

THE LABOR EXCHANGE.

No Need Now of Idleness.

The L. E. soap factory has at last commenced operations, and is turning out an excellent quality of family soap, which all who believe in patronizing home industries should buy in preference to all others.

The last kiln of brick to be burned this season is being sealed up. This kiln contains 200,000 brick, and will, with the 100,000 already on hand, enable the Exchange, as soon as a kiln of lime is burned, and the weather will permit, to put up its own building.

Mr. L. Oldenburg is depositing one hundred cords of wood as fast as it can be hauled.

Now that harvesting and the election will soon be over, the Exchange will presently be doing business on a large scale. Efforts are being made to secure a market for fruit boxes, and if successful a number of men will be employed in their manufacture this winter.

Every member who has an idle day should get him to the hills and cut a cord of wood for the Exchange. No need now for anybody to be idle.—Union County Farmer, La-Grande, Oregon.

Fruits of Monopoly.

For past year: 10,500 murders. 5759 suicides.

80,000 tenant farmers added to population yearly. 3,000,000 tramps.

29,000 poor families evicted in New York City in one year, or counting 5 to a family 145,00, persons.

1,000,000 drunkards. 27,000 railroad men killed or injured every year.

\$400,000,000 bonds. 191,000 acres or enough land to make five states as large as Iowa given away to railway corporations.

4000 millionaires. From 300 to 460 tramps. Gold basis.

Partisan venal judiciary. Keep Right On—Vote to keep the same monopolists in power who have been elected for the past 30 years and these conditions will by your VOTE continue.—The Montanan.

MeCook, Neb.—I herewith send you circulars of the American Railway Co., which is about ready to begin work. While the circular does not reveal it, yet they are working on and toward Labor Exchange plans, and will, I think, shortly adopt that name and plan altogether. They have secured a great amount of labor, material and cash between Council Bluffs and Muscatine, Iowa, and the people are becoming awakened to the benefits such a line will confer on them. And why not? Just fancy the financial difference in the favor of the communities through which the line will pass. A road honestly operated AT COST will be a great step toward proving what these reforms mean in a practical way, and only a short time will intervene until labor will use its power in this direction. The Labor Exchange and reform papers are giving this company such favorable notice, that I look for its speedy construction. Those desiring to learn particulars, may address—W. H. Davis.

It is not in reality money that is the root of all evil, but the use to which it is put. If money was properly issued and used in the right way there is almost no end to the good it would do. In fact when such becomes the case, the adage may run, Labor is the root of all good and money is for the dissemination of wealth.—Progressive Thought.

The county court advertises to receive sealed bids for the superintending and keeping of the Coos county infirmary and poor farm, for the year commencing March 1, 1897, and ending April 30, 1898. All bids must be filed with the county clerk before noon, Wednesday, Jan. 6, 1897, and the court reserves the right to reject any or all bids.

"Be regular and punctual in all things" was one of the old maxims, taught long ago. The last is not forgotten, but the first is scarce remembered, so irregular is the life of most people nowadays. The only corrector of this evil is Simons Liver Regulator, which keeps the liver active and prevents the ills of irregular living: Dyspepsia, Biliousness, Constipation, etc. It also cures these troubles.

Young Bob Benham, while in Knowlton's store last Wednesday, was suddenly overtaken with a cataleptic fit of long duration. Mr. K. and others present ministered to him. He was taken home, and we learn had a recurrence of the spasm there, and was quite poorly for a day or so. He is all right now, we learn, the trouble coming from some temporary cause.

GENERAL NEWS.

WAS PROBABLY A BIGAMIST.

Denver, Nov. 9.—Light has been thrown upon another chapter in the life history of Matt Adams, the alleged embezzler of \$100,000 of the funds of Arapahoe county, and betrayer of the people's trust. Seventeen years ago he deserted his wife and two children in the east, and since has persistently refused to contribute to their support.

During the years that Adams held a position in Denver, paying from \$30,000 to \$50,000 a year, he moved in good society and held the highest office in the gift of the Masons and Knights Templar.

TEXAS COTTON CROP RUINED.

Dallas, Tex., Nov. 9.—The cotton crop of 1896 is ruined. A killing frost has fallen and the fields are as black as soot. There is not a particle of life left in the plant. A few more bales can be picked out, but fully 90 per cent has been marketed.

ANOTHER "HONEST MONEY" MAN.

Boston, Nov. 9.—Allison Z. Mason, president of the defunct Globe Investment Company, was arrested today on an indictment charging embezzlement of \$10,000. Treasurer J. Lowell Moore is serving three years' sentence on a similar charge.

CATHOLIC PRIEST KIDNAPED.

