A Wonderful Invention—The New Gasoline Flatiron. J. M. Inman is traveling agent for one of the most complete flatirons ever invented. It is as much a necessity in a family as a kitchen stove or a sewing machine. It does away with the old, tedious process of heating irons on a stove. The cost of running the gasoline iron is virtually nothing, and the saving of labor for the women is so great that no family can afford to do without a gasoline iron. This apparatus can be used for many other purposes, and amounts to a small gasoline stove. It can be used for making a cup of tea, warming water or milk, etc. The HERALD has ordered one, and advises its friends to do the same.

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners; believes that heart disease is curable. He writes: "I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the Heart."

It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four years. I finally tried Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into me and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it Three Years of Splendid Health."

I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my sufferings then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction." J. H. WATTS, Humboldt, Neb., May 9, '94.

Dr. Miles' New Heart Cure is sold on a positive guarantee that each bottle will cure. All druggists sell it at \$1.50 a bottle for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

The Home and Farm is a splendid agricultural and family journal, large 16-page paper, and of itself worth the price of both papers. Womankind is a most attractive and entertaining home monthly, heartily welcomed by and instructive to the mothers and daughters; and the Farm News is edited by a staff of experienced agricultural writers, is handsomely printed, and contains what the practical farmer wants. Word and Works is Rev. Iri Hicks' paper of St. Louis. This is a scientific journal and is full of excellent reading matter. The Almanac, given with the paper, contains 100 pages of forecasts and other useful information and is a valuable book.

The Road is a large, wide-a-wide Populist paper, published by "middle-of-the-road" Herbert George, of Denver, Col. Of the Silver Knight it is only necessary to say that it is Senator Stewart's fearless paper, and is published in Washington City. Our Nation's Crisis is best advertised by saying that it is owned and edited by Gov. Waite, Colorado's great Populist governor, the War-horse of the Rockies. It is good reading. The Rural Northwest is an Oregon farm journal, and is clean and well managed. It will be worth the price we charge for both papers to any farmer in Coos county.

These Club Rates, of course, imply payment in advance. We can only make these splendid terms where cash is paid in advance.
