

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. As I gathered strength and broke under my arms, I hurt my finger and gathered and threw out pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."

T. D. M., Norcutt, Kans.

AYER'S Sarsaparilla
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Cures others, will cure you

(Marshfield, N. D.)
The lumber for another vessel is being sawed at North Bend.

Matt Rasmussen had his arm broken while digging coal at Beaver Hill last week.

C. L. Moon has opened a law office in the Eldorado block.

Ten colored men took passage on the Areata for San Francisco. They have been in the employ of the Beaver Hill coal company.

A carload of shingles was received from the Coquille last week for the new schoolhouse. They were manufactured by E. E. Dickson.

Captain Edwards has leased the steamer Alert. He will make some improvement in the way of changing her cabin and will commence running this week.

A large building, 120x60, has been erected at the railroad depot. It will be used as a machine shop, and parties are here from San Francisco to place the machinery in it. An addition has also been added to the carshop. Another item of improvement at the depot is noticed in a pair of scales that will be used in weighing coal for the local trade.

The private personal effects of Mrs. Delia S. Parnell, mother of the late Charles Stewart Parnell, were sold at auction near Borden-town, N. J., last Thursday, and only \$500 was realized, although a good-sized crowd was present. Many of the articles were heirlooms handed down from Commodore Stewart. Mrs. Parnell wept bitterly when her old piano was sold.

Miss Irene Leneve is agent for Coos county for the International Publishing Co. of Philadelphia and Chicago, and is canvassing now for four of that company's choice publications, which need only to be seen to be wanted. One is "Merry Little Playmates," 128 pages at only 50 cents; another is "Robinson Crusoe;" another is "The International Speaker;" and another still "Gleams of Sunshine." These are all works of art in both letter-press and illustration, and from their charming and intelligent style of composition, together with their moral and instructive contents, deserve a place in every family. The first named has 128 pages and is put at only 50 cents. "Robinson Crusoe" has 400 pages and the price is only \$1. "The International Speaker," a veritable school of good sense, and practical instruction in elocution and oratory, has over 500 pages, with 43 beautiful steel engravings illustrating all forms of gesticulation and Delsarte movements for declamations and public acting, for only \$1.50. "Gleams of Sunshine" has nearly 700 pages of the choicest prose and poetry of the age, and for only \$2.25. Aside of the merit of the publications, the agent is most worthy of the public patronage.

The Columbia National bank recently closed at Tacoma, Wash. It held \$104,000 of city money.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Parvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will measure nothing at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to Tim Fess Clark Company, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: TIM FESS CLARK COMPANY, P. O. Temperance Notes.

[From the National W. C. T. U. Bulletin.]

Effects of Tobacco on Growth.

"Smoking prevents the healthy nutrition of the several structures of the body. Hence comes, especially in young persons, an arrest of the growth of the body, low stature, a pallid and sallow hue of the surface, an unhealthy supply of the blood and weak bodily powers."—Dr. Copeland, F. R. S., of England.

"It is painful to contemplate how many promising youths must be stunted in their growth and enfeebled in their minds from the use of tobacco before they arrive at manhood."—Prof. Ligars, M. D.

"I believe that no one who smokes tobacco before the bodily powers are developed ever makes a strong, vigorous man."—Fergus Fergusson, M. D.

"Few things could be more pernicious for boys, growing youths, and persons of unformed constitution than the use of tobacco in any of its forms."—The Organ of the Tobacco Trade.

"The effects of tobacco, often severe even upon those who have attained to manhood, are especially severe upon the young who are still in the stage of adolescence. In them it causes impairment of growth, premature manhood, and physical prostration."—B. W. Richardson, M. D., F. R. S.

"In Germany if a boy is caught smoking he is locked up. The government has become anxious about the effect of tobacco on the physique of the soldiers of the future, and in order to rectify in some measure the evil, ordered the police to arrest all boys found smoking in the streets if they are under sixteen years old, and to have them punished by fine and imprisonment."—M. L. Holbrook, M. D.

"In my opinion the best physical performances can only be secured through absolute abstinence from alcohol and tobacco. This is my rule, and I find after three years of constant work at the oar, during which time I have rowed many notable match races, that I am better able to contend in a great race than when I commenced. In fact, I believe that the use of liquor and tobacco has a very injurious effect upon the system of an athlete."—Hauian, the famous English oarsman.

"There is no better way of interfering with the growth and development of body and mind in lads and lasses than by giving them alcoholic liquors. Boys and girls never want these things if they never begin them, but, if begun, a craving is speedily developed which may ruin them in after life, in some cases, of course, much more easily than in others."—Medical Pioneer.

Methodist ministers of Atlanta, Ga., have decided to begin at once the work of securing the signatures of the necessary one-tenth of the registered voters to a petition calling for an election on the question of "wet" or "dry" for November 1.

