Our old friend, Comrade S. W. Harrington, who has been the victim of partial paralysis, is not seriously affected, it is hoped.

Aaron Wilson made a spin up home Sunday, on the Antelope, returning in the afternoon. The attraction at Coquille is too strong.

The steamer Chetco arrived at our wharf yesterday morning and discharged considerable freight. She will load chiefly with coal and lumber for the city and depart in a few days.

Comrade J. W. Clark gave us a bunch of Kittatiny blackberries last week, large and luscious and sweet as the dewberries that grow in eastern meadows. These grew at Comrade Elliott's home.

Dr. G. D. Elgin, who has been visiting in Myrtle Point for some days, came down on yesterday's train and proceeded to Bandon. This is the first time the doctor has been in town for about two years.

Mrs. Curry and children left last Saturday to stay with her parents, Mr. and Mrs. Ashton, while Mr. C. visits the lower coast country and down into California. Mr. Curry has resigned the position which he has held so long at Lyons' mill.

The county seat question is forced on the people again. The same arguments for locating the same at Coquille City that were used before are as good now. We expect to hold it on the first ballot, but any vote cast now will only possibly obviate litigation.

Rev. E. A. Ross, evangelist, is holding interesting meetings at the South Methodist church in this city. The gentleman's peculiar manner of presenting the scriptures is an attraction and draws good audiences. The meeting will continue throughout this week, and possibly longer.

Settle the relocation of the county seat question. It is to the interest of every citizen of Coos county that the county seat should be located in a central position in the county. The people have decided it once, but at the inspiration of some one or few persons it hasn't been bandied in the courts yet to make some fees and embitter citizens of the county.

There are some people who never wear dark glasses and yet they never see anything bright: it's the people who are dyspeptic and soured. Everything is out of joint with such people. "I suffered many years with Dyspepsia and liver trouble but have been relieved since taking Simmons Liver Regulator. I know others who have been greatly benefited by its use.—James Nowland, Carrollton, Mo.

Judge G. H. Burnett, of Salem, who presided in the trial of the "swamp land" case of D. Grant Beale et al. vs. Wm. Hite in our circuit court last week, visited this place briefly last Friday. Judge B. made a good impression upon our citizens, and was himself pleased with his visit and experiences while here.

Miss Flo Boyrie last Friday presented the HERALD office with a branch containing two bunches of white grapes, grown by her father at the home place. The bunches are large and the fruit luscious, showing that some kinds of grapes will do well here. For jelly and jam purposes they are very fine.

Mrs. Quick's funeral will take place at 2 p. m. tomorrow.

A. Y. M. C. A. is to be organized at the little church this evening.

See Dr. Carter's card on first page. He is a fine dentist and is here to stay.

Dr. Jennings will be here the 20th and remain a short time with us. He is a first-class dentist.

For ladies' and children's hats, at $1.25 and upwards, go to Mrs. A. G. Aiken's, at Leneve's drug store.

Tobacco users will find, in another column, an item of decided interest to them, headed "Don't Stop Tobacco." *

The traveling public will find it to their advantage to patronize the livery-stable of J. S. Hayes, when at Empire City.

Judge Schroeder returned from attendance at district court last Friday, and rustled in some business matters here while in town.

If you have a watch, clock, sewing-machine, or anything that others have failed upon, bring it to this office or leave orders for Mr. Dietz. *

Prof. Kanematz came home last Friday night from service at circuit court as a witness, and returned yesterday again for further duties in three more cases.

Rev. N. S. Buckner, who intended to preach at this place next Sunday, withdraws the appointment in deference to the presence of Rev. Mr. Ross, the evangelist.

W. F. Deacon and son, W. Deacon, of San Francisco, are visiting in this section. Mr. D. is interested as a shareholder in the new steamer being put up at Prosper.

Mrs. John Gammill, of Marbfield, and Mrs. Hughes came over on Monday's train. Mrs. G. will visit Mr. Peterson's and other friends at Riverton for several days.

E. P. Mast of the North Fork attended court as a grand juror and witness, returning home last Sunday. He was a very sick man, and got excused as soon as possible.

