If asked the question "Have you got a stomach?" it would be safe on general principles, to answer, "Yes." But, if you are sure of it; that is, if you feel any distress after eating or any pains of description in the region of the stomach, you have got something more than an ordinary stomach; in other words, you have got a diseased stomach. The stomach is a powerful muscle, and the proper remedy for a tired muscle is rest. Try the Shaker Digestive Cordial, for this product not only contains digested food, which will nourish the system without any work on the part of the diseased organs, but it aids the digestion of other foods as well. You can test its value in your case for the trifling sum of 10 cents. Sample bottles at this price are carried by all druggists.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

Hosts of people go to work in the wrong way to cure a SPRAIN. when St. Jacobs Oil would cure it in the right way, right off.

Marshfield County Seat Meeting.

Last Wednesday evening a county seat meeting was held in Marshfield at which quite a number of citizens were present. As near as we could learn very little enthusiasm was manifested at the meeting. After hard drumming to get some one to speak, Mr. Minott took the floor and among other absurd things stated that Marshfield was the geographical center of the county, because it was a deep-water shipping point and the terminus of the railroad. That Bandon was no seaport, and that there was no water on the Bandon bar. That Coquille City had nothing to recommend it for the county seat; that it was an old small-pox town, etc. Beyond this touching speech of Minott's, nothing was done except to vote to keep Marshfield in the race for the county seat.

It seems strange that our Marshfield neighbors have not yet learned that they cannot win votes from the Coquille side by disparaging our river and its entrance, and by ridiculing our towns. We can rejoice at the prosperity of Marshfield, why cannot her people be as liberal toward us?

County Seat Meeting.

The last issue of the Bandon Recorder says: At a meeting of the citizens of Marshfield, held at that place last Wednesday evening, it was unanimously agreed that they should stand in and make a fight for the removal of the county seat to that place, and a committee of 12 were appointed to take charge of the work and look after Marshfield's interests.

We have made a fair fight to save Coos county taxpayers from the expense of new courthouses and jail which becomes a necessity upon the relocation of the county seat but it seems that local interest is a heavier drawing card than economy.

One of the speakers during the meeting is reported to have been very pronounced in his denunciation of the Coquille bar and things pertaining to the Coquille.

The strong fight that will be made leaves very little grounds for believing that Empire City can come in first or second in the race, and as most of our readers and their interests lie on the Coquille and as it appears that it is not possible to save the cost of moving the county seat, we throw down the gauntlet and will no longer oppose Coquille, for since Marshfield is claiming her superiority over us, while our country and resources warrant us in claiming the grandest future of any part of the county in coal, timber and other products, we may as well push our claims and vote for the Coquille valley.

Riverton Riotings.

The Bandon Block Coal Co. commenced work on their coal bunkers and wharf last week. They have already completed their wharf and will have all the piles driven for the bunkers this week. The company means business. Their work is done in the best possible manner and ere long we will see the vessels loading at their bunkers. May success crown their efforts.

J. S. Kanematz, our next county surveyor, has been busy several days laying out an addition to this town on Joseph Ely's place, just back of the coal company's land. He also surveyed one acre for J. F. Cheney and another acre for Geo. Sell. Now come all ye and purchase lots before they are all sold.

School meeting over taxes carried; 27 for and 15 against taxes. The election of a county site is close at hand and the voters have but few days to consider whether they will have the courthouse in Coquille City, with all its conveniences; in Marshfield at one side of the county, with all its inconveniences of approach and above all, with all the inducements and honors (?) that the Jesse Luse ring have already encircled the would-be courthouse site with; or Empire City. Now remember that our taxes will be no greater if the courthouse is moved to Coquille City than it will be if it remains in Empire City, and not near so heavy as if placed in Marshfield. This alone should induce every honest, sober-minded man to vote for Coquille City as our future county site. But don't forget to vote for Vandenberg, and then you can go home happy in knowing that you have done your duty to yourself, your county and to your fellow-man.

The schooner Del Norte took on a load of coal at Timon & Bean's coal bunkers.

J. H. Timon will go to San Francisco on business this week. F. G. Kelley left for Santa Rosa, Cal., last week.

A brother of John Collins arrived in our town last Saturday. He is lately from Illinois. Dosa Asa.

HELLO, "CITIZEN."

Next Time You Say Something, Speak of What You Do Know.

ARAGO, Or., May 22, 1896. ED. HERALD: The Sun of the 21st inst. has an article signed by "Citizen," from which it appears that some (bad) citizen's venom has been aroused because I made a plain statement of facts in a recent issue of the HERALD relative to county taxes.

"Citizen" is evidently not a fool. His knavery is however manifest in said article. Honest and fair criticism is commendable and no sensible person can object thereto when made for an honest purpose, but when the motive is dishonest and to mislead, and made without a knowledge of the subject or thing criticized, then it deserves the condemnation and contempt of every fair-minded person. He states these cases upon which he requests an explanation:

"Case I." He did not examine the records before stating this case, and I am confident he has never seen the bridge nor considered the environments, nor has the person whom he says will duplicate the job for \$1000. Instead of \$2000 as he states it, the Fairview bridge cost \$1800 in county warrants when they were selling at 80 to 85 cents. Such jobs are generally done cheap on paper, especially during a political campaign, but when it comes to actual performance our experience has taught us that it costs a little more.

Mr. Fox's work speaks for itself. We challenge Citizen to prove by unprejudiced and competent persons that the work he or any other person has done for the county in the last two years could have been done any better or any cheaper.

