

THE LABOR EXCHANGE.

A True Patriot

Does not expect to save the country or civilization by war or the ballot-box. He already knows that it is better to establish peace and happiness by the most mild and civil method possible.

Do you want to be a patriot and allow the last opportunities to slip by? Which would you prefer: to shoulder a gun and go out under the command of hired overseers of some of the monopoly-bought rulers, or learn the true principle of right and by a little work and aid help establish a correct plan of justice to prevent revolution and destruction?

The ignorance of the masses is so great that nothing but death and destruction would follow an outbreak of the millions of pinched and starving idle who today do not know how they will live over another year, while thousands more are daily being thrown out of employment.

We are endeavoring to help the people of this country to lift their mortgages, pay their debts and have plenty of everything with a grand good time all around.

The Labor Exchange makes use of checks which only cost a trifle to make and are issued on the products of labor. Hence the cry for more money is useless.

The only reason that the people do not rush up and try to be first in paying over what money they can get, borrow, promise or otherwise, is simply because they are ignorant of the great advantage it would be to them and the community to get this plan started.

Who will be a true patriot and help to get in motion the system that will make suffering humanity prosperous and happy and prevent a destructive upheaval among the American people?

Johnson Bro's hereby give notice that all old bills absolutely must be paid now or costs added. Please don't compel us to commence legal proceedings. This we must do unless bills are settled at once.

A light rain set in at this place Sunday of last week and has continued at intervals ever since. Preceding the rain, wild geese, in large flocks, were on the move south, but no "soom" came.

Mrs. Jack Pullen of Beaver Hill visited her sisters, Mrs. Minott and Miss McCulloch, at this place last week, returning home on Wednesday's train.

"Tex" Robison informs us that a prune tree in his orchard is bearing a third crop this season. The first crop was light; the second crop is good and the fruit is about ripe; a third crop appears and is now about one-third grown.

The "Swamp Angel" medicine is growing in favor and finds a ready sale. Dr. Moore, at the Coquille Pharmacy, has patrons at home who are receiving great benefit from it, and orders from abroad are coming constantly.

Rev. E. A. Ross and wife left this place last Wednesday for the valley. He will give two weeks at Dayton, Washington, for two weeks. He is untiring in his labors and does a great work.

W. Nutley brought us a cluster of a new variety of blackberries, the Shepherd, last week, which we hung up in a window for exhibition. They are very large and grow luxuriantly. Of six roots shipped from the east a season or so ago, two survived and are giving him a favorable impression of both kind and quality.

When people are obliged to take medicine they want that it shall give quick relief and not add discomfort to their sufferings. Three reasons why people who suffer with Constipation and Biliousness should take Simmons' Liver Regulator: "It is Better than Pills, it does not gripe; it gives quick relief, and does not weaken but strengthens and refreshes the whole system."

We learn with pleasure that our young friend Capt. Fred Chlemens, who visited his friends in this section lately and has returned home, is to marry about this date a charming young lady in San Francisco, Miss Ida Mae King. The Herald is glad to make the announcement, and is sure it can speak a good word for Fred to the intended bride.

The San Diego Postmaster.

October 20th we received a letter from Walter N. Morrison (late of this place) from San Diego, Cal., dated Oct. 16, with these words: "Sometime back, during your absence from Coquille, I wrote to the editor of the Herald concerning papers we had not received. About a week after we received all the missing numbers in a bunch, since then we have received no Heralds. Please see that we get paper regularly. Coquille being Mrs. M's former home, she is of course very anxious to get the paper as often as it is printed."

On the 22d inst. we received a card from the postmaster at San Diego, dated the 15th, and mailed on the 17th, reading thus: "Pursuant to instructions from the postmaster general, I beg leave to inform you that your paper, addressed to Walter Morrison, is not taken out, but remains dead in this office. You will please discontinue the same. Reason—unclaimed. R. O. DORR, P. M."

Now we know that Mr. and Mrs. Morrison want the Herald, which has been paid for till well on into next year. Besides it is addressed plainly each week and to the number of Mr. Morrison's letter box. Why, then, is it not delivered? If the postmaster's loyalty and love of country is so much greater than our own, that the Herald is not to be permitted to go through the mails, we want to know it, and suggest that the dropping off begin at the other end—His Majesty, Grover the First, remove Mr. Dodge, the postmaster at San Diego, under his civil service rule of "offensive partisanship."

