TO OUR PATRONS.

As some changes are being made
in the ownership and management
of the HERALD, we deem it appropri-
ate that a suitable announcement of
these changes should be made in
our columns.

Hon. D. F. Dean, who has from
the first been so well and so favor-
ably known in connection with the
paper, now retires, and Rev. J. S.
McCain takes his place. Mr. Mc-
Cain will for the present take charge
of the business department, and
for a few weeks will visit the vari-
ous sections of the country in the
interests of the paper. He will be
prepared to take new subscriptions,
renew old ones, make collections
and arrange for correspondence.

Mr. McCain has purchased Mr.
Dean's interests entire, including
back accounts, and will therefore be
authorized to receive and receipt for
payments on all outstanding ac-
counts.

In making collections it is not
our purpose to pinch anyone, or
attempt to force people to pay
whether they are able or not. We
desire, as in the past, to "live and
let live." We have decided to take
any good, merchantable produce for
subscriptions, old and new, so far as
possible, but it takes some money to
run a newspaper, and we will expect
all persons who are in arrears to
pay at least some part of the amount
in money, so that we can meet our
current cash expenses. This has
been a fruitful season, and all who
are behind with the paper will be
able to make payment on our liberal
plan.

It is our purpose to continue to
make a clean, new paper, and im-
prove it as rapidly as possible. The
HERALD is the best advertising me-
dium in the county, for the reason
that it has much the largest circula-
tion of any paper in the county, and
visits weekly the very best people.

We take great pleasure in thank-
ing the people for their liberal pat-
ronage in the past and hope to
merit it as fully in the future.

THE PUBLISHERS.

The Demorest medal contests will
go under the name of Demorest
Memorial Contests hereafter, by
instructions from Mrs. Demorest, in
memory of her late husband, who at
his recent death left a fund to con-
tinue that line of temperance work,
such as has even reached this remote
and isolated section from the Atlantic
coast and provides the people with a
source of high grade, refining, in-
structive and moralizing, entertain-
ment. Mr. Demorest was a philan-
thropist beyond his keenest sight in
instituting this ennobling, charming
and beneficial up-building of the
social fabric. It is a memorial real,
beneficial and enduring for the ages.
May it long continue its grand work
of moral suasion and instruction.

There is one medicine which every
family should be provided with. We
refer to Chamberlain's Pain Balm.
When it is kept at hand the
severe pain of a burn or scald may
be promptly relieved and the sore
healed in much less time than when
medicine has to be sent for. A
sprain may be promptly treated be-
fore inflammation sets in, which in-
sures a cure in about one-third the
time otherwise required. Cuts and
bruises should receive immediate
attention, before the parts become
swollen, and when Chamberlain's
Pain Balm is applied it will heal
them without matter being formed,
and without leaving a scar. A sore
throat may be cured in one night.
A piece of flannel dampened with
this liniment and bound on over the
seat of pain, will cure lame back or
pain in the side or chest in twenty-
four hours. It is the most valuable,
however, for rheumatism. Persons
afflicted with this disease will be
delighted with the prompt relief
from pain which it affords, and it
can be depended upon to effect a
complete cure. For sale by Dr. S.
L. Leneve, druggist.

A GOOD BUSINESS OPENING.

Coos county furnishes the best
opening for a sash and door factory
that can be found in the west.
There is not such an institution in
all this section of the county, and
sash and doors must either be made
by hand, or shipped in from some
other part of the coast. All sorts
of house trimmings and furnishings
are bought either in San Francisco
or Portland, and the money which
ought to be kept at home is sent
away to pay for goods which ought
by all means to be made here.
Such an institution would furnish
employment for a number of work-
men, who would in turn have to be
fed by our farmers and mer-
chants, and instead of sending away
thousands of dollars annually for
such articles the money would be
in circulation in our midst.

There is a good home-market for
the entire product of a medium-
sized factory of this kind. The
five towns would consume a large
quantity of such manufactured
goods, and the farmers and dairy-
men are beginning to build good
residences, and will need many
more. No more central place could
be found for such a factory than
Coquille City, and the people here
ought to be bidding for one. Surely
it can't be long until some enter-
prising man with money will find
out this opportunity and take ad-
vantage of it.

