THE LABOR EXCHANGE.

Introductory.

We are grateful to the Editors of the Coquille City HERALD for kindly allowing us a column in their paper, gratuitously, to be in the interest of and will be headed "Labor Exchange Column." EDITOR L. E. COLUMN.

The Labor Exchange is a legally incorporated institution, having been granted that power by the circuit court of Pettis county, Missouri, in 1889, in accordance with the statutes of the state.

Objects of the association: First, to provide employment for idle labor; to alleviate the suffering incident to and avert the dangers arising from an ever increasing class of unemployed; to lighten the burdens of charitable institutions by estabishing one self-sustaining, and to establish depots of mutual exchange, operate boarding houses, and also provide for education by maintaining schools and other places of instruction, etc., etc., all without the use of legal-tender money, but simply by the use of the " labor check."

Branches of the L. E. may be organized by from 15 to 25 persons effecting a temporary organization, each paying in one dollar, which constitutes him or her a life-member, and sending it, together with $2.50, for a charter, and $5 for check-book, to headquarters at Independence, Mo., when they receive which they will be ready for business, and may then open a depository where any member may deposit any thing of value and receive a deposit check for the same at its wholesale value. Said check will then circulate among the members the same as money, till redeemed in goods at the depository, when it will be cancelled and destroyed.

The people of this community have now taken steps to organize a branch of the L. E., having the names of some twenty-five who have pledged themselves to join as soon as our blank applications arrive, and as soon as we receive our charter we expect to launch out into various enterprises, such as a soap factory, a tannery, a vegetable and fruit cannery and in fact anything and everything that will employ our idle men and will not take too much ready cash to start with.

The Bee, McMinnville, Or.: Labor Exchange Branch No. 89 has 99 members. They are shipping dried fruits to Idaho Falls, Idaho, and potatoes to San Francisco. They will ship fruit to Aberdeen, S. D.

The Labor Exchange at La Grande, Oregon, has now 120 members, and about 30 more ready to join. A lady has donated 100 books as a nucleus for a library. They intend to start a lumber and brickyard and a starch factory.

Oh, ye farmers, come forward and join the Coquille Labor Exchange, and then go home and produce all the spuds and such-like you can, knowing you can exchange them for the products of others, just what you need.

Behind every Labor Exchange check is value received. Not so with all bank checks. You put your money in bank, and when you go for it you may get it and you may not, showing that a deposit check is better than a check on a bank of the "best financial system the world ever saw."

Coquille Branch L. E. meets tomorrow night. Come out, everybody, ladies as well as men, and help the cause along. Ladies are producers of wealth and we need them in this business. Meeting at the little church. Come, everybody.

The California branches of the L. E. want our products and are willing and anxious to send us in return any of their products—flour, beans, dried fruits, lemons, oranges, raisins, groceries, and all such of the necessaries and comforts of life, for which if we got them under the old system we would have had to pay the ready cash.

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted to write for three years. Have been to nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed)

MRS. A. C. TILLEY, Alemeda Cal.

The Roseburg District Conference

Of the M. E. church, south, concluded its labors in this city with Sunday night's services, June 24th. It was a most happy and pleasant gathering. All of the ministers of the district but two, and many delegates from all parts of the district, were present. We are kindly furnished with the following notes by Rev. Mr. Byrn:

The following ministers were present: Rev. H. S. Shangle, presiding elder, who resides at Oakland, Or.; Rev. Jno. L. Jones, at Roseburg; Rev. W. J. Fenton, of Grants Pass; Rev. J. A. Crutchfield, of Medford; Rev. —— McGhee, of Oakland; Rev. J. F. Wallace, of Myrtle Creek; Rev. R. W. Byrne, of Myrtle Point.

Rev. R. A. Reagan, presiding elder of the Willamette district, was also in attendance.

Questions of vital interest to the work of this church were given due consideration, and peace, harmony and brotherly love marked all the proceedings. During the conference a number of able, eloquent and edifying sermons were preached. Revs. Wallace, Crutchfield, Jones, Byrn, Shangle and Reagan each occupied the pulpit during their stay.

As they go away, they seem to leave their benediction and carry with them a feeling of complacency by reason of their enjoyment of their sojourn in Coquille City. Brother Crutchfield's sermon on The Work of Missions was delivered with such powerful, heartfelt eloquence, that all hearts were moved and new enthsiasm for the cause of missions given.

All of the meetings were delightful, and charming music was furnished by the choir for the several special services.

The meeting of the Women's Parsonage and Home Mission Society, held Thursday night, was especially spirited and edifying. Mrs. Wallace, of Myrtle Creek, presided. An able address of welcome was made by Mrs. Annie Lawrence of this city, to which the chairman, Mrs. Wallace, eloquently responded. Then came the reading of several able papers by the members of the society, Mrs. McGhee and Mrs. Shangle, of Oakland, Mrs. Wallace, of Myrtle Creek, and others. These were interspersed with appropriate music by the choir.

The attendance at the several meetings was good, and the closing meeting, Sunday night, was specially entertaining. Rev. Mr. Reagan, formerly pastor here and now presiding elder of Willamette district, preached, and was greeted by many personal friends. Then the parting scene came, hand-shakings and good-byes.

Most of the ministers and delegates and their families left Monday to spend a few days on the beach at Bandon, before returning home.

DON'T STOP TOBACCO

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872 without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

CURED BY BACO-CURO AND GAINED THIRTY POUNDS.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented:

Clayton, Nevada county, Ark., January 28, 1895.

Eureka Chemical & Man'f'g Co., La Crosse, Wisconsin—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours, respectfully, P. H. MAYBURY,
Pastor C. P. Church, Clayton, Ark.

Sold by all druggists at $1 per box; three boxes (thirty days' treatment), $2.50 and iron-clad, guaranteed cure, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass.

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testmonials free.

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Monuments.

The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him.

Call at the HERALD office and see specimens of marble, photographic views of slabs, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

Some time ago the one-year-old child of Mr. M. E. Lindsley, of Franklin Forks, Pa., had a very severe attack of colic. She suffered great pain. Mr. Lindsley gave her a dose of Chamberlain's Colic, Cholera and Diarrhœa Remedy and in ten minutes her distress was gone. This is the best medicine in the world for children when troubled with colic or diarrhœa. It never fails to effect a prompt cure. When reduced with water and sweetened it is pleasant for them to take. It should be kept in every home, especially during the summer months For sale by Dr. S. L. Leneve.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commissioner of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pension matters, they should write to THE PRESS CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address,

D. W. MARION.
President of the Swamp Angel Medicine Co.
Drawn by [illegible] From Life.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when any symptoms of disease showed themselves.

When the scientific men of the world, and all the health boards of the large cities informed the public that consumption, and the most malignant and fatal diseases, were caused and produced by living bugs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, bronchial affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then commenced to experiment with naphthol, and produced a medicine similar in effects to Hydro-naphthol. While my medicine was very strong, yet, I could drink it like water. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine disolves into gas, air, and can be inhaled directly into the lungs, therby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe nuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