The regular church and covenant meeting of the Baptist congregation will be held at the little church next Saturday afternoon at 2:30 o'clock. The public is cordially invited to attend.

Tol Stone, Bird Nosler, George Pike and Charley Hickox made a visit to the hills with their guns last week. Mr. Paxson joined them with a wagon and team to bring in the trophies.

A. Martindale and family, of Camas valley, having moved to this place, occupy the home of his son-in-law, W. Benham. Mr. M. is an old and well-known citizen, a '49er, and takes a respite from his ranch home and casts his lot with us.

Hon. D. H. Divilbiss of Curry county visited this place and the bay last week. Mr. D. was delegated by the Curry county Populists to represent them in some duties in this county in which they had a special interest. The HERALD had a pleasant visit.

Rev. Dr. I. B. Ford, the new M. E. presiding elder, is expected here the last of this or early part of next month. Dr. Ford is represented as a very able preacher, and comes to this district from Washington, where he has been prominently in his church work for several years.

A special train came over Sunday afternoon bringing a number from court. Among them were Samuel Johnson, Geo. Mullen Mr. Walker, Jas. Matheny, Jno. Egan, Jos. Noyes and W. T. Lehnherr, witnesses in the slander case of G. W. Stewart vs. Thos. Cornelius, and a number of the jurors from the regular panel who had been excused.

J. B. Rossman, who is connected with his father and brother in black sand mining at Bandon, passed through town last Friday on his way to his home at St. Paul, Minn. In an interview with him, he gave us very good reports from their mine. He informs us that with their new machinery for concentrating, and their own chemical process of working the concentrates, they are able to remove 85 per cent of the flour gold from the black sand. The machine, which he informed us would start up the first of this week, will be able to work 70 tons per day, and the sand which they are now operating yields from 20 cents to $2.50.

We are pained to learn of the death of Mrs. Jane M. Quick, wife of Comrade Jonathan Quick, which took place this morning. Mother Quick has been in poor health for a long while, but better at times and hopeful of permanent improvement. For some days past, however, she was declining, resulting in her demise about 8 o'clock this morning, from heart failure, while sitting in a chair. She had been many years a resident of this valley, was a consistent member of the Baptist church, a loving wife and mother, an ardent friend and good neighbor. She leaves a husband and seven children—five daughters and two sons—to mourn the loss of a specially dear one. She was 55 years of age. Besides Mr. Quick and two sons, only one of the daughters, Mrs. Chas. Lavine of Myrtle Point, was present when the mother died. The other daughters—Misses Flora, Laura, Mary and Mrs. Wheeler—are on a visit in eastern Oregon.

On our late visit to San Francisco, the editor was struck with the importance and opportunity for advertising the Coquille river valley by having the name, in some form or other, on vessels that run to and from this river, or are built here. There would be no more attractive name, and it would be a standing advertisement that there was such a section and that it has some importance. The "Belle of Coquille," the "Coquille River Valley," or some such combination would be seen by thousands of eyes, almost constantly on the boats themselves and in the water-front news of arrivals and departures in the city and our local papers. These would be quite as euphonious, too, as "Truckee," "Sunol," "Weeott," "Mascot," "North Fork," etc. and point to something real and important, then Coquille river coal, and lumber, apples and fruits, butter and cheese, potatoes, onions, etc., will have a name other than those which they have been labelled so long, and it will be known to the outside world that Coquille river coal and lumber come from the Coquille river valley, and the fruits and products of our valley will be accredited to the Coquille valley instead of other points that do not and cannot furnish them, but having somewhat hitherto shipping advantages and hence better known to the outside world. Don't waste our breath and energies longer hunting up meaningless names, but be both useful and ornamental in serving our section, advertising, and inviting thousands of thrifty home-makers to our thousands of idle acres here and make our valley blossom as the rose.

All who desire dental work by Dr. Jennings should call on him early after his arrival in Coquille, as he will only remain four days, unless he has engagements to keep him longer, as he is pressed for time on account of demands for his services elsewhere. Remember the date. He will be here promptly on the 20th inst. The doctor is a regular graduate of dentistry, and does all the late styles of dental work, such as crown and bridge work, transplating teeth, etc. *

Smouldering fires of old disease

lurk in the blood of many a man, who fancies himself in good health. Let a slight sickness seize him, and the old enemy breaks out anew. The fault is the taking of medicines that suppress, instead of curing disease. You can eradicate disease and purify your blood, if you use the standard remedy of the world,

Ayer's Sarsaparilla.

