A Wonderful Invention—The New Gasoline Flatiron.

J. M. Inman is traveling agent for one of the most complete flatirons ever invented. It is as much a necessity in a family as a kitchen stove or a sewing machine. It does away with the old, tedious process of heating irons on a stove. The cost of running the gasoline iron is virtually nothing, and the saving of labor for the women is so great that no family can afford to do without a gasoline iron. This aparatus can be used for many other purposes, and amounts to a small gasoline stove. It can be used for making a cup of tea, warming water or milk, etc. The HERALD has ordered one, and advises its friends to do the same.

Sudden Death.

John Barker, who resided alone in a small house on the ranch of H. J. Blakslee, on Elk river, was found dead in his cabin on Friday a week ago. He had been suffering a long time from rheumatism and it is supposed that it went to his heart causing sudden death. He was found lying on his bed dressed in his best clothing, and a note was found near him containing an order for the payment of a small sum of money.

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Monuments.

The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him.

Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

A special message was sent by Cleveland to congress in reference to the lynching of some Italians in Colorado. The president recommends appropriations for the families of the parties lynched.

The Kentucky legislature is engaged in a delightful dead-lock over the election of a senator. If these object lessons are not enough to disgust the American people with our present system of electing senators they are hard to disgust.

Gen. Harrison has come out declining the Republican nomination for the presidency. From the fuss the eastern press makes about his rather too previous declination one might think that the country is now in great danger of collapsing. Perhaps it may survive.

The Republican Young Men's clubs of Oregon, composed of such gray-haired youths as J. N. Dolph and many others, were holding a convention in Portland last week. They spent the time in a sort of mutual admiration society, and contemplating the beauties of the last legislature.

From the mass of contradictory reports in regard to Cuban affairs it is impossible to glean the exact facts. But enough is known to make it safe to assert that the patriots are holding their own, while the Spanish at Havana are broken up into factions, and are fighting among themselves. G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address,

Myrtle Point Enterprise: Representative Hermann's bill pensioning the survivors of Indian wars up to and including the year 1856 has been favorably reported to the house. The committee was unanimous in the vote. Mr. Hermann Tuesday made a complete showing as to the history and policy of the old war pensions and demonstrated that the time had now arrived when the service pension to these old men should no longer be delayed. The estimated age of the Oregon and Washington survivors is 67 years. Of the Cayuse Indian war, there survives but 136 and about 60 widows. There are not to exceed 4000 survivors of all the Indian wars of the nation extending to 1856. Under Mr. Hermann's bill there will be included the Rogue River, Yakima, Cayuse and other Indian wars of the Pacific northwest, those of Texas and New Mexico of 1859-1855 and the Sabine disturbances of 1836. In the California and Utah wars there are few survivors to be included in the benefits of the bill.

Scrimpitt—Doctor, this bill of yours is preposterous—ridiculous! Dr. Chargem (blandly)—Well, I don't mind saying that it is absurdly low, myself!

Fogg—My wife couldn't make head nor tail out of that play last night. Bass—Women are not quick in such matters. Their intelligence doesn't seem— Fogg—Well, I don't know about that. Next day she was able to tell me what every woman in the audience had on.

Some time back the play of "Hamlet" was being performed at a provincial theater. In a scene with Polonius, the crafty old courtier asks: "Do you know me, my lord?" The prince responds—"Excellent well; you are a fishmonger." On hearing this an old woman in the pit stood, and shaking her fist, shouted excitedly: "Well, and s'posing he is—that's better than play-actin', anyday!"

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I hurt my finger and it gathered and threw out pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."—T. D. M., Norcatur, Kans.

A woman lawyer has somehow broke into the Pittsburg bar, and now the Allegheny county bar association is in a tempest respecting the means of getting rid of her. It is all a waste of energy, she has come to stay, and the way is to conciliate, not to fight her, if she is lawyer enough to hurt.

Another Free Offer.

The long winter evenings can be very profitably devoted to reading, but there are some things that we must read the year round. One of these is a local paper: the best in the county is before you—the HERALD. Another is a good home paper of general circulation, such as "Womankind," for instance, which comes once a month filled with the best things for a busy housewife. We are able by special arrangements with the publishers, to offer "Womankind" free for a year to every paid-in-advance subscriber to our paper, and are glad to do so, for we are convinced that no home paper in America contains more of practical value to women. Bright stories, clever poems, the latest fashions, news of woman's work everywhere, articles on "Motherhood," "Cultivation of Flowers," a woman's parliament for the discussion of matters of interest, are a few of the bright features of "Womankind."

To the head of the house we offer on the same terms "Farm News," an agricultural paper, edited by a practical farmer (Miller Purvis, esq., late state lecturer of the Ohio Farmer's Alliance), and filled each month with suggestions from able correspondents, that make it an absolute necessity to every wide awake farmer. This paper is yours for the asking, provided you are a subscriber to our paper.

Remember every paid-in-advance subscriber to the HERALD is entitled to his choice in either of these papers. Tell your neighbors about this offer. A sample copy of both papers may be obtained by addressing the Hosterman Publishing Co., Springfield, Ohio.

