

Hark Dunham returned from Bandon last Thursday.

C. L. Gray, our popular jeweler, made a flying trip to Myrtle Point on last Friday's train.

Miss Ruth Roberts of Bandon passed through town on her way home from Myrtle Point last Wednesday.

Try some of Johnson Bro's boneless breakfast bacon. Only 9 and 10 cents per pound. Don't forget it is cash.

J. A. Lyons started on last Tuesday for San Francisco on a business trip, expecting to return by next steamer.

C. L. Moon, a young attorney of Marshfield returned home from Coquille last Friday. See his card in another column.

We learn that Nelson Smith of this place has bought a ranch from Tom Drane, on Hall's creek, and will occupy at once.

Oregon Kidney Tea is sold on a positive guarantee by N. G. W. Perkins, of Myrtle Point, and Dr. S. L. Leneve, of Coquille City.

Johnson Bro's are selling the very best boneless breakfast bacon at 9 and 10 cents per pound for cash. It is delicious and no mistake.

Some one left a bunch of keys at the writing desk in the post-office on the 28th ult. Postmaster Aiken will be glad to restore them to the owner.

Oregon Kidney Tea is nature's own remedy for kidney troubles. For sale by N. G. W. Perkins, of Myrtle Point, and Dr. S. L. Leneve, of Coquille City.

Mrs. J. B. Pointer, of Green Point, visited with her sister, Mrs. O. A. Wheeler, in Coquille several days last week. She returned home on New Year's day.

Nat Stowers spent a day or two in Coquille last week and gave us a pleasant call. Mr. Stowers is under the weather, and hastened home on that account.

It seems the steam fire-engine is about to be displaced in the cities by the new and better chemical engine. What are we going to do about it? Where are we at?

McEwen & McCain of the HERALD are agents for the C. W. Paterson marbleworks at Marshfield. If you contemplate erecting tablets or monuments, call and see designs and get prices.

The stockholders of the Coos County Mercantile & Shipping Association are called to meet in this place on the 10th inst.—next Friday. There should be a good attendance.

H. A. Guerin, of Eckley, son-in-law of our townsman, Mr. Bigelow, together with his wife, spent a part of the holiday week in Coquille visiting with friends. Mr. Guerin gave the HERALD a call.

Wilson & McGraw, the blacksmiths, make a ring with the steady strike of their hammers. Farmers are preparing for the spring campaign on their farms, and are having their plows put in shape for work.

Our coal prospectors are getting along well now. The pump is doing good work and tunneling progresses in a lively and hopeful way. The vein in the new tunnel widens as the work goes on, and the coal is equal to any yet discovered in this section.

Well, we hear very little about a fire company. There should be an organization, and if possible a chemical engine provided, or at least a hook and ladder truck and accompanying outfit. There was a time, and is yet some places, when and where "the b'boys" were in their glory when running with the "merchone," but a lounging place and billiard table is preferred now.

Nervous Shock.

E. W. Joy COMPANY—Gentlemen: This is the first time I have attempted so to write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman. I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed) Miss A. C. TELMAN, Alameda, Cal.

Headaches, Billiousness and Torpid Liver disappear when you take Joy's Vegetable Sarsaparilla.

Royal Baking Powder ABSOLUTELY PURE

Rev. W. T. Scott and wife came up from Bandon on last Friday and took the train for Marshfield.

J. J. Baker, one of the mail-carriers on the Roseburg and Myrtle Point route, has made his last trip and will not be on the line hereafter, so we hear.

John R. Stillwell, who has been living in Portland for some time, has rented the Bogue farm, on Hall's creek, and moved to it. He was in town last Thursday and called at the HERALD office.

Charley Moon of Marshfield spent a few days in Coquille last week. Charley has become an insurance man and is representing the London, Liverpool & Globe and the North America, in the town of Marshfield.

Mrs. Huddelson, who went to San Francisco recently for medical treatment, underwent a surgical operation at one of the hospitals there, on December 30th, and when heard from was doing nicely, and expects to be well in a short time.

The river reached its highest to date this winter last Thursday, standing banks-full most of the day and falling slightly by night. The current was very swift and brought the steamers or hindered them with proportionate speed or delay.

R. W. Lundy, member of the hardware firm of Huling & Lundy, of Myrtle Point, was in Coquille on last Wednesday. He attended the installation of officers of the G. A. R. post of this place. We acknowledge a pleasant call from him at the HERALD office.

The through mail from Roseburg failed to put in an appearance on last Thursday, so we had to content ourselves with reading over the old exchanges. We know the roads are frightfully bad, but it is distressingly annoying to miss our daily papers and correspondence.

