

THE LABOR EXCHANGE. READ THIS OFFER.

\$100 will be paid in gold to any person who will find a flaw in the practical workings of the Labor Exchange system when properly applied, or will give a valid reason why it is not the only available plan, under the present conditions, by which the laboring people can get justice in a few years. The relation of points and their merits to be weighed by arbitration. For further information and circulars, address, E. Z. ENNST, Olathe, Kans.

What is the Labor Exchange.

It is an organized, industrial, beneficiary association which can be established in branches at any point where a number of people wish to co-operate for mutual benefit, and the laws of no civilized country will interfere with its equitable transactions.

Its first object is to endeavor to employ the idle and prevent them from being swindled by speculations or becoming a burden to themselves or society, and it provides plans or means by which the products of labor can be fairly exchanged so that each wealth producer may receive an equitable reward for his services to society.

It provides its own money, or medium of exchange, to the full need of the community in which it is established. It does away interests, rents and speculations, and soon proves the grandest blessing ever introduced by man in any age of the earth's known history.

It prepares the way by which all true reforms can be brought to the front, while none can become a complete success without its aid.

This system will quickly settle all the argument and controversy between the different agitators of ideas as to how better conditions may be established, by a practical demonstration of facts.

So far it has fully proven to every sincere investigator that it is the best and only method by which justice can be established for all classes. It does not interfere with any one's notions on religion or politics, and gives every one full individual freedom in all personal matters.

Remember, that as long as you do not thoroughly understand that every word of the foregoing short assertions are truths, so long you do not fully comprehend the magnitude of this system of operation, and the best thing you can do is to make every possible effort to comprehend its force.

(Progressive Thought.)

A patriot is one who loves and defends his country. Is that what the party politicians are after? To take arms against your neighbor, to talk politics without reason or argus mercy to be heard, and lie for pay or office do not indicate that one is patriotic. Not much.

A reformer is one who tries to change things about and make the condition better. Who don't want to be a reformer these hard times? But I know some who claim to be reformers without advancing an inch in the past 15 or 20 years. I hope they will no longer disgrace the name.

The rich are not independent as many suppose. If the slaves were to go on a universal strike, and decide to work for themselves, their masters would be in the same position that the toilers are in. Their lands would grow up in weeds, their factories decay. In short, their riches would dissolve. We are trying to show both slave and master a better way. The very rich possess more than they need; the very poor suffer for a lack of the things they need.

Although labor produces all of the wealth, the business man, mechanic, farmer and all kinds of working people are being sold into bondage to the landlord and money power, through the lawful influence of legal tender money. It is the false education on political economy and money which the people have received for hundreds of years past that prevents them from seeing true light. The Labor Exchange checks are the only sound money that will do justice to the laboring classes and save this country from revolution and ruin. These are solid facts.

Miss Myrtle Fox, daughter of our old townsman J. B. Fox, is an artist of more than ordinary ability, and we have reason to believe would become proficient and excel if she has the opportunity for training and development of her talent. We were shown a pencil sketch last Wednesday, purely fancy and finished hurriedly for pastime, and it was artistic and exceedingly handsome. Both outlines and shading showed talent of a high order.

New York World: Hero-worship is at least explicable when it has for its object a man whose achievements have shed glory upon his country and luster upon his name. But to put upon a pedestal a vulgar money-bags, who has rendered no conspicuous public service, who is neither a soldier, a statesman, a scholar nor an orator, and has not even the wit to conceal his folly in silence, is an affront to common sense. The Hanna humbug has had quite too long a run.

Just What Miners Want.

All who are, or expect to be, interested in mines will be glad to know that Henry N. Copp, the Washington (D. C.) land lawyer, has revised Copp's Prospector's Manual. The mineralogical part of the work has been almost entirely rewritten by a Colorado mining engineer, who has had years of experience as a prospector, assayer and superintendent of mines and United States surveyor.

The book is a popular treatise on assaying and mineralogy, and will be found useful to all who wish to discover mines. The first part of the work gives the United States mining laws and regulations, how to locate and survey a mining claim, various forms and much valuable information. The price is 50 cents at the principal book stores, or of the author.

Drisko, formerly of the Homer, will be in command. The Czarina will be used exclusively for freight and coal.

Dr. Charcot's Kola Nerve Tablets Will Restore Nerves, Brain, Blood and Muscles to Health and Vigor.

The Kola nut has been used for centuries by Africans as a renewer of the tissues and a preventer of fatigue.

Dr. Charcot, the eminent authority on nervous diseases, prepared a prescription from Kola which he vouches for as a true specific in all nervous diseases and a sure invigorator for the blood.

Dr. Charcot's Kola Nerve Tablets are prepared upon the above mentioned prescription from the fresh nuts especially imported from western Africa.

Kola is not a cure-all. It is a food for nerves, brain and muscles and a tonic for the blood.

Kola Nerve Tablets are absolutely certain and speedy in their effects. They cure all nervous diseases, prevent fatigue, renew falling vigor, give tone to the whole system.

Kola Nerve Tablets cure sleeplessness and the nervous troubles from which sleeplessness comes. They are specific in cases of nervous dyspepsia.

Dr. A. C. STEWART is one of the best physicians in New England. He writes: "Hotel Pelham, Boston, Dec. 6th, 1895.—Gentlemen: I am prescribing Dr. Charcot's Kola Nerve Tablets for Nervousness, Insomnia, Dyspepsia and Neuralgia, with excellent results. I have no hesitation in stating that they are infallible in all forms of nervous diseases. Their invigorating properties are wonderful."

"Yours truly, A. C. STEWART, M. D." Edward Everett Hale, D. D., the famous author of "The Man Without a Country," in an editorial in the Boston Commonwealth, and later in a personal letter, wrote thus:

"I am assured by a careful inquiry among leading physicians and personal friends who have used them and in whom I have the most confidence—that Dr. Charcot's Kola Nerve Tablets are invaluable in insomnia and all nervous diseases." "E. W. HALE."

D.W. MARION, President of the Swamp Angel Medicine Co. "Swamp Angel" is the name of the medicine.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when every system of disease showed themselves.

When the scientific men of the world, and all the health boards of the large cities refused the public that curing them, and the most malignant and fatal diseases, were caused and proved by living bugs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation on sale for throat troubles, bronchial affections or consumptions. I could not find a germ or microbe killer in the entire lot of preparations.

I then commenced experiment with Swamp Angel, and produced a medicine similar in effects to Hydro-naphthol. While my medicine was very strong, yet, I could drink it like water. But the most wonderful thing was that this drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel canon, a gun very destructive to enemies but harmless to its operators.

Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine changes into gas, air, and can be inhaled directly into the lungs, thereby killing all germs and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