It would pay the business men
of Coquille to send some one to
Portland or San Francisco to find
suitable parties to start a business
of this kind and then give them
all needed encouragement.

DON'T STOP TOBACCO

How to Cure Yourself While Using Tobacco.

The tobacco habit grows on a man
until his nervous system is seriously
affected, impairing health, comfort
and happiness. To quit suddenly is
too severe a shock to the system, as
tobacco, to an inveterate user, be-
comes a stimulant that his system
continually craves. Baco-Curo is a
scientific cure for the tobacco habit,
in all its forms, carefully compounded
after the formula of an eminent Ber-
lin physician who has used it in his
private practice since 1872, without a
failure, purely vegetable and guar-
anteed perfectly harmless. You can
take all the tobacco you want, while
using Baco-Curo; it will notify you
when to stop. We give a written
guaranty to permanently cure any
case with three boxes, or refund the
money with 10 per cent interest. Baco-
Curo is not a substitute, but a sci-
entific cure, that cures without the
aid of will power and with no incon-
venience. It leaves the system as
pure and free from nicotine as the
day before you took your first chew
or smoke. Sold by all druggists,
with our ironclad guaranty, at \$1
per box; three boxes (thirty days'
treatment), \$2.50; or sent direct on
receipt of price. Write for booklet
and proof. Eureka Chemical &

description of a potato of the Mag-
gie Murphy species which weighed

inches long, and 14 inches in diam-
eter. It was raised in Colorado.

A warden of a Kentucky peni-
tentiary discovered a few days ago
that the convicts were making

in the prison. Some time ago the
inmates got on a glorious drunk

any postponement of this trip on
account of the wether."

river, 1/2 mile from school, 11 miles

The Masquerade.
Last Saturday night, at Masonic
hall, was a pleasant affair and well
attended. The number of maskers
was limited, and of men but a few,
but the toilettes and characters were
very good and made a good display.

The grand march was formed at
8 o'clock, the Trombone band play-
ing a superb selection for the man-
oeuvres, which were led by Mr.
Back and daughter, Ella. After
this followed rapidly quadrille,
waltz and schottische until a late
hour.

The prizes were awarded to Ru-
dolph Gohlman, late of Washing-
ton, representing an "All Round
Bum," whose antics were comical
and made much sport.

Miss Fidelia Heuckendorff took
the prize as a "Bicycle Girl." She
was neatly arrayed in bloomers and
played her part very well.

The judges to award the prizes
were Mrs. Charlie Collier, Mrs.
S. J. Tuttle and J. S. McCain.

There were other characters well
represented and very pleasing as
to makeup and action, among them,
a "nun," represented by Mrs. J. A.
Noel; "Beggars Girls," by Mrs.
J. W. Leneve and Mrs. Annie
Twambly; Japanese Girl, Miss
Ora Gilham; The HERALD, Mrs.
C. W. Wickham; School Girls—
regular romps—Daisy Wickham,
Ella Wickham and Jessi Simmons;

Waif—a cute little fellow—Mas-
ter Alton Grimes; Autumn, Miss
Flora McCloskey, of Norway; Sun-
flower Girl, Miss Perua Moomaw,
of Norway; Night, Mrs. Heuckendorff
and Mrs. Hughes. There were
others, interesting, but not so
striking, and many who were
masked for fun, representing no
character specially.

A delicious midnight supper was
served to 32 couples at Mrs. Shep-
pard's.

The dancing music was furnished
by Bert Bazan's orchestra and
was extra good.

We have two of the prettiest
apples you ever set eyes on, and
they are genuine "Oregon Red
Apples," too—Coos county product
in growth and discovery. If you
think our ranchers can't "invent"
anything, take a look at these "Coos
River Beauties," the name of this
apple. They are a deep cherry
red, perfect in mold and smooth
surface as if cast in wax, good size,
and as crisp and deliciously flavored
as the Gravenstein. We are in-
debted to our friend E. J. Coffelt of
Coos river for these specimens, na-
tives of Coos river and this county,
and from his own orchard.

