Orvil Dodge of Myrtle Point made a visit to the bay last week, returning Saturday. He counted the ties from Beaver Hill up to Coquille and was considerably worried by the walk.

"Is this hot enough for you?" is a silly question; but if you meet a man who complains of suffering from the heat, ten to one you will find, in reality, that he does not use Ayer's Sarsaparilla to tone up his system and free his blood from irritating humors.

Prof. Cooper, the blind phenologist, will visit Riverton and Bandon next week, and we commend him as an intelligent, able and instructive lecturer in that science. His lectures are free, he depending on his expenses being met by a collection, and by private examinations and the filling of charts. His stereopticon exhibition of 120 views, for which he asks a fee, concludes his series of lectures and is worth the charge. He will be in Bandon on the 16th.

"Last summer while attending court at Uniontown," says D. B. Patton, a prominent druggist of Fayette City, Pa., "three witnesses were suffering from diarrhoea. I gave each a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy and it gave immediate relief. On the way home one of my neighbors was taken with a severe cramp in the stomach and was suffering with intense pains. I gave him a dose of this remedy and within five minutes the pain had ceased. The remedy is a favorite here. I know of many who are never without it. I always take it with me when going away from home." For sale by Dr. S. L. Leneve.

The G. A. R. boys at Marshfield observed Memorial Day in an appropriate manner and enthusiastically. The post visited the public schools and addressed the children and youth through Dr. Tower as spokesman. The doctor exhibited a "canteen" and a "gudon" that had been saved from the ravages of the battle and the wear and tear of the intervening years, but they were fairly well preserved. The doctor explained their service, and the gudon was bullet-torn and blood-stained. Among other patriotic expressions in his address, the doctor is credited with this: "He who bore this old canteen is with us here today. He may not be clothed in purple and fine linen. But do you know what he is? He is a true American, and I would rather grasp his hand today than to render homage to the czar of all the Russians."

UPPER - RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille, and What is Going on There.

Bennett or Buckman?—that is the question.

An entertainment will be given in Opera hall next Saturday evening as a benefit to the Separate Battalion band. Local talent will be the principal feature.

A very pleasant social was held at the residence of L. A. Roberts last Saturday evening. Mrs. Roberts knows how to entertain her friends. The amusements were of a musical nature.

Orvil Dodge of Myrtle Point has about 10,000 acres of fine timber lands bonded on the South Fork of the Coquille, and he has had some propositions from interested parties recently for the purchase of that very desirable body of timber.

Election storm is nearly over. Some who voted for Empire for the seat of justice say if the vote is taken again they will vote for Coquille City. A Coos river farmer was in town Sunday. He stated that he and his three sons voted for Empire, but if the vote is taken again in November they will vote for Coquille City. He figured that it cost him \$9.25 to attend court at Empire and stay all night, but he can ride to Coquille City, stay all night and return home and only be out \$1.25.

A telegram reached here Sunday morning announcing that Charles Roberts, a son of Billy Roberts, of this place, had been shot by the marshal of Roseburg. It seems that Charles was somewhat demented and imagined that some one was about to kill him and he ran up a ladder. The marshal thought he was a robber and shot him. We are glad to state that the young man is doing well; that the ball had been extracted and he was out of danger. His father started Sunday noon to see about the affair.

The Anderson place, containing 320 acres of land at the mouth of Big creek, is now offered for \$1800. The improvements consist of an orchard, garden lands, meadows and fair buildings. For further particulars, call on Orvil Dodge, at the express office, in Myrtle Point. He has also the celebrated Fox farm on the North Coquille for sale cheap—one of the best rich bottom farms in Coos county.

Flanagan, Marshfield, or Southern Oregon Co., Empire City, agents.

Indigestion is often taken for consumption. The word consumption means wasting away, and dyspeptics often waste away as badly as consumptives.

The reason people waste away is because either they don't get enough to eat, or they don't digest what they do eat.

If the latter is your trouble, take Shaker Digestive Cordial. This will help you to digest your food and stop your loss of flesh.

Shaker Digestive Cordial is made from herbs, barks and the juices of fruit, by the well-known Shakers at Mount Lebanon. It possesses great tonic and digestive powers.

Shaker Digestive Cordial has cured many supposed consumptives (who were really dyspeptics), by simply helping their stomachs to digest their food, thus giving them nourishment and new strength.

Sold by druggists. Trial bottles 10 cents.

Robert L. Wagner's little farm, one mile from Myrtle Point, was sold to a gentleman from New York last week by Orvil Dodge's real estate office.

One or two towns that were candidates for county seat want a new vote. We presume all the defeated candidates for office would like to have a new vote. Like the county seat question, however, they would be snowed under, no doubt.