A Farmers' Combine on Tobacco—Why Not? A. H. Corbin, of Marion, Ky., has addressed an open letter to the planters of Kentucky, urging them to grow no tobacco in 1897, and to hold this year's crop, arguing that they could get as much for the crop as they would otherwise receive for the two. He proposes that two conventions be held, one of the burley growers at Louisville, and one of the growers of the dark weed in this city, to take action in the matter. It will be difficult to induce the growers of the state to adopt it or any other plan limiting the production of the weed.

Just what a "golly whopper" is explained in the Heppner Gazette. It is a pumpkin 121 pounds, that was raised on William Ayers' place, on Butter creek.

John Daws, who lives near Silverton, recently dug 720 bushels of potatoes from 5 acres of land. This is an average of 243 bushels to the acre. Mr. Daws has 30 acres more in potatoes that he is now digging.

IS YOUR NERVE GONE? Dr. Chasco's Kola Nerve Tablets Will Restore Nerves, Brain, Blood and Muscles to Health and Vigor.

The Kola nut has been used for centuries by Africans as a renewer of the tissues and a preventer of fatigue.

Dr. Chasco's Kola Nerve Tablets are prepared from the fresh nuts especially imported from western Africa.

Kola is not a food for nerves, brain and muscles and a tonic for the blood.

Dr. Chasco's Kola Nerve Tablets are absolutely certain and speedy in their effects. They cure all nervous diseases, prevent fatigue, renew fading vigor, give tone to the whole system.

Kola Nerve Tablets cure sleeplessness and the nervous troubles from which sleeplessness comes. They are specific in cases of nervous dyspepsia.

The druggists say the demand for the Tablets is astonishing. Kola is what the debilitated want.

Thousands of packages have been sold. Good effects were felt at once. Nervousness, Headaches, etc. "One package of the Tablets, costing \$1, has done for me what physicians, who cost me \$100, failed to do."

We absolutely guarantee that no harmful or soporific effects are felt from the use of the Tablets.

Can you, in justice to yourself, refuse to pay 5 cents a day for sure relief from neuralgia, rheumatism, brain fatigue, sleeplessness, nervous dyspepsia, loss of vigor, melancholia, and all the evils resulting from a nervous condition? Ask yourself the question with all seriousness.

Dr. A. C. Sherman is one of the best physicians in New England. He writes: "Hotel Pelham, Boston, Dec. 6th, 1895. Gentlemen: I am prescribing Dr. Chasco's Kola Nerve Tablets for a patient of mine, a man of 40 years of age, who is suffering from nervous disease. His investigating properties are wonderful."

"I am assured by a careful inquiry among leading physicians and personal friends who have used them and in whom I have the utmost confidence—that Dr. Chasco's Kola Nerve Tablets are invaluable in all forms of nervous disease. His investigating properties are wonderful."

Dr. E. H. Hale writes: "I have used them in all forms of nervous disease. His investigating properties are wonderful."

Riverton Riottings.

Riverton, Oct. 26.—The past week will long be remembered in the annals of Coos county as a week of accidents and disasters. Riverton has not escaped without recording at least two accidents. Charles Baxter, head trimmer man in the Riverton mill, nearly severed his thumb on the trimmer saw. E. J. Price, while assisting in hauling up a log, let the lever (that raises the friction wheel) slip. It struck him under the arm and also on the nose. E. J. now wears a large plaster over his nose as a memento of his narrow escape.

Work will be resumed on the new road to the Bandon Co's mine today, the 26th inst.

J. H. Timon closed his mine yesterday for a short time. The young people had a social dance last evening at the Martin House which was pronounced a success by those who participated in the festivities of the evening.

Mrs. Grace Pruett of Bear creek will spend the winter in Riverton. She comes to attend school and will board with Mrs. Charles Nosler, Charley, it is far better to be born lucky than rich.

James Bean and wife returned to Riverton last week. They were accompanied by Mr. Bean's father and Miss Mabel Jackson. The latter was visiting her sister, Mrs. James Bean, near Drain.

Four members of Gen. Purday's command of God's Regular Army spent two days in this town last week. They witnessed the largest religious gathering that ever assembled in Riverton. Call again, brethren. DONNA ANA.

D.W. MARION, President of the Swamp Angel Medicine Co. "Warm to the Core" From Life.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when every symptom of disease showed themselves. When the scientific men of the world, and all the health boards of the large cities referred the public that consumption, and the most malignant and fatal diseases, were caused and produced by living lungs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, bronchial affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then commenced experiment with neophthal, and produced a medicine similar in effects to Hydro-naphthal. With my medicine seen very strong, get, I could drink it like water. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel, a very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine distills into gas, air, and can be inhaled directly into the lungs, thereby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common headache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