Come in and pay a year in advance to the HERALD and get one of these attractive papers free.

It is the finest liver medicine on earht, and will cure Womb Troubles, Female Irregularities, all Kidneys and Liver Complaints, and never fails on Deafness. Full directions for using are wrapped around every bottle.

OPINION OF EXPERTS.

On December 13, 1893, Dr. Herman M Biggs, bacterologist of the health board of New York city, informed that body that consumption was caused by a small louse, parasite or germ; that it was contagious and eat up the human lung. On December 14, 1893 (see Health Reports), the health board decided that Dr. Biggs was correct in his diagnosis, and passed a resolution to isolate all persons in the city suffering with consumption. Therefore, it is the bugs, simply the bugs, we have to fight in case of consumption.

SCIENCE THROUGH THE MICROSCOPE

can distinctly see these small germs or microbes eating the live fiber and warm blood drops of man as with the naked eye you see a worm in a rose or a caterpiller eating a green leaf. Therefore, Dr. V. R. Schenck, specialist, says: "The only medicine of nature is that which will destroy the germs of disease.

$1,000 REWARD WILL BE PAID

to you to find a bug worm, bee, spider, wasp, louse, or human parasite, germ or microbe that can live in Swamp Angel Medicine. Drop any consumption remedy or cough medicine on a spider, a bee, or even a fly, ten to one that such an insect will commence to eat of your "great and wonderful medicine." Then let a small portion of Swamp Angel Medicine fall on a board three inches or more from a fly and instantly it commences a series of girations and soon falls over dead, killed by the poisonous gases of Swamp Angel Medicine. Then pour out thirty drops of Swamp Angel Medicine in sugar, swallow it, close your mouth, and you can feel liquid fire and gases coming through every air-cell of your lungs and passing off through the nostrils. Common sense must thus show you that the same gases which are so deadly to the fly must certainly have a similar effect on the "tubercle bacilli," the moth eating parasite on the lungs.

THE FIRST CURE MADE

In December, 1892, I started from Georgia to Florida to die of consumption. The disease had been slowly creeping on me for fifteen years. I was a skeleton, 120 pounds, no digestion, no appetite, no ambition, and no special desire to live. On my way South I become acquainted with an old Doctor. With his help and advice I invented the Swamp Angel Medicine. On March 1, 1894, I had been using this medicine about fourteen months, from 100 to 300 drops a day. On my return to Atlanta, after an absence of less than a year selling this medicine, I stepped up to Mr. Wright, chief of the detective force in Atlanta, and one of the smartest men in Georgia remembering faces, and extended my hand. He said: "Really, I don't remember you; seems like I have seen you somewhere." This is D. W. Marion, the man you saw three straight months every day at 97 Decatur street." "Indeed! indeed! is that so? I never would have known you. How you have changed! You look ten years younger. What on earth have you been doing to yourself?" Taking from 100 to 300 drops of Swamp Angel Medicine every day, was my reply. Mr. Brannan, chief clerk of the city delivery for the Lamar-Rankin Drug Co., who sold me drugs every day for three months, did not know me on my return. I had a room rented on Cherry street, Macon, Ga., during 1892. I met the policeman, Mr. Taylor of that beat a year after I had commenced the use of Swamp Angel Medicine. He said: "Surely you are not the man who was dying of that terrible cough and lung trouble in the rear of Wings printing shop? Why, when I passed your room at midnight, I heard that cough. I said to myself you are not long for this world, and here you show up in the pink of health. What have you been doing to gain so rapidly and look so much younger? My reply was the same old story, 'Swamp Angel Medicine.'" In fact, kind reader, few people who knew me a year ago, a consumptive invalid, can recognize me to-day I weigh 170 pounds, have a good appetite and the powers faculties and passions of a man in the prime of life. Now, let me say to you that if you have lung disease, don't delay if you are not dying. Try this wonderful germ killer!

DEAFNESS CURED

C. G. Tittenden, of Atlanta, Ga., cured of deafness of fifteen years standing Celia Hite and Mary Caswell, both of Atlanta, cured of almost total deafness, after doctoring for years. Many cases cured, can't name them.

RHEUMATISM CURED.

Theodore Fletcher cured with two bottles of medicine; had spent $200. T. J. Gaza cured with the medicine after suffering five years. Mrs. D. Bronvil cured a badly inflamed and swollen arm in one night with Swamp Angel. Ephram Johnson in bed six months with inflammatory rheumatism, cured in three weeks. G. W. Owens suffered since the war with rheumatism; cured completely. W. S. Nealy, rheumatism all over the body and partly paralyzed, cured sound and well with Swamp Angel Medicine in two weeks. The above people live in Atlanta. Mr. Kiker, of Buchanna, Ga., on crutches three months, commenced with Swamp Angel Medicine; in two days threw his crutches away, and in two weeks he was out in the field at work. A late case is reported as follows: "J. M. Jones, J. P. Dodo, Ga., 3-14, 1894, says: My wife has been in bed eight months with rheumatism and one bottle of Swamp Angel Medicine has her nearly well." So it goes in a hundred cases. Can't name them—no space.

