Bryan's Letter of Acceptance

To the Notification Committee Acknowledging His Nomination By the People's Party.

St. Louis, Oct. 3.—On his arrival here Candidate William J. Bryan gave out for publication the following letter of acceptance of the Populist nomination for president:

Hon. William V. Allen, chairman, and other members of the notification committee of the People's party: Gentlemen—The nomination of the People's party for the presidency of the United States has been tendered me in such a generous spirit and upon such honorable terms, that I am able to accept the same without departing from the platform adopted by the Democratic national convention.

I fully appreciate the breadth of the patriotism which has actuated the members of the People's party who, in order to consolidate the sentiment in favor of bimetalism, have been willing to go outside of party lines and support as a candidate one already nominated by the Democratic party and also by the Silver party.

I also appreciate the fact that while, during all the years since 1873, a large majority of the Democratic party and the minority of the Republican party have been consistent advocates of the free coinage of silver at the present ratio, yet ever since the organization of the People's party, its members have unanimously supported such coinage as the only means of restoring bimetalism.

By persistently pointing out the disastrous effects of a gold standard and protesting against each successive step towards financial bondage, the Populists have exerted an important influence in awakening the public to a realization of the nation's present peril.

In a time like this, when a great political party is attempting to surrender the right to legislate for ourselves upon the financial question and is seeking to blind the American people to the foreign monetary system, it behooves us, as lovers of our country and friends of American institutions, to lay aside for the present such differences as may exist among us on minor questions, in order that our strength may be united in a supreme effort to wrest the government from the hands of those who imagine that the nation's finances are only secure when controlled by a few financiers, and that national honor can only be maintained by servile acquiescence in any policy, however destructive to the interests of the people of the United States, which foreign creditors, present or prospective, may desire to force upon us.

It is a cause of congratulation that we have in this campaign not only the support of Democrats, Populists and Republicans who have all along believed in independent bimetalism, but also the active cooperation of those Democrats and Republicans who, having heretofore waited for international bimetalism, now join with us, rather than trust the destinies of the nation in the hands of those who are holding out the delusive hope of foreign aid, while they labor secretly for the permanent establishment of the single gold standard.

While difficulties always arise in the settlement of the details of any plan of co-operation between distinct political organizations, I am sure that the advocates of bimetalism are so intensely in earnest that they will be able to devise some means by which the free silver vote may be concentrated upon one electoral ticket in each state. To secure this result, charity towards the opinions of others and liberality on the part of all is necessary, but honest and sincere friends who are working towards a common result, always find it possible to agree upon just and equitable terms. The American people have proven equal to every emergency which has arisen in the past and I am confident that in the present emergency there will be no antagonism between the various regiments of the one great army which is marching to repel an invasion more dangerous to our welfare than an army with banners.

Acknowledging with gratitude your expressions of confidence and good will, I am, very truly yours, WILLIAM J. BRYAN.

THEY ARE OVERFED ALREADY.

The Workmen Have Too Good a Time of it Right Now—Take Your Medicine from Hanna.

[The Fort Wayne (Indiana) Journal publishes the appended extraordinary communication. It is so remarkable in its utter absence of real Americanism and even of humanity that it would be considered a forgery were it not for the character of the man to whom it is addressed and who authorized its publication. Judge Bell is one of the ablest lawyers of Indiana, and was at one time a partner of ex-U. S. Attorney-General Miller. The Herald has not come across anything quite so brutally frank since the campaign opened. Following is the letter, which the Journal vouches for:]

To Hon. R. C. Bell, Fort Wayne, Ind.—Dear Sir: The committee of political education of Wall street, this city, to which the undersigned has the honor to belong, having determined that each member should write personally to at least one or more prominent party leaders of the silver cause, your name has been handed to me. You are described as of a fair mind and large influence in your state. I therefore address you in the hope that you may be persuaded from your present course, for you are leading the lower classes, the laborers, artisans, mechanics and agriculturists of your state into a step that will cause them great distress. We, whose business it is to study

finances, and are therefore capable of determining such questions, know that at this time there is TOO MUCH MONEY. Millions are now ready in this city to be loaded on call, with good collateral, such as government gold bonds, where it is really needed, at remunerative rates. Your methods are such as to frighten all money lenders (for nothing is so easily scared as money). No one can tell what laws your candidate (if elected) might suggest; while even now the laws are all against our people. We are forced to loan money at such rates as we can get. If we cannot get 10 per cent we take 9; if we cannot get 9 we take 8, and in peaceful times even lower, and it is difficult even then to keep our money at work. But what do your workmen say? If they cannot get a dollar a day they refuse to work, while they ought to take 75 cents or even 50 cents so that we may keep them at work. You ought to teach them that \$1 a day on a GOLD basis is enormous pay in this country; no gold country pays more than 50 cents for labor, while here living is the cheapest of all countries, provided the lower classes will live as they should live. They are really extravagant; they buy meals four or five times a week; they even often indulge in pie, which is no kind of food to be enjoyed by working people and does them no good. Rice is one of the most healthy and nourishing of foods. It is CHEAP and can be raised in endless quantities, but workingmen avoid it as a general food. They eat wheat bread when rye is much more suitable. These ideas grow out of wrong education,

