

Coquille City Herald.

PUBLISHED EVERY TUESDAY

J. S. McEwen & D. F. Dean, Editors and Proprietors.

Devoted to the material and social upbuilding of the Coquille Valley particularly and of Coos County generally.

TUESDAY, NOV. 3, 1896.

L. P. FISHER, NEWSPAPER ADVERTISING AGENT

POPULIST TICKET.

FOR PRESIDENT, William Jennings Bryan.

FOR VICE PRESIDENT, Thomas E. Watson.

FOR REPRESENTATIVE OF COOS COUNTY, THOMAS BUCKMAN.

Law as She's Practiced.

A Mr. and Mrs. Castle, prominent society people of San Francisco, and the former a prominent and wealthy merchant in that city, are under arrest in England for thefts of seal-skin sacks and other articles which had been missed by merchants and not sold by them, and found in the baggage of these visitors in "Yurrap."

Here in America, also, we find the anarchists at work in our criminal courts, aided and abetted by practicing attorneys, to defeat the law and justice. Even in that of the inhuman butchery of Pearl Bryan, which caused a shudder and heart-sickness among all people like that committed by Durrant in San Francisco nearly two years ago.

Here is the latest telegram: Newport, Ky., Oct. 19.—The case of John Seward, the detective charged with the subornation of perjury in the trials of Jackson and Walling, was postponed to-day.

"The D. H. Bibb Lumber Co." of San Francisco, a combine, or pool, or trust—or what you may call it—to hold down the production of lumber in this section, raise the price on consumers and cut down the wages of employes, is having a strike on its hands at San Francisco.

England threatens to thrash us and make us pay up in gold the interest and principal of the watered stock in railroad, mining, beer and whisky trusts, etc., foisted upon them by the "honest money" henchmen of Mark Hanna.

The usual campaign lies have been utilized by Hanna's band for "educational" purposes, and now the whoppers are used for graduating purposes, to wind up the campaign.

A Typical Exponent.

In black-faced type a McKinley contemporary exclaims: The abuse of Hanna merely represents free trade bile. He is an exponent of the success of protection principles, and as such excites animosity.

Please make a note of this avowal. It is the confirmation of everything the opponents of war tariffs have ever said. Mark Hanna is "an exponent of the success of protection principles." True. That is exactly what he is. One overgrown, soulless labor-crusher, oozing ill-gotten wealth at every pore, and ten thousand half-starved, half-frozen sailors, miners and longshore-men, working with numb fingers in sleet and storm for half wages and turning their surplus earnings into the bulging pockets of their driver.

An old sailor was once explaining the system of dividing prize money. "You see," he remarked, "they take a ladder and sift all the coin through it. What falls through goes to the officers. The sailors get what sticks to the rounds."

After several weeks of daily conferences, in San Francisco, the lumbermen interested in the domestic trade have arrived at the conclusion that their various interests can be best subserved by remaining in the pool which they have maintained during the past year.

Prices will remain the same, for the present at least. During the year just closing there has been a falling-off of 40 per cent in the business, as compared with the previous year.

The threaten attempt of the lumbermen to break up the combine was nipped in the bud. The majority of them were in favor of pooling their interests for another year, and those who would have stood outside, if they dared, have been forced to accept the terms of the majority.

SCORNED HIS DOLLARS.

Massillon Miners Returned Governor McKinley's Ten Dollar Donation.

Massillon, O., June 9, 1894.—Governor McKinley will be enriched to the extent of \$10 tomorrow, as the following explanatory letter from the miners' relief committee will show:

Sir—Enclosed you will find \$10 your donation to the miners of Massillon. They emphatically refuse to accept a mite from the hand that assists in smiting them.

JOHN WILHELM, President, EDWARD MILLER, Treasurer, JAMES BROWN, Secretary.

REMEMBER!

When you cast your ballot today for removal of the county seat, mark an X between the figures 30 and the name of Coquille City, thus:

- 30 X Coquille City, for County Seat. And vote for the four Bryan electors, marking an X between each of the figures 16, 17, 18, 19 and the electors' names, as follows: 16 X N. L. BUTLER, 17 X E. HOFER, 18 X W. H. SPAUGH, 19 X HARRY WATKINS.

For representative, have your X marked on your ballot thus: 29 X Thomas Buckman.

Is Debating Right?

That depends upon what we mean by the word debate. In two places in our English Bible it is condemned and in one place it is commended. This is because the word has two meanings. Webster defines the word thus: 1. A fight, contention, or strife. (It is in this sense that it is condemned in the Bible.)

2. Contentions in words or arguments; discussion for the purpose of elucidating the truth; dispute; controversy; as, the debates in parliament or congress. It is in this second sense that it is commended in the Bible and approved by the apostles and the Holy Spirit.

Solomon says, "Debate thy cause with thy neighbor himself; and disclose not the secret of another." Prov. 25:9. That is if you have a grievance against any one go to him and argue and reason your cause and not tell it all over the neighborhood to his injury. Some professing Christians are so much wiser than Solomon that they don't believe in such debating; and are so burdened with religion (?) that they will not allow one against whom they have a grievance to talk with them on the subject, but would rather talk of it to some one else secretly.

