LOCAL ITEMS.

Alex Stauff, Republican candidate for representative, was on last Wednesday's train for Marshfield. Several of our townsmen took a run up to Myrtle Point on last Friday's train along with Mr. Tongue.

The Bandon Block Coal Co. began driving piles last Friday for their new dock and bunkers at Riverton.

Robert Walker of Bandon was on our streets last Friday, having come up on the boat to shake hands with Thomas Tongue.

Dr. Tower of Marshfield came over from Marshfield last Friday in company with Mr. Tongue. They both returned the same day.

Hiram Fish, of Fishtrap, was in town last Wednesday. He reports everything very backward in his neighborhood on account of the late rains.

Capt. Reed, of Bandon, accompanied by Capt. Patton, of San Francisco, came over on Monday's train or their way from San Francisco to Bandon.

Oregon Kidney Tea is nature's own remedy for kidney troubles. For sale by N. G. W. Perkins, of Myrtle Point, and Dr. S. L. Leneve, of Coquille City.

Dr. J. P. Easter of Middle Fork was in town last Friday. The doctor is spoiling for a political discussion with some Populist, and has challenged, at this late day, our townsmen W. H. Nosler.

Prof. Lee, who has been canvassing the county for a Chicago firm engaged in enlarging pictures, left a few days ago for Portland. Prof. Lee has been promoted by his firm to a higher and more responsible relation.

Mrs. Wm. Wells, wife of Rev. Wm. Wells, deceased, and daughter Miss Minnie Wells, came up from Bandon last Monday and took Wednesday's train for the bay. From there they will go by steamer to Victoria, B. C., to visit with a daughter of Mrs. Wells, who resides there.

How's This.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO. Proprietors, Toledo, O. We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations made by their firm.

W. Judson, of Camas Valley, visited Coquille City last Saturday a week, for the purpose of interviewing our people in reference to establishing a sash and door factory at this place. A meeting was called on Monday composed of leading business men and the matter thoroughly discussed. No definite conclusion was arrived at, but the consensus of opinion was in converting the shingle mill into a factory with a small plant.

R. A. Graham, manager of our railroad, has left a quantity of sugar-beet seed at the depot in this place, to be distributed free to all who apply for experimental purposes. We publish today, also, "Instructions for Planting Sugar-Beet Seed." Already the Coquille valley is ahead of them all in quantity and quality of its sugar beets, but we should prove it again and the result will be brought before Claus Spreckels, the Sugar King.

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted to write for three years. Have been to nervous and weak that I have laid in bed most of the time. A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman. I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed) Mrs. A. C. TILLMAN, Alameda, Cal.

Hemorrhages, Billiousness and Torpid Liver disappear when you take Joy's Vegetable Sarsaparilla.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder ABSOLUTELY PURE

Persons wishing sugar-beet seed for testing growth can get them by calling on Charley Wickham, at the railroad depot.

Ethan McDuffee, wife and child, came up from Bandon last Thursday and will reside in this section. Fannie McDuffee came a few days before.

Capt. Withers, of Portland, the man who superintended the building of the lighthouse at Bandon, last summer, is on a visit to the bay and river again.

Our townsmen, Comrade Walter Drane, went to Marshfield last Wednesday to pass the medical examination for a pension. Mr. Drane is an old veteran, having served four years during the war, and quite lost his hearing by his service, besides bringing on other infirmities. He is certainly entitled to a pension.

Mr. Charles H. Wetzel, of Sunbury, Pa., was so much pleased with a remedy which cured him of rheumatism that he made affidavit to the fact for publication as follows: "This is to certify that on May 11th I walked into Melick's drugstore on a pair of crutches, bought a bottle of Chamberlain's Pain Balm for inflammatory rheumatism, which had crippled me up. After using three bottles I am completely cured. I can cheerfully recommend it."

