Cigarette Smoking.

Dr. C. A. Clinton, of San Francisco board of education, has made a special study of cigarette smoking among the public school children of that city, and expresses himself in the following unmistakable language: "A good deal has been said about the evils of cigarette smoking, but one-half the truth has never been told. I have watched this thing for a long time, and I say calmly and deliberately that I believe cigarette smoking is as bad a habit as opium smoking. I am talking now of boys, remember. The effect upon grown men is, of course, not so marked. A cigarette fiend will lie and steal, just as a morphine or opium fiend will lie and steal. Cigarette smoking blunts the whole moral nature. It has an appalling effect upon the system. It first stimulates and then stupefies the nerves. It sends boys into consumption. It gives them enlargement of the heart, and it sends them to the insane asylum. I am physician to several boys' schools and I am often called in to prescribe for palpitation of the heart. In nine cases out of ten it is caused by the cigarette habit. Every physician knows the cigarette heart. I have seen bright boys turned into dunces, and straightforward, honest boys made into miserable cowards by cigarette smoking. I am not exaggerating. I am speaking the truth that every physician and nearly every teacher knows."—Phrenological Journal

Temperance and Obstinacy.

The temperance principles of the regiment of Illinois infantry volunteers, known as the "One Hundred and Two Dozen," are well illustrated in an incident related by the regimental chaplain. In the battle of Champion Hills Orderly Sergeant Abraham Newland, company D, was shot in the face and left to die upon the field, but was picked up later and carried to the hospital.

Sergeant Newland's jaws and mouth seemed to be all shot to pieces, and he was in a sinking condition. Seeing this, the surgeon ordered him to have a little brandy, which the dying man, as they thought him to be, refused. The surgeon told him he must take some stimulant or die.

Newland motioned for pencil and paper, and wrote: "If I die, I will die sober."

This obstinacy angered the surgeon for a moment, and he muttered: "Die then." But his kind heart conquered, and he gave the sergeant the best of attention, and saw him recover, with scarcely a trace of the wound. The surgeon remarked afterward: "Sergeant Newland was too obstinate about the brandy; but no doubt his temperance principles saved his life, since a drinking man never could have rallied from such a wound."

Whether or not the world would be vastly benefited by a total and final banishment from it of all intoxicating drinks seems to me not now an open question. Three-fourths of mankind confess the affirmative with their tongues, and I believe all the rest acknowledge it in their hearts. Victory shall be complete when there shall be neither a slave nor a drunkard on the earth.—Abraham Lincoln.

The Christian man who votes for the continuance of the liquor traffic, when arraigned, must enter a plea of "guilty."

The saloon is the destroyer of all that is noble, good and pure.

Who is responsible for the sorrow caused by drink?

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Still another big steamer, the Czarina, is to be put on the route from San Francisco to Coos bay, to carry coal, freight and passengers. She hails from Pensacola, Florida, and is under charter by J. D. Spreckles & Bro's. Let them come.

Our Arago letter and a portion of our "Upper-River" contribution were both delayed last week 24 hours, somewhere and by some cause, hence they did not appear. This is too bad, but we hope for better service when we get down to the real "winter schedule."

A. E. Kilpatrick, of Fillmore, Cal., had the misfortune to have his leg caught between a cart and a stone and badly bruised. Ordinarily he would have been laid up for two or three weeks, but says: "After using one bottle of Chamberlain's Pain Balm I began to feel better, and in three days was entirely well. The peculiar soothing qualities which Chamberlain's Pain Balm possesses I have never noticed in any other liniment. I take pleasure in recommending it." This liniment is also of great value for rheumatism and lame back. For sale by Dr. S. L. Leneve, druggist.

The new schoolhouse in Marshfield is nearing completion. It will be a fine building when done.

A number of our young folks went to Myrtle Point on Christmas day to attend the ball there on that evening. They report having a grand, good time.

G. F. Boutell, our machinist, has received a new invention, a micrometer caliper-square, which is the finest we ever saw. It measures accurately to fractions of thousandths of an inch, and is the first piece of such fine mechanism ever brought to this locality.

Prof. Kanematz took his friends by surprise by coming down from the mines in the mountains, instead of wintering there as it was thought he would. Snow is 18 to 20 inches deep, and it has been very stormy and cold, so he concluded to come down to the valley and enjoy himself.

Geo. Moulton again accepts the agency of the Pacific nursery at Tangent, Oregon, and will canvass Coos county. This is a reliable firm and already known as such to Coos county patrons, while George is also well known and deals fairly with our citizens. If you want fruit trees of any kind, true to name and at fair prices, give George Moulton your order.

