The HERALD thanks Sae Wilbur of K. of P. Lodge, No. 64, at Bandon, for complimentary to their grand ball, to be given next Saturday night. Stonewall Caulfield and cousin, Roy Bruce, arrived here last Friday to visit relatives and old home scenes. The former has been residing in Colorado for some time.

WANTED—A good dairy ranch, on or close to the river; enough land to have 30 to 40 head of cows. Address the HERALD, Coquille City, stating location and best terms to a good tenant. No trains have come to this side of Cedar Point since last Friday. The track is considerably under water between that point and this place, and between here and Myrtle Point.

Capt. Hark Dunham was here last Tuesday, visited Bandon and returned a day or two later on his way home to Marshfield. He greeted many friends, having been absent several months in California. Dr. Darrin and wife have obtained passports from Secretary Olney and will soon leave Vancouver, B. C., for a trip around the world. They have purchased their tickets by the "Belt Line" costing them \$560 each.

Be sure to read notice of the Collegiate Institute. We learn from Mr. Fattrell that the alumnus in italics offers to come and take an interest in the school. This means several thousand dollars to be brought to the school and community. Let us not lose this opportunity. DR. MATCHETTE'S INDIAN TOBACCO ANTIDOTE will cure any of the tobacco habit in 72 hours. It is compounded by a celebrated physician, and is the result of a life-time study. Guaranteed harmless. Our letter from the Bandon Woolen Mills Co., on the subject of the salmon fishing of the past season, its shortage, cause and remedies, is interesting. Read it. And we hope, even while claiming exemption from being any cause for the small run of fish, that the suggestions of that company for improved methods of fishing and the construction of a hatchery should be earnestly heeded and adopted. Grandpa Dean and Mr. and Mrs. D. E. Dean visited their granddaughter and niece, Mrs. Lillie Cox, at Beaver Hill last Saturday, and there partook of a bi-birthday dinner in honor of the 76th anniversary of Grandpa Dean and the 24th of William Cox. The weather was wet and stormy, but Mr. and Mrs. Cox's home was hospitable and cheery within and it was a happy occasion. The HERALD extends congratulations.

From what we can learn we fear that much stock has been drowned by the flood in the river. The fact that there was snow in the mountains was not known to our ranchers, and the rise in the river came faster and higher than they had calculated on. Martin Alexson thinks he has lost two colts, and with difficulty saved some calves. Others are reported having lost, but to what extent is not yet known.

Death of A. A. Wimer.

Our valley is called again to mourn the death of one of her best and most generally beloved citizens, that of Adam Wimer, sr. The information came like a shock to our people. It was generally known that he was ill, but it was so short a time and no one could imagine that it was of a serious nature. Owing to the prevailing storm and high waters, we are unable to get particulars, except that he died at his home at Fish-trap Sunday evening, Nov. 15, about 5 o'clock, and the hour of 10 o'clock today was set for the funeral. When we saw him in town last—only a few days ago—he seemed to have recovered somewhat from the prevailing grippe, but was taken worse and the disease was announced as mercurial poisoning, from which at times he suffered intensely, and so soon ended in death. Mr. Wimer was aged about 55 years, and his friends were every body.

Our Public School

Closed with last Friday's exercises—a term entirely too short, made so by the slow payment of taxes by the masses of the people, owing to the hard times, and the refusal to pay on the part of several large corporations. Friday a public program of considerable merit was given, in the morning chiefly of reviews and exhibits of written lessons, and in the afternoon of recitations and songs. The attendance of parents and friends was limited by the storm.

Little Georgia Johnson gave an opening song, and this was followed with recitations by Martha Root, Clara Sherwood, Bertha Wilkins, Gertrude Johnson, Mary Dickson, Inez Jenkins, Vera Seed, Leta Barrows, Rose Martindale, Laura Fox, Daisy Martindale, May Wickham, Roy Dickson, Arthur McDuffee, Reta Johnson, Willie Johnson, Ella Johnson, Effie Collier and Emma James; these were interspersed with songs by Maggie Johnson, Rose and Daisy Martindale, and Frankie Freeland.

The County Seat Jollification.

