A first-class millinery business for sale—apply at postoffice to A. G. Aiken, postmaster. Only fresh and pure drugs are used at the Coquille Pharmacy, and always the better quality.

The new vessel, just completed at North Bend, will probably be launched on Saturday, 29th inst. xxx mixed candy, assorted flavors, 2 pounds for 25 cents at the BERLIN STORE.

T. M. Dimmick, who conducts a tannery at Marshfield, spent a day or two in this place on business. The steamer Coquille River is a first-class passenger boat. Make a special effort to travel on this boat.

The largest and best stock of cigars and tobacco ever brought to Coquille City just received by B. E. Nosler. Mrs. C. W. Martin has received a fine stock of goods fresh from the city, and at very low prices. Call and see them.

A band of sheep, in charge of John Giles of Myrtle Point, passed through town for Flanagan, at the bay, last Friday. Will Mast returned to his home on the North Fork last Friday. He has been at the quarry on the bay for about three years.

Mrs. Ethan McDuffee came up from Riverton last Thursday for medical attendance. She has been threatened with a sick spell. Mrs. Ida Lewis, daughter of Mr. and Mrs. J. B. Fox of this place, also came with the latter from Roseburg last week on a visit.

Mrs. C. W. Martin has a full line of men's and boys' clothing, which would be well for all to see and price before purchasing elsewhere. A nice residence property at Marshfield has been placed in our hands for exchange for Coquille property. Call, if you mean business.

Cooks county has 71 public school-houses and 2098 legal voters for school purposes. Carry county has 18 school-houses and 620 legal voters. Seven carloads of lumber were shipped from Lyons' mill via the bay to San Francisco last Wednesday. This is the first by that route for a long while.

Cut rates on freight per steamer Coquille River. Patronize our own lines—don't send or order by others that rob us in rates and reputation and name. See ad. of rates. Improper and deficient care of the scalp will cause grayness of the hair and baldness. Escape both by the use of that reliable specific, Hall's Hair Renewer.

Miss Alma Green, who has been attending school here for some months, is making a visit to home and friends on the upper river. We learn that she will go to California soon. Our sugar-beet seed have all been disposed of, and we think and hope into the hands of those who will be faithful in showing that Coos county is the equal of the best to grow sugar beets for sugar purposes.

City Marshal Brown, of Myrtle Point was in town a short while last Friday. He delivered a man named Poland, who was convicted in Justice Bender's court of a misdemeanor, to Sheriff Gage at this place to serve a short sentence in jail. Mr. Grocer: there are thousands of people who want good tea (many don't drink tea now, because it has been either costly or bad) and here is Schilling's Best—good tea at a fair price. Don't you want to sell lots of such tea, and money-back if your customers don't like it.

Johnson Bro's are selling cheap for cash—and cash only. Coquille Pharmacy, for medicines and stationery, etc. Sateens, and Wash Fabrics, from 10 cents at the BERLIN STORE.

Read the Herald's great clubbing offers—the best ever offered. Straw Hats, from 5 cents up at the BERLIN. Is any thing cheaper? Our 8 inch Lace at 10 cents a yard, is simply wonderful. BERLIN STORE.

Fourth of July has arranged to visit every place but Coquille City. Rev. W. B. Smith filled an appointment at Myrtle Point last Sunday. For Sale at Your Own Price and terms; 1 section of fine timber on Coquille river.

GREATEST ASSORTMENT of Plain and Fancy Silk, among the new arrivals at the BERLIN STORE. Drugs, family medicines, stationery and garden seeds kept in stock at the Coquille Pharmacy.

WANTED—To borrow, \$400, on 3 or 5 years' time; good security. Apply at HERALD office. At Dr. Moore's Coquille Pharmacy you will find prices to correspond with the depressed value of your produce.

Horseshoeing a specialty, and all other work done as cheap as by any other man. W. DRANE. The several departments of our public school keep up their numbers in attendance better than ever before at this season of the year.

City Marshal Brown issues a very proper order to clean up premises and strengthen the sidewalks. We think it will be readily complied with. A brick and tile mill, of modern make and comparatively new, for sale, or trade for property in or about Coquille. For particulars, see Dr. Moore.

L. L. Dietz, a practical watch repairer, will soon open a shop in Coquille City—in the meantime will do all kinds of repairing at home, at the Judge Nosler residence. Children's Day will be celebrated at the Methodist church next Sunday. A very pretty program is in course of preparation for the evening hour, comprising choice music and literary numbers.

Adam Pereshbaker, the lower-river mill-man and all-round good citizen, came up on business a little while yesterday. He is just fairly getting over a serious sick spell, and we congratulate him on his being spared to us yet. W. Gallier, of Bandon, came up on business Saturday. He is canvassing for a door stop, wash-look and gasoline jet lamp, all very useful and needed inventions. They are so cheap, too, that they should come into very general use.