GOOD FOR EVERYBODY

Almost everybody takes some laxative medicine to cleanse the system and keep the blood pure. Those who take SIMMONS LIVER REGULATOR (liquid or powder) get all the benefits of a mild and pleasant laxative and tonic that purifies the blood and strengthens the whole system. And more than this: SIMMONS LIVER REGULATOR regulates the Liver, keeps it active and healthy, and when the Liver is in good condition you find yourself free from Malaria, Biliousness, Indigestion, Sick-Headache and Constipation, and rid of that worn out and debilitated feeling. These are all caused by a sluggish Liver. Good digestion and freedom from stomach troubles will only be had when the Liver is properly at work. If troubled with any of these complaints, try SIMMONS LIVER REGULATOR. The King of Liver Medicines, and Better than Pills.

Has the Z Stamp in red on wrapper. J. H. Zeilin & Co., Phila., Pa.

which you, my dear sir, are assisting, only to their future disaster.

Mr. Hanna, if he wins the election (and all intelligent men of the east hope and believe he will), will certainly inaugurate a much better system for the lower classes. He will try to take the money question and tariff out of politics, which should have been done long since. The law governing finances can be safely left with the national banks, insurance and railroad corporations, who, through a standing committee with some well known and honorable financier such as J. P. Morgan or Mr. August Belmont as chairman, could formulate and have passed directly such laws on money as would be safe and useful for the whole people. All laws governing tariff could be handled in the same way by a committee appointed by the great manufacturing and industrial enterprises, and such a committee would be safe and useful for the whole people. All laws governing tariff could be handled in the same way by a committee appointed by the great manufacturing and industrial enterprises, and such a committee would be safe and useful for the whole people.

I assure you that our work is telling in the east; most of our manufacturers have converted their employees who are rapidly joining our clubs. There is not much trouble once the way is shown them.

Wishing every success to you if you elect with us, and with best wishes, personally, I am, yours sincerely, J. FRANCIS FORBSTER.

[The above letter is now in our possession and was received by Mr. Bell in ordinary course of mail.—E. JOURNAL.]

Ephraim Fox is circulating a petition in Brownsville, praying Governor Lord to pardon his two sons, and Henry Poole, who were committed to the penitentiary for burglarizing the store of R. W. Moses, of Crawfordsville. The petition states that this is the first and only offense they ever committed, and inasmuch as the boys have fully repented, the petitioners ask the governor to give them their liberty.

A bad borrowed, it is said, from a West Indian belle, is a lemon bath, which is supposed to be a great beautifier as well as freshener. Three or four lemons are sliced in to the water perhaps a half hour before it is used and its cosmetic and tonic virtues are thereby much increased.

September 29, the first mate of the Farallon and one of the sailors got into a difficulty, near Yaquina, which resulted in the mate being cut with an ax on the arm, and receiving two cuts in the face with a knife. The wounds were not deemed serious.

James Webber, who is 30 years of age and addicted to the opium habit, was declared insane by Judge Mays, at The Dalles, Saturday, 3d inst., and ordered taken to the asylum.

Dr. Younger, of San Francisco, was the first dentist to successfully implant a human tooth into a patient's jaw.

Dissolution Notice. Notice is hereby given that the co-partnership heretofore existing between A. C. Wilson and Ellis McGraw, in the blacksmithing business in this place under the firm name of Wilson & McGraw, is this day by mutual consent dissolved. All settlements of matters pertaining to the old firm will be made with N. W. Leneve and Ellis McGraw at the new shop on corner of Hall and First streets. The new business will be carried on by Jas Whetstone at the same place. A. C. WILSON, ELLIS MCGRAW.

