WHAT COQUILLE CITY NEEDS.

We mentioned last week, as one of the needs of Coquille City and surrounding country, a large increase in population. This week we wish to call the attention of our readers to another of our needs. It ought to be apparent to everybody that we need a larger supply of money as a circulating medium for the transaction of business. That the whole country is suffering from the effects of a money famine is a fact which goes to the very marrow of every business man, as well as that of every laboring man and producer. It is no longer of any use to attempt to deceive people by the stale, stock delusion, that "there is plenty of money in the banks," when the press dispatches bring to our ears almost daily the news of the closing of the doors of national banks because of the scarcity of funds, as was the case with a national bank in Kansas City, which, on the 21st of October, posted this notice on their front door: "This bank is closed on account of the stringency of the money market."

No, there is no use attempting to disguise the fact, we are suffering from a money famine. And while we, the people of Coos county, may not be directly responsible for the main fact, yet the conditions might, and ought to be, greatly improved. Here in Coos county we are somewhat isolated from the business centers of the Pacific coast, and are in a certain sense a country by ourselves. For this reason our business methods ought to be so planned as to keep more money flowing in than flows out. This can only be done by making our exports exceed our imports. There is no place on earth where this can be done so easily as in Coos county. Of course there are some articles which we must import; but our resources are such that we can produce more of the necessary articles of consumption than can be done anywhere else on this continent. What Coquille needs, therefore, and the entire country as well, is the development of our resources so as to stop sending out money for articles that ought to be produced at home; and the money kept here for the transaction and encouragement of home business and trade. It is simply ridiculous for this country to be sending thousands of dollars to Portland and San Francisco to purchase doors and sash and other house trimmings when we have every possible facility for manufacturing them at home, and thereby giving employment to many of our working people. Not only ought we to supply our own people with these manufactured goods, but we ought to be competing in the San Francisco market for the export trade of this class of articles. Coquille City needs a sash and door and box factory, and it needs it at once, before some other point grasps our opportunity. How much more sensible it would be for our people to be sending this kind of manufactured goods away to bring money back to this town instead of sending out the scant supply of money we have to buy such goods for our own use, and leave our own native timber to rot, and our mechanics to be idle? We have only touched this subject in this article, but will follow it up next week.

The farmers' convention at the International Exposition at Atlanta had been packed by plutocracy. The governors of every state appointed the delegates to this convention and saw to it that silver men would be in a minority. They have resolved against free silver and for the issuance of more bonds by the government. It seems as though we smell rats.—Commoner.

President Cleveland has designated Thursday, November 28th, as a day for thanksgiving, and issued a proclamation so setting it apart to that observance.

Additional Locals.

Attend the Hosmer-Ross entertainment at Masonic hall tomorrow night. R. E. Buck is managing Rich's grocery during the absence of the proprietor.

Jake Prewitt, on Bear creek, has just completed a nice new house on his place.

C. S. Andrews, of Myrtle Point, made us a visit while on business in town last Saturday.

Capt. Fred Chlemens has resumed his old position on the Weott, in the Eel river (Cal.) trade.

An election for town officers at Beaver Hill was held on the 4th inst. One of the aldermen is a negro.

Piercy Hanley, of the lower river, has grown two crops of barley on his place this year, the second about ready to cut.

Mrs. Aiken failed to reach here yesterday, but will be in on the train tomorrow with a fine fresh stock of goods.

Rev. Mr. Wells, Baptist, will occupy the pulpit of the Methodist church in this place next Sunday, morning and night.

Word from Judge Dyer is to the effect that his health is not improving, and that he will be home shortly from California.

Rev. Mr. Baldwin, preacher in charge, will conduct a conference of the M. E. church at Bandon in that place on 23d and 24th insts.

WANTED.—Several trustworthy gentlemen or ladies to travel in Oregon for established, reliable house. Salary, \$780 and expense. Steady position. Enclose references and self-addressed stamped envelope. The Dominion Company, Third Floor, Omaha Building, Chicago, Illinois.

Several negroes from Beaver Hill will develop the coal mine that was started by the co-operative company last winter and see what there is in it.

Superintendent Canning, of the county poor farm, has raised 500 heads of fine cabbage, and will have several barrels of kraut to dispose of.

The Bandon woolen mills made a large shipment of blankets to San Francisco on Friday last. Coquille needs a few institutions such as this to bring money here.

A lady from Bandon, Mrs. Stowers, recently from California, spent three or four days in town with a choice stock of millinery and disposed of much of it. She expects to visit here again.

T. A. Walker returned Saturday from a lower-river trip. The insurance companies he represents are gaining friends as they become known, for they are sound and will do what they say.

The whole country at Bandon and thereabouts are out huckle-berrying yet. The berries are very plentiful, and although women and children have been busy after them for weeks past, the bushes are still full.

