The Mount Lebanon Shakers have learned the art of extracting and utilizing these digestive principles, and it is for this reason that their Shaker Digestive Cordial is meeting with such phenomenal success in the treatment of dyspepsia. The Shaker Digestive Cordial not only contains food already digested, but it also contains digestive principles which aid the digestion of other foods that may be eaten with it. ANNOUNCEMENT OF THE BERLIN STORE.

We have the pleasure to announce the opening of a new cash merchandise store, and the location of agencies in the principal cities and ports of America, Europe and Asia for the purchase and selection of goods for us.

These agents have our instructions to watch every sale and every failure; to look after every factory and big concern that may be overstocked or on the verge of bankruptcy and ruin, and with ready cash—a hard and solid cash in hand to knock the prices down below the costs in order to enable us to quote these bargains at low prices that we never heard of before in this market or any other.

We deal, however, in good goods and not trash, for if there is honor in man or virtue in good goods at low prices, we mean to be master of the situation.

Hence, not by favor but by merit, will we establish and maintain our unrivaled reputation.

New advanced ideas beating back the old—give us pluck instead of luck, cash instead of credit, brains in the place of cheek, and science and ability with genius and ambition, and then an energy that never tires, a mind that never wanders, an eye that never sleeps, and a nerve that never quivers, and we will ride rough shod all over the world!

What is the use of wasting money when you may save it by buying of a house that is enabled to offer goods at much less than other houses?

Upon our counters will be thrown, day after day, some gigantic windshakes at panic prices that are positively beyond the whisper of competition, comparison or monopoly—prices that will teach you in the silent logic of truth the difference between dealing with live and dead men—between the cash and the credit system—between the right and the wrong way.

We respectfully invite your early and repeated visit and inspection. Our stock will be replenished every few days.

Respectfully submitted to cash trade only, by BERLIN STORE. Per J. S. K.

Orders from distant customers will receive our prompt and careful attention.