costing us a great deal of time besides several millions of dollars to teach these lessons, and they should realize that we cannot constantly subscribe millions of money at presidential elections for their cause, which outlay, by agitations, is constantly increased. In talking with Mr. Hanna recently he said he would need twenty-five millions of money from our city before the polls closed in November, caused by such men as you and Mr. Bryan, but we think that if treble the amount is really needed our generous people will supply it to keep the ignorant people from committing political suicide. Everyone at the last meeting when Mr. Hanna was here agreed to stand by him. Our newspapers are loyal to the people; they were terribly mad, however, at Mr. Bryan, for his speech at Madison Square garden, and we should not be surprised if some of them indulged in violent language should Mr. Bryan speak here again. Mr. Hanna has seen some of the most influential owners of these papers since, however, and we think they will still be lenient. Our efforts will be toward kindness to our fellowmen. We invite you in all kindness and well wishes personally, trusting you may aid in quieting your people. We are willing to aid you financially, if necessary, and are perfectly willing to trust you without fear. Mr. Hanna in many cases does not allow our treasurer to pay at once; he thinks guarantees are good enough until the polls show the actual results in the town or precinct, but in your case, if you make known your actual needs for the beginning of the work (providing you agree to change your views in accordance with our other followers in your state belonging to the honest gold party) we will endeavor to provide you with all necessary funds. You need not answer this personally as some of Mr. Hanna's agents will visit your city soon and will surely call on you. It is not our intention

RESULTS OF MALARIAL AND TYPHOID FEVERS.

A Case Cited in Three Oaks, Michigan, that will Interest Delicate Women.

The Effects of the Fever Were Felt in the Weakest Spots.

A WARNING TO MOTHERS.

From the Press, Three Oaks, Mich.

What can be more distressing than to see a girl drooping and fading in the springtime of youth? Instead of bright eyes, glowing rosy cheeks, and an elastic step, there are dull eyes, pale, sallow, or greenish complexion, and a languidness of step that bespeak disease and an early death if proper treatment is not promptly resorted to and persisted in until the impoverished blood is purified, and the functions of life become regular. Upon parents rests a great responsibility at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, is "died out" upon the slightest exertion, if she is troubled with headache, backache or pain in the side, if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for the development of that dreaded of all diseases—Consumption. If you notice any of these symptoms lose no time in procuring something that will assist the patient to develop properly and regularly; that will enrich the blood, and restore health's roses to the cheeks; bright eyes and a lightness of step so that danger of consumption and premature death will be averted. Wise and prudent mothers will insist on this, and the approval of the period of puberty, and thus avoid all chances of disease or early decay.

At Three Oaks, Michigan, there lives a woman with a most remarkable history. The following story is given in her own words. DR. WILLIAMS' MEDICINE CO., Schenectady, N. Y.

Gentlemen.—There is so much to say about my case I hardly know which would be thought the most important. Seven years ago I had an attack of malarial fever, which turned to the typhoid. After that I never felt as well—my nervous system was completely unstrung. Five years ago last March I felt the first symptoms of rheumatism. The next March I had the grippe, which left me with what the doctor pronounced muscular rheumatism. I became a cripple, but in November had another severe attack. It settled in my back and right hip, and was then called sciatica. It was so severe several times without any relief. I spent all of that winter in bed. The next spring I was able to be out a little, but in August had another attack and was blighted again. This time they kept the blisters on for over two weeks, but I received no benefit.

"After this I had sixteen boils, or something similar, on the right side. I commenced with Dr. Williams' Pink Pills for Pale People, but in February became worse, and my back gave out completely so that I could not straighten. The doctor said it was the breaking down of the bone structure of the vertebra. I was nearly double. When I became able to walk I was so bent over that I had to walk by pushing a chair, as I could not straighten. I could not sit and lean back in a rocker. There was a large lump about half-way down on my back which, at times, pained me terribly.

"That fall I took two boxes of Pink Pills, but because they did not help me at once I stopped taking them. The next winter I was in bed, completely helpless. I finally got so I could not get enough to have my bed made. I had chills every night and my hands and feet were like ice all the time. I was unable to get any of my nerves and if I commenced to laugh or cry could not stop.

"I was a subject to severe pains in my head and back which made me nearly wild, and would have spells when it seemed as if I were falling and would become unconscious. The nights were the worst, as I could not sleep. I was in so much pain that they gave me anti-pain powders, and I had to take four or five at night as I would awake nearly every hour in terrible pain. "A year ago last May I again commenced taking Pink Pills. I could only lie on my right side and was so helpless that I could not turn or get up without being lifted. After I had taken four or five boxes I could turn over on my left side. I then commenced to have some faith in the medicine, and began to take three pills after each meal. I did not have chills any more and my circulation was better.

"The slighter exertion, if she is troubled with headache, backache or pain in the side, if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for the development of that dreaded of all diseases—Consumption. If you notice any of these symptoms lose no time in procuring something that will assist the patient to develop properly and regularly; that will enrich the blood, and restore health's roses to the cheeks; bright eyes and a lightness of step so that danger of consumption and premature death will be averted. Wise and prudent mothers will insist on this, and the approval of the period of puberty, and thus avoid all chances of disease or early decay.

Sworn and subscribed to before me this 19th day of October, A. D., 1895. DWIGHT WARREN, Notary Public, Berrien County, Michigan.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form, by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50 and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.
