WHY NOT COQUILLE CITY?

We hear almost daily of new busi-
ness enterprises being planned by
some of our neighboring towns for
the furthering of the best interests
of the towns themselves and the
country surrounding them. This is
notably true of Bandon, our neigh-
bor at the mouth of the Coquille.
One would almost be led to think
that the citizens of Bandon lie awake
nights devising ways and means to
introduce new business enterprises
for the benefit of their town. If a
man comes to Coos county with a
purpose to start into business he
goes almost direct to Bandon, and
why? Well, he knows that there
every facility will be afforded him
to begin business. A site will be
given him if it is a factory he is
proposing to start, and every other
encouragement, he knows, will be
extended to him in making a begin-
ning. That is the kind of a town
business men love to go into to
embark in business. There is no
reason in this world why Coquille
should not be starting new business
enterprises also, and going ahead
of all other places. As we indicated
last week, Coquille City is the nat-
ural place for manufacturing and
all other leading kinds of business.
It is just as easy and cheap to ship
from here to San Francisco as it is
to ship from Bandon. The improve-
ments going on at the mouth of the
river ought to insure to the advan-
tage of Coquille as much as to Ban-
don. Our central location, our deep
water navigation, our railroad, our
wonderfully rich agricultural and
dairy lands, our mills, our coal
mines near by; in fact our every-
thing invites the people of Coquille
to activity and growth. What, then,
is the matter that we let other towns
outstrip us in the race of progress?
Is it not simply that we are not try-
ing? Of course, if the business
men of Coquille wrap themselves
up in their own businesses, and take
no time to think of the public good,
and of what is necessary for the
general progress of the town and
country, we will continue to drag
on at the same old snail's pace and
other places will capture the crown
we of Coquille ought to wear. Our
merchants ought to be courting the
trade of the whole upper and lower
river. There are many ways to do
this, and other towns are doing it.
We need not mention the methods
by which this bidding for trade may
be honestly done. We may say,
however, in a general way, that it
can be done by making it to the
advantage of the people to trade
here and then by letting them know
it. Friends, let us arouse ourselves
and get to work.

A SENSIBLE MOVE.

The wide-awake people of Bandon
have set upon foot a plan for
stimulating immigration to the Co-
quille country during the coming
year. The plan is to send some
sensible, reliable man east to attend
the Atlanta Exposition, and travel
and lecture on the resources and
possibilities of this valley through-
out a number of the states. The
idea is not to misrepresent the coun-
try and climate, not over-estimate
them, but to simply tell the truth,
and represent matters so that sensi-
ble people who come in consequence
of this effort will find the country
as described.

The plan is certainly a feasible
one and worthy of consideration.
It is not the intention, we learn,
to solicit immigration from the poorer
classes, but from the well-to-do peo-
ple who will bring some money and
be able to purchase homes, estab-
lish factories and other business
enterprises, which are so much
needed here for the development of
the country.

If the right person is selected it
will be a profitable investment. We
hear the name of Rev. G. R.
Edmunds mentioned in connection
with the enterprise, and we see no

reason why Mr. Edmunds would not
be a suitable person to represent
this country abroad. At any rate,
if the right person can be sent, the
HERALD will be pleased to lend all
possible encouragement to the pro-
ject. We invite our Bandon neigh-
bors to communicate with Coquille
in the matter, as well as other points
interested. The HERALD will per-
haps have occasion to mention the
matter again.

Bandon's Budget.

[Other of Bandon's Budget will
be found on our 1st page today, hav-
ing been inadvertently omitted from
last week's issue.—Ed. HERALD.]

Oct. 28.—Well, well, Mr. Editor,
here I am again, but I thought you
might want to know how we are
getting along down by the seashore.

Well, to start in with, will say
the weather is fine, people in good
health, business brisk, everything
is lovely and the cat hangs high.

That was a beautiful sight at
Bandon last Tuesday. Why, what
was that? Why those four schoo-
ners sailing back and forth just off
the bar. Did they get in all right?
Well, I should smile, they did.
They all sailed in as pretty as you
please, on half tide, which shows
that the Bandon bar is improving.

Say, Mr. Editor, last Sunday was
a nice day here at Bandon, some of
our young folks took a run on the
beach. Well, they did not confine
themselves entirely to the beaches
either—but—well—oh, I guess I
had better not say any more about
it.

