

REGULAR TRAINS

Table with columns for Leave, Arrive, and destinations: Marshfield, Coquille City, Myrtle Point.

We have several calls to rent dairy farms; owners should notify the HERALD. Rev. Mr. McCain left here last week to fill his appointment at Dairyville, Curry county.

The largest stock of candies ever brought to Coquille new ready for the holidays at Bird Noster's. Tobacco users will find, in another column, an item of decided interest to them, headed "Don't Stop Tobacco."

Our W. R. C. will furnish the midnight supper Christmas night, at the masquerade, at only 25 cents per plate. W. J. Tension, of the Beaver slough section, came up on business last Friday. His appearance on our streets is rare.

L. L. Dietz, a practical watch repairer, will soon open a shop in Coquille City—in the meantime will do all kinds of repairing at home, at the Judge Noster residence. Riverton's boom is on and promises to be lasting and substantial. Those who are situated to advance the interests most should not spare any efforts, for it benefits all, and themselves especially.

The tie vote for city marshal at Marshfield is a subject of discussion and of some warmth. Capt. H. W. Dunham expresses a willingness to meet the tieing opponent at the city recorder's office and settle it by lot. J. T. Conwell and family and Arnul Mayhew and family, from Beaver Hill, late of Kansas, have moved to this place. These gentlemen will take charge of the coal operations at this place, beginning this morning, we understand.

Uncle Jack Laird did some carpentering work at Dr. Moore's new store building last week, including the construction of a substantial outdoor stairway to the upper-room. Prof. Kaematz will occupy the upper-room also, in the manufacture of silk goods. Read Judge Schroeder's sensible letter on the subject of new county buildings. It ought to set at rest the bugaboo scare phrases of a newspaper man or the disaffected few who are not content with ever a second expression of the wishes of the people in the matter.

CARD OF THANKS—The family and friends of the late Cyrus J. Price, of Riverton, desire to return sincere thanks to neighbors and citizens for their many kindly offices and sympathies during the sickness and death of their father and brother. E. B. PRICE.

Mr. T. F. O'Donnell, a well-known druggist of Parsons, Pa., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy says: "Several times in the last few years when suffering with cramp or diarrhoea I have made a personal test of the value of this remedy. The effect in each instance was almost immediate relief." For sale by R. S. Knowlton, druggist.

Horace Greeley once said "The way to resume is to resume," speaking of again putting gold into circulation after the war. But you may say "resume" any number of times to that torpid liver of yours and it won't budge until you take Simmons Liver Regulator. Many people seem to forget that Constipation, Biliousness and Sick Headache are all caused by a sluggish liver. Keep the liver active.

Our young friend Mack Anderson came near getting a very serious hurt last Friday. He was having some conversation with his brother George, who had a piece of twisted wire in his hand which he had been playing with and then dropped on the floor. Mack was swinging forward over the back of a leaning chair, balancing himself, but it tilted forward, throwing him on the floor, and he struck his head on the end of the wire, which was turned up, penetrated his scalp and made a wound, luckily not deep nor serious. He is about over the hurt now.

Owing to high water the mill did not run Monday but resumed today.

The Christmas tree and festivities will be held in the Methodist church.

A silver-medal contest was held by the W. C. T. U. at Bandon Friday evening. Comrade Harrington has been exercising himself some out of doors, and is improving some.

Grandpa Wall and son, James, of Myrtle Point, were in town a brief spell yesterday. They extended their trip to the lower river.

The enrollment of new pupils at our Collegiate Institute continues, notwithstanding the nearness of the holidays and a vacation. President T. W. Clark, of the Bandon woolen mills, passed through this place last Friday on a business trip to San Francisco.

Miss Annie Laird will be sale-lady at the new store being opened by Prof. Kaematz in Dr. Moore's new building. J. W. Strange, dentist, Roseburg, Or., will again be in Coquille City soon after January 1st, 1897. Save your work for him.

Rev. Mr. Futrell, president of the Collegiate Institute, was out Sunday, the first since the accident which happened to him some weeks ago. Claude Drew has been visiting friends in town a few days past. He laid off from his work at Riverton on account of a very sore hand.

