REGULAR TRAINS

Table with columns: Leave, Arrive, Destination. Includes routes to Marshfield, Coquille City, and Myrtle Point.

LOCAL ITEMS.

Additional locals on 2d and 4th pages.

To McDonald's, for hot or cold baths.

Everybody is going to the ball at Norway next Saturday night.

The Examiner's special agent, a lady, is doing heroic work in this county.

Miss Nellie Figg is offering special bargains this week to close out all of her stock.

Over 20,000,000 feet of lumber have been manufactured in Coos county the past year.

Johnson Bro's have improved their warehouse for storing larger quantities of new goods.

You can buy a good farm cheap, and adjoining Coquille City on the west, by calling on R. D. Sanford.

By the county census returns we learn that 50,000 tons of coal have been mined in Coos county the past year.

The balance of this week will close out Miss Nellie Figg's stock; better call and secure a great bargain.

Mrs. Harford, the eloquent state lecturer of the W. C. T. U., will be in this city on the 23rd and 29th insts.

Johnson Bro's dispose of groceries faster than they can receive them. Honest goods and fair dealing win.

Mrs. Huddleston, who has been very ill of late, took a change for the better yesterday. She has been a great sufferer.

The Coos County W. C. T. U. will meet in this city on Monday and Tuesday, 23rd and 29th insts. Mrs. Helen B. Harford, state lecturer, will be present.

There is no better medicine for family use than Ayer's Cathartic Pills. Their sugar coating makes them easy and agreeable to take, and as they contain no calomel or other injurious drug, they are perfectly safe for patients of any age.

The county assessor's census table, published in today's HERALD, should be filed for future reference. By 1900, the date of the taking of the next national census, a great change and advance all along the line will have taken place.

By the county census returns, as given by County Assessor Hansen, for 1895, which we published today, it will be observed that nearly half a million pounds of butter and cheese have been produced in this county the past year. This is not so bad for just starting into the dairy business.

The Trombone band of this city will give a grand ball at Norway next Saturday night, Oct. 26th. The steamer Myrtle has been chartered and will leave at 4:30 p. m., returning Sunday morning. The boat will be free to all ladies and those having tickets to the ball. Tickets, \$1; midnight supper, 25 cents per plate.

Our townsman, W. W. Shields, who does all kinds of turning and band-sawing, is winning patronage. He has made some very handsome brackets for Gray's new buildings and the Masonic hall, and the work is so satisfactory and the terms so much lower than similar work from the city, that "home patronage" has won on general principles, regardless of prejudices.

Mrs. F. T. Montgomery and son, Geo. I. Montgomery, of Oakland, California, came up on the last trip of the steamer Arcata, and passed through Coquille last Friday on their way to Bandon, where they expect to spend some two weeks on a vacation. Mrs. Montgomery is assistant pastor of the first M. E. church of Oakland, and is away for a brief rest. She has some property interests at Bandon which she will look after during her visit.

Will Guild, of La Grande, Oregon, has purchased the Myrtle Point barbershop of Walter Endicott and Mr. Davenport, and has greatly improved the same, and is giving the best of satisfaction. He has reduced the price of shaving to 15 cts. to correspond with the hard times and the reduced price of other labor. Mr. Guild is a nice gentleman and the HERALD predicts for him a paying business at Myrtle Point.

The Organ Fund

Entertainment, given by the Willing Workers' society of the Christian church last Saturday night, was well attended, and the lunch baskets well patronized. The latter was a novel feature of the entertainment, a "lunch for two" having been put in boxes and baskets and sold for 20 cents; the purchaser could share the lunch with whom he pleased or eat it all himself. This part of the entertainment, with the social features that attended it, continued till about 10:30. The literary and musical program was announced by Mrs. Maury, and was as follows: Recitation by Ora Morgan; Good Night Drill, by 8 little girls—Leta Barrows, Rose Leneve, Georgia Johnson, Lydia Simmons, Emma Maury, Ora Morgan, Mary Simmons and Etta Dean; negro song, in character, by Bretta Clark—encored; select reading by Prof. Kinnicut; recitation by Mary Dickson; tableau, The Three Graces; comic song by W. S. Perry—encored.