The HERALD is in receipt this week of a quantity of coal from the Barrows mine just east of town. It was brought to be tested, and as far as we have been able to try it we pronounce it fine. If it continues to develop as well as it prospects it will be a fine thing for Coquille City.

Geo. Moulton again accepts the agency of the Pacific nursery at Talent, Oregon, and will canvass Coos county. This is a reliable firm and already known as such to Coos county patrons, while Geo. is also well known and deals fairly with our citizens. If you want fruit trees of any kind, true to name and at fair prices, give George Moulton your order.

Orvil Dodge, one of Myrtle Point's prominent citizens and former editor of the West Oregonian, spent New Year's day in Coquille. He came down to assist in the installation of officers of Gen. Lytle Post, G. A. R., of this place. Of course he was a most welcome visitor at the HERALD office.

Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs, and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has been settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. For sale by Dr. S. L. Leneve, druggist.

W. H. Nosler is adjutant of Gen. Lytle Post, No. 27, G. A. R. Comrade N. will make a good official, for he has no prejudices or spleen to vent, but instead has great respect for any comrade whose patriotism prompted them to enlist, and then whose service won for them an honorable discharge—as provided in the ritual of the order.

Silver Medal Contest at Willowdale.

Dec. 30.—Pursuant to a previous notice, the people of Willowdale and vicinity met at its chapel Friday evening—Dec. 27th—to witness the contest for the silver medal to be awarded by the W. C. T. U.

The exercises of the evening were opened with vocal and instrumental music. We then listened to the recitation of the 13th chapter of 2d Corinthians by George Byers, which would have done honor to a theological graduate. Mr. Stauff of Arago, Mr. Byers of Willowdale and O. A. Kelly of Coquille City were appointed judges. After we had been entertained by the best musical talent of the community, the excitement began when Mrs. Byers announced that contestant No. 1 would deliver to us The Deacon's Sunday-school Sermon. This contestant was Miss Ruth Todd, a tiny bit of a girl who could scarcely reach a man's shoulder with her chubby hands. Her articulation was grand, her memory perfect, and we all envied her parents and begrudged them their prize.

While the judges prepared their tally sheets, the audience was entertained with interesting services. Then contestant No. 2 was called—Miss Eva Hall—who declaimed "The Two Fires." Her delivery was splendid, comparing the great Chicago fire with the great alcoholic curse, or the fire of intemperance. Its lesson was firmly impressed upon the minds of all her hearers. More music followed and then contestant No. 3 dwelt upon the theme, "Two Pictures from Life," which was a grand success. The very soul of the speaker seemed to be addressing us. She carried us to the home of an opulent wine-dealer, with all of its splendor, his children reveling in luxury, to the home of the inebriate, where the poor mother and children were groveling in poverty. Miss Mary Hall, you need not mourn the loss of a silver medal, because you now possess a jewel far more precious. No person could place such force and pathos in a declamation unless they had a heart to back it. Once more music rang forth in the hall while the judges were busy with their pencils. Miss Mollie Caldwell, the 4th contestant, being announced, all eyes followed the young lady as she ascended the rostrum. "The Saloon Arraigned" was announced as her topic. If the saloon, with all of its vices, with its harbor of woes and crimes, was ever arraigned before the judgment of man, it was that Friday eve by that fair maiden. Oh, had God but placed a daughter like Mollie in the family of every rum-dealer there now would exist no need of temperance leagues nor even temperance laws, because no father could resist the entreaties of such a child.

While the judges were busy footing up the standing of the four contestants, Mr. Stauff entertained the audience with his violin, Mrs. Byers playing an accompaniment on the organ. This was followed by a recitation, "Whistling in Heaven," rendered by Miss Rasie Williams, which was fine, of which you may judge, she having previously received a silver medal.

Frank Fish then told us about "Sim's Little Girl," who we certainly should have believed to be his own little girl, had we not known Frank so well.

The judges' decision was as follows: No. 1, 16 4-5; No. 2, 17 1-5; No. 3, 16 2-3; No. 4, 18—20 being perfect. Miss Mollie Caldwell was introduced and received the silver medal. The exercises closed with a few remarks by Rev. Mr. Baldwin. DONA ANNA.

A Wonderful Invention—The New Gasoline Flatiron. J. M. Inman is traveling agent for one of the most complete flatirons ever invented. It is as much a necessity in a family as a kitchen stove or a sewing machine. It does away with the old, tedious process of heating irons on a stove. The cost of running the gasoline iron is virtually nothing, and the saving of labor for the women is so great that no family can afford to do without a gasoline iron. This apparatus can be used for many other purposes, and amounts to a small gasoline stove. It can be used for making a cup of tea, warming water or milk, etc. The HERALD has ordered one, and advises its friends to do the same.

