Do It. THE GOLDBUG MICROBE is instantly killed by sending a 2-cent stamp to the American Hygienic League, Washington, D. C., and asking for free literature. Do it.

THE NORTHERN PACIFIC ROW.

It is not long since U. S. Senator Sanders, as attorney for stock and bondholders of Northern Pacific securities, exposed in the U.S. court how the magnate, Villard, had swindled them and wrecked the road in his own interest to the extent of many thousands in money.

Gen. Felix Angus, editor of the Baltimore American, the leading Democratic paper of Maryland, says that state will go Republican in November for the first time since the war.

Last August while working in the harvest field I became overheated, was suddenly attacked with cramps and was nearly dead.

Legitimate advertising is merely business news. The better a thing is the better it pays to advertise it.

Big words look better in the dictionary than they do in advertisements.

What does it profit an advertiser if he gain one sale and lose a steady customer?

Advertising is insurance of business, but you must take care and not let the policy lapse.

Some advertisements, like some pills, are sugar-coated, only to conceal the bad things they cover.

The best place to put an advertisement is in the paper that enjoys the confidence of the community.

Nervous Prostration. E. W. JOY COMPANY—Gentlemen: I have suffered from a nervous prostration from financial losses.

Backache, Dizziness, Tiredness, give way to Joy's Vegetable Sarsaparilla.

The late rains will bring the salmon in the river, and we can look for large catches.

We learn that there will be about another month's work on the light-house, in plastering and putting on the finishing touches.

Capt. T. W. Symons, corps of U. S. engineers on this coast, has been transferred to Buffalo, N. Y., and Maj. Ernst H. Ruffner, of the latter place, succeeds him.

No less than a dozen counties have already secured space for special exhibition at the Exposition that will open in Portland October 5th.

Dr. A. W. Kime left by the steamer Alice Blanchard for Portland, Oregon, where he will attend medical college again this winter.

The contractors on the jetty accomplished the largest day's work Monday that has been done this season so far.

We understand that there will be about 125 boats engaged in fishing on the Coquille river this season, and if there are any fish in the river they surely will catch them.

Dr. Price's Cream Baking Powder. World's Fair Highest Medal and Diploma.

Judge Fullerton, of Roseburg, is overwhelmed with applications from persons who want to be appointed referees to pass upon the status of claims that hope to participate in the distribution of the \$100,000 paid by Bonner & Hammond for the Oregon Pacific.

Mrs. W. Sinclair went to the bay yesterday. School will open at the academy Monday, September 30th. W. L. Hood, the resting South Fork rancher, came in from the bay yesterday. Rev. Mr. Wells, will preach at Beaver Hill next Sunday, and at night at this place. W. L. Hood's sawmill, on the South Fork, is rapidly advancing toward completion. Mrs. Back and Miss Ella made a brief visit to Bandon, returning today, accompanied by Mr. Back. The schooner Free Trade will load at Price Bros' mill, Riverton, this week and sail for southern California. The tug Katie O'Neil towed the schooner Albion to Morris Bros' mill, about this place, last Thursday evening. The social hop, conducted by the band at Masonic hall last Saturday night, was a very enjoyable affair and well attended. More houses are wanted—everything in the shape being now occupied or sought after by persons desiring to educate their children. An unusual throng of commercial men have been here the past few days. They begin to smell the good things to be spread on the tables at the new hotel. Miss Nellie Sackett declined the school in Brewster valley, to which place she started early last week, returned a day or two later and accepted that at Beaver Hill. John McLeod came up yesterday with the pile-driver and will renew the booms at Lyons' mill. Work began thereon today. Other improvements and changes will be made at the mill also. Our excellent townswoman, Mrs. Fouts, left last Thursday to spend the winter in Yamhill county. She will visit in Portland, Tillamook, and other points also, during her several months' absence. An now we congratulate our friend and former townswoman, W. H. Noeler, of San Diego, California. He needn't put on airs because we bear the tidings to him that "it is a boy." Mrs. N. is visiting her mother, Mrs. Bullock, on Cunningham, and the interesting event occurred last Sunday night. Mother and babe doing well. The school is so crowded and scholars still coming in, that the board of directors has rented and is putting in order the Provit Dean house, just east of the school building, for a primary school. The present enrollment is 59 in Principal Kinneut's room, and 63 in Miss Mast's department—more than can be handled—and with more applying for seats. R. B. Jefferson, living on the South Fork on a place he had rented from Coulton & Stratton, a timber-land firm at Portland, had the misfortune to be burned out of everything on the 9th inst. The fire occurred while his children were absent at school, and himself and wife employed for Mr. Morris, a neighbor, between the hours of 10 and 12 o'clock on that day. The house was not worth much, but Mr. Jefferson lost all of his household effects, provisions, the clothing of the whole family—eight of them—except what they had on their backs, and a saddle, harness and tools. It left the family in very destitute circumstances, but which was partially relieved by such good citizens as W. L. Hood, Mr. Morris, and one or two other neighbors. Mr. J. came to this place yesterday and made a trip to lower-river friends in search of some relief.

