Our townsman, Hon. W. H. Nosler, participated in the Republican caucus which nominated Hon. J. H. Mitchell (Rep.) for United States senator last Thursday evening.

Const Mail: "If Marshfield had a pay roll each month and was producing something instead of being merely a distributing centre, trade would be better and every one would be better satisfied."

W. Hunt, photographer, has been trying his hand on a chainless bicycle, and seems to be succeeding well. He has prepared a rough model and last Thursday exercised himself in its manipulation for speed and serviceableness. It goes, all right, and was quite an attraction to critics.

\$800—Only \$800 for one of the best residence properties in Coquille. 1 1/2 acres, good new 7-room residence, stable, cow-lot, and pasture, good garden and flower yards, several bearing fruit trees of choice varieties. Prof. J. S. Kanematz has twisted and dyed in several colors a goodly number of skeins of his silk, which he is tagging and giving to each customer who purchases a bill of goods to the amount of 25 cents or over at his store. The silk is wholly his own product at this place, from the egg to the dying and twisting, and shows what can be done in this delightful climate in that line, and what a valuable acquisition this cultured and intelligent gentleman is to our citizenship.

Wm. Cox, of near Port Orford, Curry county, passed through this place for home yesterday. He, with about 20 other persons, had been getting out "jaggings" for the Beaver Hill coal mines under a contract of Dan Richards, but no pay has been forthcoming for about two months—November and December—and "confidence" went "flai." The men quit work and will anticipate that the reign of sound money is on and that the debt will not be repudiated.

No one would drink poor tea if he or she knew the difference in tea.

Your grocer will sell you Schilling's Best, and return your money in full if you don't like it.

Rev. C. A. Stine will preach in the Presbyterian church at Myrtle Point next Sunday, and Rev. Mr. Blair of that place will occupy the pulpit at the Christian church in this city the same day.

Heavy white frosts visited us Wednesday, Thursday and Friday mornings of last week, causing considerable chatter among us, but showers set in and moderated the biting air. Saturday and Sunday were fair and pleasant.

Kremis, Mercer county, Pa.—We believe Chamberlain's Cough Remedy to be the best remedy in use. We use it in our own families, and it is a favorite among our customers. Hecker Bros. & Co. 25 and 50 cent bottles for sale by R. S. Knowlton, druggist.

Word came this morning that Ed Tower, son of Dr. C. W. Tower, while hunting ducks yesterday, had his arm shot in such a manner as to necessitate amputation of the member above the elbow. His gun was lying in the boat, muzzle toward him, and on pulling it to him it was discharged, fearfully lacerating his arm from the wrist to above the elbow. Ed is about 19 years old.

LATER—A message is just received announcing that Ed Tower had died from his wound.

"X X X," a presumed-to-be correspondent in the Coast Mail, fumes and frets at "the festive Coquiller." He tells on himself—he has been one of those dead-beat hangers-on of the old ring and has lost his job. He raves and tears his hair about "we who rustle for the almighty dollar," "we the fellows who are endeavoring to lay up a few 'seeds' for a rainy day," etc., while the hay-seed, anarchist and enemy of prosperity, the Populist, should be "making an honest living for himself by the fruits of his own labor." His shafts are leveled chiefly at Judge Schroeder and the county commissioners, but won't do any harm.

The Labor Exchange meeting last Friday night was short of a quorum, and adjourned again till Tuesday night of next week, Jan. 26th. A few, whose faithfulness to the principles of so good a cause always finds them present, were on hand, and are very anxious to begin with the opening of spring to develop something that will be for the public good, and the particular good of those who lend a helping hand. Now it is to be hoped all the members will be present next Tuesday night, and all others who desire to learn something about the benefits of the Labor Exchange and to take a hand in it. If it fails of organization, you will have cause among the first to regret it.

LAXOL is the best medicine for children. Doctors recommend it in place of Castor Oil.

Ole K. Solem, a former resident of this place and known to many of our older residents here, made us a call yesterday. He will visit for a few weeks.

Buckingham's Dye for the Whiskers does its work thoroughly, coloring a uniform brown or black, which, when dry will neither rub, wash off, nor soil linen.

Johnson Bro's proclaim that McKinley is elected, money plenty and confidence restored, but they lay aside their books and sell for cash from now on.

Uncle Tom Willard was on our streets last Friday, after so long a time. We hardly expected to see him, as he had been poorly up to the day before this visit. He was greeted by many friends.

Allen Collier has put a double-door in the east side of Masonic hall. This is a good work, and will be appreciated in a time of danger, should an accident happen when the hall is crowded at any time.

A surprise party awaited Mrs. J. W. Sagg at her home on her return from the singing-class last Friday night. A host of young friends had taken possession during her absence and gave her a friendly greeting. A very pleasant time was passed.

Comrade J. W. Clark made us a pleasant call yesterday. A son at Pittsburg, Pa., writes him very encouragingly of the outlook for business there, particularly in the manufacturing lines, of which that is a centre. We, personally, shall be very glad to hear of its permanency.

The HERALD is authorized to offer a sewing machine that is equal to the best and less than one-third the cost of others to the public. The "Improved New High-Arm Arlington" is offered on a 30-day trial, and is warranted for 10 years. Read our advertisement, on last page.

There will be a basket social next Saturday evening, Jan. 23d, at Masonic hall, given under the auspices of the W. C. T. U., and managed and conducted by B. F. Lawrence, Charles Lorenz and J. A. Lamb. The proceeds will be added to the fund of sending the afflicted sister, Mrs. J. W. Nosler, to the hospital, who leaves this week for San Francisco. Everybody come. A good time is assured.

