Legal Tender in Business.

We are met by the adherents of present methods with the assertion that we cannot do business without money. Yet the largest volume of traffic is today conducted without the intervention of legal tender.

But to extend the application of the object lessons given us by the bankers and traders of the world. If thirty billions of balances can be settled yearly in New York with a mere handful of cash...

The cure of Rheumatism has often taxed medical skill, but its prevention has been very easy by an occasional use of Simmons Liver Regulator. It keeps the liver well regulated and the system free from poison.

One thing is certain: It will not do to fool with a bad cold. No one can tell what the end will be. Pneumonia, catarrh, chronic bronchitis, if not consumption, invariably result from a neglected cold.

Legal tender is an outgrown thing, which hinders business vastly more than it helps. No reform can bring large relief unless it strikes at the root, the very taproot of our social troubles—legal tender.

Why not demonetize both gold and silver and issue a currency based upon the wealth of the land, upon an actual deposit, one that cannot be contracted, inflated, or cornered by speculators...

Nervous Shock.

E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted to write for three years. Have been so nervous and weak that I have laid in bed most of the time.

A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman I was pale, thin, no ambition. Had given up, as I had tried so many remedies and doctors, but found no benefit. If you care to publish this you have my consent. (Signed) Mrs. A. C. TILL, W. Alameda Cal.

Headaches, Biliousness and Torpid Liver disappear when you take Joy's Vegetable Sarsaparilla.

Just What Miners Want.

All who are, or expect to be, interested in mines will be glad to know that Henry N. Copp, the Washington (D. C.) land lawyer, has revised Copp's Prospector's Manual. The mineralogical part of the work has been almost entirely rewritten by a Colorado mining engineer, who has had years of experience as a prospector, assayer and superintendent of mines and United States surveyor.

The book is a popular treatise on assaying and mineralogy, and will be found useful to all who wish to discover mines. The first part of the work gives the United States mining laws and regulations, how to locate and survey a mining claim, various forms and much valuable information. The price is 50 cents at the principal book stores, or of the author.

D.W. MARION, President of the Swamp Angel Medicine Co. Warm for Colds, Coughs, Croup, Whooping Cough, Sore Throat, etc.

Two years ago, at 38, I was a consumptive, dyspeptic, emaciated, debilitated, dying man, weighing but 120 pounds. Now, at 40, I weigh 170 and am in perfect health. Such are the wonderful results of using Swamp Angel Medicine for two years when every symptom of disease showed themselves. When the scientific men of the world, and all the health boards of the large cities, informed me of the value of this medicine, and all the health boards of the large cities, were caused to prescribe living bugs, germs or microbes, I then determined to find a germ or microbe killer. I then bought and tested every preparation in vogue for throat troubles, bronchial affections or consumption. I could not find a germ or microbe killer in the entire lot of medicines. I then resorted to experiment with myrtle, and produced a medicine similar in effects to Lydian purple. While my medicine was very strong, yet, I could drink it like water. But the most wonderful thing was that any drop would not only kill millions of germs and microbes, but would instantly kill any large insect. I named this remedy Swamp Angel Medicine in honor of the Swamp Angel demon, a very destructive to enemies but harmless to its operators, its friends. Even so, Swamp Angel Medicine destroys all lower germ life, the cause of human disease. Under heat, this medicine divides into gas, air, and can be inhaled directly into the lungs, thereby killing all germ and microbe life on these organs. Like lightning, this same medicine will rush through the skin, and therefore kill any ache or pain from a common toothache to a severe neuralgia or rheumatic pain. Every family should have a bottle. Cut out the ticket on this page and get one.
