We are confidentially informed that one of our sister towns is organized—not in secrecy and for selfishness of a clique—in a general way and for the general good to secure a sash and door factory, fruit and vegetable cannery, match factory, beet-sugar factory, and any other legitimate enterprise, by tender of sites and other assistance. That is the spirit which wins, and the HERALD wishes them the reward of their enterprise.

Some time ago Mr. Simon Goldbaum of San Luis Rey, Cal., was troubled with a lame back and rheumatism. He used Chamberlain's Pain Balm and a prompt cure was effected. What about another new store or two? Can they get a place in which to open up business, or a lot on which to build? Certainly they'll be met with open arms by the board of trade or merchants' association and be placed in good locations, as the general good and prosperity are usually the basis of such organizations.

We regret to learn that the band "dissolved" at its meeting Sunday. There has been some dissatisfaction manifesting itself among the members for some time, but it was hoped good judgment would prevail and breakers be avoided. A reorganization was projected by some of the members the same day on a different basis, so that it is possible we shall still have a band.

An Old Soldier's Recommendation.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea. Since then I have used a great amount of medicine, but when I found that that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my old comrades, who while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Halsey, Oregon. For sale by Dr. S. L. Leneve, druggist.

On last Tuesday another landslide occurred at the Pershaker mill, which effectually covered up the garden spot and came near sending the store building into the river. As it was, no very serious damage was done further than that to the garden. The slide at the place last winter carried one of the best buildings into the river and completely wrecked it.

The residence of Mrs. Jorgenson at Bandon, wife of Capt. Jorgenson of the schooner Ralph J. Long, was burglarized on last Thursday night and quite a number of articles stolen. Mrs. Jorgenson was not at home, and at about 8 o'clock the house was entered by some one who sat down at the table and deliberately ate supper from what it contained, then helped himself to provisions, jewelry, and such other items as he thought might be useful. He has not been caught as yet.

HEART DISEASE, like many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to do for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Elias Farley of Dyeville, Ohio who writes June 19, 1894, as follows: "I had heart disease for 23 years, my heart hurting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Dr. Fannie Jones of Anderson, Ind., I commenced taking Dr. Miles' New Cure for the Heart and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is heavy work, and I haven't lost a day since. I am 56 years old, 6 ft. 4 1/2 inches and weigh 250 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedy."

Dyeville, Ohio. ELIAS FARLEY. Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 60¢ a bottle for 25¢ or it will be sent, prepaid, on receipt for 25¢ by the Dr. Miles Medical Co., Elkhart, Ind.

Sam Brown at Large. Sam Brown, who was under sentence of death at Roseburg for the murder of Alfred Kincaid, at Oakland, in 1894, broke jail on the 30th of December by the sawing off of two bars of one of the iron grates, making an opening 12x14 inches, through which the prisoner crept to his liberty. It is quite certain that he had some assistance from the outside, and he succeeded in making good his exit from the town. He escaped about 8 o'clock in the morning, and his absence was not discovered until between 10 and 11 o'clock, so that he got a good start. Rewards were immediately offered for his capture, and men have been hunting for him ever since, but without success to date. He will no doubt be run down sooner or later, but may not be taken alive.

The Mount Lebanon Shakers have recently perfected an ingenious cure for dyspepsia. Their Digestive Cordial consists of a food already digested and a digester of foods happily combined. The importance of this invention will be appreciated when we realize what a proportion of the community are victims of some form of stomach trouble. Thousands of people, thin people have little inclination to eat, and what they do eat causes them pain and distress. This Digestive Cordial of the Shakers corrects any stomach derangement at once. It makes thin people plump. Everyone will be greatly interested to read the little book which has been placed in the hands of druggists for free distribution.

Proposed Telephone Line. A tangible movement is on foot to build a telephone line from Bandon to Gold Beach. R. D. Hume, of Gold Beach, has offered to lay down the wire and insulators at Gold Beach, Port Orford and Bandon, if other people interested in the line will furnish and set the posts, and string the wire. Col. Rosa has offered to put up two miles of the poles next to Bandon if the people along the line will continue the work. This is a very important enterprise, and those most interested seem to appreciate the fact. The HERALD rejoices in the success of everything that aids in the development of this coast country. Success to this new line.

Creamery Meeting. The regular monthly meeting of the Coquille Dairymen's Union was held on Monday, Dec. 6th, at the little church. Not much business was transacted, as not much work is being done at this season. It was decided to rescind the rule of last year allowing persons who live over one mile from the steamer landings five cents per 100 lbs. for hauling their milk. A number of matters were discussed and laid over to the next meeting. They will meet again on the 1st Monday in February.

We regret to state that little Gene Wickham is seriously ill. C. L. Gray is still doing a "holiday" business. Dr. Avins of Marshfield is visiting in town.

Bobby Burns and the Mayor. On one occasion, arriving at Carlisle on horseback, Bobby Burns is said to have turned his steed out to grass for a while, and the animal strayed on to a meadow belonging to the corporation and got impounded. Although the horse was given up to him, the poet retaliated upon the mayor, whose tenure of office was to expire on the very morrow of the incident, as follows: Was e'er your poet so belittled? The mairster drank—the horse committed; Fair hermines beand! Tak' these mair care; Thou'll be a horse when he's mair mair (mayor). —Dundee News.