John Jenkins, the logger, of the firm of Jenkins & Sturtevant, yanked 65,000 feet of lumber from the woods to the landing, below Beaver slough, one day, with one team, last week. How's that for logging?

Uncle Dan Giles, of Myrtle Point, was on the train last Friday, on his way to Marshfield, where he was to take the steamer Arago for San Francisco. He goes on a business trip and will be absent two or three weeks.

A meeting will be held at the little church Wednesday evening of next week for the purpose of organizing a moot legislature, and a general invitation is extended to the public to attend and take part. It will be a good thing for winter evenings.

Miss Susie Peterson was up from Riverton Monday to have her right arm dressed for a spider bite, and leave our own native timber to rot, and our mechanics to be idle? We have only touched this subject in this article, but will follow it up next week.

M. Alexson, our milkman, had an ugly fall Friday night while delivering milk after dark. A piece of plank lying across a sidewalk tripped him, and he fell, striking his nose and cheekbone against one of his milk cans, skinning his face and bruising it considerably.

Several articles have been crowded over to next issue, including one from Judge Schroeder relative to the Eugene Guard's onslaught upon Coos county's officials, one on "Nineteenth Century Slavery," a write-up also of the Riverton masquerade and a school report from district No. 4.

Bandon's Budget.

Bandon, Nov. 10.—Editor HERALD, I thought I would drop you a few lines to let you know that Mrs. Dement is convalescent. That Edwin Crook is on the sick list.

That Wilbur Boyd was taken quite sick this week, but is better at this writing.

That we have had several frosts this week.

That Hon. J. H. Roberts was pretty badly used up in a run-away a few days ago.

That the Fishermen's dance passed off nicely. The boys "complain" of having had a splendid time.

That nine schooners and two tugs lay at the Bandon wharf last Friday.

That the bar has smoothed down and vessels have moved in and out quite freely the last few days.

That Rev. Baldwin delivered two excellent sermons here Sunday. That the broomhandle factory is now prepared to chop feed.

That a man got badly hurt on the Baudorille when crossing the bar Monday.

Oh, say, Mr. Editor, I told you I could hear wedding-bells, and I still hear some, so look upon a little out. But who would have thought of it being Lewin and Lewis? Why Madam Rumor said it was to be Neely! Well, wise people will get left sometimes.

The Literary last Friday night was no go, on account of rain. Come, boys, don't let the girls beat you. You will have to face lots of rain before the winter is over. Don't stay at home and let the girls come after you in the storm.

George Truman removed the remains of his mother to Bandon on four-mile some twelve years ago.

Long & Mast have placed an awning in front of their store, which is quite an improvement.

We notice Walter Shoemaker stepping around more spry than usual; wonder what is the cause of it? Have heard it was a boy!

Gurley Boak has moved to town to spend the winter. Gurley likes to be with the boys.

J. J. Stanley and family of Empire City made Bandon a pleasant visit this week.

We notice Geo. Bennett riding out some of late, which looks as though the governor was getting young again.

Company K underwent a critical inspection last Saturday night, but the boys were prepared to meet all high officials and come out with few mistakes.

A Mr. Topping, from Grants Pass, son of our townsman O. F. Topping, is in Bandon with a view to locating. The young man is a lawyer of some ability, and will surely be a benefit to the town.

Within the past few days Bandon has lost some noted citizens. It is reported that the government work will last but a few weeks longer.

Lee Simpson's goods are in his new store and will be put upon the market in a few days.

RAMBLER. All druggists sell Dr. Miles' Nerve Plasters.

Fishtrap Fulminations. Fishtrap, Nov. 11.—David Stone made a trip to Empire last week.

Mr. Doney organized a singing class at this place recently with 30 members.

The next convention of the W. C. T. U. will be held in the Willowdale church of Fishtrap.

Albert Fish is now moving into his new house. His parents will occupy the same dwelling.

J. M. Byers made a trip to Roseburg last week. He took a load of household goods for Rev. Brouillette.

Mr. Editor, we noticed in your report of the W. C. T. U. convention that Mrs. Paul was a delegate from Willowdale. Such was not the case. Mrs. Paul represented Fishtrap. Willowdale is simply the name of a church at this place—nothing more. A CORRESPONDENT.

[NOTE.—The "report" of the convention proceedings was from the convention's own reporter, not ours.—ED. HERALD.]

Dr. Price's Cream Baking Powder Awarded Gold Medal Midwinter Fair, San Francisco.

Of Interest to Shippers. It is understood that the tug Barclay Golden, which has been making trips between this place and Coos bay, will discontinue after the next trip.

