Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs, and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has been settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. For sale by Dr. S. L. Leneve, druggist.

The train failed to reach this place last Wednesday, and only got a little this side of Beaver Hill junction, owing to high water, which was about two feet deep on the track for a short distance. Some of the passengers, including County Assessor Hansen, pulled out by the wagon-road for this place, while a number of others returned to the bay.

MARBLE WORKS AT HOME. An Agency in Coquille—A Chance to Buy Tablets or Monuments. The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him. Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

A Wonderful Invention—The New Gasoline Flatiron. J. M. Inman is traveling agent for one of the most complete flatirons ever invented. It is as much a necessity in a family as a kitchen stove or a sewing machine. It does away with the old, tedious process of heating irons on a stove. The cost of running the gasoline iron is virtually nothing, and the saving of labor for the women is so great that no family can afford to do without a gasoline iron. This apparatus can be used for many other purposes, and amounts to a small gasoline stove. It can be used for making a cup of tea, warming water or milk, etc. The HERALD has ordered one, and advises its friends to do the same.

Geo. Moulton again accepts the agency of the Pacific nursery at Tangent, Oregon, and will canvass Coos county. This is a reliable firm and already known as such to Coos county patrons, while George is also well known and deals fairly with our citizens. If you want fruit trees of any kind, try to name and at fair prices, give George Moulton your order.

INFLUENZA, Or La Grippe, though occasionally epidemic, is always more or less prevalent. The best remedy for this complaint is Ayer's Cherry Pectoral. "Last Spring, I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I begun taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete. It is truly a wonderful medicine."—W. H. WILLIAMS, Crook City, S. D. AYER'S Cherry Pectoral Prompt to act, sure to cure

Another Free Offer. The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper; the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq.), late state lecturer of the Ohio Farmer's Alliance, and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper. Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio. Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

G. A. R. NOTICE. We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime. We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of the claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date. If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: PRESS CLAIMS COMPANY, P. O. Box 385, Washington, D. C.

PATENTS FOR INVENTIONS. Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney. With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc. If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter. THE PRESS CLAIMS COMPANY, 618 F STREET, NORTHWEST, WASHINGTON, D. C. P. O. BOX 463. Cut this out and send it with your inquiry.