SWOLLEN BREASTS, TUMORS, GOITERS, WENS, AND SWELLINGS

are caused by parasites. The milk in a woman's breast will sour and ferment. Then commences the mischief. Kill that trouble every time with Swamp Angel Medicine. Goiters, Tumors, and Wens are developing worms. Kill them every time with Swamp Angel Medicine. Wall Chapman, Sam Jones, (colored) Mollie Dickson, H. Temple, all of Atlanta, all cured of bad cases of tumors, and goiters. Sam Jones, especially, was being choked to death with a large goiter on the neck. In one month was wearing a collar and necktie, same as other people. Swamp Angel Medicine did the work. Could fill fifty cases if had space.

KIDNEY, BLADDER AND LIVER TROUBLES.

Swamp Angel Medicine Acts most effective on the Kidneys. The urine often smells of the medicine, especially when taken in large doses. G. W. McWilliam, president of the Stone Alliance at Stockbridge, Ga., could not stoop and pick up a pin. After using Swamp Angel Medicine he could pick up 130 pounds. It made him a new man; better than he had been in twenty years. James Jackson Atlanta, suffered for years with diabetes; cured with two bottles of Swamp Angel Medicine. Russel Whaley, Atlanta, cured of inflammation of the bladder in one week with Swamp Angel Medicine.

ASTHMA AND CATARRH.

Conceded by the best medical experts to be caused by parasites, germs or microbes; Swamp Angel Medicine never fails to kill the bugs. Mrs. Spinks, living on J. J. Broglin's place, near Lawrenceville, Ga., had been propped up in bed six months with asthma. In a week after commencing the use of Swamp Angel Medicine she was up and doing her own housework. Could give you many remarkable cures of both catarrh and asthma. Swamp Angel Medicine will cure, if you give it a trial.

ERESIPELAS DIARRHEA AND COLIC

are all caused by germs, microbes or parasites. John Daniels, Atlanta, was struck with a baseball bat. A gash in the cheek and three teeth out. Eresipelas set in. Three days after his face was a horrible sight. Saturday night commenced with Swamp Angel Medicine. Monday morning, no symptoms of a swollen face. J. R. Glower, Atlanta, at midnight said: "Oh, I will die before day!" Congestion of the stomach. D. W. Marion pumped five doses or 150 drops into the gentleman in 20 minutes. He was up and walking about in an hour. N. H. Cassin, a large farmer of Fulton county, says: My mule was sick from 3 a m till 6 p m. I then drenched him with two tablespoonfull of Swamp Angel Medicine. In twenty minutes that mule was up eating oats. Miss Ella Glower, says: "Not one of the ten children has had LaGrippe, a cough or cold this winter. At the first symptoms of trouble we give and take Swamp Angel Medicine.

THEIR NAMES ARE MANY.

Margaret Morton, 45 Courtland street down in bed six months with consumption. In less than one week after commencing the use of Swamp Angel Medicine she was walking around and attending night shows. In two weeks she was walking a mile in the hot August sun. J. W. McDonald, West End, Ga., suffered thirty years with throat and lung disease; cured sound and well with Swamp Angel Medicine. Dora Strickland, DeKalb county, down in bed three months with consumption; she was walking about everywhere after commencing the use of Swamp Angel Medicine. Isaac Harper (East Point, Ga., J. H. Thomas J. H. Cooper, Mattie Tomkins, Aleck Haywood all of Atlanta, was cured of lung disease by this remedy.

DYSPEPSIA AND INDIGESTION,

Swamp Angel Medicine is a wonderful tonic, and therefore never fails on Dyspepsia and Indigestion. This trouble is simply fermentation of the stomach. Fermentation is regeneration. See yeast rising and milk souring through microscop. Millions of bugs are visible. So with Dyspepsia, indigestion, and sour belches; the gastric juices have failed to force digestion. One dose of Swamp Angel Medicine puts an immediate stop to all fermentation in the stomach. It kills the bugs. Cures in Atlanta; S. T. Timmons, W. S. Webb, J. H. Ray, O. K. Hornby, W. G. Gibson, and 100 more in Atlanta alone.

The Retail Druggist Say

That there are few bottles returned. Dr. J. C. Cobb & Co., Buchannan, Ga., says: Three hundred bottles of Swamp Angel Medicine sold and guaranteed here; only three complaints; she goes like a daisy and gives perfect satisfaction." Dr. C. D. McDonald, of McDonough, Ga., says: Sold one hundred bottles of Swamp Angel Medicine here, under a guarantee. I have had but one complaint, one bottle returned." Bagwell Brothers, Lawrenceville, Ga., says: Have sold three hundred bottles Swamp Angel Medicine here; it gives universal satisfaction." Brooks & Ivy, Covington, Ga., writes: Have sold over one hundred bottles of Swamp Angel Medicine; guaranteed every bottle and have not had one bottle returned." Cap. Samuel S. Pegg, Atlanta, Ga. says "I traveled with Dr. Marion six months and sold over 5,000 bottles of Swamp Angel Medicine, under a positive guarantee, staying from two to four weeks in each town. I only had two bottles returned during this time.