Closing with a farce, "A Desperate Situation." This was very humorous and well played by Misses Birdie Elliott and Icy March, and Messrs. Bird Nosler, W. Sugg and Fred Nosler.

Miss Marvin Lamb presided at the organ. The Trombone band performed several delightful selections at opening of the doors.

A strike took place recently at Beaver Hill, some of the colored miners refusing to accept the wages being given by the company, but we learn that matters are all O. K. again. Some of the negroes left, but Superintendent J. L. Parker has concluded a contract with the remaining colored miners, wherein they have signed till the 1st of June, 1896, at prices made by him, and without benefit accruing to the strikers. Twenty white miners were also secured by Superintendent Parker, from Washington, and these are said to take the places of the disaffected colored miners. Superintendent Parker has not been long at Beaver Hill. He was holding a similar position in Washington during the strikes there some months since.

Little Archie, son of J. W. Strong of Fishtrap, had his leg broken above the knee-joint on last Saturday while playing in his father's barn. A long gate or panel of board fence had been placed across the front of the barn floor, instead of a door which had been braced with a post. By some means the post was removed, and as the boy was attempting to climb over the gate it was thrown out of balance and fell on his leg, causing a square break of the femur bone. Dr. Leep, being in the neighborhood, was called and set the limb and the child was doing well at last account.

Our townsman Uriah Root has completed his model of an invention, of which we made mention some time since, which he calls a "universal power multiplier." He will send it to his agents tomorrow, and have it patented. His claim is that his invention will multiply one horse power to about four, and the appliance can be put to any force of steam, electricity, water, or foot power, and made to run milling machinery, or a sewing machine. The HERALD hopes he may realize his fondest expectations from his effort.

It certainly is false modesty, negligence or something of the kind, when people continue to suffer from kidney or urinary troubles, for Oregon Kidney Tea can now be bought of all druggists and if one package does not cure them, it will give so much relief that they will continue to use it until cured. We advise you to try it. Sold by druggists S. L. Leneve of Coquille City and N. G. W. Perkins of Myrtle Point.

Mrs. J. W. Reddick of Barlington, Kansas, daughter of Mr. and Mrs. H. A. Wethey of this place, came in Sunday via Roseburg. Her husband will join her as soon as he can close up his business affairs, and possibly go into business here.

Port Orford Tribune: Rev. J. S. McCain, who was in Port Orford a few weeks ago, has purchased D. F. Dean's interest in the Coquille HERALD. Mr. McCain has had some experience in the newspaper business, and Mr. McEwen will find him an able assistant in the management of the paper.

Notice. The second installment of money subscriptions to the stock of the new hotel is now due, and should be paid at once to J. W. LENEVE, Sec. J. H. Nosler, President. Coquille City, October 21, 1895.

I. M. Weekly of Gravel Ford will attend the academy this winter.

Special bargains of Miss Nellie Figg's stock the balance of this week.

"Peleg and Peter" will be heard from Saturday night of next week—Nov. 2d.

It seems our grand-jury found no indictments during the late term of court.

Our Gravel Ford items will appear next week. Came too late this time.

Admission to the Star Comedy Co's entertainment—25 cents; reserved seats, 50 cents.

O. A. Kelly came up yesterday from Riverton and will spend the winter in Coquille City.

Uncle Jack Wood came in today from the North Fork. He is putting up a fine barn, 42x62 feet.

The Star Comedy Co. have a pleasing play and a rare and racy farce ready for Saturday night, Nov. 2d.

Mrs. J. P. Wilbur of Bandon returned from a trip to the bay last Friday, and included a pleasant "how-dy" to the HERALD folks on her way.

The HERALD office sports a new and safe flue, the workmanship of our townsman, John Goodman. Esquire Cecil gave a helping hand and was faithful.

The Woodmen of the World had a well attended meeting last night, and concluded with a midnight supper at Tuttle's hotel. A large delegation attended from Myrtle Point.

The railroad company is putting up an independent telegraph line between the bay and Myrtle Point. The poles are up through this place, and the work goes on about Norway at this writing.

