Temperance Notes.

[From the National W. C. T. U. Bulletin.]

Anent cures for inebriety. T. Morton, M. D., in a recent letter to the London Chronicle, says: "There is no known drugs, and probably no unknown one, that can restore the integrity of the brain-cells damaged by prolonged drinking habits, though nature can do much if alcohol is entirely and permanently withdrawn."

The symposium "Lust Fostered by Law," published in The Arena for January, has been republished in pamphlet form. No other one thing has, perhaps, aroused such general public interest in purity legislation as these articles. The pamphlet may be had for five cents by addressing the Arena Publishing Co., Copley Square, Boston, Mass.

In spite of the marvellous advantages of our present age, a great retrogression, in an ethical sense, is undeniable, the chief cause of which is principally due to the increase of drunkenness, because the beer-saloon has become the centre and focus of social life. This is the greatest alcoholic age the world has ever seen.—Dr. Brendel, Address to the Anthropological Society, Munich, 1894.

New York World: Mrs. Emilie D. Martin, the national superintendent department purity in literature and art, has written a letter to Mayor Strong, beseeching his aid in a coming crusade against indecent theatrical posters and playbills. Mrs. Martin complimented the mayor upon his effort to clean the streets, and hoped that he intended to get rid of moral as well as physical dirt. The shameless and shameful portrayals of semi-nude females on theatrical posters deface the soul, she declared, and she asked the mayor's aid in getting rid of them.

"Teaching Truth," by Mary Wood-Allen, M. D., national superintendent purity department of the W. C. T. U., is a little brochure which fulfills fully and delicately its aim to "answer in chaste and scientific language the queries of childhood as to the origin of life." It should be read not only by mothers but by young women. The price of the booklet is 25 cents. Another smaller and equally delightful booklet on the same subject is "Child's Confidence Rewarded," price 10 cents. Orders for either of these will be promptly filled by Mary Wood-Allen, M. D., 37 S. Thayer street, Ann Arbor, Mich.

"They that sow the wind shall reap the whirl-wind" is being exemplified anew in wine drinking France, where one of the problems most seriously discussed is the connection between crime and youth, back of whom lie generations of moderate wine-drinkers. The most daring, the most sanguinary and the most hardened criminals with whom France has of late years had to deal, have been with few exceptions mere youths, the great majority being under twenty years. M. Guillot, an investigating magistrate, says, "That during my long career as judge d'instruction I have seen the lowest depth of human corruption, but it is only since I have had to do especially with young criminals that I have become acquainted with it."

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted so write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed)

MRS. A. C. TILLMAN.

"While down in the southwestern part of the state some time ago," says Mr. W. Chalmers, editor of the Chico (Cal.) Enterprise, "I had an attack of dysentery. It is the easiest thing in the world to tell whether it is kidney disease that troubles you or not. Get a package of Oregon Kidney Tea, and use it according to directions. If it helps you, you can rest assured it is kidney disease, and you should continue using the Tea until you are entirely cured. For sale by druggists N. G. W. Perkins, Myrtle Point, and S. L. Through the kindness of Comrade P. F. Zeise, of Middleport, Ohio, we have received No. 1 of vol. 1 of "The Leader," a neat new paper printed at Pomeroy, Meigs county, in that state, containing a write-up of the great reunion of the Society of the Army of West Virginia, of which Col. Zeise was president, which was held September 25 to 27. It was a grand success in both numbers and enthusiasm. Many veterans attended of both rank and file, and many visiting comrades were warmly entertained, while the citizens spared neither pains nor expense to make the welcome a warm and sincere one. The Leader, in making personal mentions, gives this one regarding Col. P. F. Zeise, late of this section and member of Bandon post:

"The success of the reunion is due, to a very great extent, to the tireless efforts of Col. P. F. Zeise. For nearly a year he has been constantly agitating the reunion and never gave up till his efforts were crowned with the grandest success of anything ever undertaken in Meigs county. As an organizer and promoter he has shown himself second to no one."

$100—Reward—$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

The Demorest Memorial Contest

Was held at the Methodist church last Tuesday night, and while the class was unusually small—limited to three contestants—the entertainment was very pleasing and enjoyable. The attendance was large, and a deep interest seemed to pervade among the audience as on former occasions.

Mrs. L. P. Maury presided and announced the program, in the following order:

Opening song by the choir—That Old, Old Story is True.

Song, by the choir—Youthful Volunteers.

Scripture reading—the 94th Psalm—by Prof. Kinnicutt.

Prayer by Rev. W. J. Fenton.

Song by the choir—In Her Home the Mother Sits.

Recitation by No. 1—Miss Lilly Busch — TheRumseller's Refrain.

Song by the choir—There's a Shout Along the Line.

Recitation by No. 2—Miss Della Fox—Prohibition Battle Call.

Song by the choir—O, Touch Not the Cup.

