## Union Labor Column.

DEVOTED TO THE INTERESTS OF THE LABORER  
Before the law was written down with parchment or with pen; Before the law made citizens, the moral law made men. Law stands for human rights, but when it fails those rights to give, Then let law die, my brother, but let human beings live.—Rev. Miller Hageman.

**People's Voice:** All the hundreds of millions paid every year as interest is a tribute levied on those who labor by those who are idle.

**Silver Advocate:** Free silver resolutions in Republican and Democratic state platforms will be as plentiful in the south and west next year as wood ticks on an Arkansas hound and equally as valueless.

**Champion of Progress:** There will be bosses as long as the people are willing to be bossed, and they will be willing to be bossed as long as they regard party success as more important than the interests of the people.

**Silver Knight:** Our distinguished citizens, Hon. John Sherman and Grover Cleveland, have been honored by having their pictures hung in the galleries in the bank of England, at London. Verily, we are becoming a great nation.

**Eltweed Pomeroy:** Direct legislation is not a principle; it is a method of applying a principle. And that principle is a government by the people. Rest assured you will never get a government for the people till you get it by the people.

**Exchange:** There is a great deal of talk nowadays about the new woman. She is not here yet. We are just now training her great grandmother. When she arrives the new man will accompany her and the new race will follow.

**Pomeroy's Advance Thought:** Now let us have an international convention to determine by its vote whether any more states shall be added to this North American union of states or whether we shall stop right here for the benefit of other nations.

**Wyoming Freeman:** The question of today is not "free trade," is not "protection," is not "single tax," is not "free silver," is not "prohibition." It is "who shall rule?" The masses or the classes, the people or the plutocratic elements, the citizen or the dollar.

**Peninsula Farmer:** Ignorance is a crime in this day when you can so easily be posted. To be ignorant of the oppression under which the working people are living and its cause is to be accountable for it. Shake off your moral laziness and face your day.

**Our Nation's Crisis:** Cleveland is the most popular man in the United States. If he is not then all signs fail. Republicans, Populists, Prohibitionists as well as Democrats, wear his badge on the seat of their pants, and the badge is growing larger every day.

**Star and Kansan:** It is "unconstitutional" to take away from the rich the privilege of plundering the poor; it is "unconstitutional" to tax the rich to pay for protecting their own property; it is "unconstitutional" to do anything to relieve the burden of debts.

**People's Advocate (Ventura, Cal.):** The difference between a Populist and an old party voter is that the Populist wants to work but 8 to 10 hours per day, all for "Molly and the babies," while the other fellow is willing to work ten hours a day for the goldbugs and 4 hours the same day for his family. See?

**There are 136 railroads in this country being operated by "receivers," or in other words, by the government, and yet YOU don't believe in the government management of railroads. In this case, however, the government does not operate the roads to benefit you, but to benefit the busted corporations who "own" them. Say, brother, go soak your head!**

**The Bible says that "he that provideth not for his own household is worse than an infidel," and yet millions of American citizens are voting so as to bring about conditions that will not allow them to provide for their own households. Think what a mighty army of "worse than infidels" there is that exists within the very shadow of the modern church.**

## There is No Law.

"There is no such thing as law," was the surprising and comforting piece of information given by Gov. Clarke, of Arkansas, to the graduates of the law department of the Arkansas University. The governor had just presented diplomas to the young men, which the recipients might naturally suppose were evidence that they knew some law—as a result of several years of study. Governor Clarke explained that there were rules accepted as law, but these were so complex in principle as to render the law a myth. Ninety per cent of appealed cases could be decided either way, he averred, and lawyers on the bench were frequently divided on the question of what is the law.

Every merchant, manufacturer, workman, and farmer in the land ought to read Governor Clarke's statement until he has committed it to memory. It is his misfortune that they believe there is such a thing as law. It is only a hoodoo, interpreted by judges to suit themselves or the men who hired them. The great monopolists have understood this for years, and it has always been their aim to secure the election and appointment of judges favorable to their interests.

