Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted to write for three years. Have been to nervous and weak that I have laid in bed most of the time. A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman. I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed) Mrs. A. C. TILLMAN, Alameda, Cal.

Riverton as Others See It.

Riverton, May 1, 1896. Ed. HERALD: Will you allow me space in your valuable paper to speak a few words in answer to Dona Ana.

I wish to state true facts in regard to that Riverton school meeting; also to speak in behalf of the majority of the good people of Riverton school district.

Yes, the people of Riverton district did turn out in fine style, and when the meeting was called to order the first business on docket was to locate a site for a schoolhouse, and to levy a tax or bond the district to build a schoolhouse.

It was found to be a fact that the majority of the people wished to have the schoolhouse site located as near the middle of the district as possible, to be convenient to all scholars, but a few wanted it convenient for themselves alone, consequently there was no vote taken on the site. The majority of the people did not propose to be taxed to build a schoolhouse until they knew where it would be built.

I indeed we best go east. Do you think, dear Dona Ana, that it would really be any great benefit to us? Why, Dona, we have had some eastern teachers here in Riverton for 8 long years and some of the children have been through their first readers and don't know one letter in the alphabet, and some of the senior classes begin at the left to work their examples!

So now, dear Dona Ana, people that live in glass houses should never throw stones.

ANA DORE II.

On the Death of J. H. Minard.

Dora, April 29.—On April 24th at 4 o'clock and 10 minutes the spirit of our old friend and neighbor took its flight—J. H. Minard has left us never to return. To say we miss him is not saying enough, and will miss him in days to come, for there is no one to fill his place. He was ever ready to help those in trouble, and we can look back over past years and recall many a good deed he has done his fellow-man. He has served the people as justice for three terms and had the nomination for another canvass. His age was 39 years—just in the prime of life. Little did any of us think he would step off the stage of action, but such is life; we know not when the hand of Death may pass over us.

Services were conducted by Rev. John Bonewitz at the residence of the deceased. Quite a large crowd assembled to pay the last sad rites and respect to the departed. Deceased leaves a wife and six children—four boys and two girls—to mourn his loss, which will be great to them.

Coal Miners for Beaver Hill.

The Portland Telegram of April 28th, says: "R. A. Graham, president of the Beaver Hill Coal Co., near Marshfield, is in the city. Mr. Graham came up a few days ago to purchase supplies for the coal company, and also to attend to the reception here of a gang of 51 Pennsylvania miners who have gone to work for this company. The miners are from Shamokin, Pa. They were brought through by the Great Northern railway as far as Spokane, where they took the O. R. & N. From here they took a steamer for the coast. Mr. Graham reports mining operations very active."

Commits Crime to Get Shelter.

Albert S. Hall, old, old, old, work, penniless, starving, without shelter, asked for a night's lodging at the One Hundred and Twenty-fifth street station-house, New York. It was refused.

Hall promptly broke into a show-case, stole a pair of slippers and surrendered himself. Rather jail than starvation.

"Have you not some friend who will help you to get on your feet again?" Magistrate Plummer asked Hall in the Harlem police court. "I cannot understand why a man of your intelligence, good appearance and, as I am informed, good manners, cannot get employment."

"You would understand if you had tramped the streets of this city without shelter or food as I have," answered the unfortunate bitterly. "I have sought work day and night. Now my last cent is gone."

He went to the workhouse.—N. Y. World.

VAGRANT FROM HIGH LIFE.

J. Clayton Temple, son of ex-Gov. Temple, of Delaware, was arrested in New York on April 11th for "going from door to door and asking for work." He had good letters of recommendation. Magistrate Brann discharged him with the remark that "It is most unfortunate that a man who is seeking honest employment and who bears with him credentials of the highest character should be arrested as a vagrant."

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Monuments. The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him.

Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

Every April shower in the east this year seems to have been a blizzard. The best thing congress can do with the debts of the Pacific roads is to do nothing and let the law take its course.