GENERAL NEWS.

PEPPER TIRED OF BOND ISSUES. Topeka, Kan., Sept. 13.—Senator Peffer said today that if another issue of bonds is made without the authority of congress, he will introduce in the senate a resolution for their repudiation.

AT LAST. San Francisco, Sept. 13.—The California railroad commission today adopted Commissioner Stanton's resolution reducing the general freight on the Southern Pacific on an average of 25 per cent.

ST. PAUL SUCCESSFUL. Louisville, Sept. 12.—The 30th national encampment of the G. A. R. will be held in St. Paul in 1896, with Colin Walker of Indianapolis as commander-in-chief.

OVER A HUNDRED YEARS OLD. Salem, Sept. 13.—Today is the 101st birthday of John Durbin, of Salem, and he is celebrating it with a host of sons and daughters, grandchildren and great-grandchildren. He is the father of Solomon Durbin, who has been a resident of Marion county since 1845.

"Grandpa" Durbin first saw the light of day in Fayette county, Pennsylvania, on September 13, 1794, and in 1800 moved with his parents to Richmond county, Ohio, where, in 1820, he was united in wedlock with Sarah Fitting. Ten children were born to them, viz: Casper J., Rebecca, Fannie A., John and Sarah (twins), Solomon, Isaac and Daniel (twins), Mary J. and Ruth A. In 1842 the family moved from Ohio to Hancock county, Illinois, and in the same year moved to Clayton county, Missouri, from which place they came to Oregon in 1846. The centenarian's eyesight has failed him to a considerable extent since his 100th birthday, but he is able to devote a few hours daily to the Statesman and his other family papers.

RECEIVER APPOINTED—DOES NOT PLEASE THE DEFUNCT BANK'S OFFICIALS. Tacoma, Wash., Sept. 13.—A. B. Titlow was this morning appointed receiver of the Bank of Tacoma on the petition of the city, which had \$228,000 deposit when the bank closed. The bank officials are not pleased with the selection. Judge Stalcup, in making the appointment, said that if guilt attached to any one, it should be fixed and the parties punished.

DON'T STOP TOBACCO. How to Cure Yourself While Using Tobacco. The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo; it will notify you when to stop. We give a written guaranty to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day before you took your first chew or smoke. Sold by all druggists, with our ironclad guaranty, at \$1 per box; three boxes (thirty days' treatment), \$2.50; or sent direct on receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., Mfg. Chemists, La Crosse, Wisconsin.

Bandon Recorder: A number of our business men and citizens went down to the wreck Monday to attend the auction, which took place that day. People from all over the country attended the sale and purchased something to keep in remembrance of the wrecked vessel. Everything that had been saved from the destruction of the fire, even to "livestock," was sold which realized quite a sum of money, as everything went pretty high, with the exception of a few things. We understand that the captain will start for San Francisco as soon as possible to make arrangements for selling the steamer and machinery which remains in her. He will leave one of his officers in charge during his absence to keep an eye on the vessel, to see that it don't "walk off." The life-saving crew have returned to their station, after a hard week's work in trying to save the cargo of the ship, for which they deserve credit.

Sun: The county court, now in session, is confronted with grave bridge questions, requiring the expenditure of a large amount of money. In view of the difficulty with which men who are willing to pay their taxes and the unwillingness of some of the big taxpayers to pay it is no enviable position to be in; but that it will be handled ably and with the best interests of the people at heart there can be no doubt.

Rich Red Blood

is the Foundation of the Wonderful Cures by Hood's Sarsaparilla. That is Why Hood's Sarsaparilla cures the severest cases of Scrofula, Salt Rheum and other blood diseases. That is Why it overcomes that Tired Feeling, strengthens the nerves, gives energy in place of exhaustion. That is Why the sales of Hood's Sarsaparilla have increased year after year, until it now requires for its production the largest Laboratory in the world.