In view of this, the Bandonville will try and arrange with the O. C. & N. Co., to fill her place to a certain extent, that is, to take freight from Coquille on her trip north and re-ship at Empire City for San Francisco on the company's steamers, and on return from Portland touch in at Empire and bring whatever freight may be there for the Coquille river. This would be equivalent to the Bandonville's making two trips per month to San Francisco instead of one as in the past.—Bandon Recorder.

Judge—Did the prisoner offer any resistance. Officer—Only \$5, yer honor.

UPPER - RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille, and What is Going on There.

Dr. J. K. Reader came in on the stage Thursday evening of last week, having been telegraphed for at Ashland, his new home, by Capt. Judith Paker to visit Mrs. Parker, who was dangerously ill. We are pleased to learn that she is improving.

Grandma Hermann, mother of our congressman, is visiting her relatives in town. It is gratifying to see the lady in good health.

Rev. T. Brouillette and family left here for Woodburn, a place in the Willamette valley. They were highly respected and their numerous friends regretted very much to see them going away.

W. H. Walker organized a class in vocal music last Friday night in this place that bids fair to become proficient under so able a teacher. Mr. Walker is an experienced instructor in music, and he has pupils of acknowledged natural talents in music, and we shall look for a very interesting entertainment by the class in due time.

A. H. Black & Co. are purchasing a fine lot of Oregon red apples, at 25 cents per bushel by the wagon box.

Allen Dodge has about completed a very cozy and neat cottage on Willow street, and the question is, "What is it for?"

The people of this thriving and busy town are too busy to become excited over important matters. It was supposed that they would order out the band and salute the new press and its proprietor. Perhaps they intend to support the new undertaking and think that is sufficient. There was quite a number of very enthusiastic supporters of the West Oregonian who took the paper five years and never paid a cent; except, however, they were always ready to give the different editors free advice as to how a paper should be conducted.

Chat Huling and Will Lundy, the two experts who were mentioned week before last as being in the Salmon mountain mining district, have returned. They are somewhat reticent, and about all we can learn from it is that they visited and prospected the "Little Mary" each day during their stay, but they aver that they found no lode of quartz or other rock in place bearing gold, silver, cinnabar, lead, tin or copper, nor any deposit of coal. Their abilities as experts are now questioned.

On the Death of W. P. Lasswell. Dora, Nov. 5.—Sunday night W. P. Lasswell passed away. His startly race being run, though short, he left many friends behind.

W. P. Lasswell had been among us about 4 years, coming from California here with his parents, who mourn his loss. About two years ago he joined the Christian church, and has shown by his works that he was a sincere Christian; his daily walk has shown to the world that he loved his Savior and was always ready to do good and work for his Master. He set an example while here that would be well for us all to heed. I think none can speak aught of Willie Lasswell. He made friends wherever he went. His kindness and Christian acts will remain with those who knew him while here on earth, and may they walk the path that leads to eternal life and meet Willie on the other shore, for time is winging us away. Willie belonged to the Christian Endeavor, and was an earnest worker in the cause, and he longed to meet with them after his health would not permit. His parents deeply feel his loss, but with the sweet thought that they can meet him on the other shore. Soothe their sorrow, for in their declining years may they rejoice to know that their dear boy is among the children of God, waiting for their coming to join that redeemed throng—for happy are they that die in the Lord.

Sweet be thy slumbers, Unbroken by thy loved ones' anguish wail; We miss thee, dear Willie, And may we be guided by thy spirit mild; And when the storms of life are o'er, May we meet thee again on the other shore. G. G. S.

OREGON COAL & NAVIGATION CO., Proprietors. E. G. Flanagan, Agent, Marshfield. S. O. Co., Agent, Empire City.

An Elegant Home for Sale, Cheap. 4 Acres, 1/2 mile from Myrtle Point postoffice; all rich bottom land, cleared, fenced and in high state of cultivation. GOOD HOUSE and new barn, about 50 bushels of potatoes and a large amount of garden truck; 27 tiers hard wood, good stock store, 75 chickens, about 20 bushels of corn, and a good skiff with two pairs of oars. ALL OFFERED FOR \$500. Call at Wells, Fargo & Co's Express office at Myrtle Point for further particulars.

Fine trout are being caught by Nimrods in this town.

Oscar Reed, who lives a mile above town, has a six cent piece that was coined in 1833. He found it under the old house that was first built on his place by James Carman. The coin is quite dark from being in contact with the earth, but it is quite a curiosity.

Col. Jewell Post, G. A. R., has mustered in some very creditable members of late.

Wm. Hall, who is about 90 years old, came in town last week. He is quite bright, mentally, for so aged a person. He lives with Joseph Ferry, his son-in-law.

Parties from Humboldt county, Cal., will erect a water system in the early spring of 1896.