The Willing Workers' entertainment, last Saturday night, was a grand success, and realized to the organ fund a good sum. About \$18 was taken in, while the expenses would be light.

George Byard, a prominent young man from Fortuna, Cal., came in yesterday. He is an acquaintance of Mr. Kerrigan's and Mr. Walsh's, and is visiting them. He came up the coast, being four days coming from Humboldt county to Bandon in a cart.

Our townsman, Mr. Buzan, left a sample squash of his raising at this office, which all should see to satisfy themselves. It weighs 71 lbs., and measures 5 feet and 4 inches around the long way, and 4 feet 4 1/2 inches the narrow way. The seed was from Salt Lake City, and the vegetable is fine for table use. Mr. B. will dispose of some of the seeds.

C. L. Gray has opened out this week with his jewelry store, and stock of nice jewelry. He will soon open also a fine line of variety goods in the same building. We have personally known Mr. Gray for many years, and the HERALD takes pleasure in recommending him as a number one jeweler and a reliable business man. You will find him in his new building on Front street near the depot.

ALL Persons who will clip this coupon from the columns of the HERALD and send it with their order to Smith's Cash Store, 414 to 418 Front street, San Francisco, Cal., will receive premiums, as follows: On orders \$1 to \$10, a child's book, Dolly Dimple Series; order \$10 to \$25, one year's subscription, free, to any of the following PAPERS:

SCATTERED SEEDS, Philadelphia, Pa. ORCHARD AND FARM, San Francisco. HOME MAGAZINE, Washington, D. C. FARM JOURNAL, Philadelphia, Pa.

Only one coupon honored with each order. (Sugar purchases not included in the above offer.) Books from our 25 cent list may be chosen in place of papers if preferred.

Bandon Recorder: D. F. Dean has disposed of his interest in the Coquille HERALD to Rev. J. S. McCain, and that interesting journal will henceforth shine with new brilliance under the new management.

Port Orford Tribune: Rev. J. S. McCain, who was in Port Orford a few weeks ago, has purchased D. F. Dean's interest in the Coquille HERALD. Mr. McCain has had some experience in the newspaper business, and Mr. McEwen will find him an able assistant in the management of the paper.

Notice. The second installment of money subscriptions to the stock of the new hotel is now due, and should be paid at once to J. W. LENEVE, Sec. J. H. Nosler, President. Coquille City, October 21, 1895.

He Was a Union Soldier.

We recently mentioned that the charities of the ladies forming the Women's Relief Corps also extended outside the G. A. R. and families of veterans, and cited a recent instance where our ladies had contributed some help to an unfortunate citizen and family on the North Fork, regardless of service in the army, who had lost heavily by fire. But while the fact still exists that the charities of the organization are not restricted to the old soldiers and their families, we have information in this case that this recipient of the kindness of these ladies is an old soldier of the late war, and we were mistaken that far. Mr. and Mrs. James Moss of Dora write us to thank the W. R. C. for their kindness in assisting them after their loss by the fire, and for the donation of a beautiful quilt, and thanks also to other citizens who remembered them kindly. Comrade Moss says: "I James Moss, was a soldier in the late war, and belong to Eddie Lee Post, G. A. R., in Shasta county, Cal., where I lived. So you can see that there are ties existing with the G. A. R., and I have many relatives who had been in the union army." Of course we are glad to make this correction in behalf of Comrade Moss.

Our former and for-a-long-time townsman, W. H. Nosler, returned last Friday from a residence of about a year in southern California, latterly at San Diego. Comrade Nosler was greeted by many acquaintances and friends. The young folks of the family—Is, Miss Mary, Birdie and Minnie, and Gene—will continue awhile in California, where they are employed or attending school. Comrade N. will go to housekeeping at once.

E. W. JOY COMPANY—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarrh for years which affected my eyes, hearing and stomach. Frequently would have dull headaches for days at a time. Since taking your remedy I have felt no disagreeable symptoms.

Trusting you will publish this as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. (Signed) MR. FREDERICK DE RICHMOND, Seattle, Wash.

Every mail brings a new batch of testimonials for Joy's Vegetable Sarsaparilla.