There is not a law that cannot be driven through with coach and four, provided a venal judge can be secured. Amid the Woodses, Rickeses and Jenkineses, with Fuller, Shiras, and their outfit at Washington, this has been demonstrated.

What under heaven is the country coming to if we have no law, and venal judges can make laws as they or their masters see fit? Talk about anarchy! We have it now, and in its worst form. This paper has always maintained that "there is no such thing as law," but it was necessary that some eminent lawyer prove it before the people generally would believe it. Now we have the proof.—Deadwood Independent.

**There were 201 pupils enrolled in the public school Monday, an increase of 19 over the attendance at last term.**

**Dr. A. Gilbert, a Populist lecturer, was a visitor at the News office Monday. He is a passenger on the Blanchard, on his way to Portland.**

**The Homer brought up a steam hammer, lathes and other machinery, for the machine shop which is about to be erected immediately at the R. R. depot.**

**Miss May Moore, who left here several months ago for Oakland, Cal., in hopes of benefiting her health, is expected home on next steamer. We are sorry to learn that her health has not improved, and that her condition at present is such as to greatly alarm her friends.**

**At the close of the cranberry picking on North slough, the Indians enjoyed a big dance Saturday night. Sitwashees, sitkam-sitwashees and Boston men all joined in and had a hipt skookum time.**

**Capt. C. E. Edwards has made arrangements to lease the Alert, and was to have taken charge of the boat Monday afternoon, but the accident on North Coos river prevented his doing so.**

**Parsner Buckle, of the Homer, informs us that the demand for Beaver Hill coal in the city is greater than the supply.**

**Cabin passage to the city was advertised last week at \$5. At one time the price was \$20, but the figures have gradually been reduced.**

## Bandon's Budget.

Oct. 26.—Geo. C. Benson and family have gone to the city to spend the winter.

R. H. Mast has returned from a visit on North Fork.

Mrs. W. J. Greer, Miss Nettie Greer and sister, Mrs. Van Schoonhoven, left on this trip of Bandorille for Portland. Messrs. Greer and Van Schoonhoven will leave later on.

E. B. Price of Riverton is now located at Bandon.

James Castello is building a new house, in woodland addition.

Company K will give a ball in Bandon, Nov. 23d. Boys, get your girls.

John Diedricksen of Dairyville bought several lots in Bandon this week.

A good many people from all over the county are coming to Bandon to school their children. Bandon is getting to be noted for its schools.

With all the sawmills on the river running and 12 to 14 schooners coming to this port, it looks as though the surplus lumber was worked off and that we should look for better times for a while.

Misses Pearl Walker and Eunice Dement won the prizes at the bread contest last Saturday night. The girls all did well, and the judges had a task to decide which was the best.

The sale at Mrs. Geo. W. Williams' last Monday passed off nicely. The thing that most attracted our attention was H. Neely, who bought several articles. We cannot tell for the life of us whether he intended to canvass the town, or Prey, or which. We wish you success, and here is our best wish.

Some one has been breaking into houses lately, and by the way they will hear something drap if they don't look a little out, for the committee has spotted their man and is only waiting. RAMELER.

Reader, did you ever take SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES"? Everybody needs a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. BILIOUSNESS, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons Liver Regulator and you'll get rid of those troubles, and give tone to the whole system. For a laxative Simmons Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. H. Zellin & Co., Philadelphia.

Tramp—Madam, I'm starvin'! Kin I eat grass out here in th' back yard? Mrs. Homegun—Yes; but don't you stray over into that new pasture; we're goin' to cut that for hay.

They were telling of books that they had read, and the man with the high forehead asked what the other thought of the "Origin of Species." The other said he hadn't read it. "In fact," he added, "I am not interested in financial subjects."

"Mabel," said the summer girl's mother, "that young man writes very nice letters. But I wish that his chirography were a little less obscure." "Why, mamma?" "I can't quite make out whether he says he looks forward to the time when he will be 'osculating in a hammock' or 'osculating in a hammock'."

