They attended Presiding Elder Ford's service at the Christian church Wednesday night. Mrs. C. is pastor of the U. B. church at Myrtle Point.

Only \$2 gets the Herald for one year, the large and splendid agricultural paper, Farm, Field & Fireside to Jan. 1, 1898, and 20 packets of choice garden and flower seeds. Come, quick. This only holds good till May 1st. The steamer Dispatch ran from the lower river Sunday for the convenience of jurors and witnesses to attend the district court to convene Monday, and the train made its usual special run to Myrtle Point for the same purpose. Memory is a little treacherous now and then, and causes one to forget some things worth remembering, unless one has an experience like that which came to Mr. D. E. East, Moffatt's Creek, Va., who says "I had been suffering for years with a torpid liver and found no relief until I took Simmons' Liver Regulator when I was entirely relieved of my troubles. I never intended being without Simmons' Liver Regulator."

Rev. Dr. T. B. Ford, presiding elder, and Rev. N. S. Buckner, of Bandon, spent three or four days at church work in this place last week. Dr. Ford preached an eloquent and able discourse Wednesday evening, and delivered a lecture Thursday evening to a fair audience. The lecture was mainly to young men, but replete with words of wisdom to all hearers, and frequently sparked with humor and apt illustrations. Our Upper-River Department last week contained a little item referring to Dr. Easter, which was misleading. The doctor denies having had any fistful with Lawyer Burtenshaw, although assaulted by the latter, or that he received any injuries from which he had to "lay up for repairs." However, some of his friends at Myrtle Point were concerned about the statement and telephoned to him at this place concerning his condition, to which the doctor replied, that "if he was hurt nobody knew it."

Another frost fell at this place Thursday morning of last week. Mrs. Buck brought us a sheet of ice about an eighth of an inch thick which had formed in a poultry water trough, as heavy as any that had formed during the winter. And still we are informed that little if any fruit has been damaged by the cold snap. Mr. Beyers of Sumner was in town on business last week. He was disposing of some honey. Mr. B. is bee-king of this county, and has proven that the apiary is a very successful and profitable help to the farmer in southwest Oregon. Some new creamery machinery was received by our Dairyman's Union, via the bay, last Friday. It came from far east and the freight bill was as usual, killing. With but little care and no trouble, the beard and mustache can be kept a uniform brown or black color by using Buckingham's Dye for the Whiskers.

What use is there in eating when food does you no good—in fact, when it does you more harm than good, for such is the case if it is not digested? If you have a leathery for food there is no use of forcing it down, for it will not be digested. You must restore the digestive organs to their natural strength and cause the food to be digested, when an appetite will come, and with it a relish for food. The tired, languid feeling will give place to vigor and energy; then you will put flesh on your bones and become strong. The Shaker Digestive Cordial as made by the Mount Lebanon Shakers contains food already digested and is a digester of foods as well. Its action is prompt and its effects permanent. Doctors prescribe LAXOL because it has all the virtues of Castor Oil and is palatable. Rev. Dr. Ford, of Eugene, presiding elder of the M. E. church, who has been visiting this section the past fortnight, does not hesitate to pronounce Hotel Coquille, under its present management of Mr. and Mrs. Tattle, the equal of anything in his travels from Portland to Grants Pass. He is much pleased with his present visit to Coos county, and thinks we have a grand future before us. The Herald acknowledges pleasant calls from Revs. Ford and Buckner, of the Methodist Episcopal church, during their visit to this place last week. Rev. Mr. Buckner is in very poor health, resultant from his confinement in Andersonville prison during the war. Comrade Buckner is a physical wreck and merits the government's and people's kindest offices and sympathies. Another frost fell at this place Thursday morning of last week. Mrs. Buck brought us a sheet of ice about an eighth of an inch thick which had formed in a poultry water trough, as heavy as any that had formed during the winter. And still we are informed that little if any fruit has been damaged by the cold snap. Mr. Beyers of Sumner was in town on business last week. He was disposing of some honey. Coos County's New Courthouse, Coquille City, Oregon.