Ed Lasswell, a farmer of the Lee community, on the North Fork, walked down last Thursday, returning Friday. The roads were too bad and the streams too high for driving down.

Col. R. H. Rosa, the Bandon mill man, went to San Francisco last Friday.

The National Tribune and the HERALD both one year for only \$2.50.

The Masquerade

Given on New Year's eve by the band was a howling success. Although the weather was so bad, the attendance was all that could be hoped and the pleasures were complete. Owing to the prompt arrival of the maskers, the grand march was called unusually early. These artistic evolutions were conducted by Hank Reece of Morris Bro's mill and Miss Florence Houghton of Norway, and proved a great attraction.

The maskers were numerous and the character representations very good, some making decided hits and much sport.

The awards of the judges—Mrs. R. E. Buck, Mrs. S. J. Tuttle and City Marshal Johnson—to the best sustained character lady and gentleman, were made to Miss Alice James, who amused the crowd with hand-organ and monkey, who received a handsome manure set; the Gillham Bro's received a handsome shaving set. The judges could not divide the award, and so included the brothers, who represented vagrant street musicians.

Several other characters were well sustained and meritorious, among whom we mention Miss Annie Busch, advertising "Ayer's Hair Vigor"; R. E. Buck and Albert Schroeder, Monks; Will and Aaron Wilson, Chinamen; Hank Benham, R. A. Gohmann, Robert Benham, Bunk Buzan and a young man from Beaver Hill, Clowns; Ella Wickham, Cigarette Girl; Katie Wickham and Phoebe Simmons, Popcorn girls; Lizzie Johnson, Paddler; Miss Winchester morning; Miss Edith Houghton, Night; Miss Ivy Kinnicut, Mother Hubbard; Mrs. Balch, Mrs. Hoberg, Lilly Dean, Irene Leneve, Sadie Harrington played a bevy of little girls perfectly; Jessie Dean, Red Riding-Hood; and a host of other folks were attractive and played well.

At midnight the program changed into the hands of the LADY FLOOR-MANAGERS, for the new year—leap-year—had dawned and was greeted with cheers, greetings and passing of compliments suited to the hour. New life seemed to imbue the throng and the grand march was conducted by R. E. Buck and Mrs. Elsie Price. It was a grand array and the floor was crowded.

The ladies kept the dance going in a lively way; they were not slow in selecting partners and did everything to make the occasion enjoyable to everyone. Strangers were sought for, introduced and made to feel at home. Miss Ray Collier called for the first dance under the auspices of the ladies' committee, and Miss Pearl Baxter and others followed the balance of the night, which continued with successive quadrilles, schottisch or waltz till morning.

The midnight supper was spread by Mrs. Sheppard and was well patronized. The music was furnished by Messrs. Leach, Whetstone and Leach.

Gladys—What are you going to do when you leave college? Tommy—Oh, live on my income, I guess. Gladys—A man as clever as you might do something to prove his cleverness. Tom—Living on my income would prove me to be one of the cleverest financiers of the age.

Maud—Oh, girls, have you heard the news? Ethel Vane is engaged to Mr. Barrell, and she told me he was as rich as a Turk. Omnes—How perfectly lovely! And her brother George has been accepted by Miss Barrell, who has £100,000 in her own right. Omnes—Oh, the mercenary wretches!

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUNTER, of the James Smith

A Singular Case. Persons passing Risser's mill near Bellaire Station, on the Cornwall & Lebanon railroad, Pennsylvania, seldom know that the property owned by Harry Risser is in three different counties. The mill is in Lancaster county, the barn in Dauphin and the house in Lebanon. The fire runs through the house and bake-oven, so at the same baking one loaf is baked in one county and the other in another county, and although Mr. Risser eats in Dauphin county he sleeps in Lancaster county and works in Lancaster county in three different counties.

Another Free Offer. The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women.

Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest. Are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

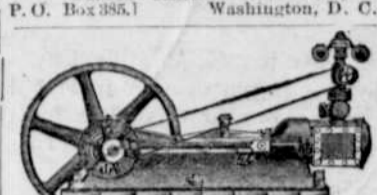

Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their widows, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

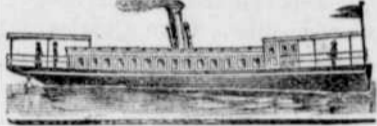

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PENSION CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address, PENSION CLAIMS COMPANY, P. O. Box 383, Washington, D. C.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue.