VISIT ON THE SOUTH FORK. We visited the South Fork valley last week. The farmers were just finishing up their spring work. The soil seemed to be in fine condition, and notwithstanding the lateness of the season there is no doubt but that the Coquille valley will produce its usual large crop of vegetation, and our land will be a land of plenty during the coming season. The fruit prospects are slim. The oldest settler declares that a failure of that delicious crop has never been known here before, and it will seem strange not to see and enjoy the usual big red apples so common to our country in years past. But we will know better how to appreciate that excellent product in years to come.

The old Hermann homestead presented a fine appearance. It has been well farmed and the newly plowed fields and blooming meadows created a beautiful landscape. Some strangers were in our company and their impressions of this western "nick in the woods" amazed them, and they concluded to invest in some of the fertile lands of this prolific region.

Louis Strong, Joseph Ferry, John Berry, the Warner brothers, B. C. Schull, D. McNair and the Whittingtons all have places with many others in that favored section that pleases the home-seekers not only because their places are fertile and elegantly situated, but the owners display greater skill in farming their lands, and a stranger can see that thrift abounds and that as comfortable homes are situated at Coos county as ever established by man.

We found that the roads were fair, though the farmers had not had time to trim them up and fix the bad places. However, that necessary duty will be performed now as the crops are in and the people of that section can be depended upon to see to it that important work, as it will always be noted that thrifty communities have good roads.

They are now talking of entering into an agreement that each farmer will trumpike the road through his place and help each other to gravel all bad places. This would be an excellent idea to take root all over Coos county.

We found that at least twenty farmers were making an experiment with sugar beets, having planted a good-sized patch from which they will each ship a good sample to a factory in California to be tested. If the enterprise shows beads that are suitable it will be a means of inaugurating an industry here that no doubt will be very remunerative.

After being banqueted by T. M. Hermann, our party returned and the Coquille valley was one of the most productive countries they had ever visited.

Frank Poore, of Conledo, made this office a pleasant call last Monday. He is thinking of making a trip east soon for a visit with relatives.

E. P. Mast was down yesterday. He came for medicine for his son Lee, who is threatened with a sick spell.

Daily Health Laws.

Don't eat so rapidly. Sit on a chair and be quiet after eating. Your stomach is not a coal bin.

When you feel uncomfortable after eating you have eaten too much, and you need Joy's Vegetable Sarsaparilla.

If you suffer from rheumatism watch the sheets. Don't get between them; if damp dry them.

Cure your rheumatism with Joy's Vegetable Sarsaparilla. Keep flies out of your house; they are germ carriers.

Wear flannel undergarments. Keep your feet warm; your head cool.

When your blood is thin you feel cold in the least change. When your blood is thin take Joy's Vegetable Sarsaparilla; it will make your blood rich and thick.

Yes, it will do to take Joy's Vegetable Sarsaparilla now. When you get off your bicycle after a long warm run, put on a coat.

If you are going on a trip take Joy's Vegetable Sarsaparilla. Strange food makes strange stomachs. Joy's Vegetable Sarsaparilla reaches the stomach, cleanses the stomach, and renews the stomach.

No appetite? Take Joy's Vegetable Sarsaparilla. Keen appetite. Accept nothing but the genuine when you ask for Joy's Vegetable Sarsaparilla.

That Cannon.

Last Wednesday some of our boys went up to Arago and borrowed an old cast cannon of Capt. Butler, and brought it down to Coquille, fully determined to make a big noise in honor of the new county seat. They planted it on the outskirts of town, near Chas. Collier's place, and about dark loaded it up for a big boom. The first gun fired was for Coquille, and was a bouncer. The second boom was for Marshfield, and went off in regular Fourth-of-July style. The third was intended for Empire City, but the old gun rebelled, and when the fuse touched the powder off she went—that is, she went into about a thousand pieces, more or less, and today lies scattered over some ten acres of ground. Fortunately the boys were not unmindful of such a possible result and kept at a respectable distance when the gun went off. No one was hurt—but the gun, it was fatally injured.

Alex Urquhart was in town last Saturday. He had a sprained ankle and was quite lame.

Prof. Hodgkin, principal of the Bandon high school, went to Marshfield for a few days' visit last Friday.

Wood Growers, Attention! OWING to the fact that all the wood so far received this year has come to us wet and heating, having been shored during the rainy season without allowing the sun to draw out the oil into the wood, thus giving strength to the fiber, we deem it best to publish the following notice: On and after this date we will pay 8 cents for common, and 9 cents for choice long, straight, single wood delivered here. It must be cut and tied up in bales and tagged. Parties shipping to us will please see that the bales are properly tagged with their name plainly marked on every sack.
