Mr. and Mrs. Strang and son Frank will leave for Portland shortly where they will spend the winter.

M. S. Gillham, brother of our townspeople T. W. and Miss Oro Gillham, is visiting here and may locate.

Miss Nellie Figg will probably leave next week for a course in the musical department at the university at Eugene.

Our columns are thronged this week with correspondence, much of it of a county local character and all interesting.

Oregon Kidney Tea is sold on a positive guarantee by N. G. W. Perkins, of Myrtle Point, and Dr. S. L. Leneve, of Coquille City.

Mr. Bazan, who left the 71-pound squash at this office for exhibition, last Saturday brought us four of what are called 20-cz Pipins. They are very large and sound apples.

G. W. Canning, superintendent of the county poor farm, has a bright little 6-year-old boy to put out to the right parties for adoption. Call or notify him through the postoffice at this place.

Mrs. Louisa Lawhorn, of the North Fork, is very sick. E. P. Mast was down the latter part of last week and stated that she was still very ill, he having come down one night earlier in the week after medicine.

For the cure of headache, constipation, stomach and liver troubles, and all derangements of the digestive and assimilative organs, Ayer's Pills are invaluable. Being sugar-coated, they are pleasant to take, always reliable, and retain their virtues in any climate.

Parties indebted to me are requested to call and settle previous to the 15th of this month. Bills due and unpaid after that date will be turned over to an attorney for collection, large and small.

ROBERT MCLEARY.

Sore Throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. This medicine is also famous for its cures of rheumatism, lame back and deep-seated and muscular pains. For sale by Dr. S. L. Leneve, druggist.

We are warned that light-handed gentry are in this locality, or on their way, and that our citizens should be careful to lock their smokehouses and chicken-coops, secure their homes when absent, and not expose their clothes lines to much.

County Commissioner Stitt returned from the bay last Friday and went to the upper river over Sunday to press Bandon's immigration scheme. He met with good encouragement, and the live people of Myrtle Point and other neighborhoods will energetically move in the matter. Mr. Stitt returned home Monday.

Messrs. W. C. and H. Wrenshall, who are so well and favorably known in Coos county, and who left Bandon last July for a visit to other parts of the world, returned last Friday and will stop for the present in Coquille. They visited Australia, New Zealand, the Samson islands and other points during their absence. The HERALD joins their many friends in giving them a cordial welcome. It speaks well for Coos county that these gentlemen, of foreign birth, after visiting all these grand countries should return to make their home here in the balmy climate of Coos county and Coquille City. A friend, H. W. Colebrook, of Australia, accompanies them and will locate with us also.

Taylor Dement was visiting in town yesterday.

Uncle Kirkpatrick went up to his Middle Fork ranch yesterday.

Commissioner Stitt made a trip to the county seat on county business last week.

A postoffice has been established at Wedderburn, Curry county (R. D. Hume's new town), and editor Edwin M. M. Bogardus is appointed postmaster.

Oregon Kidney Tea is nature's own remedy for kidney troubles. For sale by N. G. W. Perkins, of Myrtle Point, and Dr. S. L. Leneve, of Coquille City.

Several enterprises that will benefit our section are "in the air," and should be encouraged because for the general good. Look out for some important news.

The wisest course in politics is to vote for the best man, and you cannot be mistaken. So, in the use of blood-purifiers, you can't be mistaken if you take Ayer's Sarsaparilla, because all parties agree that it is the best—the Superior Medicine.

J. B. Fox won't be downed. We have now a sweet pumpkin grown by him, weighing 70 lbs., and a Golden Tankard (sugar) beet, this year's growth from the seed, weighing 12 lbs. Dimensions next week.

Notice.

The second installment of money subscriptions to the stock of the new hotel is now due, and should be paid at once to

J. W. LENEVE, Sec. Coquille City, October 21, 1895.

"Wedding cake" was received at this office yesterday, and all hands pronounce a blessing on Zennie Strang and bride, nee Miss Ella Wagner, hoping that their happiness may not be less sweet and enjoyable than was suggested by the dainty cake. May long and happy years attend them.

Charley Metlin, the mail contractor from this place to Empire City, dropped in a brief spell last Friday. He had completed all arrangements and entered into the winter schedule with his line. He can carry passengers on good time to and from this place and the bay, the roads being now in first-class condition.

The "swamp-land" cases (so-called), of J. C. Davis and W. P. Bovee, have been aired again for the forty-eleventh time, and against these parties, by the land department at Washington, Sec. of Interior Hoke Smith having passed upon them and dismissed them. What a travesty for justice! But so far as Mr. Bovee is concerned it is not settled yet.