The apostles and early evangelists held many debates. In Acts 6:9 we read, "then there arose certain of the synagogues of the Libertines, and Cyrenians, and Alexandrians, and them of Cilicia and Asia, disputing with Stephen."

What is the dispute? "And he stood up, and said, Men, brethren, ye have seen that I have lived in a simple and unassuming manner, and have been content with my own wages, and have not coveted any man's silver, or gold, or apparel."

On his way to his judicial seat the Chief Justice saw at once that a line was drawn in the common mind between law and justice. As if, for instance, while one was dispensed the other was dispensed with.

Hicksville, Ohio, Oct. 21.—While playing with her baby this afternoon, Mrs. G. Walsdorf of Leo had both eyes ruined. The little thing was throwing its hands and in some way struck the mother in the eyes with its finger nails, rendering her blind.

The story of Mrs. Walsdorf is a sad one. Three months ago her husband died, leaving her with five children to support. Two weeks later a son was drowned in a well, and only last week the only thing she had on earth, her little home, was destroyed by fire.

Chicago, Oct. 9.—Louis J. Hanchett and Chauncey E. Foster were expelled today from the business college at which they were students. They are the youths who threw eggs at Bryan and were released by the police yesterday at Bryan's request.

Who wrote Romans 1:29 and 2 Cor. 12:20? Was it not the Apostle Paul? Would he condemn those people for doing something that he did himself every day? In Acts 17:17 we read that Paul stood daily in the synagogues disputing with the Jews.

Those who say it is a sin to debate for the purpose of elucidating the truth, condemn the apostles and the Holy Spirit that inspired them, and hence are guilty of blasphemy against the Holy Spirit.

Vote for America today—not for England.

UPPER - RIVER DEPARTMENT.

Myrtle Point and the Upper-Coquille and What is Going on There.

Bryan will get there! Al Sloan has moved to town for the winter.

Wm Baker and family has moved out of town for the present.

Robt. Wagner was enrolled last week in Prof. Knight's school.

Mr. Otto, of Middle Fork, brought a fine lot of apples to market last Tuesday.

If you cast your vote for Bryan you vote to better the conditions of the toiling millions of this great nation, the wealth producers.

We are still looking for that spicy review of our genial ex-deputy sheriff—let it come. His work is a matter of record, which the public has a right to investigate.

S. C. Giles escorted Hon. J. H. Upton to Catching creek school-house, where Mr. Upton was to make a speech on the political issue of the day. Upton is a rascal for the free silver cause.

Last Saturday Hon. J. H. Upton spoke to a large audience in the Dixon hall. In his usual smooth (?) and off-hand style he ripped McKinley up the back in a way that made the fur fly. He fairly pinned McKinleyites to the wall with their own arguments.

Easter McKinley has been making gold-bug speeches. On North Fork he spoke to an appreciative audience of three. At North Carolina his audience fairly rattled him. Such egotistical bores were better appreciated in the days of rotten eggs and brickbats.

The late Lord Chief Justice of England used to tell his friends this anecdote at his own expense, says the "Green Bag": Driving in his coupe toward the court one morning, an accident happened to it at Grosvenor Square.

On his way to his judicial seat the Chief Justice saw at once that a line was drawn in the common mind between law and justice. As if, for instance, while one was dispensed the other was dispensed with.

St. Louis, October 26.—A special from the City of Mexico says: An unknown ruined city, covering a space larger than New York city, with two temples and two great pyramids, has just been discovered in the mountains in the state of Guerrero by William Niven, the well-known mineralogist of New York.

Eugene, Oregon, Oct. 23.—The public schools of Springfield have been temporarily closed on account of the outbreak of diphtheria. Only two or three cases have been reported, but they are of a very virulent type. Every means will be employed to stamp out the disease.

The winter schedule for carrying the mails was introduced Sunday. The mails now arrive at and depart from this place in the day time, instead of at night.

Take dinner at the Masonic hall today. The proceeds are for charitable purposes.

Coquille Collegiate Institute. The session of 1896-7 of Coquille Collegiate Institute, commencing Sept. 14, will consist of three terms—instead of four, as is usual—ending as follows: First term end Dec. 1, 1896; second term end Feb. 21, 1897; third term end May 14, 1897.

Why Because They know from actual use that Hood's is the best, i. e., it cures when others fail.

Hood's Sarsaparilla is the one True Blood Purifier. All druggists, etc. Prepared by C. I. Hood & Co., Lowell, Mass.

Prof. Knight has 45 pupils enrolled in his private school.

Wm. Jenkins has moved to south side of town in Mrs. Knight's property.

Farmers are bringing fine potatoes to market. They find ready sale at 40 cts per bushel.

Schiller Hermann has returned from Roseburg where he was called on account of sickness in his father's family.

D. Giles & Sons are sending large quantities of brick to points on the river. Those desiring bricks should send orders at once.

A larger attendance than usual was at the M. E. Sunday-school last Sabbath. The junior choir seems to be quite an incentive. Parents, encourage your children to attend by precept and by example.