Wednesday of last week a movement was made to give some evidence of the appreciation of our citizens at the result of the late vote on relocation of the county seat, and it was resolved to have a ratification Saturday night, 14th inst., as far as the weather would permit. Posters were issued from the HERALD office and circulated in all directions for a "grand free dance at Masonic hall," at which Lockwood's orchestra was to officiate, while the river steamers from Myrtle Point and Bandon were to make free runs and the bands from both those places were to be present. The necessary arrangements were made, but the fearful rain and wind storm was augmented for the occasion, instead of abating. No decorations could be provided, except in the hall, and arrangements for bonfires were dissipated. The lower river boat could not stem the fury of the storm, hence our guests from that section failed to arrive. A goodly number came from the upper river points, but no band from Myrtle Point. Our own band—able, and always willing—held the post of honor. A fairly good delegation came from Beaver Hill, notwithstanding the weather, and faces from many neighborhoods greeted us.

At dark the anvils began to boom and the band to play, while the throngs gathered at the hall to indulge in the only "jollification" program that could be indulged in, and that was immense. The hall was well filled and the merry dance went on to the charming music of Lockwood's orchestra. The midnight supper was extra fine, set at Hotel Coquille, and was well patronized. The enjoyment at these in-door pleasures was complete.

A very big tooth was found by J. P. Messer one day last week when coming from work on his ranch. Its dimensions indicate that the animal owning it was larger than any known to us. The tooth can be seen at Dr. Leneve's drug store.

The HERALD job office has received several new fonts of types for commercial work, and can furnish artistic letter-heads, bill-heads, cards, envelopes, etc., at astonishingly low prices. Don't forget the place.

Some of the so-called "independent"—but rather open-for-a-bid—editors are busy explaining to their readers why they talk for reform and bimetalism and then advocated candidates who were solid against both. It is easy of explanation by them—presto, now you see it, and now you don't! We've got your money and you the experience.

THAT MURDER CASE.

The Coroner's Inquest—Verdict of the Jury—in Jail and Examined for Insanity.

The case of Joseph N. Russell, of Randolph, for the murder of his son-in-law, Andrew Carlson, on Sunday, Nov. 8, mention of which was made in the HERALD of the 10th, has passed from the coroner's hands to those of higher authority. Justice A. D. Morse of Bandon, acting coroner, held an examination on Monday, having a jury composed of W. E. Rasor, Joe McMullen, L. L. Goodman, C. B. Owen, J. E. Perrott and A. C. Dixon, the result of which is comprehended in the following VERDICT.

"We, the undersigned, the jury summoned to appear before A. D. Morse, acting coroner for the county of Coos, state of Oregon, at Randolph, on the 9th day of November, 1896, to inquire into the cause of the death of Andrew Carlson, of Randolph, Coos county, Oregon, having been duly sworn, according to law, and having made such requisition, after inspecting the body and hearing the testimony adduced, find, that deceased was named Andrew Carlson, was a native of Finland, was about 36 years old; that he came to this country on the 8th day of November, 1896, by a gunshot wound in the head, in the hands of J. N. Russell, said gun being a 44-77 calibre Sharp's rifle, the ball entering back part of head and came out a little below and to the right of eye.

"Dated this 9th day of November, 1896." Constable S. N. B. Hunt and Thomas Rogers delivered the prisoner to Sheriff Gage at Empire on Wednesday. Russell's various statements about the murder and peculiar actions have caused a strong suspicion of insanity, and this opinion seems to be warranted when we consider his life of 20 years or more in that section of the county, unless it was done by whisky, under the impulse of a brain fired by alcohol and the suggestions of political rancor—which, at this day, are happily ruled out as any justification. At one time Russell declared "he remembered nothing of the occurrence." At another, and repeatedly, he expressed the belief that he "had done the proper thing, by which he saved the country." He was a bitter Republican, and his son-in-law, who was a Populist and earnest free-silver man, was regarded by him as "an anarchist." Carlson was a good citizen and is well spoken of by his neighbors, who had known him many years.

The death of Carlson leaves five orphaned children, father and mother both being dead, the oldest being only 12 years of age. The shot that killed Carlson also grazed the face of one of Carlson's daughters, who was in the room with and close to her papa. RUSSELL ADJUDGED TO BE INSANE.