G. M. McGaffey has put up a nice addition to his residence on the west side. Last Friday several of his neighbors and friends, specially Geo. Wickham, J. H. James, J. H. Sackett, G. W. Norton, H. H. Nichols and John Morris gave a helping hand and by night had the "L" enclosed from the weather. The "bee" continued next day by part of the crowd and the work advanced to a point near completion.

A Serious Accident.

The second within a very short time and a very sad one, occurred at Morris Bro's mill last Thursday afternoon, the victim being our friend and former townsman R. J. (Dick) Robinson, a sober, industrious and very clever citizen. It seems to have occurred at the same spot and much in the same manner as that of Charley Hall a few weeks ago, and is quite as serious, though the latter has recovered somewhat. Mr. Robinson suffers the fracture of three ribs, a shoulder blade and serious, or at least painful, internal injuries. A physician was duly summoned and the patient ministered to. At this writing, while he seems to be doing as well as could be expected, he is not out of danger. Mr. R. has a brother, besides many warm friends, at hand to see to his present care. His daughter, Miss Lizzie, is with her grandmother in Linn county.

Catarrh.

E. W. JOY COMPANY—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarrh for years which affected my eyes, hearing and stomach. Frequently would have dull headaches for days at a time. Since taking your remedy I have felt no disagreeable symptoms.

Trusting you will publish this as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. (Signed) MR. FREDERICK DE RICHMOND, Seattle, Wash.

Every mail brings a new batch of testimonials for Joy's Vegetable Sarsaparilla.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry, I completely lost appetite and felt my vitality searing out, I was weak, irritable and tired. My weight was reduced to 100 lbs., in fact I was no good, on earth."

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-year-old boy. My appetite returned, my weight increased, greatly.

When I had taken the sixth bottle my weight increased to 170 lbs., the sensation in my legs was gone; my nerves steadied completely; my memory was fully restored; my brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine, I assure you."

Augusta, Mo. WALTER R. BURMAN.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it in 5 bottles for 75c, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

"Peleg and Peter"

We're immense. The Star Comedy Co. never put on a more popular and humorous play, nor performed more acceptably. The house was "plumb full," and every one enjoyed the occasion. We have only room this time for bare mention. George O. Leach was, as usual, immense, in the Yankee character of Peleg Potts, and Sam Nosler covered himself with glory and schweitzer kasc as the Dutchman, Peter Polstein. Bird Nosler performed Capt. Hargreaves, and M. O. Buzan, the colored character, Hannibal, in first-class style. All seemed to be at their best. Miss Lilly Dean, the leading lady, as Isabel Courtney, and Miss Ora Gillham as Kate Larkey, were both new on the stage, but performed their parts charmingly. The audience was enthusiastic and heartily cheered the several performers.

The Myrtle Point band attended in a body, and was accompanied by a large delegation, a steamer load, of prominent ladies and gentlemen from that place and other river points, and all express a delightful visit and surprise at our local dramatic talent.

Fishtrap Items.

Nov. 4.—Rev. Byrn visited this place last week.

Albert Fish is now at Bandon. We miss his pleasant smile.

Uncle David Stone now occupies E. B. Fish's house.

The apple crop in this section is the best ever known.

Mrs. Todd is still one in our midst. We enjoy this lady's pleasant ways, and will miss her when she leaves us for her eastern home.

J. C. Clinton has established his logging camp at this place, and is building skid roads preparatory to the winter's logging.

The Fishtrap Lyceum has some excellent debaters. Beardless boys here display eloquence that would do honor to a senator. Go ahead, boys; you may sometime grace the halls of congress with your presence.

The ladies of the W. C. T. U. gave a social last Thursday evening, at the residence of Mr. and Mrs. J. M. Byers. A large crowd of bright-eyed lads and lassies gathered to enjoy the evening's exercises. All went away happy and gay, feeling themselves benefited at having been present. A CORRESPONDENT.

Stop suffering! Try Dr. Miles' Pain Pills.

Fresh Milk Cows.

I want to sell 10 head of first-class, fresh milk cows during November and December.

R. D. SANFORD, Coquille City.

The Coquille Dairymen's Union met yesterday and took action on preparing for next season's business. They arranged to release the creamery and also to inquire into the expediency of butchering and making their own bacon and lard if prices in the market are not such as to warrant sale on foot.

IN ADDITION TO THE ABOVE CLUBBING RATES FOR PAPERS, We have concluded to offer the following books as premiums for cash subscribers:

Coin's Financial School, price 25 cents, and Coin's Hand-Book, price 10 cents, and one year's subscription to the HERALD, all for \$2.