Mr. Perry's son met with a severe accident last Saturday. He fell from the barn loft while scuffling with a derriek fork. The fork lit on top, injuring the young man's head and breaking his leg above the knee. Dr. Lee was called to repair the injuries.

A small band of McKinleyites went from this place to the Dement schoolhouse to tell the dear people how to vote, presuming that the people of that precinct didn't know or have sense enough to vote until they were instructed by Hanna's henchmen.

GENERAL NEWS.

MUST PAY THE INSURANCE. Milwaukee, Oct. 29.—An insurance suit of much interest to fraternal companies has been decided in Judge Johnson's court.

It was shown in the testimony that a tender of the assessment was made to the officers of the order within the 60 days which is allowed by a policy-holder to be reinstated. Judge Johnson directed a verdict for the plaintiff on this ground.

St. Louis, October 26.—A special from the City of Mexico says: An unknown ruined city, covering a space larger than New York city, with two temples and two great pyramids, has just been discovered in the mountains in the state of Guerrero by William Niven, the well-known mineralogist of New York.

NEW EPISCOPAL CHURCH ORGANIZATION. The "U. S. Church Army" to Begin Labors Similar to Those of the Salvation Army.

New York, Oct. 21.—Before the snow flies the United States Army will have begun a vigorous campaign against sin. This is the prediction of those interested in the new evangelical movement of the Episcopal church.

It has been definitely settled that Colonel Hadley will be appointed military director of the department of the Atlantic, under the supervision of a clerical head, and with headquarters in this city.

Chief-of-staff, Major S. F. Jones, superintendent of St. Stephen's Rescue mission, Boston; aide-de-camp, Major Sarah W. Fay, the song evangelist; chief adjutant, Major James K. Bakewell, superintendent of the Brotherhood Rescue mission, Pittsburgh; field marshal, Major A. H. Lee, Philadelphia; musical director, Major Brown, New York.

"Old Glory" has been chosen for the flag of the army, with the stars left out, and in their place a white coat for staff officers will be a long frock coat of black broadcloth, with brass buttons, a band of gold braid around the sleeve, and gold epaulettes.

Under the coat the officers will wear a tight-fitting, high-cut clerical vest of blue cloth, with buttons at the side. The uniform of the privates will be similar to that worn by the United States soldiers.

Bicycle brigades and chariot corps will wear dark green. A training school for officer evangelists will be opened at headquarters next month. Priests will only be established in a parish at the request of the rector.

Outdoor meetings will be held, and recruits secured from among converts who show satisfactory evidences of sincerity. A maximum company may be 100 or more.

When a recruit has been faithful for six months he may be sworn in as a soldier, and is eligible to the confirmation class, which is under the supervision of the rector. After the soldiers have been confirmed if they aspire to higher rank they may enter the training school as cadets.

Partake of the charity dinner today at Maconic hall; 25 cents. The traveling public will find it to their advantage to patronize the livery-stable of J. S. Hayes, when at Empire City.

Coquille Collegiate Institute. The session of 1896-7 of Coquille Collegiate Institute, commencing Sept. 14, will consist of three terms—instead of four, as is usual—ending as follows: First term end Dec. 1, 1896; second term end Feb. 21, 1897; third term end May 14, 1897.

Why Because They know from actual use that Hood's is the best, i. e., it cures when others fail.

Hood's Sarsaparilla is the one True Blood Purifier. All druggists, etc. Prepared by C. I. Hood & Co., Lowell, Mass.

Hood's Pills with Hood's Sarsaparilla.

William Jackson, the county treasurer of Shasta county, Cal., has been arrested on a charge of embezzlement. It is reported that he is short at least \$40,000 and that the persecutions have been going on since 1878.

For the past week the city department of the postoffice in San Francisco has been buried under a mass of campaign matter such as has never before been experienced in its history. The employment of several extra men has been necessary.

W. R. Winans, of Hood River, has discovered part of an oak tree which is older than its neighbor, the mountain man. The specimen was inscribed by the solid granite formation upon it, was petrified and afterwards turned black as mahogany.

Jacob Mounts, a Morgantown (W. Va.) man, was indicted for stealing a dog; but, as dogs are not property in that state, the charge was changed to stealing a dog chain. He was accordingly convicted and received a sentence of 100 seconds in jail.

In Colorado recently James Lowe, the son of ex-Senator James R. Lowe, a leading attorney of San Jose, shot and killed Addie Schilling, a young woman of bad character, and then killed himself. Lowe had a wife living, but left her for the Schilling woman.

The case of Albert Meyer vs. the city of San Diego and the Southern California Mountain Water Co., involving the validity of the \$1,500,000 purchase of water rights and the construction of a distributing system, has been decided in favor of the city of San Diego.

"Poor tramp! Have you suffered much?" "Madam, I have. In days gone by I was not the wretched wreck I am now. Believe me or not, I was a successful politician until any voice gave out."

Advertisement for Hood's Sarsaparilla, featuring a bottle illustration and text describing its benefits for various ailments.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new Commission of Pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice at his hands.