The Roseburg Plaindealer gets off a good one on the Pops of Coos county. It makes the statement that it was the Pops who secured the county seat at Coquille at the late elections, and still not satisfied with the mischief they have done, they now want to divide the county! He should not have spoken so quickly and unadvisedly; he might, at least, have waited for a cue from the Coast Mail or the Sun and got the right end of the skein to unwind. The fellow will learn something after awhile, maybe.

We know of but one community in the world where dyspepsia is practically unknown, and that is the Shaker of Mount Lebanon, N. Y. These good people have been studying the subject of digestion for more than a hundred years, and that they understand it pretty thoroughly, is evidenced in the foregoing fact. Their Digestive Cordial is the safest and best remedy in cases of indigestion that we know of. A trial bottle can be had through your druggists for the trifling sum of 10 cents.

The Shaker Digestive Cordial supplies the system with food already digested, and at the same time aids the digestion of other foods. It will almost instantly relieve the ordinary symptoms of indigestion, and no sufferer needs to be told what these are.

LAXOL is the best medicine for children. Doctors recommend it in place of Castor Oil.

A New Sunday-School

Was organized at the little church last Sunday afternoon, under the patronage of the "Church of Redeemed Israel," which was lately organized by Rev. K. V. Millard. An election of officers resulted as follows: Mrs. K. V. Millard, superintendent; R. D. Sanford, assistant superintendent; Harvey James, secretary; and Miss Della Millard, assistant secretary; Miss Mattie Anderson, treasurer; D. F. Dean, librarian; and J. H. James, assistant librarian; Miss Lucy Nichols, organist. Sixty-three members were enrolled.

Dora Doings.

Capt. Ruckleff bought Bright's and Minard's logs.

A. Bright and G. P. Miller have run their logs down the river.

Jeff Crosby & Co. have been clearing the river of drift logs.

A stranger from the Willamette valley has rented the C. Howe place and moved into the house.

M. M. Young has 14,000 feet of lumber in two rafts waiting for a rise in river to sail for Bandon.

Farmers have been speeding the plow the past fine weather preparing mother earth for spring crops.

The Washington Debating Society gave an entertainment on the 6th inst. at Dora schoolhouse at the hour of 1 o'clock p. m.

Wm. Moss has been running logs down to the East Fork mill, but he has not learned to ride a log yet, as he fell off from one log about three times, and, oh my, the water was cold!

Noland Ingram found a large panther the other day up near the coast range with no load in his gun. The dog went into the brush after the panther and the panther played dog and ran the dog back to Noland and the lever of the gun failed to put a cartridge in place so the panther made off and the dog treed it up a hemlock tree. Noland then got his gun loaded and shot the game, and it ran to the top of the tree and jumped out dead. It was a very large panther. Noland also killed two bear. Bear are trailing around yet! That speaks well for the mild climate of Coos.

DOX REK.

The infant of the household was in his cradle. The head of the house was at home, peevish and fault-finding. At length he became unendurable. "You've done nothing but make mistakes tonight," he growled. "Yes," his spouse began, meekly; "I began by putting the wrong baby to bed."

A Lost Voice. Advertising will do a great many things, but it won't bring about the return of a lost voice. The best thing to do is to begin, at once, the use of the sovereign cure for all affections of the throat and lungs—Bronchitis, Asthma, Croup, Whooping Cough, etc. It has a reputation of fifty years of cures, and is known the world over as AYER'S Cherry Pectoral.

Notice to Sealwags.

Whereas, there are scandal-mongers abroad, who are spiritually moribund and have a menial desire to fabricate something injurious about any one with their vile and defamatory tongues; and to aid them, ears, eyes, and a vivid imagination are all called into active service. And such behavior merits the severest condemnation, and such scavengers should be treated as despicable things. No doubt malice, or some similar condemnable motive, does at times prompt the He or She-monger, who has a morbid fondness for magnifying and spreading tales injurious, or anything that they can construe as such. It is well known that the lowest grade of intellect commonly shows itself in the power to see obvious defects, whilst the highest grade evidences itself in finding something worth seeing. Now listen, whilst I whisper a few words of warning in your suburban ears: Please don't convert a molehill into a mountain; but read Luke 6, 42, for guidance.

For reckless words are serious things, and many times bear description's stigma. Those who are afflicted with the above odorous contagion, have my permission to growl and bark, but not to bite. J. P. STEMLER, Dora, Oregon.

STATE OF OREGON, CITY OF TOLEDO, Lucas County. Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY, Notary Public. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896. A. W. GLEASON, Notary Public. HALL'S Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

The Coquille W. C. T. U.

Desire to express sincere thanks to friends at home and abroad for their help, both socially and financially, during the past year of our work. More especially would we return our heartfelt thanks to Mrs. Lockwood of Myrtle Point; Miss Georgia Parker, of Parkersburg; Mrs. A. R. Scott, Mrs. F. E. Dyer, Mrs. J. S. Graham and Miss Amy Wilkins of Bandon; also to B. F. Lawrence and J. T. Nosler, of Coquille City, for liberal personal donation of \$5, also the Coquille City HERALD and Bulletin. We have always found them willing and ready to donate any amount of space we might ask. We believe that our prosperity depends largely on the press, and believing in the educational powers of the press, and also believe there is urgent need of the right education of the public sentiment upon the temperance question of the day. Though the work seems small that has been accomplished the past year, yet wherever good has been done it will awaken thoughtfulness upon this subject and promote investigation, extend the knowledge and establish the truth.

Thinking one and all for the kindness shown in the past year, which you may be assured is highly appreciated, may God's blessings be upon you all in our earnest prayer.

PRESS SUPERINTENDENT.

Roseburg Review: That notorious railroad hoodlum politician, John P. Iria, who holds a federal position in the customs service at San Francisco, is running over the east making Gold Democrat(?) speeches, and it is not even hinted that he will be removed for offensive partisanship.
