Don't waste time, money and health, trying every new medicine you may see advertised in the papers. If the cause of your trouble is in the blood, liver, stomach, or kidneys, take Ayer's Sarsaparilla at once, and be sure of a cure. Take no other.

Dr. F. G. Kelly of Santa Rosa, Cal., an erstwhile citizen of our lower river, is visiting relatives and friends here and honored the HERALD with a visit.

The teachers' examination was held at the academy building last week, the throng being too great for the public school room at this place. There were 43 applicants and it occasioned a busy term.

Prof. F. W. Wright, of Myrtle Point, and Geo. Johnson, of the North Fork, are members of the board of examination and spent most of last week in this city with County Superintendent Barklow in conducting the quarterly examination of teachers.

About the time last Friday's train was pulling out from Marshfield the coach was discovered to be on fire. The flames were spreading near where the stovepipe passes through the roof. The fire was extinguished before the train got under way and so a conflagration was prevented.

Rev. T. L. Jones, presiding elder of the Methodist Episcopal church, who resides near Roseburg, met with a painful accident at that place a short time ago. He slipped and fell on the sidewalk and so injured one of his ankles that he was on crutches at last account.

In a recent editorial the Salem, Oregon, Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory result. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by Dr. S. L. Leneve, druggist.

Hosts of people go to work in the wrong way to cure a SPRAIN, when St. Jacobs Oil would cure it in the right way, right off.

Miss Phoebe Lamb, of Fishtrap, spent several days visiting relatives and friends in town last week.

Fay Hervey, of the North Fork, spent a day or two in town with his aunt, Mrs. Mehl, this week.

Ed Gallier, city marshal of Bandon, spent last Friday and Saturday in town visiting old friends. Ed is always a welcome visitor in Coquille.

There is no claim made for Ayer's Sarsaparilla which cannot be endorsed by scores of testimonials. This fact plainly proves that the blood is the source of most disorders and that Ayer's Sarsaparilla is the best of blood-purifiers. Try it this month.

Miss Ora Gillham departed yesterday on a visit to her old home in Illinois, to be absent some time. A host of relatives and friends were present to bid adieu, and wish her a safe and speedy return.

"EVERY WOMAN'S FRIEND" Gives color to the cheek, sparkle to the eye and brightness to the mind. POSITIVE CURE for female troubles. Address: MISS L. VERNON, Business Manager, Stockton, California.

Miss I. A. Lusk, who was here attending the teachers' examination, was so sick that she was compelled to give up the examination, and went home Friday. Miss Lusk resides on North Fork, near Myrtle Point.

Notice to Fruit-Growers. O. A. KELLY AND E. M. CANTERBURY are prepared to do grafting of fruit and ornamental trees. Long experience enables us to do the very best work at the lowest possible rates. We guarantee our work. Any person wishing grafting will do well to address O. A. KELLY, Riverton, or E. M. CANTERBURY, Bandon.

W. L. Hayter, of Arago, father of Mrs. Knowlton, spent a few days in Coquille last week visiting with his daughter. Mr. Hayter is an old Polk county acquaintance of one of the editors of this paper, and is an esteemed friend. We were pleased to greet him once more, and hope he may be spared many years yet to his family and friends.

G. W. Wimer, jr., of Arago, came down yesterday to attend to some business matters. Mr. W. uses crutches, as he is just recovering from a broken leg and bruises received in Clinton's logging camp some weeks since. Mr. W. requests us to return thanks to the "Happy Camp" boys, and neighbors and friends, for many acts of kindness during his confinement. They seemed ever ready to minister to his comfort and cheer his lonely hours.

Russell Panter, a prominent citizen of Riverton, was up Sunday. Mr. Panter denies, emphatically, the statement of a correspondent in one of the county papers, that the holdings of property-owners there do not exceed 80 acres each. The fact is that nearly all exceed that amount. The coal property he has leased to the Bandon Block Coal Co. is over 200 acres, and he has another tract of 160 acres which is offered for sale by the HERALD Land Company.

On last Tuesday Wm. Rich was cited by City Marshal Johnson to appear before the recorder for violating a city ordinance by stepping on Monday's train while it was yet moving. Mr. Rich claimed that he was not aware of the existence of such an ordinance. But he was compelled to appear before Recorder Myers and his fine was assessed at \$5, which he paid. This will be a good reminder to others not to attempt to board a train while in motion within the corporation.

The following-named persons passed at the teachers' examination last week and will receive certificates to the several grades to which they aspired: Sadies Harrington, Mrs. Landrith, Mary Quack, Fannie Endicott, Louis Strong, Jennie Endicott, James Watson, Bertha Endicott, Belle Doak, W. E. Hastings, S. E. Johnson, Bertha Roberts, Lulu Walker, Birdie Walker, Edyth Howell, Isabel Lamont, Telitta Culbertson, Rose Long, J. B. Inman, Nina McGaffey, Chas. Hill, Ralph Edmunds, Noyia Little, Chas. Guerin, Edith King, Kate Braden, Cecil Carter, Bertha Prey, Alice Powell, Belle Rich.

The Riverton Coal Mines. The field reporter of the HERALD had the pleasure last Saturday of visiting the new coal prospects now being opened at Riverton. There are four or five hundred acres back of town known to be underlain with two or three veins of coal. The Timon mine is in about 200 feet, and is cut the whole length through a 3 foot strata of beautiful, clean coal. It is an easy mine to work, and is a very valuable prospect. The Bandon Block Coal Company's mine is in 150 feet and is cutting through a beautiful vein of coal 4 feet in thickness. It appears to be the same strata in which Mr. Timon is working, and is about the same quality of coal as his. This prospect is also in fine shape to be easily worked, and cannot fail to develop into a paying mine.

Messrs. Foster and Peterson are opening a prospect on a vein that appears to be higher up than the other. They also have a fine prospect, and are preparing to open their mine for extensive work. The quality of the coal obtained from these Riverton veins is superior to the Newport coal, and in fact better than any of the Coos bay coal. The Riverton coal mines promise to add materially to the business and commerce of the Coquille valley.

"Going into a decline." How often do we hear this expression. What does it mean? It means that people are losing flesh, growing thin, wasting.

The way to correct this condition is to improve digestion. The condition arises from an inability to eat and digest food. In fact food does more harm than good because it ferments and putrefies in the stomach, developing poisonous substances which when absorbed cause various disorders.

What is required is that the stomach be made to perform its duties. The Shaker Digestive Cordial is a food already digested and a digester of foods as well. It will make the stomach healthy. Get a book from the druggist and read about it.

A California chemist has robbed Castor Oil of its bad taste. LAXOL is its name.

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners, believes that heart disease is curable. He writes: "I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was incurable. It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pea can describe my sufferings, particularly during the last months of those four weary years. I finally tried Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into me and prior to my taking it I had not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it, three years of splendid health. I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my sufferings then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction." J. H. Watts, Humboldt, Neb., May 9, '94.

The C. C. Funk, a barkentine, built on Coos bay, and owned in part at Marshfield, arrived in San Francisco in a disabled condition on the 6th inst. The Funk was on her way to Honolulu, coal laden, and was caught in a three days' gale, which ended up in a hurricane which so disabled the vessel, as to compel her to return. She had a close call.

Thousands of soldiers drawing from \$2 to \$10 per month under the old law are entitled to higher rates under new law, not only on account of disabilities for which now pensioned, but also for others, whether due to service or not. Soldiers and sailors disabled in line of duty in regular army or navy since the war are also entitled, whether discharged for disability or not. MEXICAN WAR SOLDIERS and their widows also entitled, if 62 years of age or disabled or dependent.
