LOCAL ITEMS.

Additional locals on 2d page.

Hotel meeting tonight.

McDonald, the barber, is nicely fixed in his new quarters.

T. A. Walker is visiting the Tenmile section on business.

Noah Leneve and Zenie Strang are painting the Christian church.

Thanks to Uncle Billy Way for a sample of nice apples–Red Astrachans.

A force has been out repairing the telephone line between this city and Marshfield the past week.

Dr. Leneve's new sign is handsome and artistically painted. It is the neatest in town. Noah did it with his skilled eye and artistic brush.

Mrs. S. Shuck and daughters, Miss Clara and Mrs. Bird, and son, Will Shuck, came down from the North Fork and attended service at the Methodist church Sunday.

The Bandon and Empire baseball teams crossed bats at Bandon in a friendly contest last Sunday. The game resulted favorably to Bandon in a score of 24 to 15.

As a hair dressing and for the prevention of baldness, Ayer's Hair Vigor has no equal in merit and efficiency. It eradicates dandruff, keeps the scalp moist, clean and healthy, and gives vitality and color to weak, faded and gray hair. The most popular of toilet articles.

John Rowan has been exhibiting a school desk, which he holds the agency for. School boards can purchase better furniture and on better terms from him than from any one else.

The shingle-mill sawed 33,000 shingles last Friday. The new management is doing splendidly, utilizing the machinery to its full capacity, without meeting with accidents or delays.

Wm. Bingaman, of the life-saving crew at Bandon, was up at this place a brief spell last week. Will is having a nice new house put up—an action which prompts suspicion. Who is she, Will, anyway?

Every stockholder in the new hotel is urged to be present tonight to finish up the business of organization and starting to work. Everything is ready.

W. G. Self, a young man recently from Virginia, reached this place last Saturday evening prospecting for a home. He got word of our mining prospects and yesterday started up into the mountains to see the outlook.

A large number of citizens left yesterday to camp on the beach a few days. Among them were Mrs. Copley and family, Mrs. O. Willard and family, Grandma Willard, Tite Willard, Misses Maude and Lou Drew and Mrs. T. W. Gillham, and probably others.

The annual meeting of the stockholders of the C. B., R. and E. Railroad Co. will be held at the office of the company at Marshfield next Monday. Hon. T. R. Sheridan of Roseburg, president, passed through on the train yesterday. Seven directors are to be elected for the ensuing year.

Mrs. Julia Stone, wife of David Stone, who resided at Fishtrap in this county for several years, aunt of Mrs. John Simmons, Miss Maggie Stone, Tollie Stone and others well known in this community, died at their present home at Milton, eastern Oregon, July 23d, of fever. The husband, Uncle Dave, was reported very low of the fever at the same time.

The fires which have been raging in the mountains north of this place for some two weeks past, last Friday evening reached the Cunningham valley and seriously threatened the county infirmary, barns, etc. Superintendent Canning, and all available help from the inmates and neighbors, labored late and earnestly to save the property, and the only loss sustained was some of the fencing.

Catarrh.

E. W. Joy Company—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarrh for years which affected my eyes, hearing and stomach. Frequently would have dull headaches for days at a time. Since taking your remedy I have felt no disagreeable symptoms.

Trusting you will publish this as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. (Signed)

Mr. Frederick De Richmond,
Seattle, Wash.

Every mail brings a new batch of testimonials for Joy's Vegetable Sarsaparilla.

Remember the Little Red Schoolhouse.

The school meeting to be held in this city next Saturday afternoon will be a most important one, and certainly, aside of good judgment in the selection of one of the propositions suggested by the school board, there can be no division of sentiment—all are convinced of the necessity for new and enlarged school facilities.

[Remember the Little Red Schoolhouse.]

The call of the secretary is: "To consider the purchasing of the academy building, or to purchase more land adjoining the present school building site, or the purchasing of other property for school purposes."

The owners of the academy building and site (about an acre of land) tender that property for the sum of $3000, including the furniture. This is considerably below the cost, the building is eligibly located, and therefore a good offer. It is large, but we should grade our schools, or establish a central high school or academic department, by which the building would be in use for educational purposes ten months in each year, giving our youth, and the youth of the county, advantages which they only have abroad and at great expense.

[Remember the Little Red Schoolhouse.]

The second proposition is for the "purchase of more land adjoining the present school building site." However desirable this may be, and while additional property can be had at reasonable rates, the cost of these and of enlarging and repairing the present building would be fully that of the cost of the academy site, without the furniture and cost of placing the same.

[Remember the Little Red Schoolhouse.]