Recitation by No. 3—Miss Irene Leneve—The Glorious Monument.

Song by the choir—Tell It Again.

At this point the judges, Prof. F. C. Kinnicutt, Dr. J. Burt Moore and Will Miller, retired to consult as to the award, and during their absence Rev. W. J. Fenton briefly addressed the meeting.

On return of the committee, Prof. Kinnicutt announced the judgment and award to be to No. 1—Miss Lillie Busch—on a percentage of 86, No. 2 standing 82 and No. 3, 70. The presentation of the medal was made with a few felicitous remarks to the contestant.

The choir then gave a solo and chorus—The Old and New Home; being a revision and rearrangement of the old favorite song and music of "TheOld House at Home." At the conclusion of this, Rev. Fenton pronounced the benediction.

The choir comprised Mrs. Tuttle and Miss Marvin Lamb, sopranos; Miss Lilly Wagner, alto; Rev. Fenton and Brette Clark, bassos; A. A. Leach and Frank Strang, tenores; J. S. McEwen, organist.

We desire to add here, that the boys are losing a splendid opportunity in not taking an interest in this school of training. It is an opportunity which your fathers never had, and which many youth in the land are now paying a high tuition for, and yet you slight it. Don't do it any longer, but train yourself for future usefulness and noble manhood.

Miss Flora Quick returned home early last week, and Miss Laura came up and started to the academy.

A large number of young people from the bay, and in fact from all over Coos county, have left the county to attend colleges and high schools at various places, thus emphasizing the demand for a university in our own county.

The town board, at its meeting on the 24th ult., let the contract for repairing the sidewalks on E and G streets. This has been sadly needed for a long time, and will certainly be appreciated by all residents as well as visitors. At the same meeting ordinances were passed placing a tax on dogs and prohibiting the carrying of slingshots, catapults, etc. It was also agreed to remove fences, etc., from Broadway. Now pass an ordinance prohibiting all live stock running at large, and compel all property-owners to build and keep in repair the sidewalks fronting their property and we will have one of the pleasantest little towns on the coast.

School commenced last week with James Coke and Mrs. Morse as teachers.

"He that Sows the Wind Shall Reap the Whirlwind."

ED. HERALD: The plan that you have adopted when printing the docket for the circuit court is admirably, and one for which you certainly deserve commendation. I allude to the publishing of the names of attorneys in each case. Why, it enables us to see where we are at, and opens our eyes to the folly of wasting our means and time in subsidizing the lawyer who is growing fat in the employ of our opponent. Poor William Norton will be astounded when he discovers the whereabouts of his professional friends. They laid the trap nicely, and told him how and where to obtain respectable(?) professional service; now he can see where he was at, and he can thank the Lord that, whatever the outcome, he is free from the satanic imps who are trying to rob him of his homestead.

A delegation has arrived at the bay from the regions adjacent to Frazier river. They come, ostensibly, to hunt for fur or to prospect for gold in the eastern part of Coos county. One man, who has resided here for some time, says that they are railroad men, and that he recognized one of them as an expert quarryman, whom he last saw at Vancouver City, British Columbia. There are different kinds of quarry—the mine and the game; but, whatever be the game in this instance, let us hope that the innocent will not suffer.

If there are those among us who persevere in fraudulent practices, and who, like this local railway management are so constituted that they are a perpetual menace to the inalienable rights of others, then, should they suffer, they deserve no commiseration.

The cat will mew, and dog will have his day."

McMinnville T-R: There is a deed in the recorder's office for record made in 1870, from the Oregon Central Railroad Co. to the Oregon & California Railroad Co., which is a curiosity. It was made in the time of the law requiring internal revenue stamps upon legal documents. It has pasted upon it revenue stamps to the amount of $760.25. The deed has been recorded in the counties of Multnomah, Clackamas, Marion, Linn, Lane, Douglas, Benton, Polk, Josephine, Klamath, Coos, Curry and Yamhill.

INFLUENZA,

Or La Grippe, though occasionally epidemic, is always more or less prevalent. The best remedy for this complaint is **Ayer's Cherry Pectoral.**

"Last Spring, I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron case. I procured a bottle of **Ayer's** Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete. It is truly a wonderful medicine."—W. H. WILLIAMS, Crook City, S. D.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address,

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

A FEW Testimonials from persons who have been cured by the use of **Hill's Tablets.**

THE OHIO CHEMICAL CO.:
DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it.

DOBBS FERRY, N. Y.
THE OHIO CHEMICAL CO.:—GENTLEMEN:—Some time ago I sent for $1.00 worth of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I am cured.

PITTSBURGH, PA.
THE OHIO CHEMICAL CO.:—GENTLEMEN:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor, and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four month before writing you, in order to know the cure was permanent. Yours truly,
MRS. HELEN MORRISON.

CINCINNATI, OHIO.
THE OHIO CHEMICAL CO:—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part.
