND SALTED MEATS, Bologna, Head Cheese, VEGETABLES, CANNED GOODS, Coffee, Sugars, Teas, Tobacco, Cigars, etc. Prices as low as the lowest. Orders from any part promptly filled.

We sell direct from the factory, and ship, f. o. b., to San Francisco or Portland. JOHN ROWAN, Agent, Coquille City, Oregon.

CHICKEN RAISING PAYS. If you use the Petaluma Incubator & brooder, you will find it a most profitable investment. It is a simple, practical, and reliable device, and is the only one of its kind in the world. It is the only one that will raise chickens in the winter, and it will raise them in the summer, and it will raise them in the fall, and it will raise them in the spring. It is the only one that will raise chickens in the winter, and it will raise them in the summer, and it will raise them in the fall, and it will raise them in the spring. It is the only one that will raise chickens in the winter, and it will raise them in the summer, and it will raise them in the fall, and it will raise them in the spring.

Ladies are cordially invited to inspect these goods and compare prices. Orders from a distance promptly and carefully filled. NELLIE FIGG.

G. A. R. NOTICE. We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime. We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore, it is of great importance that applications be filed in the department at the earliest possible date. If U. S. soldiers, sailors, or their widows, children or parents, desire information in regard to pension matters, they should write to THE PENSION CLAIMS COMPANY, at Washington, D. C., and they will promptly receive the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: PENSION CLAIMS COMPANY, P. O. Box 385, Washington, D. C.

C. B., R. & E. R. R. & N. Co. NOTICE—Hon. W. Sinclair is the regular authorized agent at Coquille City for the collection of subsidy and right-of-way subscriptions on account of this company. R. A. GRHAM.

PATENTS FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney. With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc. If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringing on others, submit the matter to us for a reliable OPINION before acting on the matter. THE PRESS CLAIMS COMPANY, 618 F STREET, NORTHWEST, WASHINGTON, D. C. P. O. BOX 463.

HILL'S Double Chloride of Gold Tablets. REMEMBER and invite the most successful remedy for TOBACCO HABIT. DRUNKENNESS and MORPHINE HABIT. A FEW Testimonials from persons who have been cured by the use of Hill's Tablets. THE OHIO CHEMICAL CO., 51, 53 and 55 Opera Block, LIMA, OHIO.

Deafness Cannot be Cured. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.