Saloons were voted out of Texas, and the Cotton Belt Railroad immediately moved its machine shops there from Pine Bluff.

The drink and tobacco bill of St. Louis aldermen while on a trip to the water works to inspect them was \$114.50.

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted so write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman. I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed)

Mrs. A. C. TILMAN,
Alameda, Cal.

LOCAL ITEMS.

The salmon season has closed. The catch on this river was very light.

The mail schedule changed last Friday to that of the winter run, and is now delivered here at noon.

Oregon Kidney Tea for sale by Dr. S. L. Leneve, of Coquille City, and N. G. W. Perkins, of Myrtle Point.

Sua: Application has been made we are informed to the county court for assistance for 25 families, colored, at Beaver Hill, who are said to be in destitute circumstances.

W. H. Erdice, formerly connected with our creameries here and on the bay, but the past year in northern California, came up on one of the bay steamers last Wednesday.

W. M. Culbertson and Mr. Bright were in from Grayford last Saturday with produce and shopping. The "Old Reliable" is an acceptable counselor with them.

Our little friend Miss Lilly Way entertained a number of her young friends at her home last Wednesday, in honor of her 12th birthday. A pleasant time was had. Grandpa and Grandma Leneve, and uncles, Mrs. Jennie Rose and Miss Annie Leneve, were present at the celebration. The HERALD congratulates the young lady and wishes her many happy returns.

Henry Collier last Wednesday sent us a branch from one of his apple trees which shows up well with other exhibits that have been furnished to us. There are 33 good-sized apples of the Sweet Winter Pearmain, or Winter Greening variety, within a space of 25 inches. The weight is 7 pounds. Mr. C. has one tree of Baldwins from which he has just gathered 25 bushels.

The Yoncolla correspondent of the Roseburg Review makes this reference to Miss Millie Brouillette: "The elocutionary entertainment given by Miss Brouillette at the Presbyterian church on the 15th was by far the best of the kind ever held in our town. She has a natural gift for the line of work in which she is engaged and wins all hearts by her eloquence. May success crown all her efforts, was the earnest prayer of all who heard her."

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy, she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by Dr. S. L. Leneve, druggist.

Rev. Mr. Wells, while in attendance at the late Baptist state convention at Eugene City, was much handicapped by the absence of a correct map, statistics and collated information of Coos county, and particularly of the Coquille valley. There is much inquiry regarding this locality, but it has been hitherto so inseparably linked with the wild-cat real-estate swindling schemes of East Marshfield, Glasgow, Millacoma, Fairhaven, etc., and represented as tributary to the bay, with no outlet to the ocean except by the bay and no productions of agriculture or manufactures or mines except those of Coos bay, that our superb river, threaded by ocean craft, and our unequal valley in soil and climate and hidden wealth of forests and mines are not known and scarcely heard of. Even Harvey Scott, of the Oregonian, who knows everything(?), is as mixed in his geography of Oregon—especially as Coos county is related to it—as the English editors are of the geography of our great west country—and takes good care for some cause to always pervert every item of good news from this section to the interests of Coos bay, and even imagines the Coquille river a tributary of that body of water.

Several of the young people of this vicinity are attending school at different places, among them Bell and James Davis at Marshfield, and Story lies at Myrtle Point. Chas. Hill will attend at Roseburg.

Mr. Felter is having a fine house built on his farm. Bea Shields is the carpenter.

Johnny Belien has been very sick for the last few weeks. He is now on South Fork.

Miss Eva Rookard has been engaged to teach a month of school at Remote.

A new school district has been organized in the lower part of district No. 15. The schoolhouse will be near the mouth of King creek. Amzi Hooten and Miss Zoa Hill were married at the bride's residence last Wednesday eve. Amzi don't talk through his whiskers all the time. Your correspondent joins with a host of friends in wishing them all happiness.

Mrs. Sagg has moved her dress-making establishment over Johnson Bro's grocery and market, and solicits the patronage of the ladies of Coquille and vicinity. Ladies calling by the 15th inst. will have a reduction of 10 per cent off their work.

Rev. Wm. Wells, Baptist, returned last Monday evening from Eugene City, where he had been attending the state convention of the Baptist church. He was away something over a week, and reports a splendid session of the convention. He speaks in glowing terms of a sermon preached during the convention by Dr. Grant, of Portland. The convention closed on last Monday.

Miss Lilly Dean has been chosen as an assistant by Postmaster Aiken, and entered the duties thereof last Thursday. We congratulate both parties, the postmaster on his good judgment, and Miss Lilly at the merited confidence in her capabilities, and the belief that she will hold the good will and respect of the community. She served several months at the case in this office, and we always found her good-natured, lady-like, and anxious to please and do the right way.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