COIN'S FINANCIAL SCHOOL, by W. H. HARVEY, illustrated, 130 pages and 64 illustrations. It is the most complete and up-to-date book on the subject so that an ordinary schoolboy can understand it. It is the text book of the masses, absolutely reliable as to facts and figures, and the most interesting and entertaining book on the subject of money published.

COIN'S HANDBOOK, by W. H. HARVEY; deals with the elementary principles of money and statistics.

Shylock, price 25 cents, and The Anarchists of Wealth, price 10 cents, and the HERALD one year, all for \$2.

In reference to the above publications, it is necessary to say but little. Everybody knows what magnificent papers the "Examiner" and "Call" of San Francisco are, also the Thrice-a-Week New York World and Twice-a-Week Boston Traveler—each of which are worth the price asked. The Home and Farm is a splendid agricultural and family journal, large 16-page paper, and of itself worth the price of both papers. Womankind is a most attractive and entertaining home monthly, heartily welcomed by and instructive to the mothers and daughters; and the Farm News is edited by a staff of experienced agricultural writers, is handsomely printed, and contains what the practical farmer wants. Word and Works is Rev. Irl Hicks' paper of St. Louis. This is a scientific journal and is full of excellent reading matter. The Almanac, given with the paper, contains 100 pages of forecasts and other useful information and is a valuable book.

The Road is a large, wide-awake Populist paper, published by "middle-of-the-road" Herbert George, of Denver, Col. Of the Silver Knight it is only necessary to say that it is Senator Stewart's fearless paper, and is published in Washington City. Our Nation's Crisis is best advertised by saying that it is owned and edited by Gov. Waite, Colorado's great Populist governor, the War-horse of the Rockies. It is good reading. The Rural Northwest is an Oregon farm journal, and is clean and well managed. It will be worth the price we charge for both papers to any farmer in Coos county.

These Club Rates, of course, imply payment in advance.

We can only make these splendid terms where cash is paid in advance.

Letter from Prof. W. Wrenshall.

To THE EDITOR OF THE HERALD—Dear Sir: In returning to Coquille City, after having visited so many places, it must appear to any one troubling themselves to think of our return that Coquille has some points of superiority over all others in our estimation, and such is the fact. The Coquille has many advantages of climate and soil and people. The climate and soil are there to stay, and though the people keep moving—i. e., coming and going—still those also who are fitted for the Coquille—that is make themselves a homogenous part with the climate and soil—like the flowers and the trees, whether of native origin or transplanted flourish and become in their relations to all around as though they said this is the spot for me on earth. It is some such feeling we experience in returning to this lovely valley. We come to stay, because the soil, the climate and the people agree with us.

With regard to our leaving, it was business and pleasure combined. Business—the settling up of a trusteeship and the continuation of a chancery suit for the recovery of the "Barony of Bray," confiscated at the end of the war of the Roses, between the houses of Lancashire and York in England and years ago. I have thrown it up, upon receiving intelligence while in Auckland, New Zealand, that the loss of valuable papers and documents I had in my possession at Port Carling, Ontario, Canada, and which were burned at the fire of the general store of C. W. Vanderburg, mill and steamboat owner, where I was a clerk at the time and sleeping over the store, from which I barely escaped with my life, and with the loss of all the valuables I had in my bedroom at the time of the fire, 29th of November, 1878 or '79 (I forget which). While in San Francisco I wrote to England to enquire whether the loss of those papers would interfere with my chance of proving my claim, and when in Auckland on my way to England received letters to say it lessened my chance, which I had always considered very slight, as my grandfather had spent upwards of £20,000, and my father nearly £14,000, in the tracing up from the Norman conquest in England the line of the second son of "Mabel Shaw," first Baroness of Bray, the heads of the heirs of the first son having been cut off and placed on the gables of York at the time of the confiscation of the estates. Upon the ascension of Queen Victoria to the throne, her majesty promised to restore the confiscated property to those of the families who could prove up, and my father's father, knowing from certain valuable heirlooms in his possession that he was of the family entered upon the claim for all he was worth, but got nothing. My father walked in his father's footsteps, giving his substance for the shadow; I have quit the shadow, after having gone halfway and am determined to enjoy the sunshine of the Coquille valley instead and grow flowers and fruit.

If you think an account of our trip south and our remarks thereon would be of interest you shall hear further from me.

With kind regards, I am, Yours respectfully, W. C. WRENSHALL.