The next proposition is one which has of itself been already a cause of division among the people, but quite without excuse. The question of the "purchasing of other property for school purposes" is a very proper one, and should not occasion such bitterness of feeling that because individual preferences cannot be enforced our school interests must be neglected or abandoned.

Either of the propositions are feasible and proper, and come at a time when a test of the temper of the people will be made as to whether they will take no action toward advancing their best interests—even their material interests—and of laying a sure foundation for the growth and prosperity of our community.

[Remember the Little Red Schoolhouse.]

As a political question, there is no issue. The Democracy are pledged to the public school system all these years. Republicanism raised high its banner "for free speech, a free press and free schools," and led for years in championship for these great principles. The Populists dare not deny their interest in educational affairs. The primary instruction imparted at the "Little Red Schoolhouse" has grown to a corner-stone and foundation in magnitude for the great temple of free public education—as the bulwark of our liberties, prosperity and safety.

The A. P. A. is in the saddle, fresh and ardent, for the principles of the "Little Red Schoolhouse." See to it now that you step with the right foot foremost.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequaled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Dr. S. L. Leneve, druggist.

The HERALD joins in greetings to Mr. Hannah and bride, nee Miss Nora Weldon, whose marriage was celebrated yesterday morning and the happy pair at once took the train for their home at Eureka, Cal. Rev. Mr. Cone officiated. The bride had just recovered from a painful accident which occurred to her near near her home a few weeks ago.

Our young friend M. O. Stemler, of Dora, who graduated at the late commencement of the state agricultural college at Corvallis, was in town last Friday and also visited Beaver Hill. Mr. Stemler stands well at the college, and is a most promising youth, of exemplary character and worthy ambition.

Rev. Mr. Wells, Baptist, returned to this place yesterday and will conduct services next Sunday, morning and night, at the Methodist church. A cordial invitation is extended to the public to attend.

Prof. E. Pickel, of Portland, is temporarily in our city. He is a fancy art and decorative painter, just on the wing for pleasure. The HERALD had a pleasant call.

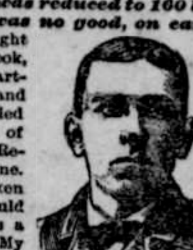
The ball given by the band last Saturday night was a pleasant affair and well attended.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, Creeping sensation in my legs, Slight palpitation of my heart, Distracting confusion of the mind, Serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite And felt my vitality wearing out, I was weak, irritable and tired, My weight was reduced to 160 lbs., In fact I was no good, on earth.



A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-yr.-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle My weight increased to 176 lbs., The sensation in my legs was gone; My nerves steadied completely; My memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is A great medicine, I assure you."

Dr. Miles' Nervine Restores Health

The ladies of the W. R. C. have set September 28th for a fair.

Congressman Hermann was in town part of last Thursday. He greeted many personal friends. Mr. Hermann is looking well.

Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of stomach, liver, kidney and bowels assail you, take Ayer's Sarsaparilla.

The HERALD's voluntary and free write-ups of the new steamer project, prospective new tug, frequent visits of schooners, and frequent and large shipments by our sawmills; the prosperity of our woolen-mills, creameries and coal mines; the varieties, qualities and yields, visits to and sketches of our gold mines, all tell for the advantage of our section. Our statement of the co-operative organization to run the shingle-mill, our write-up of the silk producing experiments, are all drawing attention and favorable criticism from abroad to our grand section and climate and prospects, but only a few, and most generally those who have least to be advantaged by it, help to advertise our section. Within the past few weeks we have furnished, gratuitously, several copies of the circular published at this office *eight years ago* to patrons of the HERALD to be sent to enquiring friends abroad; some also of a recent issue by one citizen of Bandon, printed at this office, are occasionally mailed; and those sent out from Myrtle Point by Orvil Dodge, esq., who had recently prepared and published a circular descriptive of that locality and the upper Coquille, and the free copies of the several papers sent by the editors themselves, or a few of their more thoughtful patrons, constitute the sum of advertising which our section gets abroad. And then to think of so little support in advertising business by the proprietors of business enterprises—how few of the stores and shops which are pleading for "patronage of home enterprises" and "industries," how few of the company and corporation firms are inviting our readers to patronize them, or making a good impression as to prosperity abroad, and making known our thrift, our grand water-ways, how to reach here, the cost of coming and what is here when they get here!

BIG PROFITS —ON— Small Investments.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.

$10.00 FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR

Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of people in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to $50,000 or $100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

Eureka Chemical and Man'f'g Co., La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco, for the time being at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly,
