

THE LABOR EXCHANGE.

So many people cannot see the benefit of the Labor Exchange because a person cannot get rich right away without working. If we could show them how they could easily swindle other people and pile up a fortune for themselves, it would take better. To provide themselves with the necessities of life and save themselves from being swindled by the speculating monopolies does not seem to be enough for the average toilers who have worked hard all their lives and have received but a small per cent for their productions.

Some people say we can't do business without money. Yet it is a fact that nearly all the millions of business done in the so-called civilized countries is done by checks, notes, drafts and clearing house certificates. About the only place that money is actually used in making trades is in the retail business. This Labor Exchange will do more honestly than money.

The Labor Exchange at this place already has the offer of two different lots under advisement, and one more in contemplation, all of which are good business locations, and they have the offer also of enough land at a very reasonable rate inside the corporation on which to build all the factories, such as canneries, tanneries, sash and door plant, and any kind of enterprises they may need. Why not put a depository on one lot and say an hotel on another, and so on as fast as they are able? There seems to be an idea extant that this is a mercantile association, when in fact that is one of the least features, as it is mainly by production or manufacture that it can accomplish any lasting good and be a benefit to the working class. We are now permanently organized and have a board of directors in whose hands the business of the concerns are to be placed, and who have the power to appoint a manager for any enterprise that may start. It is now in order for any member to project and propose any scheme or method by which we may be benefited and bring the same before any regular meeting of the branch or board. The regular meetings of the branch occur quarterly, commencing the first Monday in January, and the board meetings are every third Saturday night of each month.

MARBLE WORKS AT HOME.

An Agency in Coquille—A Chance to Buy Tablets or Memorials. The publishers of the HERALD have accepted an agency for the Coos Bay Marble Works of C. W. Paterson at Marshfield. Mr. Paterson is one of the finest mechanics in his line on the Pacific coast, and guarantees all his work to give satisfaction. His prices are lower than those of the Willamette valley shops for the same class of work, and yet agents for foreign marble workers are in the habit of running through this country and taking orders for their work, thus taking the money out of the county that ought to be retained here for such goods. Patronize home institutions, and men who work and live here and are responsible for their contracts. The HERALD management joins Mr. Paterson in guaranteeing every job done by him to be satisfactory and in accordance with designs. Mr. Paterson is also a gentleman to deal with, as the HERALD can testify from former business relations with him. Call at the HERALD office and see specimens of marble, photographs of views of alms, monuments, etc. We will also have on exhibition at our office samples of Mr. Paterson's work in the near future. In the meantime persons wishing work in this line will do well to call at the HERALD office and consult with us.

It is not unusual for druggists to recommend Chamberlain's Cough Remedy to their customers. Many of them have used it themselves, or in their families and know from personal experience its great value in the treatment of coughs, colds and croup. They know too that their customers are their best friends and naturally wish to give them the most reliable medicine they have for those ailments. Messrs. Daugherty Bros., prominent druggists of Indiana, Pa., say, "We sell more of Chamberlain's Cough Remedy than of any other cough syrup, and always take pleasure in recommending it to our customers." Mr. H. M. Urey, the popular druggist at Fredonia, Pa., who has sold Chamberlain's Cough Remedy for several years, says: "I can truly say that it is the best cough medicine in the market." There is more catarrh in this section of the country than all other diseases and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under this new regime. We would advise, however, that U. S. soldiers, sailors, and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is seldom retroactive. Therefore it is of great importance that applications be filed in the department at earliest possible date. If U. S. soldiers, sailors or their widows, children or parents, desire information in regard to pensions, they should write to THE PENSION CLAIMS COMPANY, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address, THE PENSION CLAIMS COMPANY, P. O. DR. CHARCOT'S KOLA NERVE TABLETS Will Restore Nerves, Brain, Blood and Muscles to Health and Vigor. The Kola nut has been used for centuries by Africans as a stimulant of the tissues and a preventer of fatigue. Dr. Charcot, the eminent authority on nervous diseases, prepared a prescription from Kola which he vouches for as a true specific in all nervous diseases and a sure restorer of the system. Dr. Charcot's Kola Nerve Tablets are prepared upon the above mentioned prescription from the finest materials imported from western Africa. Kola is not a cure-all. It is a food for nerves, brain and muscles and a tonic for the system. Kola Nerve Tablets are absolutely certain and speedy in their effects. They cure all nervous diseases, prevent fatigue, renew failing vigor, give tone to the whole system. Kola Nerve Tablets cure sleeplessness, the nervous tremor, and all nervousness comes. They are specific in cases of nervous depression. The demand for the Tablets is astonishing. Kola is what the debilitated want. Thousands of packages have been sold. Good effects were felt at once. Hundreds of letters say: "One package of the Tablets, costing less than a dose of what physicians, who cost me \$100, failed to do." Ask yourself the question with all seriousness. Dr. A. C. Sherman is one of the best physicians in New England. I have no hesitating in stating that they are infallible in all forms of nervous diseases. Their invigorating properties are wonderful." Yours truly, A. C. SHERMAN, M. D." Edward Everett Hale, D. D., the famous author of "The Man Without a Country," in an editorial in the Boston Commonwealth, and later in a personal letter, wrote thus: "I am assured by a careful inquiry among leading physicians and personal friends who have tried them and in whom I have the utmost confidence—that Dr. Charcot's Kola Nerve Tablets are invaluable in insomnia and all nervous diseases."—EDW. Our Improvements. Work on Lyons' new store, close to the Mercantile & Shipping Co's building, on Front street, was begun last Wednesday. The lower timbers were laid and the work is being prosecuted right along. Mr. Lorenz's large and handsome residence property is looming up. Last Wednesday the roofing timbers were placed, and now the work of covering and weatherboarding are being pushed. W. S. Perry's new home will also be a handsome one and is neat in design. It is rapidly being enclosed. Work progresses on Dr. Moore's new drug store, although hindered a few days by a misunderstanding. He fixed up another building adjoining for temporary use, but will soon occupy the large new one. A. C. Wilson's new factory for iron and woodwork in all branches of blacksmithing, wagon and carriage-making, etc., will soon rise. Lumber is on the ground. And still the demand is for more. Every house is now full and inquiries coming in for business places and residences.

Dr. Easter McKinley passed through this place last Thursday from Myrtle Point. He looked as if he was burdened with the important duty of a visit to the county seat to put on record the actual number of the g. o. p. club at Myrtle Point to put a stop to the lies that it numbers over 16.

Charley Windsor came up from San Francisco a few days since, where he had been in business for some time, and went to his home at Port Orford. Miss Nellie Rogers returned to her home on Coos river last Wednesday, after a visit to relatives and friends in this valley.

James Rogers, watchman at the Price Bros mill at Riverton, met with quite a painful accident last Wednesday night just after he went on duty. In some way he got a fall and broke two or three ribs and otherwise bruised himself. He lay in a faint for some time, but finally recovered and was taken home. The doctor was summoned and ministered to him. He is doing well, at last account, but will be some little while before fully recovering.

D.W. MARION President of the Swamp Angel Medicine Co. Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when any symptoms of disease showed themselves. When the scientific men of the world, and all the health boards of the large cities informed the public that consumption, and the most malignant and fatal disease, were caused and produced by living bugs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, bronchial affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then commenced experiment with naphthol, and produced a medicine similar in effects to Hydro-naphthol. While my medicine was very strong yet, I could drink it like water. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine dissolves into gas, air, and can be inhaled directly into the lungs, thereby killing all germs and microbes on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