The band gave a charming serenade last Friday night to the newly wedded parties—Mr. and Mrs. Oscar Nosler and Mr. and Mrs. Sam Nosler—at their home in the Vowell property. It was delightful music, pleasing to the young people and to all within hearing distance as well. Refreshments were served.

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted so write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent, (Signed)

MRS. A. C. TILLMAN,
Alemeda, Cal.

Headaches, Billiousness and Torpid Liver disappear when you take Joy's Vegetable Sarsaparilla.

An editor who got tired "baching," broke forth in this melancholy strain: "Backward, turn backward, oh, time, in your flight; feed me on gruel again just for tonight; I am so weary of sole-leather steak, petrified doughnuts and vulcanized cake; oysters that sleep in the water bath, insipid and tough as Goliath of Gath; weary of praying for what I can't eat; chewing up rubber and calling it meat. Backward, turn backward, for weary I am—give me a whack at my grandmother's jam; let me drink milk that has never been skimmed; let me eat butter whose hair has been trimmed; let me once more have an old-fashioned pie, and then I'll be willing to curl up and die."

A Wonderful Invention—The New Gasoline Flatiron.

J. M. Inman is traveling agent for one of the most complete flatirons ever invented. It is as much a necessity in a family as a kitchen stove or a sewing machine. It does away with the old, tedious process of heating irons on a stove. The cost of running the gasoline iron is virtually nothing, and the saving of labor for the women is so great that no family can afford to do without a gasoline iron. This aparatus can be used for many other purposes, and amounts to a small gasoline stove. It can be used for making a cup of tea, warming water or milk, etc. The HERALD has ordered one, and advises its friends to do the same.

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Monuments.

The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him.

Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

America a Century Ago.

There was not a public library in the United States.

Almost all the furniture was imported from England.

Every gentleman wore a queue and powdered his hair.

There was only one hat factory, and that made cocked hats.

An old copper mine in Connecticut was used as a prison.

Crockery plates were objected to because they dulled the knives.

A day laborer considered himself well paid with two shillings a day.

Virginia contained a fifth of the whole population of the country.

A gentleman bowing to a lady always scraped his feet on the ground.

Two stage coaches bore all the travel between New York and Boston.

A man who jeered at the preacher or criticized the sermon was fined.

The whipping post and pillory were still standing in New York.

Pork, beef, salt fish, potatoes and hominy were the staple diet all the year round.

Buttons were scarce and expensive and the trousers were fastened with pegs or laces.

A new arrival in a jail was set upon by his fellow-prisoners and robbed of everything he had.

When a man had enough tea he placed his spoon across his cup to indicate that he wanted no more.

Rough on the Lawyer.

An old plasterer is called upon to give evidence for the plaintiff. Counsel for the defendant tries to bully him.

"Your name is John Dobbs?"

"Yes."

"Are you the same John Dobbs that was sentenced to eight days' imprisonment for using bad language?"

"No."

"Are you the same John Dobbs who was sentenced to a couple of years' hard labor for theft?"

"No; that wasn't me either."

"Then you have never been in prison?"

"Yes, twice."

"Ah, and how long the first time?"

"One whole afternoon."

"What—and the second time?"

"Only one hour."

"And, pray, what offense had you committed to deserve so small a punishment?"

"I was sent to prison to whitewash a cell to accommodate a lawyer who had cheated one of his clients."

The National Tribune and the HERALD both one year for only $2.50.

A FRIEND

Speaks through the Boothbay (Me.) *Register*, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

Every Dose Effective

The Masons and Eastern Star had joint public installations last Friday night, members and their families being participants. It was largely attended and passed off delightfully. Refreshments were served later, and a pleasant social time had after the official program.

The steamer "Alert," that used to run on the Coquille river, was taken to Coos bay and widened and otherwise improved, and is now running from Marshfield up the Coos river. She is now a very safe boat.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address,

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

TOBACCO HABIT EASILY CURED.

A FEW Testimonials from persons who have been cured by the use of **Hill's Tablets.**

THE OHIO CHEMICAL CO.:
DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it.
B. M. JAYLORD, Leslie, Mich.

DOBBS FERRY, N. Y.

THE OHIO CHEMICAL CO.:—GENTLEMEN:—Some time ago I sent for $1.00 worth of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I am cured.
Truly yours, MATHEW JOHNSON, P. O. Box 45.
PITTSBURGH, PA.

THE OHIO CHEMICAL CO.:—GENTLEMEN:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor, and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four month before writing you, in order to know the cure was permanent. Yours truly,
MRS. HELEN MORRISON.
CINCINNATI, OHIO.

THE OHIO CHEMICAL CO:—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part. W. L. LOTEGAY.