We learn that Dr. McCormac has conducted an expert examination of Russell's mental condition, at the jail at Empire, and that he pronounces him insane.

W. H. Schroeder, esq., and wife, of Arago, attended our jollification last Saturday night. They were the guests of Mr. and Mrs. Kribs, with whom they visited two or three days.

Many logs from the camps above town have floated off on the high water oceanward the past few days, undoubtedly causing a heavy loss to the owners. The rise came suddenly, so much higher than was expected, and was a surprise.

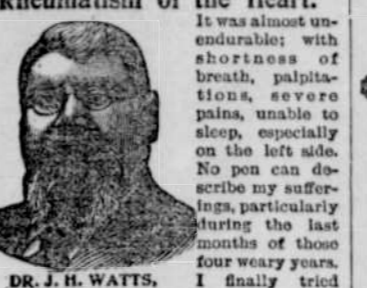

Mr. and Mrs. Sam Barrows returned last week from southern California, coming as far as Mr. McQuigg's, where they became storm-staid. They were called for by Frank Barrows Monday and taken home to Bandon on steamer Dispatch. We regret to say that Sam's health has not been improved.

Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners; believes that heart disease is curable. He writes: "I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the heart."

Dr. J. H. Watts, I finally tried Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it Three Years of Splendid Health."

I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my suffering then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction. J. H. WATTS, Humboldt, Neb., May 8, '94.

Dr. Miles' Heart Cure Restores Health

Coquille Collegiate Institute. We are glad to announce that arrangements are now made for a Music Teacher and Teacher of Art, and we hope for these classes to begin before the end of the month.

We want and very much need the services of two more teachers, but number of students will not justify it. People of Coos and Curry, will you rally to the support of the school? Be assured every dollar you spend on the school will be used to enlarge its facilities and thus increase its usefulness. Not a dime will be carried away. On the other hand, your support of it this scholastic year will decide how much will be brought to it from elsewhere.

Don't kill the goose that lays the golden egg. Again, we were told many are staying away because we were not prepared to board them. We have gone to much expense to remedy this and can take all who come.

How to Ward off an Attack of Croup.

In speaking of this much dreaded disease, Mr. C. M. Dixon, of Pleasant Ridge, Pa., said, "I have a little girl who is troubled frequently during the winter months with croupy affections. Whenever the first symptoms occur, my wife gives her Chamberlain's Cough Remedy, and the result is always prompt and satisfactory." This remedy is used by thousands of mothers throughout the United States, and in many foreign countries, and always with perfect success. It is necessary to give it freely when the children become hoarse or as soon as the croupy cough appears and all symptoms of croup will disappear. For sale at 25 and 50 cents per bottle by Dr. S. L. Leneve, druggist.

Pumpkins for Hogs.

There is nothing better for starting hogs to fatten than cooked field pumpkins, nor is any vegetable more easily and cheaply grown. Breaking the pumpkins open and removing the seeds before cooking them is all the preparation required. Some ground grain, oats, or corn should be put in after the cooking is done, as the heat of the pumpkins will cook it sufficiently. In this way sweet, tender, and excellently flavored pork can be made.

Daily Health Laws.

Don't eat so rapidly. Sit on a chair and be quiet after eating. Your stomach is not a coal bin. Strange food makes strange stomachs. Joy's Vegetable Sarsaparilla reaches the stomach, cleanses the stomach, and renews the stomach. No appetite? Take Joy's Vegetable Sarsaparilla. Keep appetite. "County division" and the contest of Mr. Buckman's seat in the legislature by Mr. Bennett, are catchwords in the Sun's make-up last week. The "ring" is quite broken and harmless; and all the people want to know these days is what the Sun and Mail and News want at an election and they get left.

Our citizens are earnestly desiring to have one of the boats in the lower-river service lie over at night at this place. It is needed for convenience of the traveling public and will undoubtedly share liberally in the shipping business.

Johnson Bro's hereby give notice that all old bills absolutely must be paid now or costs added. Please don't compel us to commence legal proceedings. This we must do unless bills are settled at once.