The Coquille Furniture Store has received a lot of nice new furniture, including bed-lounges, and a stock of mattresses. Call and see them. Johnson Bro's hereby give notice that all old bills absolutely must be paid now or costs added. Please don't compel us to commence legal proceedings. This we must do unless bills are settled at once.

Clark, president of the Bandon Woolen Mills Co., left this morning for San Francisco by way of Coos bay. After visiting the city he will go to Oregon City and spend Christmas with his family and return here before Jan. 1.

G. A. Bennett, of the Coos Bay News, has purchased Joseph Bradley's interest in his lands which are situated about two miles south of the Bandon beach. They contain some very valuable stone quarries and from which a large income will be received as soon as there are proper facilities for transporting the output. The Bandon Woolen Mills company has taken a five year lease of the water frontage, of H. J. The Donation and Social Given at the little church last evening, for the benefit of Rev. Mr. Millard and family, was well attended and a very pleasant affair. The donations were very liberal and creditable to our people, and every one a genuine, useful gift.

A nice program was given, consisting of songs by the audience, two male quartets by J. W. Sugg, Aaron Wilson, Prof. Millard and J. S. McEwen, a trio by Prof. Millard and daughters, and then recitations by Edie Collier, Lita Barrows, Della Millard, Ray Dean, Mary Simmons, a select reading by Mrs. Millard and an essay, "The New Revelation," by Hon. W. H. Nosler.

After the program came a season of social intercourse and pleasant greetings. The W. C. T. U. Temperance Service, Held at the Christian church last Sunday night, was entertaining and edifying, and well attended in view of the stormy, inclement weather. Mrs. Ora Maury presided, a good choir rendered several new and appropriate songs. Rev. Mr. Millard read a portion of scripture, Rev. Mr. Smith offered a prayer, and Rev. C. A. The Steamer Bessie K. Ashore. Last night about 9 o'clock the little steamer Bessie K., for this river, ran ashore just south of the south jetty and a little way from where the schooner Berwick was stranded several weeks ago. The vessel seems to be in no danger, and will have to be taken off as the Berwick was.

At the meeting of the subscribers to the bridge fund, called in last week's HERALD to be held last Thursday afternoon at Mercantile hall, J. J. Lamb was called to the chair and W. S. Perry to be secretary. After some little discussion of the matter it was resolved to proceed with the work, and a committee for that purpose, composed of W. Drane, R. D. Sanford and Peter Nichols, was appointed. Al Balch was also appointed to superintend the work. So we may look forward at an early day for better facilities of communication between the West Side and the business centre of town, a desirable consummation.

"Pretty Pill" says "Pretty Pill" is just "pill parrotting." There's no prettiness in pills, except on the theory of "pretty is that pretty does." In that case she's right.

Ayer's Pills do cure biliousness, constipation, and all liver troubles.

HEART DISEASE, the many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to do for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Drysville, Ohio who writes June 13, 1894, as follows: "I had heart disease for 22 years, my heart hurting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Dr. Miles' Heart Cure for the Heart, and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is heavy work, and I haven't lost a day since. I am 25 years old, 6 ft. 4 1/2 inches and weigh 260 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies." Drysville, Ohio. SILAS FARLEY.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it in 60¢ bottles for 60¢ or 12¢ will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Last Friday morning the people of Riverton were pained to learn of the sudden death of Grandpa Price. The evening before he appeared in good health and was practising singing with others, preparing for the Christmas festivities. He was always foremost in all such undertakings. He will long be remembered and mourned by his many friends and relatives. He was the father of the Price Bro's who first started the Riverton saw-mill. The sympathy of the community is with the afflicted relatives. He was buried at Coquille on Sunday, the 13th inst.

The time has arrived when we should make a move towards constructing a telephone line between this place and Coquille. It has become an absolute necessity to us, moreover it would be a great benefit to the business men of both Coquille City and Bandon. It would obviate a day's delay in all orders, and also notify us of all in-coming vessels. Someone make a start. DONNA ANA.