Mr. Bridie—I never felt better in my life. Mrs. Bridie—Oh, don't say that, Charley! Mr. Bridie—Why not? Mrs. Bridie—It's so un lucky. In every case of sudden death you will read that "the deceased had just remarked that he never felt better in his life," and then he drops dead!

## PATENTS

NOTICE TO INVENTORS.

There was never a time in the history of our country when the demand for inventions and improvements in the arts and sciences generally was so great as now. The conveniences of mankind in the factory and workshop, the household, on the farm, and in official life, require continual accessions to the appliances and implements of each in order to save labor, time and expense. The political change in the administration of government does not affect the progress of the American inventor, who being on the alert and ready to perceive the existing deficiencies, does not permit the affairs of the government to deter him from quickly conceiving the remedy to overcome existing discrepancies. Too great care cannot be exercised in choosing a competent and skillful attorney to prepare and prosecute an application for patent. Valuable interest have been lost and destroyed in innumerable instances by the employment of incompetent attorneys, and especially in this advice applicable to those who adopt the "No patent, no pay" system. Inventors who entrust their business to this class of attorneys do so at imminent risk, as the breadth and strength of the patent is never considered in view of a quick endeavor to get an allowance and obtain the fee then due. THE PRESS CLAIMS COMPANY, John Wedderburn, General Manager, 618 F street, N. W., Washington, D. C., representing a large number of important daily and weekly papers, as well as general periodicals of the country, was instituted to protect its patrons from the unsafe methods heretofore employed in this line of business. The said company is prepared to take charge of all patent business entrusted to it for reasonable fees, and prepares and prosecutes applications generally, including mechanical inventions, design patents, trade-marks, labels, copyrights, interferences, infringements, validity reports, and gives especial attention to rejected cases. It is also prepared to enter into competition with any firm in securing foreign patents.

Write for instructions and advice. PHILIP W. AVIRET, 618 F street, [P. O. Box 385.] Washington, D. C.

## IF YOU WANT INFORMATION ABOUT PENSIONS

ADDRESS A LETTER OR POSTAL CARD TO

**THE PRESS CLAIMS COMPANY**

PHILIP W. AVIRET, General Manager.

P. O. Box 463, Washington, D. C.

Honorably discharged soldiers and sailors who served ninety days, or over, in the late war are entitled, if now partially or wholly disabled for ordinary manual labor, whether disability was caused by service or not, and regardless of their pecuniary circumstances, to receive a pension. WIDOWS of such soldiers and sailors are entitled (if not remarried) whether soldiers' death was due to army service or not, if now dependent upon their own labor for support. Widows not dependent upon their own labor are entitled if the soldier's death was due to service. CHILDREN are entitled (if under 16 years) in almost all cases where there was no widow, or she has since died or remarried. PARENTS are entitled if sold left neither widow nor child, provided soldier died in service, or from effects of service, and they are now dependent upon their own labor for support. It makes no difference whether soldier served or died in late war or in regular army or navy. Soldiers of the late war, pensioned under one law, may apply for higher rates under other laws, without losing any rights. Thousands of soldiers drawing from \$2 to \$10 per month under the old law are entitled to higher rates under new law, not only on account of disabilities for which now pensions are paid, but also for others, when due to service or not. Soldiers and sailors disabled in line of duty in regular army or navy since the war are also entitled, whether discharged for disability or not. Survivors and their widows of the Black Hawk, Creek Cherokee, and Seminole or Florida Indian wars of 1832 to 1842, are entitled under a recent act. MEXICAN WAR SOLDIERS and their widows also entitled, if 62 years of age or disabled or dependent. Old claims completed and settlement obtained, whether pension has been granted under later laws or not. Rejected claim—reopened and settlement secured. If rejection improper or illegal. Certificates as evidence of service obtained for soldiers and sailors of the late war who have lost their original papers. Send for laws and information. No charge for advice. No fee unless successful.