Lots of property changing hands
in Bandon. Outside parties are
buying almost every day, which is
a good sign for Bandon.

Say, can you hear those wedding
bells? I can. They are getting
closer every day. Bandon has lost
citizens lately, but such is the way
of the world.

Capt. Littlefield has been quite
sick for the last week or two, but is
able to be around again.

Mr. McMullen has about com-
pleted a nice little cottage near the
broomfield factory.

The Coquille fishermen will give
a ball at Bandon Nov. 2d.

North Fork Fancies.

Oct. 26.—As I have not seen any
news from our little river for quite
a while, I will try my hand at writ-
ing some.

The weather at present looks
quite suspicious.

The busy time is nearly at an
end and we are taking a rest.

Rev. R. W. Byrne, who lately
arrived here from Tennessee, held
services at the North Fork church
last Sunday. Hereafter Mr. Byrne
will hold services at said place the
third Sunday in each month.

Miss Rhoda Coon is on our river
at present visiting her sisters, Mrs.
Johnson, Mrs. Coffee and Mrs. A.
Coon.

The Sunday-school at Gravel
Ford, which was recently organized
by Mr. M. Munson, is progressing
very nicely.

Miss Ida Hammerlof visited
friends at Lee one day last week.

Walter Colvin, who has been
employed at Bandon for some
weeks, came up and spent a couple
of days on our river last week.

Miss Annie Hammerlof returned
last week from a visit to friends on
the bay.

The dance held at R. A. Cribbins'
on the 19th inst. passed off very
nicely. Every one that partici-
pated went home having spent a
pleasant time.

C. Hammerlof is preparing to
build a new residence.

With success to the HERALD,
will close. DUDE AND DANDY.

Bandon Recorder: Letters have
been received from Mr. and Mrs.
Ryons from their old residence in
Lincoln, Nebraska. They only left
our beach last February after a
stay of some months here, during
which time they recovered from all
their complaints, including asthma,
nervous prostrations, etc., and
thought they would be free from
them all for the rest of their days
when they returned home, but it
was not so. Their old complaints
came gradually back until now
they are very nearly as bad as ever
they were. In some letters lately
received from them they say the
worse of your place is that if we
go there, we must stay there together
and perhaps live half a century
beyond our allotted time, or return
to our old home and lie down and
die. If we had the railway from
Roseburg to Myrtle Point they
would probably have been here
long ago, as then they could travel
the entire journey by rail.

(Coast Mail.)

The Southport wharf burned
down on Monday and is a total loss.

The Coos bay creamery is doing
a good business and making more
money than at any time this year.

Princess Libby has gone to the
happy hunting grounds. She died
at South slough, Oct. 15, after a
life of 1080 moons. When the
whites came here she was ruler of
the Coos Bay Indians and she has
been supported for years by chari-
table people at Libby, which place
was named after the dethroned
princess.

Empire Citizens.

Town booming. Lots of new
sidewalks and other street improve-
ments on foot. Not all dead yet.
Possibly the Van Winkles are con-
templating the county seat ques-
tion.

D. F. Dean and family spent
several days of last week in
Coquille.

Our town has relaxed into its
usual quietude since the bustle of
court has subsided.

Albert E. Seaman, the poultry
and bee fancier of this city, received
four full-blooded Buff Leghorn
hens from A. J. Sherwood of Co-
quille last week. If Mr. Seaman
fails with bees and chickens the
rest of us may as well quit, for he
is a "rustler" and is up to date on
these lines.

Our mill and cannery both still
running quite steadily.

Sheriff Gage has moved into
Geo. W. Loggie's house, just across
the street from his former resi-
dence.

Miss Alice Graham has been on
a brief visit to Gardiner.

Mr. and Mrs. Tom Hall returned
last week from a visit with the
parents of the latter, Mr. and Mrs.
Alex Stauff.

News and Elijah both scarce, but
the latter is expected about the
first of November.

KRANK.