Bandon's Budget.

Bandon, Oct. 13.—The tug Triumph went over to Empire on Thursday after a cargo of salmon for Smith's cannery at Parkersburg. On her return she attempted to cross the bar at 11 p. m., and owing to the darkness of the night and the fog she went ashore on the north spit. About 600 salmon were washed overboard. She came off easily at high water with little or no damage to the boat.

God's Regular Army came to Bandon Thursday, and after raising a large tent on a vacant lot had a street pacade, inviting the public to atten services. A large number responded to the invitation. Saturday the high winds demolished the tent and they are now holding services in Recorder hall. Much interest is manifested in the meetings.

Sunday morning our wharves presented quite a busy appearance, there being six steam vessels along side, namely: Steamers Moro, Chetco, Dispatch, Antelope, Fawn and Triumph. The Moro crossed the bar at 1:30 p. m., bound for San Francisco with a cargo of coal between decks and a deck load of calves and hogs.

Five hundred cords of matchwood piled on the wharf awaiting a market.

C. T. Farris, engineer at the woolen mills, is quite sick with la grippe. Engineer Gurley Boak takes his position during his sickness.

Hon. Thos. Tongue will address the citizens of Bandon on the political issues of the day about the 20th inst.

The salmon catch on the river has been very light so far this season, but they are now coming into the river in larger numbers and the fishermen have hopes of a good run to retrieve their bad luck.

Frank Rupert left for Tacoma Friday morning, where he goes to attend a business college.

T. H. Tongue, Republican, will address the citizens of Myrtle Point October 19th, of Bandon, the 20th, of Port Orford, the 21st, and of Gold Beach, the 22d. Mr. Tongue will also doubtless speak at other points during the trip.

"For Charity Suffereth Long."

Mrs. Laura C. Phoenix, Milwaukee, Wis.

"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, ***The inmates had the "LaGrippe,"*** and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month ***I became so debilitated and nervous*** from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try ***Dr. Miles' Restorative Nervine.*** I took 2 bottles and am happy to say, I am in better health than ever. I still continue ***its occasional use, as a nerve food,*** as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me." June 6, 1894. MRS. LAURA C. PHOENIX.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Lee Cox and his uncle, Glenn Cox, were in town last Saturday.

Henry Alfred was down among his friends on Saturday last.

The Bandon coal company suspended work on their new road last week, owing to a little difference existing between them and A. Urquhart.

We are informed that there are still kickers on the proposed route of the road between this place and Lampey creek, therefore the petition is "pigeon holed" for the present.

A. D. Wolcott and family left for Bandon on Saturday last. David Drew and family will occupy his residence here in the future.

Among the many students who attend the private school of F. C. Kinnicutt, we notice Max Dixon of Myrtle Point, David Collier of Coquille, and Belle Doak of Bear creek.

Sidewalks will not build themselves. That walk ought to be finished soon. God helps those that help themselves. DONA ANA.

Will Miller and family are up from Bandon visiting relatives and friends at Fishtrap.

W. S. Perry is putting up a handsome picket fence in front of his new residence.

C. A. Snow & Co., of Washington, D. C., Patent Lawyers, whose ad. is in another column, have a solid reputation for procuring patents for inventions in the United States, Canada and Europe. They will send printed advice about procuring patents free to any address. *

The Best For Children.

"I believe Chamberlain's Cough Remedy is the best for children I ever used. For croup it is unequalled. It is a splendid seller with us. T. M. ECKLES, Ph. G., Manager Wampum Pharmacy, Wampum, Pa". When used as soon as the first symptoms appear, that is as soon as the child becomes hoarse or even after the croupy cough has appeared, it will prevent the attack. The mothers of croupy children should bear this in mind and always keep the remedy at hand. It is also the best medicine in the world for colds and whooping cough. For sale at 25 and 50 cents per bottle by Dr. S. L. Leneve.