London, Nov. 8.—The bishop of Marlborough, presiding at the Bible Society, on Saturday, made a sensational statement to the effect that an eminent Roman Catholic priest, who was entrusted with important missions by the pope, came to London and asked him (the bishop) to prepare him for conversion to the church of England. Directly the preparation was completed, the priest was kidnaped, and was taken back to France, where he is still kept under restraint. The morning papers demand that the bishop give further details of this remarkable case.

OF COURSE NOT.

Cincinnati, Nov. 8.—The Commercial Tribune's special from Frankfort, Ky., says:

There is no longer any talk of the Republicans uniting with the Gold Democrats on Carlisle, Breckinridge or any other Democrat to succeed Blackburn. All negotiations and talk to this effect were based on probabilities of another deadlock. Now that the Republicans are confident of a majority on joint ballot, they state that a Republican will be elected senator. Governor Bradley, St. John Boyle and others, are mentioned for the place.

Let Us Take Courage.

Prices have advanced, and a study of the markets cannot fail to give the farmer encouragement of a very substantial kind. Every report from Europe confirms the first estimate of a general shortage in the wheat crop abroad, in consequence of which since August the value of the wheat in the American farmers' hands has increased about \$50,000,000. Exports of wheat and other grains have been greatly in excess of any recent years, and there is every indication that the impetus thus given to prices will force them beyond anything we have seen since the present reign of low prices began. The advance in all agricultural products already means nearly \$200,000,000 more for the farmer's pocket than he would have received in August. All in all, the American farmer, taught by hard experience in the school of "hard times" to be "thankful for small favors," has occasion to remember that November is the month of our national day of Thanksgiving, and take courage for a new bout with Fortune.—Farm News.

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted so write for three years. Have been so nervous and weak that I have laid in bed most of the time. A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed) MRS. A. C. TILLER, Alameda Cal.

Headaches, Biliousness and Torpid Liver disappear when you take Joy's Vegetable Sarsaparilla.

A Point for Property Owners.

A jury in Judge Shattuck's court at Portland, Nov. 6th, awarded Mrs. Hattie B. Phillips a verdict of \$375 in her suit for damages against H. D. Winters, of East Portland. The plaintiff's suit was for \$5000 for damages sustained by falling through a basement door in the sidewalk on Davis street, where stands Winters' lodging-house.

The plaintiff alleged negligence on the part of the defendant. Judge Shattuck, charging the jury, held that the proprietor of a building or the lessee, if there was one, should be held responsible for accidents of this character to pedestrians. The court stated in substance that a person passing along the street has every reason to believe that all subways, trapdoors, etc., on the walk are kept perfectly safe, and the owner of the property or his lessee should see that they are safe for pedestrians.

"Yankee Doodle."

The superior court of Boston has handed down a learned opinion in which "Yankee Doodle" is declared to be not a sacred tune. From the musical standpoint, the decision of the court cannot be impeached; for scarcely another nation on the world over has such a trashy song among its national airs. But despite its cheap musical effect, its slangy words, and even its British origin, "Yankee Doodle" will always be to every patriotic American a truly sacred tune—sacred with the memories of the ragged Continentals, who marched and fought and bled and died to its lively strains from life and drum.—Philadelphia Record.

DON'T STOP TOBACCO

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872 without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

CURED BY BACO-CURO AND GAINED THIRTY POUNDS.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented: Clayton, Nevada county, Ark., January 28, 1895.

Eureka Chemical & Mfg. Co., La Crosse, Wisconsin—Gentlemen: For forty years I used tobacco in all its forms. For fifteen years I tried to quit, but could not. I tried various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my change of feelings and condition.

Sold, respectively, by F. H. MARYBURY, Pastor C. P. Church, Clayton, Ark. Sold by all druggists at \$1 per box; three boxes (thirty days' treatment), \$2.50 and iron-clad, guaranteed cure, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass.

"My dear madam," said a lawyer to a fair client, "I find your estate is heavily encumbered. You will have enough to live on, but you must husband your resources." "Well, my daughter Sal is the only resource I have." "Exactly. Husband her as soon as possible."

Pessimist—Some men have a mighty hard time in this world I think. Now here I am. I've been married 15 years and have seven children to take care of. Optimist—Aw, what's the matter with you? Just think how much worse it would be if you had been married seven years and had 15 children!

D.W. MARION, President of the Swamp Angel Medicine Co. Warns by Land from Life.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when any symptoms of disease showed themselves. When the scientific men of the world, and all the health boards of the large cities informed the public that consumption, and the most malignant and fatal diseases, were caused and produced by living lungs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, bronchial affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then commenced to experiment with naphthol, and produced a medicine similar in effects to Lydare-naphthol. But the most wonderful thing was that one drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine dissolves into gas, air, and can be inhaled directly into the lungs, thereby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