There is one medicine which every
family should be provided with.
We refer to Chamberlain's Pain
Balm. When it is kept at hand the
severe pain of a burn or scald may
be promptly relieved and the sore
healed in much less time than when
medicine has to be sent for. A
sprain may be promptly treated be-
fore inflammation sets in, which in-
sures a cure in about one-third the
time otherwise required. Cuts and
bruises should receive immediate
attention, before the parts become
swollen, and when Chamberlain's
Pain Balm is applied it will heal
them without matter being formed,
and without leaving a scar. A sore
throat may be cured in one night.
A piece of flannel dampened with
this liniment and bound on over the
seat of pain, will cure lame back or
pain in the side or chest in twenty-
four hours. It is the most valuable,
however, for rheumatism. Persons
afflicted with this disease will be
delighted with the prompt relief
from pain which it affords, and it
can be depended upon to effect a
complete cure. For sale by Dr. S.
L. Leneve, druggist.

(Bandon Recorder.)
Lee Cox returned home, this
week, from a sealing cruise in
Japanese waters.

The schooner Moonlight took on
74,000 feet of lumber from Faby's
sawmill and 10,000 feet from Rosa's
mill.

The Parkersburg mill commenced
running on three-quarter time last
Monday, on account of the short
days.

Elbert Dyer sold 16 lots last week
to parties desirous of an interest in
Bandon.

The Bandonville took a fine sam-
ple of coal from the mines below
Riverton, last trip, to the Portland
Exposition.

Seventeen schooners have been
in the river after lumber in the
past thirty days. This represents
an output of over 2,000,000 feet of
lumber each month.

All druggists sell Dr. Miller's Nerve Plasters.

Announcement.

ED. HERALD: Please announce
through your paper the 4th quar-
terly conference of Bandon Mission
of the Methodist Protestant church
will be held at Riverton, Nov. 8, at
2 o'clock p. m., and any ministers
or preachers desiring to connect
themselves to the quarterly or an-
nual conference will present them-
selves before the committee on cre-
dentials, as the annual conference
will organize as usual as the quar-
terly conference rises.

Visiting brethren will please not-
ify the pastor, Rev. F. M. Sanderlin,
at Bandon, Oregon, of their
intention to visit the conference as
early as the 4th of the month so
homes can be provided. Free en-
tertainment for all friends desiring
to attend. By order of committee,
F. M. SANDERLIN,
Chairman,
Bandon, Or., Oct. 24, 1895.

Dr. Price's Cream Baking Powder
World's Fair Highest Medal and Diploma.

Additional Locals.

The Myrtle Point band will attend
the play here Saturday night.

Wm. and Thaddeus Brack, two
young gentlemen from the Middle
Fork section, are now employed at
the shingle-mill at this place.

Gen. Rawlins came over from
the bay on last Friday's train and
went to Randolph on the Dispatch.
He is now engaged in a black-sand
mining enterprise.

Tom Egan, a popular section boss
and formerly on this railroad in
this neighborhood, took charge of
the section hands at this place a
week or ten days ago.

J. B. Fox presented us Saturday
with a bunch of five Belleflower
apples, being the tip end of a
branch, that shows up well. They
are large and the cluster weighs 2 1/2
lbs.

Mrs. Gray's notion store will be
the most complete and attractive of
the kind in this section, with a
more choice stock than was ever
carried by all combined efforts
before.

C. L. Gray is constantly opening
up new goods and adding to his
stock of jewelry. Mrs. Gray is also
beginning to make a nice display
of notions and fancy goods. Call
and see them.

Our townsman, R. D. Sanford, is
repairing and otherwise improving
the small dwelling house of H. W.
Sanford, near the Tuttle hotel. We
are pleased to see improve-
ments going on in town.

When Mr. Gray gets his stock
fully opened out and gets down to
business, Coquille will have one of
the handsomest jewelry establish-
ments in southwest Oregon, and a
capable, qualified and honest
mechanic in the line of repairing
watches, clocks and jewelry.

We advise you to use Oregon
Kidney Tea because we know it
will cure you. It is the only reme-
dy that will positively cure kidney
and bladder troubles of any kind,
and a trial will prove the most con-
vincing argument of its merit. You
can buy a package at S. L. Leneve's,
Coquille City, or N. G. W. Perkins',
Myrtle Point.

Alice and Ettie James were com-
ing down from Morris Bro's mill,
from visiting their sister, Mrs. W.
M. Hamilton, Monday morning,
and as they crossed the water ditch
they observed a bear a little dis-
tance from them. The young folks
pulled out in a lively way, not
wishing any closer acquaintance
with him.

Geo. Martin, a 17 year old boy at
Riverton, was brought up Monday
of last week, charged with disturb-
ing religious and other public
meetings. After an interview with
Justice Cecil he decided to plead
guilty and was fined \$10 and costs.
He paid his fine and was dis-
charged, and returned home a wiser
if not a better boy.