"Don Rex" of the North Fork placed in the express office last Saturday as fine specimens of Coquille red apples as were ever produced in Oregon or any other country.

W. C. Connor arrived last week with the press and fixtures of the Riddle Enterprise and is now established at Myrtle Point. The new journal will go under the name of the Myrtle Point Enterprise. The office is in the Bander and Hermann block. Mr. Connor's family and sister-in-law are with him, and it is expected that they will be a beneficial addition to the society of the town. Next Saturday the first issue of the new paper will be unfurled and sent out to its readers.

The new Methodist Episcopal minister preached in town Sunday night. He left a favorable impression on the minds of his congregation.

The members of G company are elated over the favorable report that Gen. Beebe gave to the Portland Oregonian of their proficiency in drill, etc.

There has been very flattering news brought down from the Carrier mines lately. Indeed, if the reports are half true the new company have made a very lucky investment, and each of its members are "gold bugs." The information received was from one of our respected citizens, and he believes every word he has said, and his information was gained from personal inspection. It is hoped that he is not mistaken. The secretary and treasurer of the company will visit the works the fore part of this week.

[Bandon Recorder.] Our sister town, Riverton, shows considerable advancement in the last few months. There are two new buildings under construction, while the new-lumber-look still clings to eight or ten dwellings that have been built during the year.

The territory around Arago, Norway and Myrtle Point show more improvement in the way of clearing up land than any other parts of the county we have visited this year. We believe that the stimulus to this improved condition is largely due to the effect of the creameries on the upper river.

Mrs. Captain J. Parker, of Parkersburg, was stricken sorely with paralysis last Monday night about two o'clock and is yet in a critical condition. Dr. Evans, of Marshfield, was called in attendance and later Dr. J. K. Reader was brought from Ashland. Dr. Reader arrived last night.

The salmon catch on the Coquille river this season amounted only to 9000 cases, Smith's cannery having put up 5500, and Timmins' cannery 3500. The run has been smaller this year than usual and the fishermen have not done well. There was no rain fell during the month of October and that probably had some effect on the fishing season. Persons having a good general knowledge of conditions existing here think that the season closes too soon for this river, and that the open season should, at least, last till the 15th of November.

Dr. S. L. Leneve, the druggist, will tell you that no one is better qualified to judge of the merits of an article than the dealer, because he bases his opinion on the experience of all who use it. For this reason he wishes us to publish the remarks of other dealers about an article which he handles. Messrs. C. F. Moore & Co., of Newberg, Or., say: "We sell more of Chamberlain's Cough Remedy than all others put together, and it always gives good satisfaction." Mr. J. F. Allen, of Fox, Or., says: "I believe Chamberlain's Cough Remedy to be the best I have handled. Mr. W. H. Hitchcock, Columbus, Wash., says: "Chamberlain's Cough Remedy sells well and is highly praised by all who use it."

Pure Blood

Is the secret of the restoration to health which Hood's Sarsaparilla gives.

"It gives me pleasure to recommend Hood's Sarsaparilla. It has cured me of many complaints, and purified my blood. I was troubled with my liver, had hip disease and other troubles, with swelling of my ankles. For a long time I had to walk with a cane. For several years I was gradually breaking down. I had the grip in a severe form. I procured six bottles of Hood's Sarsaparilla and it built me up. My recovery I owe to Hood's Sarsaparilla. All my ills have gone and I feel like a new person. I sleep well and eat heartily." Mrs. CHARLOTTE KELLY, Hayward, Cal.

Hood's Sarsaparilla Is the only true blood purifier prominently in the public eye today. Try it.

Rumbblings from Rural. Rural, Nov. 10.—O, how cold! Farmers are almost ready for winter.

Rev. McCain preached us a very able and interesting sermon Sunday, and also aided us in Sunday-school work.

Bandon is not ahead of us, for we can hear wedding bells, too. Messrs. Brawley and Humphrey, two gentlemen from the Cow creek country, have located on a mining claim in our midst, and are opening it up preparatory for extensive mining next summer.

Miss Myrtle Kruk, of Myrtle creek, is attending our school, under the leadership of S. E. Johnson.

Mrs. J. E. Johnson, of Myrtle Point, is visiting our teacher, S. E. Johnson.

Miss Lucy Bridenbush, of Bridge, will preach at our school-house next Sunday.

The Hayes boys have moved to the mines, where they expect to remain all winter. That is right, boys; dig out lots of yellow stuff, we all want some.

O, ye editors, why not come to Rural and partake of some of our fine sorghum? It is as fine as any your correspondent ever saw. This shows that Coos county can produce almost anything when only a little pains have been taken.

D. Gant has a new bicycle and is getting to be quite an expert with Mr. Wheel. He thinks the next one he gets will be built for two.