Manager Graham returned last Friday from an extended business trip, including a visit to some of the coal mines in Washington to induce more miners to come this way. Eight Italian miners have already arrived, and more are promised.

Geo. E. Scott of Seattle is on a business trip in Coos county, and will probably spend next week, or a portion of it, in Coquille City and making his business known. He is a veteran of the late war, and a very pleasant gentleman.

Mrs. C. L. Gray is opening up her nice new stock of notions and fancy goods. They are fine—and oh, so cheap. Look out for their ad. next week.

The steamer Antelope came up Saturday evening, and Sunday took down a scow-load of broomhandles for Dyer & Son's factory at Bandon.

Painting on the new hotel began at noon today.

Mrs. Laura C. Phoenix, Milwaukee, Wis.

"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1894, I became so debilitated and nervous from depression and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try Dr. Miles' Restorative Nervine. I took 2 bottles and am happy to say, I am in better health than ever. I still continue its occasional use, as a nerve food, as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me." Mrs. LAURA C. PHOENIX, June 6, 1894. Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 6 bottles for \$5, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Nervine Restores Health

Bird Nosler is a sufferer from a rising on his jaw.

The hotel meeting last Friday evening was a success.

Sam Moon is reported down with typhoid fever at his father's home on the North Fork.

Rev. Mr. McCain has about recovered from the kick of a horse he received last Tuesday evening.

Two prominent young Myrtle Pointers, Chet Huling and Will Lundy, made us a brief call yesterday.

Mrs. C. W. Martin and Mrs. Frost left for San Francisco last Sunday morning, to be absent two or three weeks.

Prof. Knevez left for Eckley and the mining regions this morning, to be gone most of the winter. He has assaying to do, and a class to teach in technical branches.

Our schools are well sustained and prospering. Two new scholars were enrolled by Prof. Kinnicut in his department yesterday, and one by Miss Mast in her room. The attendance is very punctual. Of 55 enrolled above stairs, the average attendance last week was 53; in Miss Mast's room with an enrollment of 44 last week, the average attendance was 40. Slight sickness was the cause of absence. Miss Mary Quick's pupils also average well in attendance.

We have at this office, on exhibition, a fine specimen of fruit-bearing—a Coquille valley exhibit. It is a branch of an apple tree plucked by Uncle Gabe Brown, on which are 15 Baldwin apples, varying in size from 8 1/2 to 9 1/2 inches in circumference, and 2 1/2 to 3 inches in diameter. These 15 apples are all hung on stems within a space of 8 1/2 inches, though the apples themselves press over a larger space and under or outside of each other like a cluster of grapes. The weight is 5 1/2 pounds.

Grandpa Dean killed an owl, up at the ranch above town early Saturday morning last, which was a whopper. The spread of his wings measured 4 feet 4 1/2 inches. The old gentleman fired at random, the morning being yet very dark. The "varmint" had lit on the top of a broken tree, the shape of which seemed to be changed, and he believed some enemy to his fowls had lit there and was frightening them, so he aimed his gun and blazed away. Even then he would not have known of his success but for the dog which went to the owl and discovered it for him. He got away with it, sure enough.

Geo. Moulton again accepts the agency of the Pacific nursery at Tangent, Oregon, and will canvass Coos county. This is a reliable firm and already known as such to Coos county patrons, while George is also well known and deals fairly with our citizens. If you want fruit trees of any kind, true to name and at fair prices, give George Moulton your order.

DON'T STOP TOBACCO. IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1 per box, or 3 boxes (30 days treatment and guaranteed cure), \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. END SIX TWO-CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free. EUREKA CHEMICAL & MFG'G CO., La Crosse, Wis.

Office of THE PIONEER PRESS COMPANY, C. W. Hornick, Supt., St. Paul, Minn., Sept. 7, 1894. Eureka Chemical and Man'g Co., La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco, for the time being at least. I tried the so-called "Kewley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORNICK.

BIG PROFITS ON Small Investments.

Returning property will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock. \$10.00 FOR EACH DOLLAR INVESTED CAN BE MADE BY OUR Systematic Plan of Speculation originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of people in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully.