A. C. Wilson, our recently-
located blacksmith, has associated
with him Ellis McGraw, recently
from California, who will conduct
the business here, at Whetstone's
old stand, while he operates as an
independent blacksmith at Libby. Mr.
McGraw is represented as an in-
dustrial young man and a splen-
did iron-worker, who will make a
specialty of horse-shoeing and plow
work.

A delegation of ladies and gen-
tlemen, members of the Eastern
Star, came down from Myrtle Point
to this place Saturday last to visit
the lodge here. They looked over
town during the pleasant day,
including a visit to and inspection
of the new hotel building, of which
they spoke most favorably. The
delegation comprised Mrs. W. L.
Dixon, Mrs. N. G. W. Perkins,
Mrs. Brown, Mr. and Mrs. Walker
and daughters, Miss Harris, Mr.
and Mrs. Giles and Miss Daisy
Giles.

J. S. McEwen of the HERALD
made a trip to Marshfield and
return last Sunday. That city is
improving nicely, many new build-
ings showing up, while most of the
residences and business houses
have been handsomely painted and
look neat and attractive. Although
in the place but a brief spell, we
met several acquaintances, includ-
ing our Capt. C. E. Edwards,
Andrew Hall and others well known
here. The Blanco hotel is a tip-
top place to stop at. Comrade
Ferry knows how to run a hotel,
and friend Curtis is a host in him-
self for courtesies and kindnesses.
Ladies traveling alone will find
Mrs. Ferry a noble woman, while
the hotel is a reputable and splen-
didly managed establishment.

UPPER - RIVER DEPARTMENT.

have settled in town. They came
from Jackson county, Oregon.

Everyone is using the good roads.
All carriages are out every day.

Schiller Hermann has returned
from Portland, where he went to
accompany his wife who has gone
east for a visit to her mother.

The new mining company, which
purchased Samuel Carrier's inter-
ests in Big Joe and Little Mary
mines, have sent a winter's supply
to the mines and they expect to
keep a crew of men at work until
a bonanza is developed. Sam Cur-
rier is foreman of the mine.

Miss Alta Dodge has been quite
ill for a few days, but she is recover-
ing.

Mrs. J. S. McCain met her hus-
band, Rev. McCain, in this place
Saturday evening, she having re-
turned from Jackson county, Or.

C. M. Hermann's family has
moved to town and their children
will attend Prof. Wright's school
this winter.

Ernest Stauff, of Arago, visited
friends in Myrtle Point last Sun-
day. He is a fine musician.

The Methodist minister (south)
held services in this place Sunday,
and it is said that he is a very
promising young man.

miles.

I Am Gl

To tell what Hood's Sarsaparilla
did for me, I had the grip at
my elbow.

There was quite an excitement
in front of the M. P. hotel one day
last week, when a father and mother
came in town and found their 15-
year-old girl in a carriage with a
man who claimed he was protect-
ing the child. Judge Bender was
called and the girl was delivered
back to her weeping mother, but
as it was against the will of the
young miss, tears and screams were
heard all over town, until the par-
ents returned home with the dis-
obedient girl. The man who was
"protecting the character and good
name of the child" has an esteemed
wife and family, and he had hired
a lady to take his charge
home with him and place her under
the care of his better half, but
somehow the parents of the way-
ward miss could not understand
the necessity of such proceedings.

Constable M. R. Lee has been
quite busy with official business of
late. The stockholders of the
North Fork creamery are the unfor-
tunate.

Those wishing a marriage license
should call on Commissioner Orvil
Dodge and save a trip to Empire
City.

An effort was made to organize
a singing class last Saturday eve-
ning. We could not learn the result.

Comrade Hurd, of Jackson
county, has settled in Myrtle Point.
He will be an acquisition to stock-
men, as he is scienced in operating
on cows so that they will fatten as
well as steers.

Teachers' Examination.
Notice is hereby given that, for
the purpose of making an exami-
nation of all persons who may
offer themselves as candidates for
teachers of the schools of this
county, the county school superin-
tendent thereof will hold a public
examination at Marshfield, com-
mencing on Wednesday, at 1 o'clock
p. m., the 13th day of November,
1895.

Teachers who are eligible for
state certificates and diplomas must
make application at the same time.
Dated this 25th day of October