Mrs. Mary Lorenz and son Henry
of West Bend, Wisconsin, arrived
Saturday via Roseburg on a visit
to Uncle Nick and family here.
By the way, Mrs. L. the visitor,
holds the peculiar relationship to
our Mrs. Lorenz of both sister and
sister-in-law. It was a very happy
meeting, for a number of years
have elapsed since these had parted
and were so widely separated.

Rev. R. C. Baldwin, the newly-
appointed pastor of the Methodist
Episcopal church for Bandon,
Marshfield and Myrtle Point,
passed through Coquille City on
last Friday, on his way to Marsh-
field, where he expects to live for
the year. He expected to hold
services at Marshfield on Sunday
last.

Tuesday of last week the follow-
ing applicants from Coos county
were examined by the supreme
court and admitted to practice in
the several courts of the state: C.
L. Moon and D. L. Watson, jr., of
Marshfield, and L. A. Roberts of
Myrtle Point.

Dr. Moore has secured a portion
of one of Mr. Gray's new business
houses in which to open a drug-
store. Owners of lots on or near
Front street should put up build-
ings for business uses and they
will find ready renters.

C. M. Skeels, late of Salem, has
opened a notion store at Marsh-
field. Crowded out of Coquille,
while we need all of such citizens.

Judge Schroeder was called to
Empire on last Friday as a witness
in a tax suit brought by the S. O.
company.

Loosen the check-rein and the
town will put on a speed of im-
provement that will astonish all
hands.

Strawberries have been exhibited
in several show windows in town
the past fortnight.

Very interesting communications
and other matter are crowded over
to next issue.

calculated to injure the county offi-

official acts, while in fact they are
faithfully performing their duties
as public officials and as citizens;
Therefore be it resolved:

1st. That we denounce said ac-
tion of the Sun as unjust to our

by all true Knights and fair-minded
people.

2d. That we ask all Knights and
all other parties favoring justice
and honesty to refute these alia-
sions and the inferences made by
the dubbing of said officials as the
"court-house ring," etc.

tions be sent to the News and Co-
quille City HERALD for publication.

The Sunday Oregonian of the

ington papers the following:
"One Willie McKeever has writ-
ten a letter from Marshfield, Or.,
to the clerk of the court in King
county, of which the following is a
copy: 'Clerk of the Court—Dear
Sir: Can a person get married in
Wash. without they both being of
same nationality, if so please let
me know at once. What I mean is
can a collard man marry a white
lady in your state. Please let me
know at once. We are both of age.
My name is Willie McKeever, age
22 years, her name is Grace Kitchey
18 years in haste.'"

To this the Mail adds: It is
stated that the young lady who
wishes to marry a colored man is a
resident of South Slough, and that
several attempts have been made
to procure a license from our
county clerk.

has been spending the week in these
parts investigating the practicabil-
ity of getting cedar railroad ties.
The company have found by experi-

obtainable for ties, and he is pre-
pared to let contracts for getting
them out, so we are informed.

A gentleman who has "been
there," and knows, expresses him-
self as follows: Between Coos and
Curry counties there is a long,
crooked and narrow road that lead-
eth to Myrtle Point, and many there
be who go there and buy apples at
15 cents a bushel on Kitchen creek;
but who betide that man or woman
who getteth a wagon, or in any way
gets away with more than he can
haul for Kitchen creek hill will
stall him, which is in Coos county.
And many a loud and boisterous
prayer is offered up for the total
annihilation of its founder and

naked eye, and hopes are enter-
tained that he is with the saints.

Word came to the city late last

burned in his barn on East Umpqua
river about five miles above
Peel postoffice. The particulars
will not be learned till the return
of the coroner, K. L. Miller, this
evening or tomorrow morning. It
is thought by some that he has
been foully dealt with and thrown
into the barn and then set on fire
to conceal the deed.—Roseburg