[The Herald herewith publishes an illustration of the handsome new courthouse to be built for Coos county in Coquille City this summer, as also a description of the same, as to dimensions and style of construction, as given to the Salem Statesman by the supervising architect, Chas. H. Burggraf, esq., of Salem. The cut is the property of the Herald, made to its order for the interest of its readers.—Ed. Herald.]

BRIEF DESCRIPTION OF COOS COUNTY'S TEMPLE OF JUSTICE.

A Handsome Modern Structure Designed by a Salem Architect and to be Constructed by a Salem Contractor.

Harmon Snook, of this city who was recently awarded the contract for the construction of the new Coos county courthouse at Coquille City, will leave for that place today, and upon arrival there expects to begin operations without delay towards pushing the new temple of justice to completion.

Chas. Burggraf, also of Salem, is the architect of the new structure, which is to be modern in every particular. It will be two stories in height, besides a basement of ten feet. The dimensions are 60x86 feet. The entire building will be of brick trimmed with stone. The basement will be used for the jail, sheriff's residence and heaters. The jail will comprise six cells with large and convenient corridors, bath rooms, etc.

On the first floor will be the offices of the county judge, county clerk, sheriff, treasurer, assessor and surveyor, and recorder, also the county court department, each roomy and well lighted. In the second story will be the circuit court room occupying a space 35x66 feet, with two jury rooms and the judge's retiring room in the rear. At one side will be a large consultation room for attorneys, and in another corner is the county school superintendent's department.

The county clerk's office is to have a vault 8x10 feet, extending partly across one end, and directly beneath will be a similar place for storing old records. Other vaults on the main floor are in the offices of the county judge, treasurer and recorder, each 6x6 feet.

There will be a private stairway leading from the sheriff's office to the circuit court room and also to the basement where the jail is located. The height of the main tower is to be 100 feet. The new building will be heated throughout by a hot water system. It will be finished with white cedar and the counters and furniture are to be of Oregon myrtle, produced in that section. The cost, including the furniture, will be \$15,000.

The contract calls for its completion by January 1, 1898. The new edifice will stand on an elegant block in the center of the city which was donated by a citizen to Coos county for the purpose. Mr. Snook expects to have twenty or more men employed on the work, about one half of whom will be from Salem. All the material—brick, stone and lumber—will be made in Coos county.—Salem Statesman.

Comrade Wm. C. Way

Departed this life in this place Thursday, April 29, 1897. Comrade Way was born in Chester county, Pennsylvania, January 1, 1828, and was therefore at the ripe age of 69 years, 3 months and 29 days. Deceased, even while exceeding reserved and quiet in his disposition, was well known and much respected. He had been brought up a Quaker, but about 7 years ago accepted baptism from Elder Paley and united with the Baptist church at this place, of which he continued a consistent and honored member till the time of his death.

The funeral took place from the family residence Friday, at 2 p. m. There was a good turnout of citizens, including a goodly number of old comrades, six of whom served as pall-bearers, as follows: Rev. C. A. Stine, Dr. J. P. Easter, John Morris, Joe Waltermeyer, Jacob Croy and W. H. Nosler. The interment took place at the Old Fellows' cemetery. Comrade D. P. Strang conducted the services, reading a brief sketch of deceased's life, reading a portion of scripture, commenting thereon and making the application of the scripture promises to the faithful, believing followers as in the case of deceased. Several appropriate hymns were sung by a choir and many beautiful floral designs and bouquets were placed on the grave. No flag accompanied, but instead beautiful flowers designating the national colors decorated the casket.

The flag at the public school was placed at half mast in honor of deceased and his service in his country's cause. An aged widow and son were present as chief mourners on this solemn occasion, and many a citizen breathed a blessing on the name of deceased as the sad procession dispersed.

A prominent western newspaper recommends flax seed tea as an excellent remedy for whooping cough. It may be good but it is not to be compared with Chamberlain's Cough Remedy. This preparation will allay the violent fits of coughing and make them less frequent and less severe. It also liquefies the tough mucus, making it easier to expectorate. Complete recovery is much quicker, too, when this remedy is given. There is no danger in giving it to small children, as it is a pleasant syrup and contains nothing injurious. For sale at 25 and 50 cents per bottle by R. S. Knowlton, druggist.
