The Hosmer-Ross troupe, stranded recently by the wreck of the steamer Humboldt, will play at Masonic Hall in this city tomorrow night.

The K. of P. hall will take place at Bandon next Saturday night, and don't you forget it. The HERALD editor thanks the management for a complimentary.

"Nothing succeeds like success," and nothing will more quickly incur success than true merit. For fifty years, Ayer's Sarsaparilla has maintained its popularity as the superior blood-purifier. It stands upon its own merits and never fails to give satisfaction.

Did you see those large ears of yellow corn at the HERALD office? Who says Coos county cannot produce corn? These samples were raised on Charley Morris' ranch in the North Carolina settlement.

We advise the readers of the HERALD to buy their meat, vegetables and groceries of Johnson Bro's of this city. By so doing they will not only get good bargains, but fair dealing, and be well treated.

Parties indebted to me are requested to call and settle previous to the 15th of this month. Bills due and unpaid after that date will be turned over to an attorney for collection, large and small.

The subscription list of the HERALD is enjoying a constant, healthy growth. Several new names are being added to it each week, and we are proud of the fact that we have the very best people of Coos county as our patrons. Thanks, friends.

The people's friend, C. L. Gray, is still adding to his stock of jewelry and notions. He is just the kind of a business man Coquille needs, and the people love to trade with. He keeps the best watch hospital in Coos county. Call and see him.

E. P. Mast and L. A. Lawhorn of Middle creek, loaded down with apples, potatoes and grain, drove up to the HERALD office on last Thursday determined to force their plunder on this office. Of course we were unable to resist, and so tamely submitted to their imposition. Next.

The band gave a nice serenade last Thursday night to Mr. and Mrs. Zenie Strang, who have made their home at the residence of D. P. Strang in this place. The night was clear and still, and the charming music served for all, even while the honors were specially for the young couple. The hearts of all who heard the sweet strains could join in good wishes of long and happy lives to our young friends.

Hosts of people go to work in the wrong way to cure a SPRAIN, when St. Jacobs Oil would cure it in the right way, right off.

To McDonald's, for hot or cold baths. A very pleasant and successful social was given at Mr. and Mrs. Morgan's last Tuesday night.

Our friend, Dick Robinson, who was hurt so seriously at Morris Bro's mill a few days ago, is getting along splendidly and hopes to greet his friends shortly. W. Nottley delivered fresh second-crop blackberries, raspberries and strawberries at the postoffice Sunday morning. How's that for your "Italy of America?"

"A chemical success and medical triumph," so speaks an eminent physician in reference to Ayer's Cherry Pectoral, and the eulogy was none too strong. No other medicine is so safe and efficacious in all diseases of the throat and lungs.

W. H. Gleaves, a colored man from Beaver Hill, has moved into the G. W. Wimer house opposite the Tuttle hotel. He expects to spend the winter with his family in Coquille. W. H. Carothers and daughter, Miss Welcome, arrived from Oakland, Cal., last Saturday. The latter continued her trip to the lower river, visiting her uncle and aunt, Mr. and Mrs. Pershbaker.

S. P. C. Johnson, of our Johnson Bro's grocery and meat market, left for San Francisco last Saturday on business. Sam is a rustler and will not only get what he is after, but lay in a fine stock of goods selected in person. Mr. and Mrs. John Johnson came down from their North Fork home Saturday and spent Sunday visiting his brothers S. P. C. and Dudley. Mr. J. is still improving in health under his new treatment, and gained 5 pounds in the past three weeks.

Coquille City, October 21, 1895. W. M. McCormick, long and prominently associated with the Libby community, passed through this city early last week on a trip to Riverton, where he was taking his little son to spend the winter with his grandparents, Mr. and Mrs. Peterson. Mr. Mc is much broken in spirit since the loss of his beloved wife, some few months since, but is a good and thrifty citizen and will retain his prominence among his friends and neighbors among whom he will continue residence. The company is greatly improving matters in that section, and a bright future is promised.

Catarra. E. W. JOY COMPANY—Gentlemen: I have just completed the second bottle of your Vegetable Sarsaparilla. I have had catarrh for years which affected my eyes, hearing and stomach. Frequently would have dull headaches for days at a time. Since taking your remedy I have felt no disagreeable symptoms. Trusting you will publish this as I want any one suffering from any of the above symptoms to be benefited. Kindly send me two more bottles by return express. (Signed) MR. FREDERICK DE RICHMOND, Seattle, Wash. Every mail brings a new batch of testimonials for Joy's Vegetable Sarsaparilla.

