

REGULAR TRAINS

Table with 3 columns: Leave, Arrive, Station. Rows for Marshfield, COQUILLE CITY, Myrtle Point.

Additional locals on 2d page. Our school will open next Monday, September 2d.

Miss Flo Goodman came up from Prosper yesterday. Uncle Jack Wilson is off duty a spell, not feeling well.

Last Thursday Prof. Kenematz set the stakes for the new hotel. Movers and outing parties are getting around in a lively manner.

C. W. White is at his post again—one day off is all he can spare to feel poorly. We regret to hear that Miss May Moore, for some months past in California, is in declining health.

Dr. J. C. Bogue desires his former patients to call on Dr. Strange, who will complete any work commenced by him. If our readers will clip the coupon offering premiums, in another column, they will find the promise carried out to the letter.

Miss Birdie Elliott came up from Bandon Saturday and spent Sunday at home with the family. She is an employe at the woolen mill.

The hardware firm of Lamb & Nosler has been dissolved by mutual consent, the latter retiring. Mr. Lamb will continue the business.

A lecture on "Bad Manners"—not yours, nor ours, but "the other fellows"—will be given at the Christian church next Saturday night by Rev. C. P. Cone.

For a sluggish and torpid liver, nothing can surpass Ayer's pills. They contain no opium, nor any mineral drug, but are composed of the active principles of the best vegetable, cathartics, and their use always results in marked benefit to the patient.

The encampment at Marshfield will begin next Friday. Our opinion is the horse-racing program on Sunday will not add to its success—there is complaint against this innovation.

Next Monday will be celebrated as Labor Day. Marshfield will celebrate, and we ought to observe the day here, with a view to educate the masses in the economics of the day.

The Bandonville's passenger list to San Francisco last Friday was composed of Rev. Thornton, wife and three children, Fred Hansen, Miss Lizzie Winchester and Mrs. H. Stowers.

Jas. Hervey of the North Fork was down last Saturday and exhibited some Yellow Danvers onions of his own raising, and they will compare favorably with anything of the kind grown.

About 90 head of hogs from the Arago creamery were shipped to San Francisco on the steamer Bandonville last Friday. The steamer also took on lumber on the lower river and a large number of broom-handles from the factory at Bandon.

The HERALD has on file for next issue some beautiful verses by E. B. Price, the first since the arrival of our old friend from Iowa, who has now established his home with us and wakes the Muse on the banks of the beautiful Coquille. We shall hope to hear from him frequently.

J. W. Huddleston and wife, the former at one time a resident in this section, returned per steamer Arago last week from California and spent several days here. He was an old acquaintance and friend of our townspeople, Mr. and Mrs. J. W. Nosler, and was guests of the latter while here. Mr. H., accompanied by two or three friends from California, departed since for the Cow creek mining section, where they will prospect freely.

We expect the approaching term of our school to equal the best we have yet had, unless the crowding of the house hinders the teachers' efforts. We have secured two excellent and experienced teachers, one especially of whom is well known to our citizens and popular as an educator, while the other is experienced, comes well recommended and stands well in her profession. Now let the patrons at least lean toward the side of progress, sustain the teachers in their discipline and give the effort a fair trial.

Our City Schools

Will open the 1st Monday in September—next Monday—in charge of Prof. F. C. Kinnecutt as principal, and Miss Sallie Mast as 1st assistant. The board of trustees feel assured that it has secured good teachers for the public schools. The principal is well known and popular as an educator in this locality, and the assistant comes highly recommended as to qualifications and experience.

At the close of the free school term Prof. Kinnecutt will conduct a private school, and expects to draw a good support for high-school and academic branches from outside neighborhoods, where his services as an educator are well known and appreciated.

Wedding cake and other goodies were placed on our deck last Thursday, an evidence of the joy-bells which pealed forth at the nuptials of Prof. W. C. Chase of Phoenix, Jackson county, and one of Coquille's most estimable daughters, Miss Inez Rich, at the residence of the bride's parents, Mr. and Mrs. W. Rich, in this place. Rev. C. P. Cone officiated and there was present a number of friends of the bride and family. Mr. Chase is principal of the schools at Phoenix, and will shortly take his bride thither. The HERALD joins in congratulations and well-wishes to the young couple, even while harboring the general regret at losing Miss Inez from our society circles.