Coast Mail: W. J. Turner, of Riverton, who was indicted for an assault to commit murder, pleaded guilty of simple assault, and in view of the fact that he had already served six months and 21 days in jail, Judge Fallerton fined him \$50 or 30 days. A solo, "Pass Back the Light," will be given at the services at the Christian church next Sunday night. Words and music were written by Rev. H. F. Williams, of St. Louis, general railway secretary of the Y. M. C. A. of the U. S. The music it is believed was never published.

Caterpillars are ravaging the fruit trees in some sections of our valley. They strack this neighborhood pretty hard, but our citizens have been fighting them to pretty good advantage, while they have done much damage on the lower river. We learn that some of the orchards are a mass of web and the pests are thicker than the layers.

Rev. C. A. Stine held his regular services at the Christian church Sunday morning and night, with good audiences. He announced meetings every night this week (except Friday night) and invites Christians of whatever name to join with him and participate freely in these services. The general public is also cordially invited to attend.

NOTICE.—J. S. McCain is a United States Commissioner and a Notary Public. He is prepared to make homestead entries and take final proofs on homesteads. He is also prepared to make out and acknowledge all kinds of legal papers—deeds, mortgages, bonds, etc. His office is in the Odd Fellows' building, 1st floor, Coquille City. Call in.

Last Saturday J. B. Fox brought us a section of a sugar beet of last year's growth, which had cured and dried out to about half its original size, but the sugar was all there, in large quantity, in the form of a thick rich syrup. Mr. F. thinks he can resurrect another, which he will forward to the chemist. This shows that we not only raise a good quality of beets, but that they can be kept and supply a factory for a run of two or three months' longer than is the custom at other points.

Johnnie Scott was up from the lower river yesterday. SHOES! Not the Cheap Shoes, but Shoes Cheap! BERLIN STORE. WANTED—To trade Bandon property for Coquille City property. Inquire at this office.

Attend the Children's Day exercises at the Methodist church next Sunday evening. Ladies' Kid Button Shoes, \$1.25 per pair; Tan Oxford Ties, \$1.10, etc. at the usual bargain store, the BERLIN. Mrs. Root will supply bread during Mrs. Wilkins' absence. Also furnish hop yeast at 10 cents per quart.

Watt Guerin of Eckley came down last Saturday and took charge of the school on Cunningham Monday morning. The editor's thanks to John Stone and Miss Alice James for a handsome bouquet of wild flowers—rhododendrons and many of her kinds. Rev. Mr. and Mrs. H. H. Backer returned today from their visit at Bandon. They are stopping with their parents, Rev. Mr. and Mrs. C. A. Stine.

The W. C. T. U. will have a mass meeting service at the Christian church on Sunday night, May 30th. The public is cordially invited to be present. Miss Laura Quick, who has been very ill ever since her return from the valley several weeks ago, is improving some, with prospects for ultimate recovery.

Mr. Whetstone, superintendent of the waterworks, last week replaced the old wooden mains on Hall street, between First and Second, with a small galvanized iron pipe. The steamer Moro reached our wharf at noon yesterday, discharged, took on some freight and then dropped down to Riverton to take on a load of coal. Arrivals by Arcata, Thursday, May 13: E. B. Holmes, W. H. Noble, Miss E. Palmer, Mrs. Jones, C. M. Malic, T. Sneddon, C. C. Morrow, W. Cothery, Charles Holstrom.

The Memorial services will be held Sunday morning, May 30th, at the Christian church. Rev. Comrade C. A. Stine will preach the discourse and appropriate music will be given. You need not go nor send elsewhere for clothing, either for men or boys. Mr. and Mrs. Martin have brought their right to your door, and have the invoices of much more to come on next steamer. The newly compiled school laws, the recent work of State Superintendent G. M. Irwin, are being printed and will be ready for distribution in a very short time, possibly not over two or three weeks. Misses Alice and Lizzie Rogers, daughters of Anson Rogers, of Coos river, are visiting Mr. Lamb's family and their cousin, Mrs. A. J. Sherwood, at this place. They came over last Friday.

Only \$2 gets the HERALD for one year, the large and splendid agricultural paper, Farm, Field & Fireside to Jan. 1, 1898, and 20 packets of choice garden and flower seeds. Come, quick. This only holds good till May 1st.

The trial of J. N. Russell for murder in our circuit court ended last Thursday when the jury was dismissed, having failed to agree. There were five for conviction and seven for acquittal. The plea of insanity touched the hearts of the seven. J. S. Edmunds, paper-hanger and painter of Bandon, has been visiting in this section recently and stirring up business. Mr. E. is an artist in his line, and represents the great wall-paper house of Alfred Peats, New York and Chicago, furnishing the latest, most handsome and fashionable designs in wall-paper, which he sells by sample, at astonishingly low rates. The Herald has issued him some neat cards and letterheads, for he knows that "advertising pays."