What the Coquille Valley Can Do. Elder Hollenbeck, of Burton Prairie, was in town Saturday on business and left on exhibit a stalk of corn, of the Yellow Dent variety, having eight well-formed ears, well filled and matured, thereon. Four smaller ears are also plainly visible, but are a malformation. He plucked the stalk from a splendid field of that grain on Leonard Coon's place—the old Fox farm—in the North Fork section. Our friend J. B. Fox makes another exhibit of farm products with us, of an unusual character for so near the coast. It consists of 4 ears of corn, averaging 13 inches long (of which he has a patch), well formed and nearly matured. It is extra fine. Judge J. Henry Schroeder, having noticed in last HERALD the weight of a Golden Tankard beet sent to this office by J. B. Fox, esq., one season's growth from the seed and weighing 12 lbs., concluded to discount it, and so last Saturday he shipped to us per steamer Myrtle a beet of the same variety weighing 21 lbs. It stands 18 inches high and is 2 1/2 inches in circumference the smaller way. The judge throws the responsibility of these figures on the editor, whom he knows is proof against the attacks of partizan critics and dry-goods box statesmen and herces. But the proof of the pudding in this instance is by calling and seeing it.

AND STILL ANOTHER. Yesterday morning W. C. Paxson sent us in a best of his own raising from the seed this season, a Globe Mangel, which measures thus: Height, 12 inches; through from side to side, 12 1/2 inches; circumference each way, 34 1/2 inches and 37 1/2 inches. Weight, 26 1/2 lbs. In fact, we invite all to call and see these fine specimens of fruits, vegetables and cereal products of our own superb Coquille valley, and then they can speak for themselves, intelligently, and not second-hand.

Runaway Accident. On last Thursday as Ed Wilson of Middle creek was unloading apples from his wagon at the dock, the log train came by and his team, a span of fine large greys, became frightened and ran away before Mr. Wilson could get to them. They went flying up past the Masonic hall as far as Mr. Lyons' place, then turned east and ran out by the Methodist church, turning to the right down the first open street into the ravine, where a wheel of the wagon was demolished. The frightened horses were caught as they climbed the opposite hill and no further damage was done. Two boxes of apples were thrown from the wagon as it passed the HERALD office, bursting open and scattering the blushing pippins over rods of street, making grand sport for the small boy. Mr. Wilson gathered up the fragments and drove home, taking the broken wagon with him, and will place it on dry-dock for repairs.

HEART DISEASE, like many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows sorer. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dyessville, Ohio who writes June 19, 1894, as follows: "I had heart disease for 23 years, my heart hurting me almost constantly. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, for three months. I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Dr. Miles' Heart Cure for 10 days and wonderful to tell, in ten days I was working at light work and on March 10 commenced framing a barn, which is heavy work, and I haven't lost a day since. I am 56 years old, 5 ft. 4 1/2 inches and weigh 225 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies." Dyessville, Ohio. SILAS FARLEY.

Dr. Miles' Heart Cure Restores Health. We are glad to observe that our friend Pat Hennessy has been appointed superintendent of the company's work at Newport. Mr. H. is not only exceedingly well qualified, but he is upright, manly, fair-dealing toward those who are subject to his bidding, holding their confidence and winning and retaining that of his employers. The Newport company is acting much more wisely and consistently than some others we know of, and the result will be that popularity and prosperity will reward them. Mrs. Root has some extra furniture for sale, cheap for cash. It is in excess of what she needs, since closing her boarding house.

Stop suffering! Try Dr. Miles' Pain Pills. Look Out For This Space NEXT WEEK! C. L. Gray, The Jeweler, Will Make an Announcement.

Coin's Financial School, by W. H. Harvey, illustrated, 150 pages and 64 illustrations. It simplifies the financial subject so that an ordinary schoolboy can understand it. It is the text book of the masses, absolutely reliable as to facts and figures, and the most interesting and entertaining book on the subject of money published. COIN'S HANDBOOK, by W. H. Harvey, deals with the elementary principles of money and statistics. Shylock, price 25 cents, and The Anarchists of Wealth, price 10 cents, and the HERALD one year, all for \$2.

Coin's Financial School. In reference to the above publications, it is necessary to say but little. Everybody knows what magnificent papers the "Examiner" and "Call" of San Francisco are, as also the Thrice-a-Week New York World and Twice-a-Week Boston Traveller,—each of which are worth the price asked. The Home and Farm is a splendid agricultural and family journal, large 16-page paper, and of itself worth the price of both papers. Womankind is a most attractive and interesting home monthly, heartily welcomed by and instructive to the mothers and daughters; and the Farm News is edited by a staff of experienced agricultural writers, is handsomely printed, and contains what the practical farmer wants. Word and Works is Rev. Irl Hicks' paper of St. Louis. This is a scientific journal and is full of excellent reading matter. The Almanac, given with the paper, contains 100 pages of forecasts and other useful information and is a valuable book. The Road is a large, wide-a-wide Populist paper, published by "middle-of-the-road" Herbert George, of Denver, Col. Of The Silver Knight it is only necessary to say that it is Senator Stewart's fearless paper, and is published in Washington City. Our Nation's Crisis is best advertised by saying that it is owned and edited by Gov. Waite, Colorado's great Populist governor, the War-horse of the Rockies. It is good reading. The Rural Northwest is an Oregon farm journal, and is clean and well managed. It will be worth the price we charge for both papers to any farmer in Coos county.

These Club Rates, of course, imply payment in advance. We can only make these splendid terms where cash is paid in advance.