Sworn and subscribed to before me on Aug. 10, 1894. Walter Shipman, J. P. Pain Balm is for sale at 25 and 50 cents per bottle by Dr. S. L. Leneve.

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Monuments. The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him.

Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

DON'T STOP TOBACCO

How to Cure Yourself While Using It. The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. It quits suddenly in too severe a shock to the system, as tobacco is an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872 without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew of smoke.

FOR SALE—160 ACRES, CLOSE TO THE RIVER (can get right-of-way across strip to the river). It is bench land, and has coal on it; half the saw timber is cut off, but plenty of fine pile timber remains. Good soil; will make good orchards. For terms, call on or write to W. L. PANTEL, Riverton, Oregon.

TO EXCHANGE—A good young team of horses, with harness and wagon. 2 milk cows, together with 50 ACRES OF LAND near Drain, Douglas county, Oregon, to exchange for land or town property in Coos county. For particulars, call on or write to W. L. PANTEL, Riverton, Oregon.

Dora Doings.

Dora, May 21.—After inspecting the outlook for a fruit crop I must say that the crop in this section of the country will be very near a total failure; the cold rains have done the work, and the big red apples of Coos will not grace the trees in 1896.

Since the rains ceased all hands are trying to put their crops in. If we have a late fall corn may mature, but the last of May seems late to plant corn.

The muddy roads are drying up fast, but O my! how rough, as I find out, running a milk wagon to the Gravel Ford creamery.

Mrs. Montara Minard will administer on the estate of J. H. Minard. The Minard brothers and A. Bright are still rolling the big logs in the East Fork of Coquille river for Capt. Rackleff.

There will be Decoration exercises at the Dora cemetery on the 30th.

Jake Stenler, jr., with two helpers, is doing quite an amount of slashing.

Forty or fifty head of cattle were driven out over the Coos bay road today and another large band will follow in a few days.

The late cold rains have been quite a drawback on the dairy business, as cows decreased in the flow of milk.

Rev. Byrn will preach at Dora the 5th Sunday. Don Rex.

Prof. J. S. Kanematz went to Riverton last Friday to begin the survey of an addition to that town. Joe Elvy is the proprietor of the new addition.

McEwen & McCain of the HERALD are agents for the C. W. Paterson marbleworks at Marshfield. If you contemplate erecting tablets or monuments, call and see designs and get prices.

Jack Fox, of Kerbyville, Or., arrived in our midst last Wednesday, via Drain. He will be with us a month or six weeks, making improvements on his place opposite town. He will then return to Josephine county, where he is engaged in mining.

The Populist rally at Masonic hall last Wednesday evening was quite a success. The program of short speeches, music and recitations was carried out and all present enjoyed themselves. Hon. Thos. Buckman and Mr. Frank Smith, candidates for representative and county clerk, were present and made short talks. They will both be elected.

We read in the Oregonian of May 19th that, "The steamer Moro will take out a cargo of Coquille coal on her next trip from Coos bay." We have often told our readers that the Oregonian did not know but that the Coquille river is a tributary of Coos bay. We would be greatly pleased if the Oregonian would mention, just once, that vessels do pass in and out over the Coquille bar. Let us whisper in the ear of the editor of that great daily that the Moro does not run into Coos bay at all, but simply plies between Coquille and San Francisco.

A Bright Lad.

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk because I was so weak and puny. A sailing friend and I gathered and threw out pieces of paper. If I had myself so as to break the skin, it was easy to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."

AYER'S Sarsaparilla

D.W. MARION, President of the Swamp Angel Medicine Co.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when every symptom of disease showed themselves. When the scientific men of the world, and all the health boards of the large cities informed the public that consumption, and the most malignant and fatal disease, were caused and produced by living bugs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, in chronic affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then commenced to experiment with naphthal, and produced a medicine similar in effects to Elyso-naphthal. While my medicine was very strong, yet, I could drink it like water. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine dissolves into gas, air, and can be inhaled directly into the lungs, thereby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuritis or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
