FOR WOMEN.

Revolution in the Treatment of All Female Diseases.

The eminent and successful electro-magnetic physician, Dr. Darrin, has discovered and perfected a system of treatment that has caused a revolution in the treatment of female diseases. Wherever their treatment is tested and known it has done away with all dosing with nauseous drugs and surgical operations whereby so many precious lives have been lost.

As a discovery, it ranks with Harvey's discovery of the circulation of the blood. It has proven in more than a thousand cases of the worst kind to be a positive cure for the following female diseases: Ovarian tumors, polypos, ulceration and dropsy of the womb, inflammation, congestion, and falling of the womb, leucorrhoea, painful and suppressed menstruation, flooding, frequent urination, bearing down pains, backache, headache, hacking cough, melancholy, absence of ambition or desire to live, or in fact, any complaint having its origin in a disordered state of the generative and accompanying organs, whether from contagious diseases, hereditary, accident, light tacing, miscarriage or other causes.

His method of treatment is harmless, pleasant and mild. It is applied directly to the womb without the use of instruments; can be applied by the patients themselves, thus securing correct local treatment at home, and its application is easy and simple. Its curative action on the inflamed, congested and ulcerated parts is immediate.

Dr. Darrin refrains from making public the names of hundreds of ladies who have been restored to health, with due deference to the delicacy of their afflictions. Dr. Darrin can be consulted free at the Bianco hotel, Marshfield, July 8th to July 25th. Hours 10 a. m. to 5 p. m., and 7 to 8 in the evening.

The United Brethren

The facilities for camping are good, and all are cordially invited to come and attend the meeting, which will probably last about 10 days. Ministers and Christian workers of all denominations are especially invited to come, and with us make one united effort to save the lost and bring souls to Christ.

Lucy M. BRETTSCHEIN, Pastor.

Prof. Barklow, county superintendent, has arranged to hold the annual teachers' institute in this city, beginning Tuesday, August 25th, and continuing four days. Now let us prepare to welcome a host of attendants from all parts of this and adjoining counties, as also able instructors and lecturers from abroad.

F. S. Perkins, of Portland, was in town and "bottled" for a brief time last Saturday owing to the railroad offering no facilities for reaching the bay, though two trains had come and gone that day. Mr. P. represented Bradstreet's great commercial publishing house and is on a rating tour.

The annual teachers' institute of this county will be held in Coquille City August 25th, 26th, 27th and 28th, 1896. Prof. D. V. S. Reist of Eugene and Prof. R. L. Campbell, of Monmouth, two able institute instructors, are expected to be present.

The Coquille academy takes a step forward and now becomes the "Coquille Collegiate Institute," with all the advantages of the best grades of instruction by a corps of qualified and experienced teachers.

A POPULAR BUSINESS HOUSE.

N. Lorenz's Large Dry Goods, Clothing and Grocery Store.

In this concluding article in reference to the mercantile enterprise of Mr. N. Lorenz, we wish to speak more particularly of his Bandon branch business. The branch store occupies a prominent corner on Front street in the enterprising town of Bandon-by-the-sea. It is under the management of C. A. Craddock, who holds a prominent place, socially and otherwise, among the people of that lively little business community. This store is stocked very much the same as the one in Coquille, with the exception that a larger stock of groceries are carried at Bandon and not quite so complete a stock of dry goods—or perhaps we should say not so heavy a supply of dry goods in proportion to the groceries. It is true that, in this store as in the one in Coquille City, you can purchase almost any item in the dry goods line you may wish. Men's wear of all kinds are kept by Mr. Craddock in Bandon. The clothing department is adapted to the coast trade. The best quality of workmen's clothing to be found anywhere is kept by Mr. Craddock. Also a good line of boots and shoes for men or boys forms a part of the stock. Men's neckwear, collars, ties and cravats are kept here, also men's shirts of all kinds and qualities; men's underwear—cotton, woolen, heavy and light, for summer or winter—is in stock; men's and boy's hats and caps in latest styles, and as cheap as they can be sold by any merchant in Coos county. Rubber goods and oil-cloth clothing, coats, hats and pants, rubber boots of different kinds and rubber overshoes for men, women and boys. Ladies' wear of every kind, such as a great variety of dress goods, especially adapted to the coast climate; underwears and corsets, all grades of shoes and slippers, toilet articles, ribbons, laces and embroideries and veiling. These, and many articles too numerous to mention, the ladies may find in Lorenz's Bandon store.

In the brief history of this mercantile establishment which we have written, we have tried to give a fair, honest representation of its progress and growth. As we have before stated we love to see men prosper who do so by honest and frugal methods. We have no hesitancy in recommending the readers of the HERALD to buy goods from one or the other of these stores. You will find the prices as reasonable as at any other business place in the country for the same grade of goods. Mr. Lorenz is not bidding for the patronage of those who expect to get goods for half price and then never pay their bills, but at honest people, who buy in good faith and who want a good grade of goods, will find it to their advantage to call at Lorenz's before purchasing at other places. You will be well-treated whether you buy or not. In what we have here written we do not disparage other businessmen or establishments, but simply call the attention of our patrons to the advantages of this one.

"I have never had a day's sickness in my life," said a middle-aged man the other day.

"What a comfort it would be, sighs some poor invalid, 'to be in his place for a year or two.' Yet half of the invalids we see might be just as healthy as he, if they would only take proper care of themselves, eat proper food—and digest it.

It's so strange that such simple things are overlooked by those who want health.

Food makes health.

It makes strength—and strength wards off sickness. The man who had never been sick was strong because he always digested his food and you could become the same by helping your stomach to work as well as his. Shaker Digestive Cordial will help your stomach and will make you strong and healthy by making the food you eat make you fat.

Druggists sell it. Trial bottle 10 cents.

NO. 206.—23 acres; 14 acres bottom land, all cleared and in cultivation and good fences; good box house with 3 rooms; a box barn 10x44 feet, and one barn 20x40 feet, one hen-house. Bench covered with good saw timber; 2 1/2 miles from Coquille City. Plenty of water, good roads.

The country people are earnestly urged to attend the organization of a Labor Exchange in this city next Saturday, at 1 p. m., at the little church.

From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nervous, as LaGrippe.

Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1892 and '93 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker."

When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew my condition. I have been in excellent health since and have recommended your remedies to many of my friends."

The St. Louis platform has struck dismay to the rank and file of the Republican party all over the land, including the battle-scattered in Coos county, and, as in other political disturbances, mixes the bed-fellows. Marshfield sends T. S. Minott, A. J. Jackson, J. W. Riggs and J. F. Hull as delegates to the Bimetallic Union state convention being held at this date in McMinnville.

Miss Lucy Breitenbacher, pastor in the Lucey Brethren denomination on the upper river, visited Coquille City last week, the guest for two or three days of Mrs. Geo. Martin, a relative. The HERALD was honored by a call from this bright, intelligent and excellent Christian lady. She is a native daughter of Oregon and has lived in Coos county since her early childhood.

The Coast Mail editor, in an item about James Ballou and brother, who are about to begin mining in the river-bed on the latter's ranch on the upper Coquille, makes this break: "James Ballou, of Camas valley, and his brother will damn the Coquille," etc. It is not so, sir; they will not trespass on your prerogative, but will bless the Coquille rather, and receive from it some of the yellow treasure that awaits their effort.