"Case II." Mr. Stauley has answered this proposition in his letter in last HERALD. I will, however, state that the clerk's office has cost the county less by a considerable amount during the last two years than during any former term under the fee system, and we challenge Citizen to prove to the contrary.

All fees received by the county clerk now go to the county, and said fees are sufficient to pay the clerk and deputy clerks' salaries. Under the fee system it cost the county about \$3500 annually, so that the county now saves that amount.

"Case III." The county court has a contract with the Telephone company for the use of its telephone line at \$11 per month for all messages chargeable to Coos county. It would be as reasonable to expect the officers to pay for the postage-stamps and stationery they use officially as to pay for official messages.

The county court is satisfied that the county has the best of this contract, hence it has been continued. We refer Citizen to Mr. Fred Schetter for further information on this subject, and we challenge him to show that any of the county officers are using the telephone for private purposes at public expense, as may be inferred from his said article.

Empire Cityisms.

Empire City, May 22—Murderer Albrecht again attempted to commit suicide by hanging last Thursday, but was discovered and his attempt failed.

Capt. Eldridge paid our town a visit last week. His many friends were glad to meet him after his protracted absence.

The Hon. Alex. Stauff was passing the cigars around among the boys of this place last week. Alex is an honest man, a good neighbor and a model citizen; but it's no use. He does not represent the principles demanded by the voters of Coos county, and was not pressed to nomination by the leaders in the convention to be elected, but as a "dummy" for the rank and file to waste their votes upon.

We heard many favorable comments upon your excellent issue of last week. It was full of good things.

Marshfield and Empire had a meeting to discuss the county seat question last Wednesday, but they failed to agree. Many unprejudiced persons of both Empire and Marshfield will vote for Coquille. The rest will divide up and vote according to their own individual interests. We believe it will result in Coquille being selected on the first ballot.

A prominent western newspaper recommends flax-seed tea as an excellent remedy for whooping cough. It may be good but it is not to be compared with Chamberlain's Cough Remedy. This preparation will allay the violent fits of coughing and make them less frequent and less severe. It also liquefies the tough mucus, making it easier to expectorate. Complete recovery is much quicker, too, when this remedy is given. There is no danger in giving it to small children, as it is a pleasant syrup and contains nothing injurious. Wool Growers, Attention!

OWING to the fact that all the wool so far received this year has come to us wet and heating, having been shorn and dried in the rainy season without allowing the sun to draw out the oil in the wool, thus giving strength to the fiber, we deem it best to publish the following notice:

And after this date we will pay 8 cents for common, and 9 cents for choice long sound, staple wool delivered here. It must be wet and tied up in fleeces and tagged. Parties shipping to us will please see that the freight is prepaid and their name plainly marked on every sack. We are prepared to pay cash on delivery, subject to the above conditions.

Rumblings from Rural.

My Campaign Ditty.

The time is fast approaching When citizens will meet At different voting places To locate the county seat. So all you honest voters— No matter where you dwell In our beloved Coos county, Vote for the town Coquille. For this, our Coquille City, Is situated near.

The center of the county— This fact is all in clear. The best of the good old To all it must seem plain. The county seat should be there And ever there remain. Let prejudices and malice Be buried out of sight. And vote for Coquille City. The proper county site. Don't suffer your ambition To make you feel too gritty, But by aside your malice, And vote for Coquille City. Then all you county voters, Who read my little ditty, Go early to your precincts And vote for Coquille City.

Our prospectors are still busy engaged digging a ditch in order to bring water on their claims.

The other day while the boys were at work a bear came along their ditch, as if to inspect their work, and the boys put their doxies after him, which speedily put him up a tree, and with their trusty Winchester they promptly put an end to the earthly career of Mr. Braine.

Hoping the county seat will be located at Coquille City, and that true and tried who are in favor of the good old standard of 16 to 1 will be elected to the different offices, I close. Respectfully, R. RAL.

The Foresters'

Gave a pleasant social and greeting to some of its members last Thursday night, at the close of the business meeting. The guests-in-chief were the newly married couples, Mr. and Mrs. B. E. Nosler and Mr. and Mrs. Geo. E. Pike, and included the wives and families of the married members and the sweethearts and prospective brides of others. A short program of musical and literary numbers was given, and then a feast of good things, followed by plays and a generally good social time till a late hour. The quartet rendered by the young married couples and the short speeches by Bird and George should have been heard to be appreciated. They will not be forgotten soon.

The family of Hon. W. H. Nosler arrived from southern California last Saturday, including Misses Mary, Birdie and Minnie, and the boys, Is and Gene. These were accompanied by Messrs. Henry Cowing and Walter N. Morrison, promising young men who may find it convenient to locate here. We congratulate Comrade Nosler on his family reunion at their old home.

Our young friend, Ernst Horst, who has spent several months with us and made many friends here, left yesterday with the Stutz Theatrical Co. on a southern tour.

Comrade J. W. Clark, father of our Mrs. Chas. Elliott, who has been visiting here for several months past, returned to his home at Roseburg last Thursday.

Comrade W. E. McDuffee holds a position at Hotel Coquille and will prove very useful there.

The railroad company has placed poles for a new telegraph line for its own use.

HEART DISEASE, like

many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Droyville, Ohio who writes June 19, 1894, as follows: "I had heart disease for 52 years, my heart hurting me almost continually. The first 13 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Dr. Miles' New Cure for the Heart and wonderful to tell, in ten days I was working at light work and on March 10 commenced framing a barn, which is now completed, and I have not had a day since. I am 58 years old, 5 ft. 4 1/2 inches and weigh 230 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedy."

Droyville, Ohio. SILAS FARLEY.