The editor of the Democrat of Marion, Ill., must have had a good old time on his last visit to Chicago, for in an editorial on the city he says: "The doubly distilled essence of perfection is so overpowering that a visitor is soon passive and his higher sense is blunted to his terrible surroundings. He loses his natural attributes. Whisky fails to intoxicate and water produces spasms in his abdomen."

It looks as if the creditors of the O. P. wouldn't get much of the \$100,000. At the first wreck Judge Whaley was allowed \$4000 of it; Sheriff Osborn got \$1656. The referee will receive \$1000 of it and expenses of a stenographer. Besides this Wallis Nash wanted \$25,000 of it on account of the deposit of that amount of Col. Hogg.

Judge Bellinger passed sentence in Portland, on the 6th, upon James Lotan and Seid Back, for their complicity in the smuggling conspiracy. Lotan was sentenced to pay a fine of \$8000 and Seid Back a fine of \$5000. There was no imprisonment imposed in either case.

A Boston newspaper man, Fitzgerald Murphy, has dramatized "Conn's Financial School," and calls his play "The Silver Lining." It was produced at Chicago, Monday night, before a large audience, and scored a great hit. It is said to be strong in dramatic points.

Two horses last week were caught in the quicksands on the edge of the Willamette on Smith's island, and perished. There were but seven or eight inches of water, but the animals sank in the sands until their bodies were half-covered, and they drowned.

A double wedding took place on Sept. 4, 1895, near Eckley, Curry county, Oregon, the contracting parties being Addison H. Guerin and Miss Ella R. Bigelow, and Thomas D. Guerin and Miss Anna E. Tichenor.

Jack Dempsey, the exponent of pugilism, is lying at the point of death at his residence in Portland. Dempsey has never been the man he was before he received his severe beating at the hands of Fitzsimmons.

The Portland exposition will be the best in its history the coming season. Patrons not belonging to the Coquille Dairymen's Union will receive 10 cents per pound butterfat in milk delivered at Coquille Creamery from June 8th until further notice. COQUILLE DAIRYMEN'S UNION. Per C. Romander, Manager.

Something New. MEN AND LADIES SAVE YOUR WAGES BY USING THE Beverage Automatic Cooker. It saves fuel, thus saving money. It saves the temper by absolutely refusing to burn the food. It confines odor of cooking to the kitchen. It saves one-third of the food that is lost by cooking in the usual way. It is Positively the Greatest Invention of the Age. Manufactured by W. E. Beveridge, Baltimore, Maryland. JAMES WEST, Bandon, Oregon, General Agent.

Preserving Fruit.

A California fruit man has been experimenting and finds that fruit put away in powdered borax will keep sweet and fresh for weeks. He sent a lot of cherries packed in borax to Chicago by slow freight and they reached their destination in fine order, after being three weeks on the way. He says his discovery is free to all and that the borax can be used over and over again. Private families, as well as hotels and restaurants, can have their borax bins at small expense, in which they can constantly keep an assortment of fresh fruit.

Eugene Register. A lady died the other day in England and in her will it was found that she had left the whole of her fortune amounting to \$50,000 to the local newspaper, the perusal of which had given her many happy hours. The example of this lady is worthy of emulation, but we do not ask it of our friends. In fact we do not wish to see them die.

We have the rarest offer yet of a dairy farm for sale. It has 2944 acres—80 acres hill land cleared; 50 acres of bottom land, mostly cleared; 230 first-class fruit trees, all bearing; 1/2 mile from Coquille river, 1/2 mile from school, 11 miles from Bandon and 11 from Myrtle Point. Crop and farming utensils go with the place; some hogs, cattle and sheep also—if sold soon.

NEURALGIA cured by Dr. Miles' PAIN PILLS. "One cent a dose." At all druggists.

Visitor—What do you think, Miss Jennie? I dreamt last night that I saw you in your coffin. Jennie—You don't say so! What kind of a dress did I have on?

If our readers will clip the coupon offering premiums, in another column, they will find the promise carried out to the letter.

The tools of war have reached the stage. When actual fighting will stop. And bloodless victories will go. To those who get the drop.

The girl a-flashing went. For a husband, so they said; At any rate, she baited her hook With bait like mother made.