Elmer Brizzee took the train last Friday for San Francisco, via the bay, thence to Cripple Creek, Colorado. He will try his hand and take his chances with the throngs that have centered there. The HERALD wishes him prosperity.

S. Samson of Redding, Shasta county, Cal., came to this place last Thursday. Although a skilled wood-worker, the outlook for a sash and door factory or other industry on that line being in the background, he is looking for a ranch for present employment. He has made a trip to the North Fork.

Exchange: The local newspaper is in no sense a child of charity; it earns twice over every dollar it receives, and is second to no enterprise in contributing to the upbuilding of a town or a community. Its patrons reap far more benefits from its columns than do the publishers, and in calling for the support of the people of the community in which it is published, it asks no more than in all fairness belongs to it, though it generally receives much less.

IS YOUR NERVE GONE?

Dr. Charcot's Kola Nerve Tablets Will Restore Nerves, Brain, Blood and Muscles to Health and Vigor. The Kola nut has been used for centuries by Africans as a restorer of the tissues and a preventer of fatigue.

Dr. Charcot, the eminent authority on nervous diseases, prepared a prescription from Kola which he vouched for as a true specific in all nervous diseases and a sure invigorator for the blood.

Dr. Charcot's Kola Nerve Tablets are prepared upon the above mentioned prescription, and are especially imported from western Africa. Kola is not a cure-all. It is a food for nerves, brain and muscles and a tonic for the blood.

Kola Nerve Tablets are absolutely certain and speedy in their effects. They cure all nervous diseases, prevent fatigue, falling vigor, give tone to the whole system. Kola Nerve Tablets cure sleeplessness and the nervous troubles from which sleeplessness comes. They are specific in cases of nervous dyspepsia.

The druggists say the demand for the Kola Nerve Tablets is astonishing. Kola is what the debilitated want. Thousands of packages have been sold. Good effects were felt on the first trial. Hundreds of letters say: "One package of the Tablets, costing \$1, has done for me what physicians, who cost me \$100, failed to do."

We absolutely guarantee that no harmful or secondary effects are felt from the use of the Tablets. Can you, in justice to yourself, refuse to pay 2 cents a day for sure relief from neuralgia, rheumatism, nervousness, nervousness, nervousness, nervousness, nervousness, loss of vigor, melancholia, and all the evils resulting from a nervous condition? Ask yourself the question with all seriousness.

Dr. A. C. Sherwin is one of the best physicians in the world. He writes: "Hotel Pelham, Boston, Dec. 6th, 1895. Gentlemen: I am prescribing Dr. Charcot's Kola Nerve Tablets for Nervousness, Insomnia, Dyspepsia and Neuritis, with excellent results. I have no hesitation in stating that they are infallible in all forms of nervous diseases. Their invigorating properties are wonderful."

Yours truly, A. C. SHERWIN, M. D. Editor of "The Man Without a Country," in an editorial in the Boston Commonwealth, and later in a personal letter, wrote: "I am assured by a careful inquiry among leading physicians and personal friends that Dr. Charcot's Kola Nerve Tablets are invaluable in all forms of nervous diseases."

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PENSION CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: "PENSION CLAIMS COMPANY," P. O. "For Years,"

Says CARROLL E. STOKWELL, of Chesterfield, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

AYER'S PILLS Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Every Dose Effective

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when only 13 symptoms of disease showed themselves.

When the scientific man of the world, and all the health boards of the large cities informed the public that consumption, and the most malignant and fatal diseases, were caused and produced by living bugs, germs or microbes, I then determined to find a germ or microbe killer in the entire lot of medicines. I then commenced experiment with naphthol, and produced a medicine similar in effects to Hydro-naphthol. While my medicine was very strong, yet, I could drink it like water. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine dissolves into gas, air, and can be inhaled directly into the lungs, thereby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