The National W. C. T. U. has appointed Mrs. Nora A. Good of this city superintendent of the Local Temperance Legion work for Coos county, and a legion will be established at this place early in June. This will be a rare opportunity for uniting the young people of the community in an edifying, entertaining and educational effort, and to work intelligently, harmoniously and successfully for the happiness that accompanies temperance in this life, and the crowning blessings in the life to come. The parents should take an interest in this work and see that the youth get the benefit accruing therefrom.

The Mount Lebanon Shaker recently performed a great deed of charity, although it was not designed as a charity, being nothing more nor less than an advertising scheme. He however resulted in great good just the same. They gave away 1000 bottles of their Digestive Cordial to those suffering from stomach derangements. It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the Cordial was at once created. The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength.

LAXOL is the name of a palatable Castor Oil. Just the thing for children. Notice. All citizens are hereby notified that I will officially visit and inspect the premises of each within the corporate limits of the town of Coquille City, beginning June 1, 1897, and therefore request that all should comply with Ordinance No. 6, requiring all premises to be cleansed of standing or waste water, rubbish, garbage, offal, etc., upon pain of the penalty of a fine for non-compliance. I further urge that citizens see that all planks on their sidewalks are united down, and broken or faulty ones replaced by safe ones. G. A. Brown, City Marshal.

Men's, Boys' and Misses' Dress Straw Hats, cheap at the BERLIN STORE. No one will deny that we have a good man as chairman of our town board. Miss Josie Hudson came over from Empire last week and is visiting her parents and the family. Mr. Millard discovered a bee-tree while working on his school tract last Saturday, and today intends to capture the sweet contents. Children's Summer Waist and Knee-Pants among new arrivals at the BERLIN STORE.

Rev. Mr. and Mrs. Horsfall visited a brief spell in this place last Friday. Mr. H. is trying to secure an eligible lot for church purposes. A game of baseball was played last Sunday at this place between a kid nine of Beaver Hill and a like nine of this place. The Coquille boys triumphed. A. Alexson and family will leave the last of this week for residence in California. We regret to lose them; they are very clever people and have made many friends here. The steamer Coquille River carried Mrs. Elbert Dyer, W. Robinson, Jacob Yantis, F. E. Palmer and Henry Goetz, as passengers to San Francisco when she sailed last trip.

A new lead of coal has been struck at the Stockman place, just at the edge of town. Uncle Jack Wilson is much pleased at the strike which is now 40 inches thick, and 12 inches, with a thin seam of slate between. Work will begin on track-laying at once. John Rowan gave us a branch of blossoms from an apple tree on his place that furnishes a pointer as to fruitfulness. It is from what is called "Lady" apple, a small fruit, but very prolific and palatable. The branch measured 27 inches, and had 30 sets or bunches of blossoms averaging 6 blooms each—or a total of 180.

Call: The tramp steamer Homer has at last found a definite place to run to. She has been put on the route between here and Astoria, and will in future run opposition to the Alice Blanchard. A regular rate war is now in order and people will be able to send freight to Oregon in a few days for \$1 a ton, while the passengers may be carried for nothing, with a meal ticket thrown in. The Labor Exchange depository is now opened and ready for business on First street. So bring along your deposits, such as bacon, potatoes, beans, butter, chickens, eggs and anything you may have to deposit and assist in starting this worthy enterprise. Remember God helps him who tries to help himself, and if we make no effort we deserve no success. This is a business that is bound to succeed if the people will only take hold of and push it along.

The Woman, The Man, And The Pill. She was a good woman. He loved her. She was his wife. The pie was good; his wife made it; he ate it. But the pie disagreed with him, and he disagreed with his wife. Now he takes a pill after pie and is happy. So is his wife. The pill he takes is Ayer's. Moral: Avoid dyspepsia by using Ayer's Cathartic Pills.

A prominent western newspaper recommends flax seed tea as an excellent remedy for whooping cough. It may be good but it is not to be compared with Chamberlain's Cough Remedy. This preparation will allay the violent fits of coughing and make them less frequent and less severe. It also liquefies the tough mucus, making it easier to expectorate. Complete recovery is much quicker, too, when this remedy is given. There is no danger in giving it to small children, as it is a pleasant syrup and contains nothing injurious. For sale at 25 and 50 cents per bottle by R. S. Knowlton, druggist.

Rev. J. L. Fattrell has just received a letter from Baltimore, Md., of May 10th, from Mrs. Leitch, making known the death of her husband, Rev. Langhorne Leitch, once a resident minister and well known and popular here, who passed away peacefully to the Better Land on April 30th. Rev. Mr. L. had been a missionary in China after leaving here, but on account of failing health returned to this country some few months since. He married a Miss Mildred M. Phillips at the missionary station in China, who was at that time the physician in charge of the hospital for women at Foo-Chow, China, who survives and is a resident of Baltimore. Mrs. L. desires a situation as teacher in some seminary or academy, and we should judge from her standing in the church and professional rank, being a graduated M. D., she would be a most desirable acquisition to any community.