Bishop Morris, of the Episcopal church, from Portland, and Rev. and Mrs. Horsfall of Marshfield, passed through this place last Friday for Bandon and the lower coast in connection with church work. This editor had the pleasure of an introduction to and interview with the bishop, and of rehearsing events and familiar scenes of "auld lang-syne" in our native state, Pennsylvania. The bishop is very agreeable and social. He comes of the early Quaker stock, of those who were participants in the first settlement of that great commonwealth—coeval with our own forefathers, of the old Scotch-Irish settlers.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Dr. S. L. Leneve, druggist.

Rev. and Mrs. J. T. Thornton bade adieu to Coquille City and friends and congregation last Thursday, after a residence of two years. They took the steamer Bandonville for the city, thence to southern California, their future home.

The 1st Tuesday night in September was set for the reassembling of the I. O. G. T. That will be next Tuesday night, and it should promptly meet and reorganize for the winter campaign of education and social entertainment.

Malarial and other atmospheric influences are best counteracted by keeping the blood pure and vigorous with Ayer's Sarsaparilla. A little caution in this respect may prevent serious illness at this season. Ayer's Sarsaparilla is the best all-the-year-round medicine in existence.

The ladies of the W. R. C. are preparing many useful and beautiful articles to be disposed of at their fair and entertainment on September 28th.

MARRIED. SUMERLIN-HARMAN—At the residence of the bride's mother, Mrs. Harman, at Lee, Aug. 18, 1895, by Rev. Mr. Carlo, R. G. Sumerlin and Miss Cora Harman.

CHASE-RICH—In Coquille City, Aug. 21, 1895, by Rev. C. P. Cone, W. C. Chase of Jackson county, and Miss Inez A. Rich of this city.

SCHNEIDER-FRUNDZAPPE—At Empire City, Aug. 20, 1895, by Justice Cassano, John W. Schneider and Mrs. Amelia Freundzapper, both of Beaver Hill, and recent arrivals from the Franklin mines, Washington.

BORN. AN.—408—At Marshfield, Aug. 18, 1895, to Mr. and Mrs. Andrew Anderson, a son.

OLSON—In Coquille City, Aug. 25, 1895, to Dr. and Mrs. Colin, a daughter.

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair. DR. PRICE'S CREAM BAKING POWDER. Most Perfect Made. 40 Years the Standard.

From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nervous, as LaGrippe. Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1890 and '91 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupified me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker. When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends." Louisville, Jan. 23, 1895. D. W. HILTON.

Dr. Miles' Nervine Restores Health.

James E. Baldwin, who canvassed this section some time since for Harper's Pictorial History of the War, is teaching the school at Fairview.

Prof. Kanematz has 700 thrifty mulberry trees in their second year, and will put out 600 more—nearly five acres in all—the coming season at his silk station.

Rev. C. P. Cone baptised several converts last week and received several to membership of the Christian church, as results of his protracted meeting here.

Superintendent Canning of the county farm has a bright 8-year-old boy to put out on trial, or for adoption to the proper person. Apply at once in person, or by letter through Coquille postoffice.

Rev. C. P. Cone will lecture tonight, at the Christian church, on the A. P. A. He purposes making an expose of the principles and aims of that new influence in politics. Everybody should go out and hear him.

G. T. Robison of near Arago last season sent some of his Bradshaw plums and prunes to California, on the order of commercial travelers who took a fancy to them as superior to their own, and last week he was called upon to forward another sample lot, per steamer Homer, ordered by parties who had "heard of them" last fall.

Our friends, W. Drane and family, Mr. and Mrs. John Goodman, Mr. and Mrs. Buzan and Mr. Buskirk, after an outing and hunt in the mountains of three weeks, returned last Friday evening renewed for the battle of life within the city's environments. They enjoyed their trip greatly and are feeling strengthened. They secured 16 fine, fat deer.

Mr. and Mrs. James Walsh desire us to thank the many friends and neighbors who visited and interested themselves during the affliction of their daughter, Nora Weldon (now Mrs. A. H. Hannah of Eureka, Cal.), when she had met with an accident and was confined to her home so long. They will never forget the kindness and sympathy expressed.

The new Christian church in this city will be dedicated next Sunday, and a large attendance is expected. Arrangements are being made for a basket dinner in the grove, and delegations will attend from all parts of the county.

Arrangements will be made for excursions from the upper and lower river sections by steamers, while a great many will come in conveyances of their own.

Catarth. E. W. JOY COMPANY—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarth for years which affected my eyes, hearing and stomach. Frequently would have dull headaches for days at a time. Since taking your remedy I have felt no disagreeable symptoms.

Trusting you will publish this as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. (Signed) MR. FREDERICK DE RICHMOND, Seattle, Wash.

Every mail brings a new batch of testimonials for Joy's Vegetable Sarsaparilla.

BIG PROFITS Small ON Investments.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by systematic speculation in Grain, Provisions and Stock.

Systematic Plan of Speculation originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of people in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts of money, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 or \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from commodity trading invest on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WHITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address THOMAS & CO., Bankers & Brokers, 241-242 Bialko Building, CHICAGO, ILL.

MR. EDITOR: "A good and easy way to discover the presence of ozone in a place is to wear silver trinkets. If they grow black, as if near hot sulphur springs, you have it in a large proportion. Silver jewelry keeps white in the low-lying forests of Norway, but gets black in the hillsides pine woods. Bandon being credited with an abundant ozone, it will now be in order to hear something on the subject from its champion, Brother Bennett." All druggists guarantee Dr. Miles' Pain Pills to stop Headache. "One cent a dose."

Call on Dr. Strange to have your dental work done. He will be at Coquille City from August 26 until September 2d.

We would be glad to receive some good apples, plums, pears, berries, or lard, bacon, chickens or eggs on subscriptions. Remember your editor, N. B.—Or money will be accepted.

Our local architect and carpenter, C. C. Myers, presented a design for the new hotel to the board of directors last week, among others, and the board adopted it and chose him superintendent of construction. We have seen the draft, and confess an agreeable surprise at the talent which has been developed, or at least drawn out, at this occasion of our city's progress.

A building of such artistic design, if well constructed, would be most creditable to our town and make a name for the artist. The design provides for a building 96x36 feet, two stories high, with tower in front corner and a portico. It provides 24 sleeping rooms, with offices, ladies' parlor, gents' sitting room, large dining-room, sample-room and baggage-room, etc., of ample proportions and convenient in location.

The HERALD is glad to record these facts and congratulates all parties on home talent and the public appreciation thereof.

The HERALD has lost part of its office force, its faithful apprentice, usually termed the "devil," having taken a notion recently to travel some, take a rest from the tiresome, monotonous drudgery of the printing office and see the sights. Aaron Wilson has been with us about 2 1/2 years, and of course we dislike to part with him, but times are hard, the duties are confining, and he thought he could make a pleasant change, rest up, make some money—or at least pay his way—and get some experience with the outside world, so he secured a phonograph and will exhibit it at fairs and other public gatherings. He tried his hand at a public management of the machine at Riverton last Friday night, and received good encouragement. He also gave a public entertainment at Masonic hall in this place last Saturday night, which was fairly well patronized. His brother, Al Wilson, accompanies, and they took their departure for Roseburg, Grants Pass and other points Saturday night after the exhibition. We hope the boys may be successful, having both a pleasant experience and profitable occupation. They shook hands with many friends here who wished them well and will be glad to hear of their success.

NOTICE is hereby given that under and by virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon for Coos County on the 27th day of July, 1895, in favor of the Gravel Ford Creamery Association, against the property of the Gravel Ford Creamery Association, the defendant, commanding me to make sale of the certain mortgaged property in said execution and order of sale, I have on the 25th day of August, 1895, at the courthouse door in the town of Empire City, in said county and state, offered for sale and sold to the highest and best bidder for cash all right, title and interest which the said Gravel Ford Creamery Association, state of Oregon, owned and held in and to the right bank of the North Fork of the Coquille river, between sections 25 and 34, in township 25 north, range 12 west, Willamette meridian, state of Oregon, and running south 19 degrees east 100 feet along county road, thence south 24 degrees east 185 feet to cedar post marked "C.S. 7", thence north 20 1/2 degrees east a distance of about 160 feet to low water mark of the right bank of the said Coquille river; thence up stream along low water mark to the lower side of the Gravel Ford bridge; thence south 65 degrees west to the place of beginning containing one-fourth of an acre of land more or less and situated in Coos county, state of Oregon.

Dated at Empire City, Coos county, Oregon, this 27th day of July, 1895. W. W. GAGE, Sheriff of Coos county, Oregon.

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1 per box, or 3 boxes (30 days treatment and guaranteed cure), \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO - CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free.

Office of THE PIONEER PRESS COMPANY, C. W. Hornick, Sept. 7, 1894. Borek Chemical and Man'g Co., La. Cross, Wis.—Dear Sirs: I have been a tobacco regular every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco, for the time being at least. I tried the so-called "Ridley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HOANICK.
